For 30 years, Mustard Seed School (MSS), has invested in the lives of the children from Hudson County and beyond, welcoming students from preschool to eighth grade into a community that nurtures a life-long love of learning. The school of 200 students is known for a unique integration of strong academics, the arts, faith and service. We are dedicated to knowing and honoring each child. Diversity, including socioeconomic, ethnic, religious and academic, is our hallmark as we strive to reflect and celebrate the Kingdom of God.

Mustard Seed is a school that others seek to emulate. Guests, educators, investors, and idealists frequent the hallways, finding a successful model of urban education that brings renewal back to cities.

Inspire and support urban school leaders, planters and educators. Offering a vision of Christ-centered education through:

- Partnerships
  - Welcomed educators, leaders, and entrepreneurs from TX, DC and TN
  - Christian College Internships & Partnerships established—locally, nationally and abroad

- Professional Development Initiatives
  - Mini-conferences at MSS
  - Presentations and consulting outside of MSS

- Web-based Resources
  - Developing Version 2.0 of the MSS Website, www.mustardseedschool.org
  - Developing an On-line Community for Hoboken Group Members

What I Learned

- The Need for Capacity Building
- Interested Educators and School Planters Desire Access and Model
- Vision Increases Energy and Momentum of Growth
- Teachers are Motivated by Sharing What They Know
- Word of Mouth is a Strong Promoter
