LEAD ON-CAMPUS CLINICAL INSTRUCTOR
SPEECH PATHOLOGY & AUDIOLOGY DEPT

DESCRIPTION
This position is responsible for working with the clinic director and department chair to provide quality clinical education for students through clinical instruction and program development, as well as serve as a role model for part-time clinical instruction staff. Classroom teaching and clinical research are encouraged in this position, but not required. This position will serve on university committees as assigned.

QUALIFICATIONS

Education
This position requires a master’s degree or equivalent in speech-language pathology; at least five years of clinical experience in speech-language pathology; three to five years of clinical supervision experience; thorough academic and clinical knowledge of speech-language pathology and related professional issues. Experience with classroom teaching and clinical research is desired, but not required.

Certifications, Licenses, Registrations
ASHA Certification of Clinical Competence in speech-language pathology (CCC-SLP) and state licensure are required. The lead on-campus clinical instructor also will be required to maintain an appropriate number of continuing educations units in clinical supervision and related areas each year.

DUTIES & RESPONSIBILITIES
For complete description, see job posting at https://tinyurl.com/yyo7yb5n
