In Appreciation of Volunteers
by Agnes Kroese, Vicar and Board Liaison to the Service Committee

Did you remember to celebrate National Volunteer Week during April 15 - 21?

I recently learned that National Volunteer Week is an annual celebration observed in many countries to show appreciation for volunteerism and volunteering. In the United States, it was first established by presidential proclamation signed by Richard Nixon in 1974.

The celebration of National Volunteer Week is now organized by the Thousand Points of Light, founded by President George H.W. Bush. In his 1991 State of the Union address, Bush urged Americans to reach out in service to others: “We all have something to give,” he said. “If you know how to read, find someone who can’t. If you’ve got a hammer, find a nail. If you’re not hungry, not lonely, not in trouble, seek out someone who is. Join the community of conscience.”

Certainly, our Grand Rapids community is enriched and improved by the considerable contributions of volunteers in its schools, libraries, hospitals, food banks, missions, thrift and fair-trade stores, and other organizations. One of our city’s crown jewels, Meijer Gardens, depends on hundreds of volunteers to maintain its very large and impressive facilities, and to host its thousands of visitors.

CALL is itself a volunteer organization, though its considerable size and scope now require paid administrative help. Every year CALL depends on dozens of its members to serve on its governing board and its many committees.

CALL’s founders not only expected the organization to be run by volunteers, they also wanted to assure that its members would be encouraged to volunteer in the larger community. They established one committee—the Service Committee—whose singular function is to encourage CALL members to do volunteer work. The Service Committee is given a budget by the CALL board and is authorized to approve grants of up to $200 to CALL members who are engaged in volunteer work. Grants have been used to help pay for reading materials, medical supplies, sewing equipment and supplies, travel expenses, medical and office equipment, music and art supplies, and other expenses incurred by volunteers working in the Grand Rapids area and elsewhere in the United States, as well as in Kenya, Romania, Rwanda, Mozambique, and Mexico.

The Service Committee is grateful to be a small part of the volunteer efforts of CALL members, and we’re pleased that CALL continues to encourage volunteerism. Perhaps surprisingly, our main challenge seems to be to find members to give money to! At present, we have unspent money in our budget. So if you or someone you know might benefit from a Service Grant, please complete the form found at http://www.calvin.edu/academic/call/service_grants. Though we do like to publicize the work of our grantees, we'll keep you out of the limelight if you prefer.

Applications are available through the CALL website or at the CALL office.

Board Members:
The background of proposed new Board Member Grace Roossien is provided below. Affirmation by CALL members will be requested at the Annual Meeting and Luncheon on May 22.

Grace Roossien ('67) has educated adults in finance for many years. She graduated from Calvin College in 1967 and Binghamton University with a MAT (Masters in Teaching) in 1972 and MBA (Masters in Business Administration with Finance focus) in 1987.

While living in Binghamton, New York, she started working for Cornell Cooperative Extension in 1988 to educate adults in money management, then was hired by O’Connor Investments in 1991 as a broker and educator. Next, in 2006, she opened Roossien Financial Advisors and started her own business to educate clients and manage their money. Finally, in 2015 she sold her business and retired, moving from Binghamton, New York to Grand Rapids, Michigan.

She is committed to education and is impressed with the variety of classes available in the CALL program at Calvin. These classes can help adults expand their interests and keep learning as they get older. Grace has also taught Finances for Women, Smart Money Management, and Smart Investing in the CALL program.

She and her husband John have been married almost 50 years. They have a daughter and son and three grandchildren, all are adopted -- their son and daughter were born in the U.S., but their granddaughters were adopted from Guatemala. This makes an interesting family arrangement, yet one that works and helps each to feel part of a family whole.

Grace was born in the Netherlands, but came to this country at age two with her mother and eight siblings on an airplane, which was very unusual at the time. In fact, her mother and siblings got their picture in The New York Times newspaper on June 16, 1947. Her father came over on a boat with their few belongings. Being part of a large family helped her learn how to get along with others.

Retiring Board Members:
We extend our heartfelt thanks to Arie Leegwater for six years of service and valuable contributions to our organization as board member, Secretary, and liaison to the Curriculum Committee. We are grateful for his plans to continue as a member of this committee. We also thank Ken Bratt, Barb Engbers, and Sheri Ippel for accepting second terms on the CALL Board.

The Duality of Hospitality
Jolene De Heer, chair of the Hospitality Committee shares the following insight after recent feedback from several persons on campus:

(continues on pg. 4)
Lately, I have been pondering the duality of hospitality. In the past, when I thought about being hospitable, I pictured the person offering the gift of hospitality as the hospitable one, but it has occurred to me that hospitality has a reciprocal, dual nature.

If being hospitable is defined as offering a generous, friendly welcome that enhances a pleasant, sustaining environment, then both the giver and receiver need to practice being hospitable.

CALL is blessed to be graciously welcomed onto Calvin College’s campus and into their classrooms and halls. As the faculty and students offer us hospitality by making a space for us, let’s open our arms wide to graciously receive it and respond with our own hospitality as we patiently wait for classrooms to empty, recognize that a closed door almost always means a class is in session, make room in the halls for Calvin students rushing to the next class, or simply offer a friendly greeting. What a perfect opportunity we have to be a blessing to each other.

The Birding Group 2018
Members of CALL are invited to explore nature and enjoy God’s amazing creation! Bill Sweetman leads our birding interest group again this spring 2018. He facilitates outings on the following dates: April 17, 24, May 1, 8, and 29.

We will meet at the entrance (gatehouse) to the north parking lot (#13) on the east side of the East Beltline just north of the Bunker Interpretive Center at 8:15 weather permitting. If it is raining at meeting time we will not have an outing that day.

Outings typically last about an hour and a half, unless we go somewhere where there is significant driving time, then we may be out until about noon.

On some occasions, we will walk up to a mile or two on well-developed trails or roads.

For questions and to be added to the email list, please contact Bill at bsweettours@gmail.com.

NEW Guest Wireless on campus
This month Calvin will be installing a NEW guest wireless system. Soon, you will see a new wireless network called “Calvin Guest” broadcast in many of the campus buildings. We believe that this change will improve Calvin’s ability to be hospitable to its guests along with being more reliable.

The new guest wireless system will allow visitors to login with their Facebook, Linkedin, Twitter, or Google accounts. They may also use their cell phone and receive a pin via a text message. The process is easy and very straight forward.

One limitation is that this service will only be available where IT has upgraded wireless in a particular building. So, the Fieldhouse Complex, Commons Annex, and the Residence Halls will be excluded at this time. However, when those buildings are updated, the new guest wireless will be made available.

You will know that the new guest system is in place when you see “Calvin Guest” broadcast in a building. The old “Guest” will run for a short time concurrently, but then will be removed shortly after.

**It’s coming. Really, it is. SPRING?? And BICYCLES!!!**

As previously announced, though with little fanfare, CALL now cooperates with Philadelphia’s Advanced Sports International to promote bicycling as a leisure and health activity. The chief benefit of this relationship is a standard 30% discount from MSRP on bicycles by three distinguished, innovative, and value-conscious brands—Fuji, Kestrel, and Breezer. Together they make virtually every kind of bicycle from varieties of “leisure” bikes to mountain bikes, track bikes, and tour bikes (one of Fuji’s sponsored riders just won the Australian National Women’s Championship). You can browse catalogs on-line and purchase on the website of Performance Bike, the chief retailer of these brands (100+ stores in 20 states), [Performancebike.com](http://Performancebike.com). The purchase will be delivered to the address of choice. A flyer is online under our “Partnership” tab, though the expiration date on the offer is mistaken; the arrangement will continue indefinitely. Direct any questions you might have to [anker@calvin.edu](mailto:anker@calvin.edu).

At any age, physical exercise of any kind provides significant health benefits of various kinds. And as researches are now discovering, there are also for multiple reasons definite benefits in mental acuity. And even slight exercise, especially out of doors, has marked impact on mood and general emotional well-being. In short, far from only benefiting physical well-being, new research shows the fruits are remarkably holistic.

A second component of this bicycling initiative will regularly provide through the CALL newsletter and website the following:

- Practical and reliable information on cycling in general, focusing on fitness benefits for the aging
- Safe practices in riding, from attire to bike “fit”
- Information on bicycling resources
- Where to ride (and walk) comfortably and safely in the Grand Rapids area, locating initially from the Calvin College campus and from there radiating outward to the region.

Class participants will engage the Roman Catholic tradition based on selective documents on Vatican II. We will examine the changes made in Vatican II as it relates to revelation and liturgy, the nature of the Church, its relationship to the modern world, ecumenism, religious freedom and the relationship to non-Christian religions.

While in the Cape Town area, we will take a cable car to the top of Table Mountain with its magnificent views. We will also take a boat trip to Robben Island, where Nelson Mandela was imprisoned for many years. Along the way, we will visit a penguin colony and take a boat trip to a small island, home to hundreds of seals.
