

RESEARCH STUDY
SPEECH PATHOLOGY AND AUDIOLOGY DEPARTMENT
CALVIN COLLEGE

Hello!

Are you interested in participating in a research study that examines the strength and mobility of the tongue and jaw and their role in swallowing?

You **may be qualified** to participate in this study if

- You are either 18 to 40 years, 41 to 60 years, or 61-80 years old
- You have had no difficulty swallowing food and/or liquids
- You have had no neurological, head and neck impairments or injury
- You have no gastrointestinal disorders that affect your swallowing
- You are not undergoing treatments or taking medication that affect swallowing function

Participation in this study will be completed in **one session** that will extend for approximately **1.5 hours**. If you are interested in participating, please use the contact information provided below and more information will be send to you.

Bethany Rylander: bjr29@students.calvin.edu, 224-523-1429

Mallika David: mpd9@students.calvin.edu, 616-540-1741

Dr. Oommen at (616)-526-6016 or eo23@calvin.edu

Thank you for your interest in this research study!
