Introduction from the Calvin Seminary Facilities and Safety Team

Dear Calvin Seminary Students and Families,

Welcome to Calvin Seminary! Calvin Seminary is a wonderful place to work, study, and live. We take your safety seriously and are committed to keeping Calvin Seminary a safe place for you and your families. Calvin Seminary receives support from Calvin University's Campus Safety Department through their facilities, policies, and officer patrols, in order to maintain a campus environment that is safe and law-abiding. Students and families are encouraged to take steps to ensure their own safety and that of their property on campus and in student housing by taking precautions such as locking doors or paying attention to their surroundings.

We provide this brochure to help familiarize you with some of the services Calvin Seminary and Calvin University's Campus Safety Department provide to prevent and respond to unexpected or illegal incidents that may take place. We also include annual crime statistics in this brochure in compliance with the Clery Act. We want students and families to have accurate information about safety issues in the Grand Rapids area and at the Calvin Seminary and the Calvin University's campus so that you can make informed decisions in your daily routines.

Please contact Campus Safety (616-526-6452) or Jack Phillips, CTS Facility Manager, (616-957-7107) if you have questions or concerns about any of this information.

Sincerely,
Facilities and Safety Team
Campus Safety Department

Calvin University Campus Safety Mission Statement:
We strive for a safe and well-ordered campus, effective communications, relevant education and respectful service of the highest integrity.

The Campus Safety Department is responsible for policy enforcement, security, and emergency response on the campus. The Department is staffed 24 hours a day, 7 days a week and strives to work collaboratively with campus community members towards a safe campus environment. The Campus Safety Department consists of the following employees:

- Director
- Assistant Director
- Physical Security Specialist
- Environmental Health and Safety Officer
- Office Manager
- 2 Patrol Supervisors
- 10 Patrol Officers (full and part time)
- 5 Student Security Officers
- 1 Part Time Dispatcher
- 16 Student Dispatchers

Campus Safety Enforcement Authority

The patrol supervisors and select patrol officers with prior law enforcement and military experience are armed employees who are the primary responders for all on campus occurrences, including any criminal incidents. They also enforce all university rules and regulations contained within the student, staff, and faculty handbooks. The patrol supervisors and patrol officers oversee the student security officers and their functions for the department. Student Security Officers are unarmed student employees who conduct building checks to ensure the security of campus buildings after they are closed. They check on the validity of persons in closed buildings and observe buildings for signs of intrusion and mechanical failures. Student security officers also assist providing escort services every night from dusk to dawn.

Criminal incidents may be investigated for possible criminal prosecution by the local police departments. College rule violations are sent to the Office of Student Support, Accountability, and Restoration for disciplinary action.

Campus Safety and Residence Life staff enforce the campus-wide ban on possession and use of alcohol and illegal drugs. Possession of dangerous weapons or firearms anywhere on campus, including all residential facilities, is a violation of the Student Support, Accountability, and Restoration Code, and of Faculty and Staff employment policies.

Campus Safety Arrest Authority

Under Michigan Criminal Law (MCL) section 764.16, Campus Safety arrest powers are limited to the authority given to a private citizen to affect an arrest. Arrests can be made for a felony committed in our presence, or if a person has committed a felony not in our presence (criminal act must be severe and/or present an ongoing threat to an individual or the community), if instructed by a peace officer to assist the officer in making an arrest, or if a retail fraud has occurred. Local police are called in to conduct any arrests relating to violations of city or state laws.

Campus Safety Jurisdiction

Jurisdiction of the Campus Safety Department is limited to the main campus property and buildings and does not extend outside the boundaries of the Calvin campus.

Campus Safety Working Relationships with Other Local and State Law Enforcement Agencies

The Campus Safety Department maintains a good working relationship with local, county, state, and federal law enforcement agencies. Personnel and resources are provided by these law enforcement
agencies whenever an incident occurs that exceeds the capabilities of the Campus Safety Department. As a practice, local and state police agencies do not inform the university of criminal activity in the vicinity of the university campus. A reasonable attempt is made to be aware of any crimes occurring in the area of the campus that would pose a threat to the university community.

**Campus Safety Written Memorandums of Understanding with Local Police**

The Campus Safety Department has a memorandum of understanding with the Grand Rapids Police Department regarding the investigation of alleged criminal offenses. Additionally, an informal cooperation between Calvin University and the City of Grand Rapids, the City of East Grand Rapids, City of Kentwood, and Kent County Sheriff Department allows for the investigation of alleged crimes, emergency response, special event coordination, training, and prevention efforts on campus.

**Campus Safety Staff Training**

Campus Safety officers participate in quarterly firearms training, and annual active shooter response training, including joint training with the East Grand Rapids Public Safety Department in 2023. Campus Safety officers also receive annual training on defensive tactics, legal updates, medical first response (including CPR and AED certification), verbal de-escalation, and mental health responder training. The Campus Safety Department has hosted and participated in emergency exercises with local, county and state police, along with fire, EMS, City of Grand Rapids Emergency Management Office, and Kent County Emergency Management office. Select Campus Safety full-time staff are members of the International Association of Campus Law Enforcement Administrators (IACLEA), and the National Association of Clery Compliance Officers and Professionals (NACCOP). The director is also a member of the International Association of Emergency Managers (IAEM), the Michigan Association of Campus Law Enforcement Administrators (MACLEA), the Kent County Chief of Police, and the Grand Rapids Area Campus Safety Department Consortium.

**Services**

**A Safe and Secure Campus**

The Seminary and University work to maintain the campus in a manner that reduces the likelihood of crime.

**Security Considerations Used in the Maintenance of Facilities**

Facilities are maintained in a manner designed to minimize the potential for hazardous conditions. Parking lots and pathways are illuminated with lighting and Campus Safety regularly patrols the campus and reports malfunctioning lights and other unsafe conditions. Reported maintenance problems that pose a threat to safety and security (such as broken locks or windows) are given high priority and should be reported to the Campus Safety Dispatch Center at 616-526-6542. The Dispatch Center or a Campus Safety Officer/Supervisor will submit a work order for any maintenance or security issues that need to be addressed. Work orders are monitored at the Dispatch Center until they are completed. The campus’s overall safety and security program is supplemented by a variety of technological systems including access control, cameras, emergency phones, fire detection, suppression, and reporting systems. Campus Safety is often consulted on security measures during construction and renovation projects.

**Lighting**

The campus maintained by Calvin University has extensive exterior lighting for the hours of darkness. Problems with exterior lights should be reported immediately to the Campus Safety Dispatch (extension 66452 or 616-526-6452) or Seminary Facility Manager (extension 77107 or 616-957-7107).
Locking Buildings

● **Locking Apartment Buildings:** Calvin Seminary on campus apartments are unlocked by 8am, 6 days a week and locked after 6pm.

● **Locking Campus Buildings:** The Seminary building is locked and unlocked during the week by the facilities staff. The time for locking and unlocking the buildings is established by the Seminary access policy and coordinated with Campus Safety and the Facility Manager. The policy can be found online in the [Student Handbook](#).

Emergency Lockdown

In the event of an active threat on the campus, the Campus Safety Department has the ability to automatically secure all campus exterior doors with the push of a button at the Dispatch Center. The dispatch staff are also able to lock select portions of the campus (in the event of an emergency in a specific building). A test of the emergency lock down feature is completed annually.

Maintenance

Facilities are maintained in a manner designed to minimize the potential for hazardous conditions. Maintenance problems that pose a threat to safety and security (such as broken locks or windows) should be reported to the Seminary maintenance staff [online](#).

The Facility Manager issues workplace keys to faculty and staff, and to contractors as needed. Requests for additional keys or lock changes must be sent to the Seminary Facility Manager, Jack Phillips [jphi220@calvinseminary.edu](mailto:jphi220@calvinseminary.edu).

Crime Prevention

Calvin Campus Safety Officers patrol the campus buildings and grounds to help ensure a safe environment for students, faculty, staff, and visitors. Additional crime prevention measures include such things as bicycle registration, safety phones, crime prevention programs, escort services, and posting the Clery Public Log.

Video Surveillance

Calvin University and Calvin Seminary aim to provide a secure environment for members of its community and to protect personal safety and property by using video surveillance systems technology. Such technologies are used only to meet the critical goals of security, and in a manner that is sensitive to interests of privacy.

The Calvin University Campus Safety Department and Calvin Seminary are authorized to oversee and coordinate the installation and use of video equipment for safety and security purposes at Calvin University and Calvin Seminary. Covert (hidden) camera surveillance is used periodically when Calvin University experiences patterns of criminal activity to either persons or property. Information obtained through video recording is used for security and law enforcement purposes and in compliance with Calvin University and Calvin Seminary policy. A digital recording system will record events temporarily unless retained by Campus Safety as part of a criminal or civil investigation or as otherwise approved. Video security recordings will be accessed only by designated Calvin University and Calvin Seminary employees and will not be used for illegal or improper purposes.

Personnel involved in the use of video equipment are appropriately trained and supervised in the responsible use of this technology, following all rules and regulations governing the use of video security systems. Video monitoring for security purposes is conducted in a professional, ethical, and legal manner, consistent with all existing policies and limited to locations that do not violate the reasonable expectation of privacy as defined by Michigan Criminal Code section 750.539. In addition, cameras are not installed in any area that violates the reasonable expectation of privacy as defined by the law.
Personal Recording Devices

The Calvin University Campus Safety Department uses the Axon Personal Recording System to equip officers with the technology that is most capable of fulfilling their obligation and securing public trust. The implementation of the Axon Personal Recording System assists the Campus Safety Department in obtaining an ever increasing, higher degree of enhanced accountability to the community they serve and protect. The personal recording device records select events, providing a visual and audio record to supplement an officer's report. Campus Safety employees assigned a personal recording device comply with the Calvin University Video Surveillance Policy as well as the specific policy regarding the use of these personal recording devices.

Alarm Systems

Calvin University's Campus Safety Dispatch Center actively monitors several alarms 24 hours a day, 365 days a year, including:

- **Fire Alarms** – Any alarms pertaining to the fire system, including smoke detection, sprinkler flow, heat detection and others.
- **AED Alarms** – Any time an AED device (positioned throughout the campus) is removed from its cabinet housing, an alarm is triggered at the Dispatch Center with the location of the alarm.
- **Door Position Alarms** – When a door is either propped open or does not close on its own, an alarm is triggered at the Dispatch Center showing the location (via map) of the door that did not secure in the allotted time.

Bicycle Registration

To deter bicycle theft and recover stolen bicycles, mandatory bicycle registration is required through the Campus Safety Office. Registration is free and can be done online at our Campus safety website [https://calvin.edu/directory/policies/bicycle-regulations](https://calvin.edu/directory/policies/bicycle-regulations). Once a bike is registered, students, staff, and faculty must pick up a bike registration permit and display the permit on their bicycle.

Calvin Seminary and University and the surrounding neighborhood go through periods when they are targeted by bicycle thieves.

Campus Safety advises these steps to deter bicycle theft, and if a theft does occur, to help in the possible recovery of your bicycle:

1. Lock your bicycle. Always secure your lock through the frame as well as both wheels. Do not merely lock your bicycle to itself, but to something solid. Also, make sure that your lock is adequate for the task. Bike thieves often check out bike racks looking for the best bikes with the flimsiest looking locks. U locks or chain locks work best. Thieves can easily cut cable locks.
2. Register your bicycle with Campus Safety. All bikes brought to campus must be registered and must display a bike registration sticker. Campus Safety will know you are the owner if your bike is stolen and recovered.
3. Record the serial number of your bicycle. If your bicycle is stolen, report the theft to the Campus Safety Department or the police and give them the serial number. If the bicycle is recovered, it can then be returned to you.

Blue Safety Phones

Calvin University and Seminary have installed safety phones around campus. These exterior phones are marked with a blue light and may be used to report an emergency, crime in progress, or to request assistance. See map of safety phone locations on page 1.

Clery Public Log

The Clery Public Log which lists incident reports is updated within one business day of an incident being
Crime Prevention Programs

Security awareness programs are designed to inform students and employees about campus security procedures and practices and to encourage students and employees to be responsible for their own security and the security of others.

During Orientation, students are provided with information on how to protect themselves and their personal belongings. Additionally, Campus Safety offers resources on its website that provide information on prevention of crimes against property and person, including but not limited to identity theft, bicycle theft, vehicular theft, and residential theft.

Additionally, Campus Safety offers safety tips on its website. These safety tips cover the following topics:

- Building Awareness
- Bicycle Theft
- Textbook Theft
- Protecting Your Vehicle
- Protecting Your Residence
- Crimes against Your Person
- Protecting Yourself in Your Home
- Protecting Yourself in Your Car
- Protecting Yourself at ATMs
- Protecting Yourself When You Are Out
- Protecting Against Sexual Assault
- Protecting Against Stalking

The website link to these resources can be found at https://calvin.edu/offices-services/campus-safety/safety-tips.html

Safety Escort Service

To aid in the prevention of criminal behavior, Campus Safety offers an Escort Service for students, faculty, and staff that do not feel comfortable walking alone during the evening hours. The Escort Service runs from dusk until dawn and can be reached by calling the Dispatch line at (616) 526-6452.

RAD Program

Calvin University offers RAD self-defense training to all interested female students and employees, which is open to and promoted for all Calvin Seminary students and employees. The objective of the RAD program is to “develop and enhance the options of self-defense, so they may become viable considerations to the woman who is attacked.” The classes are offered during fall and spring semesters of the academic year and are led by certified Calvin RAD instructors.

Student Support Team

The Calvin Seminary Student Support Team serves the Calvin Seminary community by responding to needs, concerns, and joys related to students and their families. The response might include praying, encouraging, guiding, offering resources, and/or raising awareness.

The Calvin Seminary Student Support Team’s purpose is pastoral (not disciplinary). When a student matter comes to the attention of the team, they will first and foremost be in prayer. They will also seek to provide care and support for students as an initial step. When appropriate, the team will support students by making recommendations to outside services such as counseling, spiritual care, or other community and/or health services.
Information disclosed to any member of the Student Support Team will remain confidential within the team. With the student’s permission, appropriate confidentiality can include disclosure to others as needed in order to provide appropriate pastoral care and academic advising. In addition, confidentiality does not attach when there is a concern of harm to self and/or others, or when there is a violation of the Calvin Seminary Student Code of Conduct.

Emergency Preparedness

Calvin Seminary is committed to the welfare of all of its community members--students, faculty, staff, neighbors and campus visitors. Adequate emergency planning and preparedness is one way Calvin Seminary meets this commitment. Emergency incidents beyond the most routine Level follow protocols of the Incident Command System (ICS), developed under the Federal Emergency Management Agency of the U.S. Department of Homeland Security. The university’s comprehensive emergency operation plan details immediate response and evacuation procedures, including the use of electronic and cellular communication (if appropriate). The Campus Safety Department has the responsibility of responding to and summoning the necessary resources to mitigate, investigate and document any situation that may constitute an emergency or dangerous situation.

The primary goal of emergency preparedness is to maximize life safety in the event of an emergency. Other goals include minimizing danger, preserving property, restoring normal working conditions and communicating well with all members of the university community, surrounding neighborhoods and local and state officials.

Calvin University’s Emergency Preparedness Plan is publicly available on the Calvin University Campus Safety Department’s website. The public version of the plan can be viewed at: https://calvin.edu/directory/policies/emergency-response-plan

The University’s Emergency Preparedness Plan is maintained and reviewed annually by the Executive Safety Committee. The Executive Safety Committee reports to the President and is the governing body and steward of the Emergency Preparedness Plan. The committee has no active role during an emergency or incident, but reviews policy, resources, procedures, training and performance of the university and its partner institutions during emergency events.

The six permanent members of the Executive Safety Committee include the Vice President for Administration and Finance (ESC chair), Vice President of People, Strategy and Technology, Provost (or her/his designee), Vice President for Student Life (or his/her designee), Associate Vice President of Information Technology, and the Chief Operating Officer of Calvin Theological Seminary. The Executive Safety Committee may also call on other individual employees of the university to serve as ESC members for specified periods of time on an as-needed basis, based on their expertise and the agenda of the ESC. Cabinet members permitted to appoint designees to ESC must first serve on the committee for two years before appointing a designee. In the event of the appointment of a designee, the Vice President for Student Life and the Provost are responsible for reviewing minutes and receiving regular updates from the committee and his/her designee.

The committee meets three times a year, or as needed (but at least two times a year) to review high-risk incidents. It is the responsibility of the Executive Safety Committee to review all such incidents, receiving input from all key stakeholders about the effectiveness of campus policies, procedures, and performance. The ESC cooperates with all divisions of the university, and all other related committees to ensure any recommended changes are implemented. It is the responsibility of the Executive Safety Committee to review the university’s emergency preparedness plans on a regular basis and provide an annual update each year on the plan along with recommendations and actions for improvement, to the President’s Cabinet and the Planning and Priorities Committee.

The Emergency Management Planning Team reports to the Executive Safety Committee and is
responsible for development of operational plans relative to the specified objectives outlined by the Executive Safety Committee in the Emergency Preparedness Plan. The eleven permanent members of the Emergency Management Planning Team (EMPT) are the Director of Campus Safety (Chair), Director of Facilities, Environmental Health and Safety Officer, Director of Health Services, Dean of Students, Director of Human Resources, Director of Communications and Marketing, Information Security Officer for Information Technology, Director of Financial Services, Dean of Academic Affairs, and Dean of Students for Calvin Theological Seminary.

The EMPT meets monthly September through May. Additional responsibilities of the EMPT include development of campus emergency exercises to test the Emergency Preparedness Plan of the university, assess gaps in the Plan, and present recommendations to the ESC to revise the Plan.

Immediate Notifications and Response
In times of crisis, Calvin University utilizes the Calvin Alert immediate notification system, which has been made available to all faculty, staff, and students. The Calvin Alert immediate notification system utilizes email and SMS text messaging to send out an immediate notification. All students, faculty and staff are automatically enrolled upon joining the institution and would need to opt-out to stop receiving alerts. Information on our alert system is found at https://calvin.edu/offices-services/campussafety/knightguard/calvinalert.html. To sign up and receive immediate notifications, faculty, staff and students may go to https://calvin.edu/offices-services/campus-safety/knightguard/calvinalert.html. They will be required to then enter their Calvin username and password to select or change their preference for method of contact information. The Calvin Alert immediate emergency notification link can also be reached through the Faculty, Staff or Student Resource landing page under Directory Information. A direct link to the Calvin Alert immediate notification system is found under the Maintain Emergency Notification Preferences tab.

After responsible personnel have been made aware of and have made confirmation that a legitimate emergency or dangerous situation exists involving an immediate threat to the health and/or safety of faculty, staff and students on all or part of the Calvin University campus, the Calvin Alert immediate notification system will be activated without delay at the direction of the Director of Campus Safety or their designee. The Director or their designee will take into account the safety of the community, determine the content of the notification and initiate the notification system unless notification will in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency. Initial confirmation for activating the immediate notification system may occur based upon the direction of local, state or federal emergency management officials, observations of a Campus Safety officer, notification from an emergency liaison, multiple witness telephone calls or an alarm system notification received at dispatch. The goal of the notification is to alert as many people as possible, as rapidly as possible with adequate follow up information as needed.

Localized incidents within a building, such as a small fire or hazardous material spill in a lab most likely will not require a mass notification. The method of communication will depend on such factors as extent of the threat (is it serious or continuing), and time of day the threat is occurring. The University has various systems in place for communicating information quickly. Some or all these methods of communication may be activated in the event of a localized incident on campus. These methods of communication include the use of the Calvin Alert immediate notification system to notify faculty, staff, and students. The Calvin Alert immediate notification system activation can make notifications in the following manner:

- E-mail
- SMS text message
- Emergency Liaisons

In the event a serious incident or crime is reported that poses an immediate threat to members of the Calvin community, the University has various systems in place for communicating information quickly. Some or all these methods of communication may be activated in the event of an immediate threat to the Calvin University community. These methods of communication include the use of the Calvin Alert
notification system to notify faculty, staff, and students. The Calvin Alert immediate notification system activation can make notifications in the following manner:

- E-mail
- SMS text message
- Emergency Liaisons

Faculty, staff, and students are responsible for providing all necessary information to ensure a successful message delivery. Calvin University uploads the Calvin University email addresses for all faculty, staff, and students into the Calvin Alert immediate notification system. It is up to individual faculty, staff, and students to provide a different email address if they prefer not to use their Calvin email address. Calvin University cannot provide communication to those who fail to provide a correct and current phone number and/or email address information.

The message content will contain either pre-scripted brief messages or tailored content developed by the Director of Campus Safety or their designee. The information will be shared to help the public take action for their safety. An “all clear” message or follow up information will be disseminated as appropriate to the Calvin community through vocal telephone messages, emails, or SMS text messages using the Calvin Alert notification system. In addition to sending updates to the University community on the Calvin Alert notification system during a critical incident, the University will post information on the Calvin University website at [http://www.calvin.edu](http://www.calvin.edu). The larger community, including parents, neighbors, and other interested parties can access emergency information through the Calvin website ([http://www.calvin.edu](http://www.calvin.edu)) and/or via the media. Parents may also be notified through e-mail of any updates.

In the event of a major catastrophe that requires the evacuation of the campus, students, faculty and staff will be alerted by the Campus Safety Department verbally, through the immediate notification system via phone, email, text message or when contact is made by departmental Emergency Liaisons. The fire alarm may be activated to clear each individual building. Members of the community should follow the posted evacuation routes and exits for a specific area and building. If people are instructed to evacuate campus, they will be asked to follow these instructions:

- Walk to the nearest exit of the building.
- Do not use elevators.
- Assist people with disabilities to the closest area of refuge. Emergency personnel should be notified of the location of the person with the disability so that they can take appropriate action to evacuate the person.
- Gather outside of individual buildings at designated gathering places and attempt to make certain all persons are accounted for. Stay at least 300 feet from the building.
- Campus Safety or emergency personnel should be made aware of people who are still in the building.
- Campus Safety, emergency personnel or an Emergency Liaison will provide information on the nature of the emergency that requires evacuation of the campus. This may include the distance and direction evacuees must travel from the campus, the possible duration of the evacuation, and the time by which the campus must be evacuated.
- People might be instructed to go home. For students who do not live in close proximity to the university and do not have their own transportation, other people with vehicles may be asked to transport those without transportation to off-campus locations - this may be to their residence or someone else’s residence if this location is outside the established area of evacuation.
- Those who require transport to a location outside the established area of evacuation will be provided transportation as arranged by the University, through Dean Transportation (Grand Rapids Public Schools transportation vendor) or through The Rapid public transportation system. They will be transported to designated locations outside of the established area of evacuation, and emergency services will be contacted to assist with comfort needs.
• Once an evacuation of campus is ordered, no one should return until emergency personnel advise the Campus Safety that the area can be reoccupied. Updated information will be disseminated via the Calvin website, the Calvin Alert immediate notification system which uses e-mail and text, or by an emergency hotline number, and through local media outlets.

The following Calvin University officials shall have authority to authorize the Calvin Alert Immediate Notification System:

President
Vice President for Administration & Finance
Vice President for Student Life
Provost
Campus Safety Director
Campus Safety Assistant Director

The Calvin Alert Immediate Notification System may be used to transmit brief urgent messages as quickly as possible. Immediate notifications may include, but are not limited to:

- Campus Closures
- Weather Warnings (Severe Thunderstorm Warnings & Tornado Watches & Warnings)
- Fire
- Natural gas leaks or hazardous material spills
- Natural disasters affecting the campus
- Campus wide power outages and/or utility failures
- Violent criminal behavior
- Bomb threats or other imminent violent threats
- Explosions on campus
- Terrorism incidents

Dependent upon the contact information supplied by faculty, staff, and students, notification may be made in the following manners:

- Calvin University e-mail
- Personal e-mail
- SMS text to cell phone

The immediate notification system will be tested during the 1st week of classes each semester. In the event that adverse weather conditions exist on the test day, the test will be delayed until the adverse conditions clear the area to prevent any misinterpretation of the test activation and also keep the immediate notification system available in case of a true emergency condition.

Test messages will vary based on the semester and may include welcome back messages as well as safety tips.

**Timely Warnings**

When a Clery crime is reported to the Calvin University Campus Safety Department, local law enforcement or a Campus Security Authority, either on or off campus that in the judgment of the Director of Campus Safety or their designee represents a serious or continuing threat to faculty, staff and students, the Campus Safety Department will issue a campus-wide "Crime Alert" to serve as a timely warning and to aid in the prevention of similar crimes. The Campus Safety Director or their designee develops the content of the warning and the Director approves its dissemination.

Timely warnings may be issued as soon as pertinent information is available for the following crime classifications: aggravated assault, arson, burglary, criminal homicide, dating violence, domestic violence,
motor vehicle theft, robbery, sex offense, and stalking when the crime is deemed to pose a serious and/or ongoing threat to the Calvin community. Crime Alerts for incidents of aggravated assault, sex offenses, dating violence, domestic violence and stalking will be considered on a case by case basis depending on when and where the incident occurred, when it was reported, and the amount of information known by the Campus Safety Department. Alerts will include information about the incident (including date, time and location), any suspect information (if known) and recommended safety advice. For confidentiality reasons victims’ names will never be disclosed in a crime alert.

Crime alerts will be issued by the Campus Safety Department using some or all of the following methods:

- Flyers
- E-mail
- Campus Safety Department Website
- Campus Safety Facebook page
- Emergency Liaisons

Copies of active crime alerts can be found on the Campus Safety Department website at http://www.calvin.edu/offices-services/campus-safety/clery-act/alert-bulletin.html and is accessible to all faculty, staff and students as well as the public. Information will also be placed by the Calvin Seminary Dean of Students on the Seminary’s E-News. Campus Safety officers and designated University emergency liaisons are responsible for posting flyers in campus buildings. Crime alerts will remain in effect for a period of one week (7 days), and then they will be removed unless it is determined there is a continued threat to the safety of the community.

Anyone with information about a crime that warrants the issuance of a crime alert should contact the Campus Safety Department immediately. Reporting a crime can be done by telephone (616)526-6452 or in person at the Campus Safety Department on the second floor of the Mail and Print Services Building at 3230 Lake Drive SE.

Public Safety Advisories

For incidents that are not Clery reportable crimes but may pose a risk or present a safety concern to the community, public safety advisories will be issued. Incidents such as a series of bicycle larcenies, vehicle burglaries or persons engaged in suspicious behavior are examples of the types of incidents that would be considered a public safety advisory.

The Campus Safety Department will issue public safety advisories with the intent of providing information that will allow the campus community to be vigilant and to reduce the possibility of similar incidents occurring on campus.

Public safety advisories will be issued by the Campus Safety Department using some or all of the following methods:

- Flyers
- Campus Safety Department website
- Campus Safety Facebook page
- Emergency Liaisons

Copies of active public safety advisories can be found on the Campus Safety Department website at http://www.calvin.edu/offices-services/campus-safety/clery-act/alert-bulletin.html and is accessible to all faculty, staff and students as well as the public. Information will also be placed by the Calvin Seminary Dean of Students on the Seminary’s E-News. Campus Safety officers and designated University emergency liaisons are responsible for posting flyers in campus buildings. Public safety advisories will remain in effect for a period of one week (7 days), and then they will be removed unless it
is determined there is a continued threat to the safety of the community.

Anyone with information about a crime that warrants the issuance of a public safety advisory should contact the Campus Safety Department. Reporting a crime can be done by telephone (616)526-6452 or in person at the Campus Safety Department on the second floor of the Mail and Print Services Building at 3230 Lake Drive SE.

**Factors for Determining Method of Communication**

Communication methods will be employed based on a number of factors that will be evaluated for each individual incident. These factors include the nature and extent of the threat, the technology available in the building or area, the time of day the incident has occurred, etc. Other communication methods besides the methods previously mentioned may include door to door notification, social networking sites, portable radios, city's outdoor warning sirens, handheld bullhorns, and mass media.

**Emergency Response Plan and Drills**

Calvin Seminary's Emergency Response Plan can be viewed on the Seminary website or by accessing the following link: [https://www.calvinseminary.edu/safety](https://www.calvinseminary.edu/safety). Building specific evacuation maps are posted in strategic locations in campus buildings.

Emergency preparedness plans are exercised on an annual basis. Tests for emergency response and evacuation procedures may be announced or unannounced. These exercises may include tabletop exercises, scenario responses and fire drills. The tests allow the university to assess and evaluate its emergency plans and capabilities. Recommendations for improvements can be submitted to the appropriate departments when necessary.

A minimum of one fire drill per academic year is conducted in the academic buildings.

The purpose of evacuation drills is to prepare building occupants for an organized evacuation in case of an emergency. Evacuation drills are used as a way to educate and train occupants on issues specific to their building. During the drill, occupants practice drill procedures and familiarize themselves with the location of exits and the sound of the fire alarm. In addition, the process provides the university an opportunity to test the operation of fire alarm system components.

**Missing Student Policy**

Students are asked to provide emergency contact information when beginning the school year through email correspondence and through their student orientation. At the same time, students are also given the opportunity to provide a confidential contact that the seminary can use if the student is believed to be missing. These contacts may be registered any time in Populi. The confidential contact information will be accessible only by the Dean of Students, Associate Dean of Students, and Administrative Assistant to the Dean of Students, and will not be disclosed outside of a missing person investigation.

If a member of the Calvin Seminary community has reason to believe that a student is missing, whether or not the student resides on campus, they should make a report to the Campus Safety Department (616-526-6452) or to the seminary Dean of Students (616-957-6042) or the seminary Dean of International Student and Research Scholar Services (616-957-6015). If one of the Deans of Students are contacted, they will immediately inform the Campus Safety Department of the report. If the student is an off-campus resident, appropriate family members or associates are encouraged to make an official missing person report to the law enforcement agency with jurisdiction.

Upon being made aware that a student is missing, the Campus Safety Department will notify the law enforcement agency with jurisdiction within 24 hours. The Campus Safety Department will cooperate, aid, and assist the primary investigative agency in all ways prescribed by law. All pertinent law enforcement agencies will be notified and requested to render assistance through direct telephone contact or visit by
an employee of the Campus Safety Department.

All possible efforts will be made to locate the student to determine his or her state of health and well-being through the collaboration of the Campus Safety Department and the Dean of Students Office. If the student is an on-campus resident, the Campus Safety Department will secure authorization from the Housing Director to make a welfare entry into the student’s apartment. If the student is an off-campus student resident, the Campus Safety Department will inform and enlist the aid of the Dean of Students, Associate Dean of Students, or Housing Director, in addition to the law enforcement agency having jurisdiction.

Concurrently, Campus Safety officers, in collaboration with the Dean of Students Office, will endeavor to determine the student’s location and well-being through contact with family, friends, associates, and/or employers of the student. Within 24 hours of receiving the initial report, attempts will be made to contact the confidential contact (if provided by the student) by the Campus Safety Department or a Dean of Students to determine if they know of the location of the student. [Though it would be unlikely since Calvin Seminary is a graduate level school, if the student is under 18 years of age, and not an emancipated individual, Calvin Seminary is required by law to notify a custodial parent or guardian immediately.] In addition to notifying a parent or guardian, confidential contacts will also be notified if an alternate contact name was provided. We will also seek to determine whether or not the student has been attending classes, scheduled organizational, church, or academic meetings, or has been appearing at scheduled work shifts.

If located, verification of the student’s state of health and intention of returning to the campus is made. When and where appropriate a referral will be made to other seminary officials or other institutions for counseling or other care.

**Calvin Seminary Student Drug and Alcohol Policy**

**Calvin Seminary Student Drug and Alcohol Policy Statement**

In accordance with the Drug-Free Workplace Act of 1988 and the Drug-Free Schools and Communities-Act Amendments of 1989, Calvin Seminary’s policy on illegal drugs and alcohol is as follows:

**Student Substance Abuse Policy**

Calvin Seminary observes and strictly enforces all local, state, and federal laws related to possession, use, sale or distribution of a controlled substance (including marijuana), and of designer drugs. Students who are found responsible for violations of the Seminary drug policies are subject to serious disciplinary action from the Seminary, up to or including disciplinary expulsion from the Seminary. Calvin Seminary does not recognize medical marijuana as an exception to its drug policies. Students are expected to contact the Dean of Students to discuss possible exceptions in medical situations in advance of any marijuana use.

Individuals who are involved in any drug-related violation may be subject to criminal action, as the Seminary may report these individuals to the legal authorities. Students who are convicted of any criminal offense involving the possession or sale of a controlled substance risk losing their eligibility to receive Financial Aid. Students are accountable for upholding Calvin Seminary drug policies even when traveling to states or countries in which certain drugs have been decriminalized. Though some impairing substances may be legal to purchase in some states, Calvin Seminary prohibits the possession and/or use of these substances by its students. Students are responsible for knowing, understanding and observing Calvin Seminary’s drug policies.
The following statements from the Student Conduct Code address conduct related to illicit drugs and alcohol by the prohibition of:

- Unlawful use, possession, purchase, distribution, sale, or manufacture of a controlled substance (including marijuana), designer drug, or drug paraphernalia.
- Unlawful possession, use, or distribution of alcohol on seminary property or as any part of seminary activities, and any type of intoxication on or off college or seminary property.
- Violation of any published seminary policy, rule, or regulation or of any federal, state, or local law.

In the case of a violation of the Student Conduct Code, disciplinary action will be taken in one or more of the following manners:

a. **Admonition**- an oral statement to the student that she or he has violated or is violating institutional rules. Such admonition may come from the Dean of Students Office, the Academic Affairs Office, the Director of Student Housing, a professor, or a staff person.
b. **Warning**- a notice in writing to the student from the Dean of Students Office, the Academic Office, or the Director of Student Housing that the student has violated or is violating institutional regulations.
c. **Personal Probation**- a written reprimand from the Dean of Students Office, the Academic Office, or the Director of Student Housing for the violation of specified regulations, stating the reason for the probation. Probation will be for a designated period of time, with the warning that more severe disciplinary actions will be taken if the student violates any institutional regulations during the probationary period.
d. **Loss of Privileges**- when more severe disciplinary action is needed, certain privileges may be withdrawn from the student by the Dean of Students Office, the Academic Office, or the Director of Student Housing for a designated period of time.
e. **Suspension**- an action by the Chief Financial and Operating Officer or the Academic Dean with the concurring advice of the Dean of Students Office and/or Student Appeals Committee, if sought, whereby a student is separated from the seminary for a definite period of time. Conditions for readmission will be specified by Chief Financial and Operating Officer or the Academic Dean with the concurring advice of the Dean of Students Office and/or Student Appeals Committee, if sought.
f. **Expulsion**- permanent separation of the student from the seminary by action of the seminary Board of Trustees based upon the recommendation of the Chief Financial and Operating Officer or the Academic Dean.

**Employee Substance Abuse Policy**

The Seminary has a vital interest in maintaining a safe, healthful and efficient workplace for its employees. The unauthorized possession or use of any illegal drug or alcohol, or abuse of a legal drug, may pose serious safety and health risks not only to the user but to all those who work with the user. It may also threaten the Seminary's reputation, property, equipment and operations. Compliance with this policy is a condition of employment.

The following activity will result in serious discipline, up to and including discharge:

(1) while on campus or engaged in Seminary business, being under the influence of alcohol or a controlled substance, having a detectable level of alcohol or a controlled substance in one's system, or having the odor of alcohol or a controlled substance on one’s breath or body;

(2) using, possessing, distributing, storing or selling alcohol or a controlled substance on campus or while engaged in Seminary business; and/or

(3) being convicted of using, selling, or possessing controlled substances or any other violation of federal
or state drug and alcohol laws, or failing to report such a conviction or violation within five calendar days.

Note: This policy does not apply to events sponsored or officially supported by the Seminary at which alcohol is authorized for consumption.

Staff members may be asked to submit samples for alcohol or controlled substance testing under the following circumstances: (1) as a consideration for employment; (2) if the Seminary has reasonable suspicion to believe that the employee has used or is under the influence of alcohol or a controlled substance; (3) following an on-the-job accident, or an incident in which safety precautions may have been violated or careless acts may have occurred; or (4) following a return to work after a layoff in excess of two weeks.

Failure or refusal of an employee to cooperate fully, sign a consent/release form or any other required document for testing, or submit in full to any inspection or drug test as provided will be grounds for discharge. Substituting or adulterating any body substance or specimen submitted for testing, or falsely representing that the body substance or specimen is the employee’s own sample likewise will be grounds for discharge.

Calvin Seminary may, in its discretion and without precedent, offer individual employees alternatives to discharge under certain circumstances. Such alternatives might include Last Chance Agreements, rehabilitation programs, or other measures.

(Note: Free, confidential counseling is available to all employees through the Pine Rest Employee Assistance Program.)

Prescription Medication

No prescription medication may be brought upon Calvin Seminary property by any person other than the person for whom the drug is prescribed by a licensed medical practitioner, and such drug shall be used only in the manner and quantity prescribed. Employees using prescription or over-the-counter medication that may affect their ability to safely and effectively perform their job must report this to their supervisor. Such reports will be treated as confidential.

Workplace Searches

For the safety and security of our employees, volunteers, visitors, and property, Calvin Seminary (and/or its representatives) reserves the right to inspect any Seminary-owned object on its premises, as well as the contents of all vehicles, packages, containers and other items brought onto Seminary premises or used/possessed while engaged in Seminary business with or without warning. Under certain circumstances involving reasonable suspicion of improper conduct (e.g., violation of the Workplace Violence and Weapons Policy, violation of the Substance Abuse Policy, suspicion of theft, etc.), the Seminary may request employees to submit to a search of their personal effects. Refusal to consent to any search may result in disciplinary action up to and including discharge. All searches will be conducted with due regard for the privacy of the persons involved.

Health Risks Associated with Alcohol Use

Short-Term Health Risks

Excessive alcohol use has immediate effects that increase the risk of many harmful health conditions. These are most often the result of binge drinking and include the following:

- Injuries, such as motor vehicle crashes, falls, drownings, and burns.
- Violence, including homicide, suicide, sexual assault, and intimate partner violence.
- Alcohol poisoning, a medical emergency that results from high blood alcohol levels.
- Risky sexual behaviors, including unprotected sex or sex with multiple partners. These behaviors can result in unintended pregnancy or sexually transmitted diseases, including HIV.
- Miscarriage and stillbirth or **fetal alcohol spectrum disorders (FASDs)** among pregnant women.
Long-Term Health Risks

Over time, excessive alcohol use can lead to the development of chronic diseases and other serious problems including:

- High blood pressure, heart disease, stroke, liver disease, and digestive problems.
- Cancer of the breast, mouth, throat, esophagus, liver, and colon.
- Learning and memory problems, including dementia and poor school performance.
- Mental health problems, including depression and anxiety.
- Social problems, including lost productivity, family problems, and unemployment.
- Alcohol dependence, or alcoholism

By not drinking too much, one can reduce the risk of these short- and long-term health risks.

Health Risks Associated with Drug Use

- Nicotine is an addictive stimulant found in cigarettes and other forms of tobacco. Tobacco smoke increases a user's risk of cancer, emphysema, bronchial disorders, and cardiovascular disease. The mortality rate associated with tobacco addiction is staggering. Tobacco use killed approximately 100 million people during the 20th century, and, if current smoking trends continue, the cumulative death toll for this century has been projected to reach 1 billion.

- Marijuana is the most commonly abused legalized substance in Michigan. This drug impairs short-term memory and learning, the ability to focus attention, and coordination. It also increases heart rate, can harm the lungs, and can increase the risk of psychosis in those with an underlying vulnerability.

- Prescription medications, including opioid pain relievers (such as OxyContin® and Vicodin®), anti-anxiety sedatives (such as Valium® and Xanax®), and ADHD stimulants (such as Adderall® and Ritalin®), are commonly misused to self-treat for medical problems or abused for purposes of getting high or (especially with stimulants) improving performance. However, misuse or abuse of these drugs (that is, taking them other than exactly as instructed by a doctor and for the purposes prescribed) can lead to addiction and even, in some cases, death. Opioid pain relievers, for instance, are frequently abused by being crushed and injected or snorted, greatly raising the risk of addiction and overdose. Unfortunately, there is a common misperception that because medications are prescribed by physicians, they are safe even when used illegally or by another person than they were prescribed for.

- Inhalants are volatile substances found in many household products, such as oven cleaners, gasoline, spray paints, and other aerosols, that induce mind-altering effects; they are frequently the first drugs tried by children or young teens. Inhalants are extremely toxic and can damage the heart, kidneys, lungs, and brain. Even a healthy person can suffer heart failure and death within minutes of a single session of prolonged sniffing of an inhalant.

- Cocaine is a short-acting stimulant, which can lead users to take the drug many times in a single session (known as a “binge”). Cocaine use can lead to severe medical consequences related to the heart and the respiratory, nervous, and digestive systems.

- Amphetamines, including methamphetamine, are powerful stimulants that can produce feelings of euphoria and alertness. Methamphetamine's effects are particularly long-lasting and harmful to the brain. Amphetamines can cause high body temperature and can lead to serious heart problems and seizures.
- MDMA (Ecstasy or "Molly") produces both stimulant and mind-altering effects. It can increase body temperature, heart rate, blood pressure, and heart-wall stress. MDMA may also be toxic to nerve cells.

- LSD is one of the most potent hallucinogenic, or perception-altering, drugs. Its effects are unpredictable, and abusers may see vivid colors and images, hear sounds, and feel sensations that seem real but do not exist. Users also may have traumatic experiences and emotions that can last for many hours.

- Heroin is a powerful opioid drug that produces euphoria and feelings of relaxation. It slows respiration, and its use is linked to an increased risk of serious infectious diseases, especially when taken intravenously. People who become addicted to opioid pain relievers sometimes switch to heroin instead, because it produces similar effects and may be cheaper or easier to obtain.

- Steroids, which can also be prescribed for certain medical conditions, are abused to increase muscle mass and to improve athletic performance or physical appearance. Serious consequences of abuse can include severe acne, heart disease, liver problems, stroke, infectious diseases, depression, and suicide.

- Drug combinations. A particularly dangerous and common practice is the combining of two or more drugs. The practice ranges from the co-administration of legal drugs, like alcohol and nicotine, to the dangerous mixing of prescription drugs, to the deadly combination of heroin or cocaine with fentanyl (an opioid pain medication). Whatever the context, it is critical to realize that because of drug–drug interactions, such practices often pose significantly higher risks than the already harmful individual drugs.

- Bath Salts/Designer Cathinones. Bath Salts/Designer Cathinones are substances abused for their desired effects, such as euphoria and alertness. Other effects that have been reported from the use of these drugs include psychological effects such as confusion, acute psychosis, agitation, combativeness, aggressive, violent, and self-destructive behavior. Adverse or toxic effects associated with the abuse of cathinones, including synthetic cathinones, include rapid heartbeat; hypertension; hyperthermia; prolonged dilation of the pupil of the eye; breakdown of muscle fibers that leads to release of muscle fiber contents into bloodstream; teeth grinding; sweating; headaches; palpitations; seizures; as well as paranoia, hallucinations, and delusions. Fatal reactions have occurred to those that are ingesting these products.

- Depressants. Depressants (controlled substances that range from Schedule I-Schedule IV) are known to put you to sleep, relieve anxiety and muscle spasms, and prevent seizures. They are abused to experience euphoria. Depressants like GHB and Rohypnol are also misused to facilitate sexual assault. Some of the effects include amnesia, leaving no memory of events that occur while under the influence; reduced reaction time; impaired mental function and judgment; and confusion. Long-term use will produce psychological dependence. Physical effects include slurred speech, loss of motor coordination, weakness, headache, lightheadedness, blurred vision, dizziness, nausea, vomiting, low blood pressure, and slowed breathing. Large doses combined with other drugs or alcohol can be fatal. Examples of depressants are barbiturates, benzodiazepines, GHB, and Rohypnol.

**Federal and State Penalties for Drug Sale and Possession**

The federal government decides if and how a drug should be controlled. Psychoactive (mind-altering) chemicals are categorized according to Schedule I to V. This schedule designates if the drug must be prescribed by a physician and under what conditions. Factors considered in this categorization include a drug's known and potential medical value, its potential for physical or psychological dependence, and risk, if any, to public health. Penalties for the illegal sale or distribution of a drug are established using the designation of Schedule I to V. The State of Michigan designates controlled substances as Schedule I through V, using similar definitions to those employed by the federal government. The State of Michigan’s schedule designations of individual drugs are similar, but not identical to those of the federal government.

**Schedule I** drugs have a high potential for abuse, have no currently accepted medical use in the United States, and lack acceptable safety for use under medical supervision. Examples of substances listed in Schedule I include heroin, lysergic acid diethylamide (LSD), marijuana (cannabis), peyote, methaqualone,
and 3,4-methylenedioxy-methamphetamine (ecstasy). GHB (gamma-hydroxybutyrate) can be a Schedule I or III drug, depending on its form.

**Schedule II** drugs have a currently accepted medical use in the United States, despite a high potential for abuse that may lead to severe psychological or physical dependence. Examples include opium, morphine, methadone, oxycodone, hydrocodone, codeine, some barbiturates, cocaine, amphetamines, and phencyclidine (PCP).

Federal and State of Michigan penalties for selling Schedule I and II drugs vary with the type and quantity of the drug. Additionally, if death, rape, or serious injury is associated with the use of the drug and/or if it is a second offense, penalties are more severe.

Unless otherwise specified by federal law, the federal penalty for the first offense involving a Schedule I or II controlled substance, GHB, or 1 gram of flunitrazepam (Schedule IV) is imprisonment for not more than 20 years. If death or serious bodily injury results from the use of such substances, the penalty is imprisonment for not less than 20 years or more than life, a fine not to exceed $1 million for an individual, or both. The penalty for other Schedule I or II controlled substances is imprisonment for not more than seven years, a fine of not more than $10,000, or both.

The State of Michigan's penalty for unlawful manufacture, delivery, or possession with intent to deliver less than 50 grams of a Schedule I or II controlled substance is imprisonment for up to 20 years, and/or a fine of up to $25,000. Use of a Schedule I or II controlled substance is a misdemeanor that has a penalty of imprisonment for up to one year, a fine of up to $2,000, or both. Michigan law also provides for up to seven years' imprisonment and/or a fine of not more than $5,000 for individuals who manufacture, deliver, or possess with intent to manufacture or deliver gamma-butyrolactone (GBL), a compound related to GHB.

For less than 50 kilograms of marijuana, except in the case of 50 or more marijuana plants regardless of weight, 10 kilograms of hashish, or one kilogram of hashish oil, the federal penalty is imprisonment for not more than 5 years, a fine not to exceed $250,000 for an individual, or both. Michigan Regulation and Taxation of Marihuana Act (2018) list the following penalties: "A person who commits any of the following acts, and is not otherwise authorized by this act to conduct such activities, may be punished only as provided in this section and is not subject to any other form of punishment or disqualification, unless the person consents to another disposition authorized by law:

1. Except for a person who engaged in conduct described in sections 4(1)(a), 4(1)(b), 4(1)(c), 4(1)(d), 4(1)(g), or 4(1)(h), a person who possesses not more than the amount of marihuana allowed by section 5, cultivates not more than the amount of marihuana allowed by section 5, delivers without receiving any remuneration to a person who is at least 21 years of age not more than the amount of marihuana allowed by section 5, or possesses with intent to deliver not more than the amount of marihuana allowed by section 5, is responsible for a civil infraction and may be punished by a fine of not more than $100 and forfeiture of the marihuana.
2. Except for a person who engaged in conduct described in section 4, a person who possesses not more than twice the amount of marihuana allowed by section 5, cultivates not more than twice the amount of marihuana allowed by section 5, delivers without receiving any remuneration to a person who is at least 21 years of age not more than twice the amount of marihuana allowed by section 5, or possesses with intent to deliver not more than twice the amount of marihuana allowed by section 5, is responsible for a civil infraction and may be punished by a fine of not more than $500 and forfeiture of the marihuana;
3. Except for a person who engaged in conduct described by section 4(1)(a), 4(1)(d), or 4(1)(g), a person under 21 years of age who possesses not more than 2.5 ounces of marihuana or who cultivates not more than 12 marihuana plants: (a) for a first violation, is responsible for a civil infraction and may be punished as follows: (1) if the person is less than 18 years of age, by a fine
of not more than $100 or community service, forfeiture of the marihuana, and completion of 4 hours of drug education or counseling; or (2) if the person is at least 18 years of age, by a fine of not more than $100 and forfeiture of the marihuana. (b) for a second violation, is responsible for a civil infraction and may be punished as follows: (1) if the person is less than 18 years of age, by a fine of not more than $500 or community service, forfeiture of the marihuana, and completion of 8 hours of drug education or counseling; or (2) if the person is at least 18 years of age, by a fine of not more than $500 and forfeiture of the marihuana.

4. Except for a person who engaged in conduct described in section 4, a person who possesses more than twice the amount of marihuana allowed by section 5, cultivates more than twice the amount of marihuana allowed by section 5, or delivers without receiving any remuneration to a person who is at least 21 years of age more than twice the amount of marihuana allowed by section 5, shall be responsible for a misdemeanor, but shall not be subject to imprisonment unless the violation was habitual, willful, and for a commercial purpose or the violation involved violence.”

Marijuana possession and use remains illegal under federal law and is categorized as an illicit substance under the Drug-Free Workplace Act of 1988 and the Drug-Free Schools and Communities Act Amendment of 1989. In addition, pursuant to Calvin Seminary’s Alcohol and Drug Policy, employees, students and visitors may not manufacture, consume, possess, sell, distribute, transfer or be under the influence of alcohol, illicit drugs or controlled substances on Seminary or University property or at any site where Seminary work is performed.

Calvin Seminary receives federal funding for various uses, including student financial aid. As such, Calvin Seminary must comply with federal law, including all current federal drug laws. Therefore, even though the State of Michigan has legalized limited amounts of marijuana for recreational use for some individuals, the possession, use, storage and cultivation of marijuana remains prohibited for all faculty, staff and students under Calvin Seminary policy.

Use of Weapons

No weapons of any kind are allowed on Calvin Seminary and Calvin University campus, except as authorized by the Board of Trustees of Calvin University. Weapons include but are not limited to firearms, ammunition, explosives, switchblades, paint-ball guns, "Air-soft" guns, BB guns, potato launchers, bows and arrows, slingshots and similar devices. Exceptions for authorized Campus Safety employees are governed by the university's Use of Force Policy. Calvin Seminary and Calvin University also prohibit the use of fireworks on campus.

Reporting a Crime

Suspicious Behavior on Campus

Calvin Seminary and Calvin University community members, students, faculty, staff and guests are encouraged to report all crimes in a timely manner. The Campus Safety Department can be contacted by telephone, emergency phones, in person and by e-mail. Potential criminal actions and other campus emergencies can be reported directly to Campus Safety by calling Campus Safety Dispatch. Upon receipt of a call, a Campus Safety officer is dispatched to the site of the complaint and makes a formal report, contacting the local police if necessary. Campus Safety promptly notifies the university community of reported crimes that are considered a potential threat to the community, allowing the community to take steps to prevent a similar occurrence. Calvin Seminary and Calvin University also use Silent Observer for those who wish to report a crime and remain anonymous. One may report a crime by calling 774-2345 or online at www.silentobserver.org.
One can also report cases of harassment or abuse of power. If you have experienced harassment or abuse of power at Calvin Seminary and Calvin University, or suspect that someone you know might be involved in a situation of harassment or abuse, call the I Will Report It designated message line at 616-526-IWRI (616-526-4974). Students, faculty, and staff may call this line 24 hours a day, seven days a week, 365 days a year, and leave a recorded message. The Calvin Seminary and Calvin University encourages the reporting of all perceived incidents of discrimination, harassment or retaliation regardless of the offender’s identity or position.

Persons who are victims of crime and are hesitant to report the crime to the Campus Safety Department are encouraged to meet persons identified by their role and not their title as Campus Security Authorities (Residence Life staff, coaches, club leaders, and off campus program directors are all considered Campus Security Authorities). As a third party, the Campus Security Authority can file a report when a victim is unable or unwilling to report a crime.

Calvin Seminary and Calvin University has specific procedures in place that serve to be sensitive to those who report sexual assault, domestic violence, dating violence, and stalking. The specific procedures are listed beginning on page 35 of this Annual Security Report.

Confidential Reporting

Persons who decide not to pursue action with the criminal justice system or through the Seminary’s Conduct Code may want to consider making a confidential report. The Director of Campus Safety can file a report on the details of the incident without revealing a victim’s identity. The purpose of a confidential report is to comply with the victim’s wish to keep the matter confidential, while taking steps to ensure the future safety of others. With such information, the Seminary can keep accurate records of the number of incidents involving students, determine whether there is a pattern of crime, and alert the campus community to potential danger. The definition of a Campus Security Authority, according to the Clery Act is as follows: “An official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline, and campus judicial proceedings.” Campus Security Authorities file a confidential electronic report, which is received by the Campus Safety Department. A copy of the reporting form is located in the Clery Act section of the Campus Safety Department’s website. The confidential reports can be given to any Campus Security Authority. Reports filed in this manner are counted and disclosed in the annual crime statistics for the institution; however identifying information remains anonymous.

The Seminary will take reasonable steps to investigate and to respond to the complaint. With confidential reports, the seminary will make attempts to address the concerns of the complainant, including concerns of retaliation. However, the request for a confidential report may limit the seminary’s ability to fully address a situation.

Ordained faculty and staff when acting as Pastoral Counselors, and Professional Counselors, when acting as such, are not considered to be Campus Security Authorities and are not required to report crimes for inclusion into the Annual Security Report. These positions are defined as follows:

- **Pastoral Counselor** – A person who is associated with a religious order or denomination, is recognized by that religious order of denomination as someone who provides confidential counseling, and is functioning within the scope of that recognition as a pastoral counselor.
- **Professional Counselor** – A person whose official responsibilities include providing mental health counseling to members of the institution’s community and who is functioning within the scope of his or her license or certification.

Ordained faculty and staff and professional counselors, if and when they deem it appropriate, are encouraged to inform the persons they are counseling of the procedures to report a crime on a voluntary basis to Calvin Campus Safety Department for inclusion in the annual disclosure of crime statistics.
Reporting Crimes at Non-Campus Locations

Criminal activity off campus should be reported to the local police department. The close working relationship between Campus Safety and the local police allows Campus Safety to record and publish criminal activity near the campus and at locations owned by the University and Seminary. The Calvin University Safety Department does not provide law enforcement service to off campus residences or off campus properties owned by the University or Seminary. Calvin Seminary and Calvin University do not have any non-campus student organizations.

Help for Crime Victims

Calvin Seminary will assist victims of crime with resources available through the university and seminary. The Dean of Students at the Seminary, as well as Campus Safety have contact information for a number of resources both on and off campus. This information is available at the Campus Safety Office, on the Campus Safety website, or in the Dean of Students office.

Calvin Seminary and Calvin University assists victims by arranging transportation for medical attention, helping victims file police reports, and working with the county prosecutor and the Kent County Courts. Campus Safety forwards reports on behalf of the victims to the appropriate officials and agencies.

Calvin Seminary and Calvin University offers free counseling through the Pine Rest Christian Mental Health Services to students who are victims of violent crimes. Information provided by the victim will be held confidential unless the victim authorizes otherwise. Campus Safety also has contact information for a number of additional resources both on and off campus.

Calvin Seminary does not discriminate on the basis of sex in its educational programs and sexual harassment and sexual violence are types of sex discrimination. Other acts can also be forms of sex-based discrimination and are also prohibited whether sexually based or not and include dating violence, domestic violence, and stalking. As a result, Calvin Seminary issues this statement of policy to inform the community of our comprehensive plan addressing sexual misconduct, educational programs, and procedures that address sexual assault, domestic violence, dating violence, and stalking, whether the incident occurs on or off campus and when it is reported to a Seminary official. In this context, Calvin Seminary prohibits the offenses of domestic violence, dating violence, sexual assault and stalking as defined by the Violence Against Women Reauthorization Act and reaffirms its commitment to maintain a campus environment emphasizing the dignity and worth of all members of the Seminary community.

Calvin Seminary's policy governing sexual misconduct can be found online on the Calvin Theological Seminary Safety webpage.

Definitions

There are numerous terms used by Calvin Seminary in our policy and procedures.

**Consent:** The Department of Education states the following definition of consent: The affirmative, unambiguous, and voluntary agreement to engage in a specific activity during a sexual encounter. Calvin Seminary policy defines consent for sexual contact or sexual intimacy as a clear, freely given, verbalized "yes" or clearly communicated actions to every step of any sexual intimacy or sexual contact. The absence of "no" is not consent. Furthermore, a verbalized "yes" which has been coerced, does not constitute a freely given "yes". Use of force does not constitute consent. In such cases, consent has not
been given, and one who continues to have sexual contact without full clear consent potentially could be charged with a serious violation of Seminary policy and/or face criminal prosecution.

- The burden of obtaining consent will be on the party seeking to initiate sexual activity
- Silence, in and of itself, is a “no”, not a “yes”.
- Consent cannot be assumed from the lack of resistance or as a result of ambiguous communication.
- Consent to one form of sexual activity cannot be construed as consent to any other form of sexual activity.
- To be valid, consent must be given prior to or contemporaneously with the sexual activity.
- Consent can be withdrawn at any time as long as that withdrawal is clearly communicated by the person withdrawing it.

**Sexual Assault:** The definition for “Sexual assault” according to the Violence Against Women Act is any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent.

**Rape:** is penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.

**Fondling** is defined as the touching of the private parts of another person for the purposes of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.

**Incest** is defined as sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

**Statutory Rape** is defined as a sexual intercourse with a person who is under the statutory age of consent.

v. The actor is a mental health professional and the sexual contact occurs during or within 2 years after the period in which the victim is his or her client or patient and not his or her spouse. viii. The actor is an employee, contractual service provider, or volunteer of a child care organization, or a person licensed to operate a foster family home or a foster family group home, in which that other person is a resident, that other person is at least 16 years of age, and the sexual contact occurs during that other person's residency.    b. Substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.
   c. Reasonable persons means a reasonable person under similar circumstances and with similar identities to the victim.

3) For the purposes of complying with the requirements of this section and section 668.41, any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

**Michigan Criminal Law section 750.411h: Stalking.**

1) As used in this section:
   (a) “Course of conduct” means a pattern of conduct composed of a series of 2 or more separate non-continuous acts evidencing a continuity of purpose.
   (b) “Emotional distress” means significant mental suffering or distress that may, but does not necessarily, require medical or other professional treatment or counseling.
   (c) “Harassment” means conduct directed toward a victim that includes, but is not limited to, repeated or continuing unconsented contact that would cause a reasonable individual to suffer emotional distress and that actually causes the victim to suffer emotional distress. Harassment does not include constitutionally protected activity or conduct that serves a legitimate purpose.
   (d) “Stalking” means a willful course of conduct involving repeated or continuing harassment of another individual that would cause a reasonable person to feel terrorized, frightened, intimidated, threatened, harassed, or molested and that actually causes the victim to feel terrorized, frightened, intimidated, threatened, harassed, or molested.
   (e) “Unconsented contact” means any contact with another individual that is initiated or continued without that individual's consent or in disregard of that individual's expressed desire that the contact be avoided or discontinued. Unconsented contact includes, but is not limited to, any of the following:
      i. Following or appearing within the sight of that individual.
      ii. Approaching or confronting that individual in a public place or on private property.
      iii. Appearing at that individual's workplace or residence.
      iv. Entering onto or remaining on property owned, leased, or occupied by that individual.
      v. Contacting that individual by telephone.

(3) The court may place an individual convicted of violating this section on probation for a term of not more than 5 years. If a term of probation is ordered, the court may, in addition to any other lawful condition of probation, order the defendant to do any of the following:
(a) Refrain from stalking any individual during the term of probation.
(b) Refrain from having any contact with the victim of the offense.
(c) Be evaluated to determine the need for psychiatric, psychological, or social counseling and if, determined appropriate by the court, to receive psychiatric, psychological, or social counseling at his or her own expense.

(4) In a prosecution for a violation of this section, evidence that the defendant continued to engage in a course of conduct involving repeated unconsented contact with the victim after having been requested by the victim to discontinue the same or a different form of unconsented contact, and to refrain from any further unconsented contact with the victim, gives rise to a rebuttable presumption that the continuation of the course of conduct caused the victim to feel terrorized, frightened, intimidated, threatened, harassed, or molested.

(5) A criminal penalty provided for under this section may be imposed in addition to any penalty that may be imposed for any other criminal offense arising from the same conduct or for any contempt of court arising from the same conduct.

Education and Prevention Programs
Calvin Seminary engages in comprehensive, intentional, and integrated programming, initiatives, strategies, and campaigns intended to end dating violence, domestic violence, sexual assault, and stalking that:

a. Are culturally relevant, inclusive of diverse communities and identities, sustainable, responsive to community needs, and informed by research, or assessed for value, effectiveness, or outcome; and

b. Consider environmental risk and protective factors as they occur on the individual, relationship, institutional, community, and societal levels.

Educational programming to prevent dating violence, domestic violence, sexual assault and stalking consists of primary prevention and awareness programs for all incoming students and new employees and ongoing awareness and prevention campaigns for students and employees that:

a. Identifies domestic violence, dating violence, sexual assault, and stalking as prohibited conduct;

b. Defines using definitions provided both by the Department of Education as well as state law what behavior constitutes domestic violence, dating violence, sexual assault, and stalking;

c. Defines what behavior and actions constitute consent to sexual activity in the State of Michigan and/or using the definition of consent found in this document if state law does not define consent;

d. Provides a description of safe and positive options for bystander intervention. Bystander intervention means safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault or stalking. Bystander intervention includes recognizing situations of potential harm, understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options, and taking action to intervene;

e. Information on risk reduction. Risk reduction means options designed to decrease perpetration and bystander inaction, and to increase empowerment for victims in order to promote safety and to help individuals and communities address conditions that facilitate violence.

Calvin Seminary implements an annual educational campaign consisting of presentations that include distribution of educational materials to new students and new employees and that provides for ongoing prevention and awareness for all students and employees. This includes annual Haven Plus training provided for all incoming and returning students.

frames for good cause and with written notice to the accuser and the accused of the delay and the reason for the delay;

Conducted in a manner that:
- Is consistent with the institution’s policies and transparent to the accuser and accused;
- Includes timely notice of meetings at which the accuser or accused, or both, may be present; and
- Provides timely and equal access to the accuser, the accused, and appropriate officials to any information that will be used during informal and formal disciplinary meetings and hearings; and
- Conducted by officials who do not have a conflict of interest or bias for or against the accuser or the accused.

Advisor: Any individual who provides the accuser or accused support, guidance, or advice.

Proceeding: All activities related to a non-criminal resolution of an institutional disciplinary complaint, including, but not limited to, fact finding investigations, formal or informal meetings, and hearings. Proceeding does not include communications and meetings between officials and victims concerning accommodations or protective measures to be provided to a victim.

Result: Any initial, interim, and final decision by any official or entity authorized to resolve disciplinary matters within the institution. The result must include any sanctions imposed by the institution.

Unfounded Crimes: An institution may withhold, or subsequently remove, a reported crime from its crime statistics in the rare situations where sworn or commissioned law enforcement personnel have fully investigated the reported crime and, based on the results of this full investigation and evidence, have made a formal determination that the crime report is false or baseless and therefore “unfounded.” Only sworn or commissioned law enforcement personnel may “unfound” a crime report for purposes of reporting under this section. The recovery of stolen property, the low value of stolen property, the refusal of the victim to cooperate with the prosecution, and the failure to make an arrest do not “unfound” a crime report.

Calvin Seminary provided “Sexual Harassment Prevention,” online training by Workplace Answers, from October 2013-February 2014.

Procedures for Reporting a Complaint

Through the Safe and Healthy Community Policy, Calvin Seminary has established procedures that serve to be sensitive to those who report sexual assault, domestic violence, dating violence, and stalking, including informing individuals about their right to file criminal charges. Written notification will be provided to students and employees regarding the availability of counseling, health, mental health, victim advocacy, legal assistance, financial aid, visa and immigration assistance and other services within the university and within the larger community (off campus) as well as additional remedies to prevent contact between a complainant and an accused party, such as housing, academic, transportation and working accommodations, if reasonably available. Calvin Seminary will make such accommodations, if the victim requests them and if they are reasonably available, regardless of whether the victim chooses to report the crime to the Campus Safety Department or local law enforcement. Students and employees should contact one of the following individuals:

Please note: The contact information for the Calvin Seminary Safer Spaces Coordinators is communicated annually to campus members, prospective students, and prospective employees. The list of Coordinators can be found at [https://sites.google.com/calvinseminary.edu/deanofstudentsoffice-titleix/home](https://sites.google.com/calvinseminary.edu/deanofstudentsoffice-titleix/home). Coordinators are trained in all aspects of the resolution process and can serve as investigators and as members of Seminary hearing panel. Coordinators involved in the investigation or adjudication of domestic violence, dating violence, sexual assault, and stalking complaints are trained annually on the issues related to domestic violence, dating violence, sexual assault, and stalking as well as how to conduct an investigation and hearing process that protects the safety of the victim and promotes accountability, and, once trained, are required to attend annual refresher trainings.

After an incident of sexual assault and domestic violence, the victim should consider seeking medical attention as soon as possible at the YWCA of Grand Rapids, Nurse Examiner Program (25 Sheldon Ave. SE, Grand Rapids, MI. 49503 (Tel. 616-776-7273)). In Michigan, evidence may be collected even if you chose not to make a report to law enforcement. In the State of Michigan a victim of a sexual assault is not required to provide their name in order for evidence to be collected. For a victim of sexual assault who is unsure about participating in criminal prosecution, having the sexual assault evidence collection kit completed will help keep their options open. At the Nurse Examiner Program, evidence may be kept for 15 days as the victim considers their options of reporting the assault to police. The sexual assault evidence collection kit cannot be released to the police without the victim’s signature on an authorization form.

It is important that a victim of sexual assault not bathe, douche, smoke, change clothing or clean the bed/linen/area where they were assaulted if the offense occurred within the past 96 hours so that evidence may be preserved that may assist in proving that the alleged criminal offense occurred/or is occurring or may be helpful in obtaining a protection order. In circumstances of sexual assault, if victims do not opt for forensic evidence collection, health care providers can still treat injuries and take steps to address concerns of pregnancy and/or sexually transmitted disease. Victims of sexual assault, domestic violence, stalking, and dating violence are encouraged to also preserve evidence by saving text messages, instant messages, social networking pages, other communications, and keeping pictures, logs or other copies of documents, if they have any, that would be useful to the Student Discipline Committee investigators or police.

Although Calvin Seminary strongly encourages all members of its community to report violations of this policy to law enforcement, it is the victim’s choice whether or not to make such a report and victims have the right to decline involvement with the police. Calvin Seminary will assist any victim with notifying local police if they so desire. The Grand Rapids Police Department may also be reached directly by calling 616-456-3400, or in person at 1 Monroe Center NW.

Additional information about the Grand Rapids Police Department may be found online at:

3 Under the Violence Against Women and Department of Justice Reauthorization Act of 2005, starting in 2009, states must certify that they do not "require a victim of sexual assault to participate in the criminal justice system or cooperate with law enforcement in order to be provided with a forensic medical exam, reimbursement for charges incurred on account of such an exam, or both."
If you have been the victim of domestic violence, dating violence, sexual assault, or stalking, you should report the incident promptly to the Title IX Coordinator or a Safe and Healthy Community Coordinator (listed above).

A complaint can be made by calling, writing or coming into the office of the Title IX or a Safe and Healthy Community Coordinator to report in person, as well as to Campus Safety (if the victim so desires). Calvin Seminary will provide resources, on campus off campus or both, to include medical, health, to persons who have been victims of sexual assault, domestic violence, dating violence, or stalking, and will apply appropriate disciplinary procedures to those who violate this policy. The procedures set forth below are intended to afford a prompt response to charges of sexual assault, domestic or dating violence, and stalking, to maintain confidentiality and fairness consistent with applicable legal requirements, and to impose appropriate sanctions on violators of this policy.

As time passes, evidence may dissipate or become lost or unavailable, thereby making investigation, possible prosecution, disciplinary proceedings, or obtaining protection from abuse orders related to the incident more difficult. If a victim chooses not to make a complaint regarding an incident, he or she nevertheless should consider speaking with Campus Safety or other law enforcement to preserve evidence in the event that the victim changes her/his mind at a later date.

If a report of domestic violence, dating violence, sexual assault or stalking is reported to Calvin Seminary, the procedures listed below will be followed by Calvin Seminary:

### Complaint Intake
Following receipt of notice or a complaint, the Safe and Healthy Community Administrator or designated coordinator will promptly assign a Seminary Safe and Healthy Community Coordinator to work as an advisor to the person who reported the complaint; alternatively, the complainant may choose from the Safe and Healthy Community Coordinators pool or choose a non-trained advisor from within the Seminary community, if preferred, or proceed without an advisor. The Safe and Healthy Community Administrator or Coordinator will complete an initial assessment and make an initial determination whether a policy violation may have occurred and/or whether conflict resolution might be appropriate. If the complaint does not appear to allege a policy violation or if conflict resolution is desired by the complainant, and appears appropriate given the nature of the alleged behavior, then the complaint does not proceed to investigation.

A full investigation will be pursued if there is evidence of a serious violation, a pattern of misconduct, a perceived threat of further harm to the community or any of its members, or the complainant desires further action. Calvin Seminary aims to complete all investigations within a 60 business day time period, which can be extended as necessary for appropriate cause by the Safe and Healthy Community Administrator or Safe and Healthy Community coordinators with notice to the parties.

### Amnesty for Reporting Prohibited Misconduct
Calvin Seminary encourages reporting of all violations of this policy, even by those who may have themselves violated the policy. Calvin Seminary seeks to remove any barriers to reporting by making the procedures for reporting transparent and straightforward. The Seminary recognizes that an individual who may be in violation of another part of the Student Conduct Code at the time of an incident may be hesitant to make a report because of potential consequences for his/her own conduct.

An individual who reports misconduct, either as a complainant or a third party witness, will not be subject to disciplinary action by the Seminary for his/her own violation of another lesser part of the Student Conduct Code at or near the time of the incident, provided that the specific incident has not come to the Seminary’s attention via

4 The Title IX Coordinator is regarded as a "Responsible Employee" under Title IX and also a "Campus Security Authority" under the Clery Act. Statistical information less the victims identifying information will be provided to campus public safety or whomever at the institution compiles the annual crime statistics even if the victim chooses not to alert campus public safety personally.
normal reporting channels, and/or any such violations did not and do not harm or place the health or safety of any other person at risk. (For example, if a student attending a party where alcohol is consumed is sexually assaulted, the victim or a witness who reports the assault would not be subject to discipline for use of alcohol or intoxication.) The Seminary may, however, initiate an educational discussion or pursue other educational remedies regarding the other Code violation.

**Bystander Intervention**
Calvin Seminary expects all community members to take reasonable and prudent actions to prevent or stop an act of misconduct. Taking action may include direct non-violent intervention, calling law enforcement, and seeking assistance from a person in authority. Community members who choose to exercise this positive moral obligation in good faith and in a reasonable manner will be supported by the Seminary and protected from retaliation.

**False Complaints**
Calvin Seminary will seriously investigate all complaints. However, it also recognizes that false complaints are likely to cause significant damage to the person and reputation of an individual who is wrongfully accused. Individuals found to have knowingly made false complaints will be subject to disciplinary action. A complaint that is erroneous but made in good faith will not be subject to disciplinary action.

**Investigation**
The Complaint will be referred to one or more Safe and Healthy Community Coordinators properly trained to do investigations. The investigation will be conducted with no pre-disposition position towards any particular finding or result. The investigation will be a fair, objective, impartial and thorough inquiry into the allegations of the Complaint, the responses and defenses raised by the respondent, and other relevant issues. Complainants and respondents, as well as other witnesses, will be respected and their suggestions and input concerning the scope and focus of the investigation will be given due regard. When appropriate or needed, the Safe and Healthy Community Administrator may utilize outside assistance in conducting an investigation.

The Safe and Healthy Community Administrator will notify the President and appropriate administrators (Academic Deans, Deans of Students, and/or Human Resources Manager) when an investigation begins and update them as needed throughout the process.

Please note: Membership of the Seminary Safe and Healthy Community Committee is communicated annually to campus members, prospective students, their parents, and prospective employees. The list of Safe and Healthy Community Coordinators members can be found on the [Seminary Student Life Safe and Healthy Community Page](#). The Safe and Healthy Community Administrator, in consultation with the Faculty Status and Development Committee, recommends faculty Safe and Healthy Community Coordinator appointments to the President. The Safe and Healthy Community Administrator, in consultation with the Seminary Staff Council, recommends staff Safe and Healthy Community Coordinator appointments to the President.

Safe and Healthy Community Coordinators are trained in all aspects of the resolution process and can serve as investigators and as members of Seminary hearing panel. Safe and Healthy Community Coordinators, once trained, are required to attend annual refresher trainings.

**Results of Investigation**
The Safe and Healthy Community Administrator will review the results of the investigation to confirm that the investigation has been fair, objective, impartial, and thorough and that Seminary policies have been followed. The investigators will prepare a Report of Results of Investigation. The format and degree of detail of the Report of Results of Investigation will be appropriate to the Complaint Resolution process that is likely to be, or has been, selected by the Safe and Healthy Community Administrator. The Safe and Healthy Community Administrator may direct that the Report of Results of Investigation be expanded or otherwise changed if the Complaint Resolution Process is changed or additional investigation has been requested.
When a Hearing is selected as the Complaint Resolution Process, the Report of Results of Investigation will be the primary evidence that is submitted at the hearing and upon which the decision will be based. Accordingly, the Report of Results of Investigation in all cases involving formal hearing must be sufficiently detailed and thorough to support the hearing process and to provide fairness to all participants.

Complaint Resolution
Based on the results of investigation the Safe and Healthy Community Administrator or designated coordinator, will decide on the next step(s) which may include:
   a. No further action or investigation
   b. Additional investigation
   c. Education, counseling or other informal remedial actions
   d. Referral to Conflict Resolution – see below
   e. Resolution Without a Hearing – see below
   f. Hearing – see below

Conflict Resolution – this process may be selected by the Safe and Healthy Community Administrator when all parties are willing and when consistent with the nature of the issue; conflict resolution may not be used in cases of sexual assault or other violent behavior.

Resolution Without a Hearing – this process ordinarily will be based on a presentation of the results of the investigation to the respondent, acceptance of responsibility by the respondent and agreement between the Safe and Healthy Community Administrator and the respondent on findings, sanctions and remedies. The complainant is also informed of the outcome of a resolution without a hearing and may ask the Safe and Healthy Community Administrator to reconsider decisions made or may request a hearing.

Hearing
a. Seminary Hearing Panel - The Safe and Healthy Community Administrator will appoint a Chair and two additional Safe and Healthy Community Coordinators, none of whom have been previously involved with the complaint, to serve on the hearing panel. The Safe and Healthy Community Administrator will consider the roles and functions of hearing panel members to ensure the panel has the necessary expertise to make sound judgments.

b. Written charges – charges will be made in writing by the Safe and Healthy Community Administrator and will include the following:
   • A list of the policies allegedly violated
   • The Report of Results of Investigation, which will include all relevant evidence produced in the investigation including evidence that tends to support the charges and evidence that tends to refute the charges, and will be written so as to correlate the results of investigation to each alleged policy violation

A copy of the written charges are sent to the complainant, the respondent, and the President. In the case of a faculty member, the Faculty Status and Development Committee will be notified that a formal hearing is commencing.

c. Fair Hearing Rights

All parties are entitled to a fair hearing that will include the following opportunities and rights:
   • To be treated with respect by Seminary officials;
   • To have an advisor from the Seminary community (faculty, staff, or student) during the process;
   • To respond to all evidence, specifically including the opportunity to review and respond to the contents of the Report of Results of Investigation;
   • To a decision by the Seminary Hearing Panel that is based solely on evidence that is reviewed by all parties;
To request "Resolution without a Hearing" or "Conflict Resolution" at any stage during the hearing; the Seminary Hearing Panel may confer with the Safe and Healthy Community Administrator regarding such request, the request should not be allowed to delay or distract the hearing process.

**Interim Actions and Remedies**
At any stage of the process the Safe and Healthy Community Administrator, ordinarily in consultation with the Academic Deans and/or others, may issue interim remedies.

The remedy must be reasonably designed to:
- Protect the safety and well-being of participants in the process or other persons in the Seminary community;
- Support the Complaint and Investigation Process;
- Otherwise support the goals, objectives and best interests of the Seminary and its policies.

The remedies may include:
- Counseling or other support services;
- Altering housing, work assignments and schedules, academic assignments and/or responsibilities;
- Escorts, other security arrangements;
- Suspensions with pay of employees (staff or faculty);
- Suspension of students or student organizations;
- Regular – other actions appropriate to the circumstances.

Violations of interim remedies are forbidden and such violations may result in additional charges and may subject the violator to expulsion or termination of employment or other serious sanctions.

**Seminary Hearing Panel's Recommendation, Findings and Sanctions**
The hearing panel will conduct its deliberations in closed session and will base its Recommended Findings and Sanctions solely on the evidence. The hearing panel will prepare its written Recommended Findings and Sanctions based on the "preponderance of evidence" ("more likely than not") standard. The Recommended Findings and Sanctions will address each of the alleged policy violations and will list recommended sanctions.

The Recommended Findings and Sanctions will be provided in writing to the Safe and Healthy Community Administrator, who will determine and confirm that the hearing procedure and the Recommended Findings and Sanctions is consistent with and has followed Seminary policies. Once the Safe and Healthy Community Administrator has endorsed the Recommended Findings and Sanctions as following proper procedures, the Safe and Healthy Community Administrator will distribute the Recommended Findings and Sanctions to the following: The complainant, the respondent, the appropriate administrators (Academic Deans, Deans of Students, and/or Human Resources Manager), and the President. If the respondent is a faculty member, the Recommended Findings and Sanctions should also be provided to the Faculty Status and Development Committee.

**Appeals**
All requests for appeal considerations must be submitted in writing to the Safe and Healthy Community Administrator.

Any party may appeal, but appeals are limited to the following:
- A procedural error or omission occurred that significantly impacted the outcome of the hearing (e.g. substantiated bias, material deviation from established procedures, etc.).
- To consider new evidence, unknown or unavailable during the original hearing or investigation, that could substantially impact the original finding or sanction. A summary of this new evidence and its potential impact must be included.
- The imposed sanctions are substantially disproportionate to the severity of the violation

An appeals officer, appointed by the Safe and Healthy Community Administrator from the Safe and Healthy Community Coordinators, who was not involved in the complaint previously, will consider all appeal requests. Once an appeal is decided, the outcome is final and binding: further appeals are not permitted.
President’s Review
The Safe and Healthy Community Administrator will provide the president with the Recommended Findings and Sanctions and confirmation of the fairness of the process. If the president wishes to change and/or remand the findings and/or sanctions, the president will do so in consultation with the Safe and Healthy Community Administrator and others such as the Academic Deans and Faculty Status and Development Committee.

Confidentiality
Calvin Seminary will protect the identity of persons who report having been victims of sexual assault, domestic violence, dating violence, or stalking to the fullest extent of the law and as previously mentioned in this document.

Victims may request that directory information on file be removed from public sources by requesting this in person to the office of the Dean of Students Office, Jeff Sajdak, in office 104 of Student Center, by email to js036@calvinseminary.edu, or by telephone at 616-957-6042.

Regardless of whether a victim has opted-out of allowing the Seminary to share “directory information,” personally identifiable information about the victim and other necessary parties will be treated as confidential and only shared with persons who have a specific need-to-know, i.e., those who are investigating/adjudicating the report or those involved in providing support services to the victim, including accommodations and protective measures. Publicly available record-keeping for purposes of Clery Act reporting and disclosures will be made without inclusion of identifying information about the victim, as defined in 42 USC 1395 (a) (20). By only sharing personally identifiable information with individuals on a need-to-know basis, the institution will maintain as confidential, any accommodations or protective measures provided to the victim to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures.

The Seminary does not publish the name of crime victims or other identifiable information regarding victims in the Daily Crime Log or in the annual crime statistics that are disclosed in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. Furthermore, if a Timely Warning Notice is issued on the basis of a report of domestic violence, dating violence, sexual assault or stalking, the name of the victim and other personally identifiable information about the victim will be withheld.

Assistance for Victims: Rights & Options
Regardless of whether a victim elects to pursue a criminal complaint or whether the offense is alleged to have occurred on or off campus, Calvin Seminary will assist victims of sexual assault, domestic violence, dating violence, and stalking and will provide each victim with a written explanation of their rights and options. In Michigan, a victim of domestic violence, dating violence, sexual assault or stalking has the following rights:

Michigan Criminal Rights Law states: Article I, 24 states – Rights of Crime Victim; Enforcement; Assessment against Convicted Defendants

   c. The right to be reasonably protected from the accused throughout the criminal justice process.
   d. The right to notification of court proceedings.

Personal Protection Orders (PPO)
Any person who obtains an order of protection from Michigan or any reciprocal state (Per MCL. 600.2950 upon service, a personal protection order may also be enforced by another state, Indian tribe, or a territory of the United States) should provide a copy to the Campus Safety Department and the appropriate Safer Spaces coordinator. A complainant may then meet with Campus Safety to develop a Safety Action Plan, which is a plan for Campus Safety and the victim to reduce risk of harm while on campus or coming and going from campus. Calvin Seminary will assess need to implement interim or long-term protective measures to protect the complainant and if appropriate will provide a “No Trespass” directive to the accused party. Calvin Seminary cannot apply for a legal order of protection, no contact order or restraining order for a victim from the applicable jurisdiction(s). In Kent County a victim is required to apply directly for these services with the 17th Circuit Court Personal Protection Orders Department (180 Ottawa NW, Suite 3500, Grand Rapids, MI 49503 (Tel. 616-632-5071)). Personal Protection Orders may be obtained through The Personal Protection Orders Department who assists victims of domestic violence and victims of stalking in obtaining personal protection orders, assists the petitioning party with processing extensions and addressing violations. They also assist restrained parties with the processing of making objections.

The PPO Office will assist in making the filing process go as smoothly as possible. Please remember that you have initiated your own lawsuit, you are representing yourself in this action. The PPO staff are not attorneys, investigators, enforcers or process servers.

Criteria for a PPO
The petitioner and respondent are in one of the following types of relationships:
1. Are a husband and wife and an action for annulment, divorce, or support (is/not) pending
2. Were husband and wife
3. Reside or resided in the same household
4. Have a child in common
5. Have or had an intimate dating relationship
6. Have some other family relationship
7. Are in a stalking situation as defined by: MCLA 750.411(h)

MCLA 750.411h states:
1. “Course of conduct” means a pattern of conduct composed of a series of 2 or more separate non-continuous acts evidencing a continuity of purpose.
2. “Stalking” means a willful course of conduct involving repeated or continuing harassment of another individual that would cause a reasonable person to feel terrorized, frightened, intimidated, threatened, harassed, or molested, and that actually causes the victim to feel terrorized, frightened, intimidated, threatened, harassed or molested.

Statutory Requirements
Personal Protection Orders are not for civil matters such as custody and neighbor disputes. (For help in neighbor conflict, contact the Dispute Resolution Center at (616) 774-0121) Petitioner must be at least 18 years old unless accompanied by someone of that age or older who will consent to be petitioner’s NEXT FRIEND, preferably a parent.

Forms Available
This office makes available the proper personal protection forms, provides direction for completing and filing those forms, and offers information on local sources that deal with domestic violence. The initial paperwork (the instruction sheet, petition and affidavit) can be downloaded Courts & Law Enforcement, 17th Circuit Court, Forms, documents section.

Other Requirements
Parties filing need to present valid picture ID (includes other State driver's license, passport or school
identification). A signed personal protection order must be served upon the respondent and a proof of that service needs to be filed in the case.

Hours
General walk-in office hours Monday-Friday from 8:00am to 5:00pm.
Client interviews from 9:00am to 2:30pm.

PPO Expiration Date
PPO's are only in effect up to the expiration date. This date is located near the bottom right of the order in RED. IF you need to extend your order, you must come into this office approximately three weeks before the expiration date, or call (616) 632-5071 to request the paperwork to extend. Extensions may be requested for another 6 months, 1-year, or 5-years, the Judge has the final say as to how long an extension will be granted for.

Enforcement of a PPO
If a violation occurs, do not call the PPO office -- call the police. A police report is helpful, but not required to pursue a violation of the respondent through the courts. If no arrest is made and you wish to pursue the violation, contact the PPO Office for paperwork to schedule a hearing. The petitioner will need to follow the PPO conditions as well as the respondent. Please note that only the Judge may change the conditions of or dismiss the PPO.

Change of Address
Persons who obtain Personal Protection Orders will be responsible for providing the PPO office from which they obtained the order with any updated address or phone number changes for the duration of the order.

Calvin Seminary may also issue an institutional no contact order if deemed appropriate or at the request of the victim or accused. To the extent of the victim’s cooperation and consent, Seminary offices will work cooperatively to ensure that the complainant's health, physical safety, work and academic status are protected, pending the outcome of a formal Seminary investigation of the complaint. For example, if reasonably available, a complainant may be offered changes to academic, living, or working situations in addition to counseling, health services, visa and immigration assistance and assistance in notifying appropriate local law enforcement. Additionally, personal identifiable information about the victim will be treated as confidential and only shared with persons with a specific need to know who are investigating/adjudicating the complaint or delivering resources or support services to the complainant (for example, publicly available record-keeping for purposes of Clery Act reporting and disclosures will be made without inclusion of identifying information about the victim, as defined in 42 USC 1395 (a) (20).) Further, the institution will maintain as confidential any accommodations or protective measures provided to the victim to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures.

Calvin Seminary does not publish the name of crime victims nor house identifiable information regarding victims in the Campus Safety Department’s Daily Crime Log or online. Victims may request that directory information on file be removed from public sources by request in person to the office of the Jeff Sajdak, Dean of Students, Calvin Seminary,3233 Burton St. SE., Grand Rapids MI 49546 (616) 957-6042 Email: js036@calvinseminary.edu

Accommodations and Protective Measures Available for Victims
Upon receipt of a report of domestic violence, dating violence, sexual assault or stalking, Calvin Seminary will contact them via email, invite them to a meeting and present them their rights, resources and remedies to help facilitate a resolution. A complainant may be offered changes to academic, living, or working situations in addition to counseling, health services, visa and immigration assistance and assistance in notifying appropriate local law enforcement. The written notification will include information regarding the accommodation options, available assistance in requesting accommodations, and how to request accommodations and protective measures (i.e., the notification will include the name and contact information for the individual or office that should be contacted to request the accommodations).

At the victim’s request, and to the extent of the victim’s cooperation and consent, the university offices will work cooperatively to assist the victim in obtaining accommodations. If reasonably available, a victim may be offered changes to academic, living, working or transportation situations regardless of whether the victim chooses to
report the crime to campus police or local law enforcement. Examples of options for a potential change to the academic situation may be to transfer to a different section of a class, withdraw and take a class at another time if there is no option for moving to a different section, etc. Potential changes to living situations may include moving to a different room or residence hall. Possible changes to work situations may include changing working hours or work location. Possible changes in transportation may include having the student or employee park in a different location or assisting the student or employee with a safety escort.

**How to be an Active Bystander**

Bystanders play a critical role in the prevention of sexual and relationship violence. They are “individuals who observe violence or witness the conditions that perpetuate violence. They are not directly involved but have the choice to intervene, speak up, or do something about it.”

We want to promote a culture of community accountability where bystanders are actively engaged in the prevention of violence without causing further harm. We may not always know what to do even if we want to help.

Below is a list of some ways to be an active bystander. Further information regarding bystander intervention may be found. If you or someone else is in immediate danger, dial 911 or 526-3333 if you are on campus. This could be when a person is yelling at or being physically abusive towards another and it is not safe for you to interrupt.

---

6 Bystander intervention strategies adapted from Stanford University’s Office of Sexual assault & Relationship Abuse
1. Watch out for your friends and fellow students/employees. If you see someone who looks like they could be in trouble or need help, ask if they are ok.
2. Confront people who seclude, hit on, try to make out with, or have sex with people who are incapacitated.
3. Speak up when someone discusses plans to take sexual advantage of another person.
4. Believe someone who discloses sexual assault, abusive behavior, or experience with stalking. Refer people to on or off campus resources listed in this document for support in health, counseling, or with legal assistance.

Risk Reduction
With no intent to victim blame and recognizing that only rapists are responsible for rape, the following are some strategies to reduce one's risk of sexual assault or harassment (taken from Rape, Abuse, & Incest National Network,

1. **Be aware** of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.
2. Try to **avoid isolated areas.** It is more difficult to get help if no one is around.
3. **Walk with purpose.** Even if you don’t know where you are going, act like you do.
4. **Trust your instincts.** If a situation or location feels unsafe or uncomfortable, it probably isn’t the best place to be.
5. **Try not to load yourself down** with packages or bags as this can make you appear more vulnerable.
6. **Make sure your cell phone is with you** and charged and that you have cab money.
7. **Don’t allow yourself to be isolated** with someone you don’t trust or someone you don’t know.
8. **Avoid putting music headphones in both ears** so that you can be more aware of your surroundings, especially if you are walking alone.
9. **When you go to a social gathering, go with a group of friends.** Arrive together, check in with each other throughout the evening, and leave together. Knowing where you are and who is around you may help you to find a way out of a bad situation.
10. **Trust your instincts.** If you feel unsafe in any situation, go with your gut. If you see something suspicious, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.).
11. **Don’t leave your drink unattended** while talking, dancing, using the restroom, or making a phone call. If you’ve left your drink alone, just get a new one.
12. **Don’t accept drinks from people you don’t know or trust.** If you choose to accept a drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, don’t drink from the punch bowls or other large, common open containers.
13. **Watch out for your friends, and vice versa.** If a friend seems out of it, is way too intoxicated for the amount of alcohol they’ve had, or is acting out of character, get him or her to a safe place immediately.
14. **If you suspect you or a friend has been drugged, contact law enforcement immediately** (local authorities can be reached by calling 911 in most areas of the U.S.). Be explicit with doctors so they can give you the correct tests (you will need a urine test and possibly others).
15. If you need to get out of an uncomfortable or scary situation here are some things that you can try:
   a. **Remember that being in this situation is not your fault.** You did not do anything wrong, it is the person who is making you uncomfortable that is to blame.
   b. **Be true to yourself.** Don’t feel obligated to do anything you don’t want to do. "I don’t want to" is always a good enough reason. Do what feels right to you and what you are comfortable with.
   c. **Have a code word with your friends or family** so that if you don’t feel comfortable you can call them and communicate your discomfort without the person you are with knowing. Your friends or family can then come to get you or make up an excuse for you to leave.
   d. **Lie.** If you don’t want to hurt the person’s feelings it is better to lie and make up a reason to leave than to stay and be uncomfortable, scared, or worse. Some excuses you could use are: needing to take care of a friend or family member, not feeling well, having somewhere else that you need to be, etc.
16. **Try to think of an escape route.** How would you try to get out of the room? Where are the doors? Windows? Are there people around who might be able to help you? Is there an emergency phone nearby?
17. **If you and/or the other person have been drinking**, you can say that you would rather wait until you both
have your full judgment before doing anything you may regret later.

**Adjudication of Violations**

Whether or not criminal charges are filed, Calvin Seminary or a person may file a complaint under the Safe and Healthy Community Policy and the Student Conduct Code, alleging that a student or employee violated Calvin Seminary’s Policy related to domestic violence, dating violence, sexual assault or stalking. A Safe and Healthy Community investigator, in conjunction with a coordinator, will use the following steps to investigate and adjudicate a complaint.

When a report is received the investigator in conjunction with a coordinator will:

- Take immediate steps to ensure the protection of the complainant/victim
- Immediately inform the complainant/victim of their options for addressing the issue
- Complete a fair, thorough and impartial investigation of the complaint as soon as possible (within 60 days unless extended due to extenuating circumstances)
- Be sure to provide updates to the complainant/victim of the status of the investigation on at least a weekly basis or, with more frequency when needed.
- Determine the complainant/victim’s willingness to participate in the adjudication of a case.
- Initiate the resolution process as determined in the Safe and Healthy Community Policy
- Notify both the complainant/victim and the accused simultaneously of the resolution decision.
- Notify both the complainant/victim and the accused simultaneously of the right to appeal the decision.

Reports of all domestic violence, dating violence, sexual assault and stalking made to Campus Safety will automatically be referred to the Title IX Coordinator for investigation regardless of if the complainant choses to pursue criminal charges.

The Seminary disciplinary process is consistent with the institution’s policy and will include a prompt, fair, and impartial investigation and resolution process transparent to the accuser and the accused. Usually, the resolution of complaints of sexual misconduct are completed within 60 days of the report, however the proceedings timeframe allows for extensions for good cause with notice to the accuser and the accused of the delay and the reason for the delay. Investigators and hearing board members are trained annually on the issues related to domestic violence, dating violence, sexual assault, and stalking and taught how to conduct an investigation and hearing process that protects the safety of the victim and promotes accountability.

**Sanctions and Protective Measures**

In all cases, investigations that result in a finding of more likely than not that a violation of the Safer Spaces Policy occurred will lead to the initiation of disciplinary procedures against the accused individual.

7 Title IX states that if an institution knows or reasonably should know of sexual harassment, to include sexual violence, the institution has a duty to investigate. Consequently, whether a complainant chooses to cooperate or not should not be the deciding factor for whether or not disciplinary charges are brought against an accused party. If an investigation determines that it is more likely than not that the institution’s sexual misconduct policy was violated, then the “Seminary” may assume the role of the complainant.

The Title IX Coordinator or their designee will determine whether interim interventions and protective measure should be implemented, and, if so, take steps to implement those protective measures as soon as possible. Examples of interim protective measures include, but are not limited to: a Seminary order of no contact, termination of contract or change in seminary housing location, adjustment of course schedules, a leave of absence, or reassignment to a different supervisor or position. These remedies may be applied to one, both, or multiple parties involved.\(^8\) Violations of the Title IX Coordinator’s directives and/or protective measures will constitute related violations that may lead to additional disciplinary action. Protective measures imposed may be temporary pending the results of an investigation or may become permanent as determined by Calvin Seminary.

**Notification to Victims of Crimes of Violence**

Calvin Seminary will, upon written request, disclose to the alleged victim of a crime of violence, or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by such institution against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as the result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for purposes of this paragraph.

**Sex Offender Registration**

The federal Campus Sex Crimes Prevention Act, enacted on October 28, 2000, requires institutions of higher education to issue a statement advising the campus community where law enforcement agency information provided by a State concerning registered sex offenders may be obtained. It also requires sex offenders already

\(^8\) Applicable law requires that, when taking such steps to separate the complainant and the accused, *Calvin Seminary* must minimize the burden on the complainant and thus should not, as a matter of course, remove the complainant from his or her job, classes or housing while allowing the accused to remain.
required to register in a State to provide notice, as required under State law, of each institution of higher education in that State at which the person is employed, carries on a vocation, volunteer services or is a student.

In Michigan, convicted sex offenders must register with the Michigan State Police Public Sex Offender Registry. You can link to this information, which appears on Michigan State Police website, by accessing website at http://www.communitynotification.com/cap_main.php?office=55242/

The Seminary and University both prepare annual reports to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. The Annual Security Report lists statistics of crimes reported on and near campus in the past three years. The report also includes The Annual Fire Safety Report which contains fire statistics for on-campus student housing facilities as well as descriptions of fire safety systems in each housing facility and additional fire safety information. The report also lists types of crimes which may occur, suggests safety tips to help ensure one’s safety and the safety of one’s belongings, and identifies related safety programs and resources in an effort to promote a safe and secure environment.

Campus crime, arrest and referral statistics include those reported to the Campus Safety Department, designated campus officials (including, but not limited to, Vice Presidents, Deans, and Department Heads) and local law enforcement agencies (Kentwood, East Grand Rapids, and Grand Rapids Police Departments, Kent County Sheriff Department, Montcalm County Sheriff Department and the Michigan State Police) and law enforcement agencies associated with off campus programs throughout the United States and various foreign countries. Updated information is requested annually from each Agency in compliance with the Clery Act.

The Annual Security report is published each year by October 1 to meet the requirement of the Crime Awareness and Campus Security Act of 2008. The report is available to the entire campus community and a copy can be obtained by contacting the Campus Safety Office, Facility Manager or Human Resources office. An e-mail notification is sent to all enrolled students, faculty, and staff that directs them to the annual report which is published on our website. The Annual Security and Fire Safety Report is made available to prospective students and employees through direct links found on the following web pages: https://www.calvinseminary.edu/safety

Additional information regarding the Annual Security and Fire Safety Report is also placed on some of the direct mailing fliers sent to prospective students.

Daily Clery Act Public Log and Fire Log

The Campus Safety Department maintains a Daily Fire Log in combination with the Daily Clery Act Public Log. This log records all incidents reported to the Campus Safety Department. This includes all crimes, fire-related incidents and other serious incidents that occur on campus patrolled by the Campus Safety Department, as well as Grand Rapids, Kentwood and East Grand Rapids Police Departments. This includes non-campus buildings or properties on public property that are used by Calvin Seminary.

The Daily Clery Act Public Log and Fire Log include the incident type, date incident is reported, date and time of occurrence, and general location of each reported incident type, as well as the disposition of the incident, if this information is known. The Campus Safety Department posts specific incidents in the Daily Clery Act Public and Fire Log online each week. This weekly log can be viewed at [http://www.calvin.edu/admin/campus-safety/weekly-archives.html](http://www.calvin.edu/admin/campus-safety/weekly-archives.html).

The Campus Safety Department also maintains a paper copy of the daily Clery Act Public Crime Log and Fire Log at the front desk of the Campus Safety Department office, located on the second floor of the Mail and Print Building (3230 Lake Drive SE, Grand Rapids, Mi. 49506). This log is available upon request for viewing during normal business hours and is updated one business day after an individual incident. The Campus Safety Department reserves the right to exclude reports from a log in certain circumstances as permitted by law.

The Campus Safety Department also submits the Daily Clery Act Public Crime Log and Fire Log to the university newspaper, the Chimes, to be published weekly.

Annual Fire Safety Report

The Higher Education Opportunity Act (HEOA) requires two new safety-related requirements from institutions that participate in federal student financial aid programs. These two requirements are the Fire Log and the Annual Fire Safety Report.

Fire Log

Institutions must keep a fire log that states the nature of a fire, date, time and general location of each fire in on-campus student housing facilities. Calvin University and Seminary comply with this rule by including all fire-related incidents in the Daily Clery Act Public Log and Fire Log. To view the most recent sixty days of information please visit the Campus Safety website: [http://www.calvin.edu/admin/campus-safety/weekly-archives.html](http://www.calvin.edu/admin/campus-safety/weekly-archives.html).

Additionally, the public can also view archived weekly logs for the previous three years.

Annual Fire Safety Report

Institutions with on-campus student housing facilities must annually publish a fire safety report that provides information on campus fire safety practices and standards. Calvin University and Seminary comply with this regulation by including all fire-related incidents at on-campus student housing facilities as part of the Annual Security and Fire Safety Report. Information contained in this annual fire safety report includes: number and cause of fires at all on-campus student housing facilities; number of fire-related deaths; related injuries; value of fire-related property damage; information on evacuation procedures; fire safety systems in each student housing facility; number of regular mandatory supervised fire drills; and policies on smoking and open flames.

If a fire occurs in the seminary building or on-campus apartments, community members should immediately notify Campus Safety by dialing the emergency number (616) 526-3333. Campus Safety will respond to the scene as well as contact the Grand Rapids Fire Department. If a member of the Calvin community finds evidence of a fire that has been extinguished, and the person is not sure whether Campus Safety has already responded, that member should immediately notify Campus Safety to investigate and document the incident. If a fire occurs in the Englewood or Batchawana apartments call 911 immediately.
The campus fire alarm systems alert community members of potential hazards. Community members are required to heed an activated fire alarm system, and evacuate a building immediately. Use the nearest available exit to evacuate the building. Gather outside at least 300 feet away from the building. Community members should familiarize themselves with the exits in each building.

Occupants should use the stairs to evacuate the building, avoiding the use of an elevator. If you are caught in an elevator, push the emergency phone button. The emergency phones in elevators on campus will ring to the dispatcher at the Campus Safety Department.

**Fire Protection Equipment and Systems**
Most residential buildings and the seminary building are equipped with automatic fire detection and alarm systems which are monitored by the Campus Safety Department, 24 hours a day, 365 days a year, with the exception of the Englewood and Batchawana apartments.

**Fire Definitions**
- **Buildings equipped with fire alarm systems and smoke detectors**: Buildings that have functional fire alarm systems and smoke detectors installed. Please note, all on-campus apartments are equipped with a functional fire alarm system and smoke detectors.
- **Buildings protected with automatic sprinkler system**: Indicates where an automatic sprinkler system protects areas of a building.
- **Emergency evacuation (fire) drills**: One (1) time each year the seminary academic building is tested by the Campus Safety Department in conjunction with the Grand Rapids Fire Department to ensure the evacuation process is compliant with the Life Safety Code.
- **Evacuation procedures posted**: When a fire alarm is activated, evacuation is mandatory. DO NOT use elevators; evacuate the building using the nearest available exit and proceed to the designated gathering spot for the building to begin an accountability and assessment process.
- **Estimated U.S. dollar loss related to fire incidents**: The estimated total U.S. dollar loss of both contents and structure or property destroyed because of a fire incident. This does not include loss of business.
- **Fire**: Rapid oxidation of combustible material accompanied by heat, light and smoke of combustible material, which is found outside of its normal appliance, whether or not it is extinguished prior to arrival of emergency.
- **Fire-related deaths**: Number of persons who were fatalities because of a fire incident, including death resulting from a natural or accidental cause while involved in fire control, attempting a rescue, or persons escaping from the fire scene (including an individual who dies within one (1) year of injuries sustained as a result of a fire).
- **Fire-related injuries**: Number of persons receiving injuries from fire-related incidents, including an injury from a natural or accidental cause who received medical treatment at a local medical facility. This includes first responders attempting to control the fire, attempting a rescue, or persons escaping from the fire scene. Persons may include students, faculty, staff, visitors, firefighters, or any other individuals.

**Fire Alarms Monitored by Campus Safety**
On campus Fire alarms are monitored 24 hours a day, seven days a week, 365 days a year by the Campus Safety Department Dispatch. Upon receipt of a fire alarm at the dispatch center, a dispatcher will send an officer to investigate the source of the alarm and determine if there is a need to request a response from local fire officials.
General Guidelines Regarding Fires/Fire Alarms

Procedures for Students and Employees in the Event of a Fire:
Find nearest pull station and sound central alarm, call 911, or contact Campus Safety at (616) 526-3333

- Shut all doors and windows in the vicinity of the fire
- If the fire is small, use fire extinguishers to put it out
- Exit by nearest safe stairway
- Do not use elevators
- Do not run
- If there is smoke in the room, keep low to the floor
- Try to exit the room, feel the doorknob
  - If it is hot, do not open the door
  - If the doorknob is not hot, brace yourself against the door and crack it open
  - If there is heat or heavy smoke, close the door and stay in your room
- Don’t panic
- Seal up the cracks under the door with towels or sheets
- If there is smoke in the room, crack the windows at the bottom and at the top, if possible, to allow for ventilation
- Hang a sheet or towel from the window to announce that you are in your room
- Call Campus Safety at (616)526-3333; be sure to give your room number and your location
- If you can exit the room, put on shoes (and if necessary a coat). If smoke is evident, get a wet towel to cover your face
- Close all doors
- If in exiting the building you are blocked by fire, go to the safest fire-free area, or stairwell. If a phone is available call Campus Safety or find a window, and signal that you are still in the building.
- Be aware of obstacles. Storage of any items in the corridors, such as chairs, desks, and other items is prohibited in all exit ways, including stairwells. Blocked exits and obstacles impede evacuation, especially during dark and smoky conditions.
- Assist people with disabilities with getting to the closest area of rescue assistance, which is in the stairwell area, past the fire doors.
- Notify Campus Safety or Fire personnel if you suspect someone is trapped in the building.
- Gather outside the building at your designated assembly area and attempt to make certain all persons are accounted for. Stay at least 300 feet from the building.
- Remain outside until notified by the emergency personnel or Campus Safety staff that it is safe to return to the building.

Fire Safety Training Programs
There are a number of training programs offered by Environmental Health and Safety, the Campus Safety Department or other responsible persons of authority within the Seminary or City of Grand Rapids to occupants of apartments concerning fire prevention and preparedness

Fire Policies for On-Campus Student Housing Facilities
- Smoking is not permitted anywhere in the apartment buildings.
- The use or possession of fireworks or an explosive of any kind is prohibited.
- Smoke detectors may not be removed or tampered with in any way. Students may not remove batteries. The Seminary Facility Department and staff may undertake periodic apartment checks to make certain that the units are operating properly.
- Floor and desk lamps are permitted but must be UL approved. The Seminary reserves the right to remove them if they are deemed to be a fire hazard. The use of CFL bulbs is encouraged.
• By order of the City of Grand Rapids Fire Hazard Inspector, no electrical extension cord shall be fastened or run through any doorway, partition wall, floor baseboard or casting, or run across any doorway or walking area, or placed under any rug.
• For the safety of all students the floor hallways of the apartment buildings must be kept clean and may not be used for storage. Items left in the halls are subject to removal by maintenance staff.
• Tampering with fire extinguishers, fire alarms, smoke detectors, or emergency procedures signs in or around the apartment building is prohibited. Violators are subject to a $500 fine and possible suspension.

If the Fire Alarm Sounds
• Walk to the nearest exit, closing doors between you and the fire.
• Do not use elevators.
• Assist people with disabilities with getting to the closest area of rescue assistance, which is in the stairwell area, past the fire doors.
• Notify Campus Safety or Fire Personnel if you suspect someone is trapped in the building.
• Gather outside the building and attempt to make certain all persons are accounted for. Stay at least 300 feet from the building.
• Remain outside until notified by the emergency personnel or Campus Safety.

If Trapped in a Room
• Close as many doors as possible between you and the fire.
• Place cloth material (wet if possible) around or under the door to prevent smoke from entering the room.
• Be prepared to signal to someone outside at a window or by shouting at regular intervals.

If Caught in Smoke
• Drop and crawl toward an exit.
• Hold your breath as much as possible.
• Breathe slowly through nose using a towel or shirt as a filter.

If Forced to Advance Through Flames
• Hold your breath.
• Move quickly.
• Cover your head and hair.
• Keep your head down and your eyes closed as much as possible.

When to Use a Fire Extinguisher
Only use an extinguisher to attempt to extinguish a small fire and only if you have been trained. An extinguisher can be used to suppress a fire that blocks your exit from the building.

Remember PASS, the four basic steps to operating a fire extinguisher:

P: Pull the pin
A: Aim the extinguisher hose at the base of the fire
S: Squeeze the lever
S: Sweep from side to side

Understanding Statistical Information

Disciplinary Referrals are persons not arrested for liquor law violations, drug law violations or illegal weapons possession but who were referred for campus disciplinary action. A referral for campus disciplinary action for alleged alcohol, drug, or weapons violations does not necessarily mean that a violation of the law occurred.

The statistics found on the previous pages are compiled and published in accordance with the standards and guidelines used by the Federal Bureau of Investigation Uniform Crime Reporting Handbook, applicable federal laws and regulations including the Clery Act as amended and The Handbook for Campus Safety and Security Reporting 2016 Edition.

The Clery Act required institutions to include four general categories of crime statistics: Criminal Offenses, Hate Crimes, VAWA Offenses, and Arrests and Referrals for Disciplinary Action. Statistics must be disclosed separately for each of these categories, which means that when an incident meets definitions in more than of these categories, it must be reported in each category. When counting multiple offenses within the Criminal Offense category the FBI UCR hierarchy rule applies.

Reporting Process

Calvin Seminary complies with the Clery Act by compiling the required annual crime statistics and making them accessible in this annual Campus Security report. Additional report are available at the following offices — Campus Safety, Facility Manager, or Human Resources, as well as online at https://www.calvinseminary.edu/safety. In addition, the Campus Safety department reports the required annual statistics to the U.S. Department of Education. This information is available online at http://ope.ed.gov/security.
