1.0 POLICY

2.0 PURPOSE

The purpose of this policy is to provide guidelines and procedures by which open flame devices may be used upon the Calvin College campus and Calvin’s public buildings (including spaces leased and used by Calvin). It is the intent of this policy to reduce potential hazards which may contribute to loss of property or life at Calvin College. This policy is not intended to restrict the use of laboratory, facilities maintenance, or food service equipment used in normal operations.

3.0 RESPONSIBILITIES

- All Employees
  - Obtain an Open Flames Request form at Calvin’s EHS webpage, the EHS or Campus Safety offices or through the Conferences & Campus Events office
  - Organizations, groups or individuals sponsoring events that include open flame devices must complete the “Use of Open Flame Request Form” at least 7 days prior to the event
  - The organization, group, or individual applying for the use of open flame devices must provide a layout of the venue that shall include the location of the devices along with the location and number of fire extinguishers.
  - They shall also determine if the building is equipped with a fire alarm and/or fire sprinkler system(s).
  - Open flame devices will only be approved when appropriate measures have been taken to insure fire safety. In some cases, a permit from a Grand Rapids Fire Department Fire Inspector may be required. When a permit is required, the organization, group or individual sponsoring the event is responsible for paying the permit fee.

- Environmental Health & Safety and Campus Safety
  - Review each event on a case-by-case basis to determine the appropriateness of the venue for the open flame devices
  - Approve or deny the use of open flames in a timely manner and report back to the requestor
o Shall determine the need for any additional safety measures prior to open flame use
o Maintain records of open flame requests
o May suspend the use of open flame devices at their discretion

4.0 **PROCEDURE**

- The use or possession of open flame devices shall be prohibited in all residence halls and apartment complexes. The use or possession of open flame devices in academic/support buildings is only allowed after obtaining written approval or as listed below as an exception.
- Open flame devices shall include, but are not limited to, candles, potpourri burners, torches, bonfires, oil lamps, incense, butane burners or any other flame producing device.
- Approval will be granted on a case by case basis for special events, and only when specific safeguards are taken to avoid ignition of combustible materials or injury to occupants. Safeguards include, but are not limited to, adequate fire detection/alarm systems, on-site monitoring, fire extinguishers in place, sturdy protective holders and/or bases, and globes as needed. Candles are not permitted in department or individual offices unless a “Use of Open Flame Request Form” has been approved.
- Where approved, open-flame devices used in conjunction with theatrical performances are allowed to be used when adequate safety precautions have been taken in accordance with NFPA 160, Standard for Flame Effects before an Audience.

**Exceptions:**
- A “Use of Open Flame Request Form” is not required in the following circumstances:
  - Educational and research science labs
  - Processes covered by the Calvin College Hot Work Permit Program
  - Food service equipment used in normal Creative Dining operations
  - Gas barbecue grills are permitted with when the following conditions are met:
    - Minimum distance of 20’ from the building (no indoor grilling)
    - Grill is located on a non-combustible surface, such as a sidewalk
    - Propane tanks shall not be stored inside buildings without the approval of the Environmental Health & Safety office
    - Fire extinguisher is readily available and staff has been trained on how to properly use it
- Creative Dining is permitted to use charcoal grills when the following conditions are met:
  - Coals/ashes are placed in a metal container with a metal lid and allowed to cool completely
  - Minimum distance of 20’ from the building (no indoor grilling)
  - Grill is located on a non-combustible surface, such as a sidewalk
  - Fire extinguisher is readily available and staff has been trained on how to properly use it

- **Candles**
  Candles are permitted for religious/ceremonial purposes only, in the College Chapel and the Fine Arts Center auditorium, when the following guidelines are followed:
  - Candles must be constantly attended while they are lit.
  - The candles need a firm base of support. This can be a wide based candle supported by a firm surface or candelabra. 3" pillar candles provide their own base of support when they are less than 12" high and when they are placed on a firm surface. Any candle must be fastened in place to prevent overturning, shall be located away from occupants using the area and away from possible contact with drapes, curtains or other combustibles (capable of igniting or burning).
  - There must be a non-combustible surface under the candles. If a drape or cloth is placed under a candle the cloth must be treated with flame retardant.
  - There must be ABC type fire extinguishers readily available and trained attendants standing by to use them if necessary.
  - Candle light vigils are permitted if the venue is outside of all buildings. Candles shall be lit outside and extinguished prior to entrance to any building.

- **Outdoor Fire Pits/Recreational Fires**
  The Grand Rapids Fire Department prohibits the use of outdoor fire pits and recreational fires. The city ordinance can be read in full here: http://grcity.us/firedepartment/Documents/11152_Public%20Information%20Regarding%20Open%20Burning%20-08-17-09.pdf
