GENERAL INFORMATION

LOCATION, HISTORY, AND CHARACTER OF THE COLLEGE

GRAND RAPIDS, the metropolis of Western Michigan, is an ideal college town. Being a city of about 175,000 inhabitants, it is not too small to be devoid of those general cultural influences that should surround an educational institution, nor so large as to be a disadvantage to the ideal interests of college life.

Among the many cultural advantages which the city offers and from which our students may profit, we may mention first of all the Public Library. It is housed in a building that displays true architectural art, and has a collection of some 250,000 books, among which are found many standard works of reference; besides, its reading room is supplied with nearly all the leading periodicals of this country and with many from foreign countries. Further, there is the Kent Scientific Museum, which is open daily and can be an efficient help to those interested in scientific subjects. In addition to this, the students have the opportunity of hearing lectures and addresses by noted men who are invited to the city, and of attending concerts, both vocal and instrumental, by some of the leading artists of the musical world.

The origin of Theological School and Calvin College dates as far back as the year 1861, when the Classis of the Holland Reformed Church officially recognized the need of training men for the gospel ministry. Three years later Rev. D. J. Vander Werf was appointed as instructor, and in this capacity he labored in connection with his pastoral work till his death in 1876. Not until the appointment in this same year of Rev. G. E. Boer as professor, however, did the school assume a definite organization. March 15, 1876 was, therefore, its natal day. Little by little it grew until in 1900 it enrolled fifty students taught by a staff of five professors. By this time the need of a college where young people not looking forward to the gospel ministry could receive a Christian liberal education was beginning to be generally felt.

Accordingly, Synod of the Christian Reformed Church took active measures toward the expansion of the literary department, then consisting of a four year course, into a college. From time to time, as means allowed, both the curriculum and the teaching staff were enlarged so that at present the institution comprises two departments: the college, which offers the following courses, a general four-year College Course, a four-year Course in Education, a four-year Pre-Seminary Course, a three-year Pre-Medical Course, a three-year Pre-Law Course, a two-year Pre-Engineering Course, and a two-year Normal Course; and the Seminary, which prescribes three years of theological study.

The institution is supported chiefly by the members of the Christian Reformed Church, and is controlled by a Board of Trustees composed of two members from each classis. According to the constitution all instruction given must be in harmony with Reformed principles. The various branches of study, therefore, are considered from the standpoint of faith and in the light of Calvinism as a life and world view. The aim of the college is to give young people an education that is Christian, not merely in the sense that devotional exercises are appended to the ordinary work of the college, but in the larger and deeper sense that all the class work, all the student's intellectual, emotional, and imaginative activities shall be permeated with the spirit and teaching of Christianity.

FACILITIES

The new campus, comprising about twelve acres of ground, lies in one of the most beautiful residential sections of the city. The site is ideal. To the east are two beautiful boulevards and the varied scenery surrounding Reed's Lake; and across from its southwestern corner lies Franklin Park, a twenty-acre plot of ground offering splendid opportunity for rest and recreation. All around it are residences of the better class. The grounds have been decorated by a landscape artist and now, nearly completed, resemble a park.

The main building, valued at about $250,000, is an imposing edifice constructed of re-enforced concrete and brick veneer. Thoroughly modern and up-to-date in structure, it is provided with the very best equipment for lighting, heating, and ventilation. No expense has been spared to supply the building with the latest educational facilities. In the high and well-lighted basement are two
The physical laboratory, which is modern in every respect, contains ten laboratory tables, each accommodating four students. These tables are equipped with double gas cocks, two nickel-plated electric plugs, adjustable metal uprights and cross bars, and four large drawers. In addition to these there are two balance tables, each long enough to support four scales, and two work tables fitted with double gas cocks and pantry cocks for hot and cold water and providing working space for several students at one time. Dust-proof apparatus cases fitted with glass doors, adjustable shelves, and capacious drawers, furnish ample room for the storing and displaying of physical apparatus. A special photometric room, containing an up-to-date photometry room desk on which students perform experiments with optical benches and photometers and a separate stock room for storing apparatus and chemicals complete the physical laboratory. The physical lecture room is provided with a stereopticon outfit.

The chemical laboratory is a separate building but connected with the main structure. Three double chemistry desks, fitted with double re-agent shelves, six double long spout gas cocks, and an equal number of compression water cocks accommodate forty-eight students working in sections of twenty-four. Four fume hoods of practical construction and design and furnished with stone sink and gas cock, have been installed. An electric exhaust fan removes all obnoxious odors from the hood. Re-agent cases, fitted with adjustable shelves, are conveniently placed so that the student loses little time in walking back and forth to them. The two balance tables are attached to the outside wall in order to reduce vibration to a minimum. Their lengths allow the placing of six balances, leaving sufficient working area around each.

The biological laboratory consists of the main laboratory, a plant conservatory, a stock-room, and a private laboratory or dissecting room. It is well-lighted naturally by twelve windows on the south and east sides, and artificially by electric lamps distributed throughout the rooms. The main laboratory contains ten student tables, each furnished with an acid proof top, eight drawers, and four microscope cupboards fitted with individual lock and key; an instructor's demonstration table provided with gas, electricity, water, and a stone sink; three cases for demonstration material and apparatus; a student's chemistry work table with a re-agent shelf, overhead gas and water cocks, and a lead-lined waste-water trough,
and a stone sink; a student’s preparation supply table and cabinet; a copper gauze live cage with twelve compartments for living terrestrial animals; three large Alberene Stone and glass aquaria for living aquatic animals; and a histology table and cabinet furnished with electricity, gas, water, and a stone sink for the staining and mounting of microscopic objects. The plant conservatory is supplied with water and has a cement floor with drainage opening for waste water. In it there is a starting-table which has more than one hundred feet of lead-lined, self-drained, germinating beds, and a soil bin of two compartments lined with galvanized iron. The stock room contains four cases in which are stored apparatus, preserved plants and animal material, chemical re-agents in bulk, charts, models, etc. The teacher’s private laboratory or dissecting room has also a complete equipment.

Lectures. Occasionally outside speakers are invited to address the students during the devotional exercises or in the evening. In addition there is abundant opportunity for students to avail themselves of lectures and addresses by men of note who are invited to address different organizations of this city.

Maintenance and Endowments. For these the School is indebted largely to the kind and generous support of the members of the Christian Reformed Church. From year to year, with the growing of the church, the contributions have become larger and have met the demands of the School, while it has in turn supplied the church with pastors who have shown themselves active workers for the cause of Christ.

The interest accruing from an Endowment Fund of several thousand dollars also contributes to the support of the School.

The College is greatly in need of a larger endowment, and bequests are, therefore, very welcome. Should there be any among the friends of this school whom God has richly blessed with means, may they remember that no money is so well invested as that which is invested in an institution that gives young people a Christian education, in souls and lives rather than in natural things. The Church, the state, and society depend upon the Christian colleges and seminaries for leaders and workers; hence, money expended for the support of such institutions is money spent for the advancement of the Kingdom of God upon earth.

LEGAL FORM OF BEQUEST

I hereby give, devise, and bequeath unto Theological School and Calvin College, a corporation organized and existing under the laws of the State of Michigan, the sum of .... Dollars, to be paid out of any real or personal estate owned by me at my decease.

STUDENT ORGANIZATIONS

All student organizations are subject to faculty supervision.

ALUMNI ASSOCIATION.—An organization seeking to promote the interests of the school. All who have been at Calvin one year or more are eligible.

ATHLETIC ASSOCIATION.—This association interests itself in various forms of athletic activity.

BLOTTER CLUB.—The purpose of this society is to awaken an interest in, and an appreciation for, good literature; to contribute to the development of the literary talents of the individual members of the society; to increase the general literary knowledge of the members of the society.

“C” CLUB.—A club organized for the purpose of maintaining and fostering loyalty to the principles of Calvin, especially as these apply to athletics. Membership is limited to those who have earned major “C’s”.

CALVIN COLLEGE BAND.—This organization offers an opportunity for expression to the instrumental talent available. It affords entertainment on occasion and is led by a capable director.

CALVIN COLLEGE QUESTORS (K. K. Q.).—The purpose of the organization is to develop the culture of the literary, musical and artistic abilities of its members; to foster a spirit of fellowship among its members; to promote the best interests of and a greater spirit of sociability among all Calvin women.

CHIMES ASSOCIATION.—This association, composed of all student subscribers, publishes Calvin College Chimes, a monthly that serves as an organ for the literary expression of the life and the ideals of the student body.

CHORAL CLUB.—This club furnishes students instruction and practice in the art of singing. It has become known for its renditions of the Messiah and Elijah.
COLLEGE INN CLUB.—All the students residing at the College Inn are organized to promote good fellowship, to stimulate to proper conduct, and to provide for the general welfare of the students residing there.

DORMITORY CLUB.—The purpose is to create a spirit of unity among the men living at the Dormitory, to facilitate administration of their affairs, and to establish a direct contact between the faculties and those living at the Dormitory.

FORENSIC ASSOCIATION.—All students are eligible for membership of the Calvin Forensic Association. This organization is governed by an executive group known as the Calvin Forensic Staff, the personnel of which is elected annually by the Association. The Staff has as its purpose the encouragement of collegiate and inter-collegiate debating and oratory, and the promotion of an intelligent and progressive school spirit.

GIRLS’ “C” CLUB.—An organization of girls interested in some forms of athletics.

GIRLS’ CHRISTIAN FELLOWSHIP CLUB.—This club is a spiritual campus movement of women students with the following aim and purpose: To promote the growth of students in Christian character and to deepen their devotion to their Christian calling through the study of the Bible and prayer.

FRESHMEN GLEE CLUB.—The aim of this club is to afford opportunity for the development of vocal talent, as well as to provide entertainment for its members and for the class which the club represents.

GIRLS’ GLEE CLUB.—Purpose is to develop a musical appreciation among the members and provide entertainment upon occasion.

MEN’S GLEE CLUB.—The purpose of the club is to stimulate interest in the art of music, and to further the interests of Calvin College. This purpose is to be attained by means of rendering public concerts and by providing entertainment compatible with this purpose.

KANT.—This club studies the philosophy of Kant.

NIL NISI VERUM.—The purpose of this club is to study the Calvinistic principles and their application to church, state and society.

PHI ALPHA CLUB.—An organization of girls for the study of philosophy.

PHYTOZOOON CLUB.—The club exists for the purpose of studying biological subjects and problems.

PLATO CLUB.—A club for studying Plato and Aristotle.

PRE-SEM. CLUB.—The object of this club is to foster mutual fellowship among a group interested in the clerical profession and also to stimulate such interest. All pre-seminary students are cordially invited to join. The club meets at least five times during the school year.

STUDENT COUNCIL.—The Student Council is organized to advance the general good of the student body and to facilitate it in its various relationships.

STUDENT VOLUNTEERS.—The purpose of this Band is to glorify God by fostering the mission enterprise. It seeks to accomplish this by giving its members opportunity for mutual aid in their preparation for the work unto which they believe themselves called, and seeking to stimulate missionary interest among the other students of this institution.

TUITION, FEES, AND LIVING EXPENSES

The tuition fee is $75.00 a year; for two from the same family, $50.00 each. For students living west of the Mississippi River and east of the Ohio River the fee is $50.00, and for two from one family, in this same region, the minimum rate is $40.00 each; while for those coming from Montana, Wyoming, Colorado, and New Mexico, and points west of these states, the fee is $25.00 per year.

A married man who establishes his home in Grand Rapids for one semester next preceding date of enrollment is considered to have his residence here, while the residence of minors follows that of their parents or legal guardians.

The tuition fee must be paid to the treasurer on the day of registration in September and in February. A fee of one dollar will be charged for late registration.

The gymnasium fee of $5.00 is not included in the tuition fee. Students who register for a practice teaching course pay a "practice" fee of $3.00 per semester.

In some laboratory courses an extra fee will be charged to cover cost of material, wear and tear of instruments, etc. The laboratory fees must be paid before the corresponding courses are begun. See description of these courses for the amount of fees.
A diploma fee of five dollars is charged at the completion of any College Course. This fee must be paid before admission to the final examinations.

Board and room, fuel and light, are furnished at the Dormitory for six dollars a week and upward.

Expenses, including board, room rent, fuel, light, washing, and text books are from three hundred dollars up.

Board in private families will cost from seven to nine dollars a week.

A city such as Grand Rapids offers splendid opportunities for self-support, especially for young women who desire to work for their room and board.

DIPLOMAS AND CERTIFICATES

The School issues diplomas as follows:
To those who have finished one of the various four year courses in the College.
To those who have finished the Three-Year Pre-Law Course and one year in a recognized law school.
To those who have finished the Three-Year Pre-Medical Course and one year in a recognized medical school.
To those who have finished the Normal Course.

No diploma will be granted for less than one year's resident work, which ordinarily must be the year immediately preceding the granting of the diploma.

When no full course is completed, a statement is given of the studies in which the student passed examination.

STATE TEACHER’S LIFE CERTIFICATE

Seniors who are entitled to the A.B. degree and who have completed at least fifteen hours in the department of education, three hours in practice teaching, and the required courses in the subject of their preference, will be recommended for a State Teacher's Life Certificate.

SCHOLARSHIPS AND PRIZES

UNIVERSITY OF MICHIGAN STATE COLLEGE FELLOWSHIP.—
The following is taken from the Catalogue of the University of Michigan:

"By action of the Board of Regents each of the faculties of the accredited colleges of the State of Michigan is authorized to nominate each year to the administration office of the Graduate School some member of the graduating class or some one of their graduates of not more than four years standing as a suitable candidate for a State College fellowship or scholarship. An alternate may also be nominated in each instance."

Students wishing to make application for this fellowship should consult the Registrar of Calvin College not later than February 1.

RHODES SCHOLARSHIP.—Male students in the junior and senior years may apply for nomination to the Cecil Rhodes Scholarship. This scholarship, tenable for three years, carries an annual honorarium of at least $1,500.00 for study at Oxford. Students wishing to compete should consult the Registrar before October 1, 1928.

For detailed information address Mr. James K. Watkins, 923 Ford Bldg., Detroit, Mich.

BROODMAN ORATORICAL PRIZES.—Through the generosity of Dr. G. J. Broodman of Grand Rapids, Michigan, gold, silver, and bronze medals are given annually to the winners of the first, second, and third prizes, respectively, in a men's oratorical contest. The first prize winner represents Calvin in the state oratorical contest of the Michigan Oratorical League held in March of each year.

BROODMAN DEBATING TROPHY.—All students are eligible for intramural debating in competition for the silver cup awarded by Dr. G. J. Broodman. The names of the three winners are inscribed on this cup.

INTERCOLLEGIATE DEBATING.—Calvin as a member of the Michigan Debating League each year puts into the field two teams to meet other colleges. The intercollegiate debaters are chosen by faculty judges from those who participate in the intramural debates.

HEYBOER PRIZE.—Mr. G. A. Heyboer of Grand Rapids has given three prizes in oratory for ladies, of $15.00, $10.00 and $5.00. The first prize winner represents Calvin in the state oratorical contest of the Michigan Oratorical League held in March of each year.

THE RINCK MEMORIAL PRIZE.—A fund of $500.00 has been subscribed by former students and friends of the late William Rinck, Professor of Mathematics at Calvin College, 1905 to 1920, the income of which is to be devoted to a prize in mathematics. The prize is awarded annually to the student who has done the best work in college algebra, analytical geometry and calculus, provided the grade in each of these courses is at least "B".

HOFSTUS PRIZE.—Mr. C. Hofstus, former prosecuting attorney of Kent County, Michigan, has given to the Col-
college $200.00 from which prizes are to be given annually to the student doing the best work in some subject specifically included in the Pre-Law Course. Freshmen and all Pre-Seminary students are not eligible.

Rozeboom Prize.—Mr. W. G. Rozeboom of Paterson, New Jersey, has given to the College $25.00 as a prize for the student doing the best work in some designated course in History.

Prize Essay in Missions.—Through the courtesy of the Men's Bible Class of the Bethany Church at Muskegon a prize of twenty-five ($25.00) dollars is offered annually for the best essay on any missionary subject. Competition for this prize is open to both college and seminary students. Essays must be handed in either to the college president or to Professor Volbeda, who are also ready to give further information regarding the conditions governing the awarding of this prize.

RELIGIOUS CULTURE

All students are obliged to attend the devotional exercises held in the auditorium at 9:40 A.M. Religious instruction, either doctrinal or historical, is compulsory for all classes.

On the Sabbath every student is supposed to worship regularly with some church of his own selection.

Every student is visited by some professor at least once in a school year. The object of this visit is not only to speak with the student about methods of study, difficulties encountered in the work, habits of living, but especially to be a help to him in his spiritual life. The College believes that the religious as well as the intellectual side of a student's life should receive due attention.

PHYSICAL EDUCATION

Every freshman and sophomore student is required to take two hours of gymnastics or physical education per week. No credit is given for this work.

DROPPING AND CHANGING OF COURSES

After a student has enrolled for a study, he may not drop it without permission from the Dean; neither may he change his course of study without such permission.

EXAMINATIONS, GRADES, CONDITIONS, HONOR POINTS

The examinations are held at the close of the first and second semesters. A literal system is used in grading the work, as follows:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Interpretation</th>
<th>Equivalent Honor Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>Exceptional</td>
<td>3</td>
</tr>
<tr>
<td>B</td>
<td>Good or very good</td>
<td>2</td>
</tr>
<tr>
<td>C</td>
<td>Graduation average</td>
<td>1</td>
</tr>
<tr>
<td>D</td>
<td>Unsatisfactory; just passable</td>
<td>0</td>
</tr>
<tr>
<td>E</td>
<td>Condition, which may be</td>
<td></td>
</tr>
<tr>
<td></td>
<td>removed at re-examination</td>
<td>-1</td>
</tr>
<tr>
<td>F</td>
<td>Failure. No re-examination</td>
<td>-2</td>
</tr>
<tr>
<td>Inc.</td>
<td>Work not completed</td>
<td></td>
</tr>
</tbody>
</table>

This means that a student can graduate from the College with 125 honor points to his credit; that is, he can get his diploma when he has a C in all his studies, or an average of C. Such average is to be computed by multiplying the number of honor points of each study by the number of hours devoted to that subject per week, and by dividing the result so ascertained by the total hours taken by the student.

Students in all courses (Normal, Pre-Engineering, Pre-Medical, and Pre-Law) may graduate only when they have met the course requirements and have maintained an average scholarship record during their term of residence; that is, have received as many honor points as hours of credit. For honor points required of students entering after the Freshman year see page 29.

Conditions received in January, as well as in June, may be removed only at the supplementary examination held for that purpose on the first Tuesday and Wednesday after the spring vacation, or on the first Friday and Saturday of the school year. A student whose grade is "E" is allowed one re-examination on the work of the course, for which he receives credit if the re-examination is passed with a grade of "C" or better. If a student fails to remove his condition at the re-examination immediately following the time when the condition was received, the subject will have to be repeated for credit.

An "Incomplete" must be removed within a year. At the end of a year an unremoved "Incomplete" becomes an "F".

Any student whose grade is "F" can obtain credit for the course only by repeating it in class.
All written work for any course in the curriculum must be submitted by the last week preceding the final examination.

What course is to be pursued in the case of a student who is not prepared for more advanced work is to be determined jointly by the Dean and the instructor of the subject.

Report cards are sent out at the end of each semester.

DISMISsION

Admission to Calvin College is a privilege, not a right. This privilege may be withdrawn from any student whose presence is not regarded as desirable by the College authorities.

TERMS AND VACATIONS

The school year of thirty-six weeks is divided into two semesters of eighteen weeks each.

Two vacations are given during the year: a vacation of two weeks at the Christmas holidays, and a spring vacation of one week. Students are required to remain on duty until the last school exercise preceding a vacation is completed, and to be present at the hour of opening, after a vacation.

PLACEMENT BUREAU

A Placement Bureau which will effect the placing of prospective teachers, graduates from Calvin College (including the Normal Department), has been established. This Bureau keeps on file a list both of vacancies in the teaching forces in our Christian Schools throughout the country and of graduates who desire to teach. All correspondence for the Bureau should be addressed to: Placement Bureau, Calvin College. The services are given without charge.

REQUIREMENTS FOR ADMISSION

Applicants for admission are accepted on the presentation of a certificate from an accredited school. All applicants must, however, present a satisfactory written testimonial of good moral conduct. Those who intend to study for the ministry must, in addition, present a recommendation from their consistory.

Beginning September, 1927, an examination in English Grammar will be required of all Freshmen entering the College. Upon failure to pass this examination Freshmen must pursue a course in English Grammar offered in the College, and must reduce their hours in proportion. For this course no credit is given.

All certificates and testimonials must be presented to the Dean on or before the day of registration.

The regular time for admission is at the beginning of the school year in September, and at the beginning of the second semester in January. During the school year, however, the Faculty has the right to accept students that meet the requirements.

PRESCRIBED UNITS

For admission, 15 units* are necessary. Certain of these units are prescribed, as follows:

For Admission to the General College Course, to the Pre-Law Course, and to the Course leading to an A. B. in Education, 9 units prescribed:

For admission to the Normal Course the diploma of any accredited High School will be accepted, provided no

* A unit of preparatory credit is given when a study has been successfully pursued with 5 recitations per week for 36 weeks.
less than 10 units are offered in subjects listed below under Group I.

Those who enroll for the Normal Course, but later wish to enter the College Course leading to the A. B., must then comply with the requirements for admission to the General College Course as given above.

DISTRIBUTION OF UNITS

The 15 units required, including the units prescribed above, must be distributed between the following two groups as indicated:

Group I. (13 units must be chosen from this Group.)*

- English, 3 or 4 units.
- Greek, 1 to 3 units.
- Latin, 2 to 4 units.
- French, 2 to 4 units.
- German, 2 to 4 units.
- Dutch, 2 to 4 units.
- Spanish, 2 to 4 units.
- History, 1 to 3 units.
- Civics and Economics, ½ to 1 unit.
- Algebra, 1 to 2 units.
- Geometry, 1 to 1½ units.
- Trigonometry, ½ unit.
- Physics, 1 unit.
- Chemistry, 1 unit.
- Botany, ½ to 1 unit.
- Zoology, ½ to 1 unit.
- Physiology, ½ unit.
- Introduction to Science, ½ to 1 unit.
- Geography and Geology, ½ to 1 unit.
- Bible, 1 unit.

Group II. (Two units may be chosen from this group.)

This group comprises any subjects not included in Group I, which are counted towards graduation by the accredited school.

PROVISIONAL ADMISSION

An applicant for admission either on examination or certificate, who presents 15 units from the list given, but who is deficient in not more than 1 of the 15 units from Group I, may be admitted provisionally; but this deficiency must be made up during the first year of residence.

ADMISSION WITH ADVANCED CREDITS

Advanced credit is granted only for studies equivalent to courses offered in our college, and in accordance with the following regulations:

Advanced credit for work taken in an accredited High School will be given only to such applicants as can offer at least 16 units for admission to College, but advanced credit for such work will not be given in excess of 10

* A single unit of a foreign language may be counted among the thirteen from Group I upon the satisfactory completion in the College of a second course in the same language.

college semester hours. Moreover, a study in which advanced credit is sought must be successfully continued for at least one semester in the College.

In any other case, the applicant must pass a satisfactory examination in the work presented for credit; or he must, during his first year of residence in the College, creditably complete, in the department of study concerned, a course presupposing a satisfactory knowledge of the work for which credit is asked. No student is allowed more than 17 hours of credit for each semester of work taken at some other recognized institution.

Students entering as sophomores must earn 94 honor points for graduation, those entering as juniors 62½ honor points, and those entering as seniors 31 honor points.

All advanced credit is subject to revision at the end of the first year of residence.

Students expecting advanced credit for work done at other institutions should bring full credentials.

UNCLASSIFIED STUDENTS

Students who are not candidates for graduation may, in as far as the schedule of recitation allows, take such studies as their preparation qualifies them to pursue with profit. Bible Study, however, must be taken by every student.

INFORMATION

The President will be glad to furnish all possible information with reference to the College. Those desiring private boarding places should apply to Professor Ryskamp. Correspondence is cordially invited.
OUTLINES OF COURSES

GENERAL COLLEGE COURSE

Students who enroll in the General College Course must complete 125 hours* of work for the A.B. degree. These 125 hours must be distributed according to the group system indicated below. Of the 125 hours thus distributed, those indicated in the next section are prescribed.

A total of 52 or 58 hours.

Distribution of the Total 125 Hours According to Group Restrictions—

Group I. Ancient Languages and Literatures. Modern Languages and Literatures, English, Public Speaking.

Group II. Mathematics, Physics, Chemistry, Zoology, Botany, and Psychology.

Group III. History, Economics, Sociology, Political Science, Philosophy, Education, and Logic.

Restrictions:

1. Each student must choose a major and a minor group. In his major group he must take 36 hours, of which at least 21 hours must be taken in one department, as, for example, Latin, Greek, Chemistry, etc., and 12 hours in another department, the remaining 3 hours to be taken in either of the two departments. In his minor group he must take 18 hours, at least 12 of which must be taken in one department.

2. At least one-half of the work taken in residence beyond the sophomore year must be in courses not open to Freshmen.

By department is meant a study as outlined under "Description of Courses," pages 37 to 68.

PRE-SEMINARY COURSE*

Students in this course must complete 125 hours of work. Graduation entitles the student to the A.B. degree.

The following 112 hours of work are prescribed:

<table>

Of the remaining 13 hours (electives), at least 6 must be taken in a subject in which the student has already had 12 hours of work. In case students cannot present the number of hours of high school subjects required for admission to this course, such deficiency cannot be met by applying any of the 13 hours of electives.

Orations will be required from Pre-Seminary students in accordance with arrangements to be made by the Faculty.

The completion of this course will entitle the graduate to a three-year State Certificate, and, after three years of satisfactory teaching, to a Life Certificate.

Chorus, in the Department of Music, is compulsory for every semester of the Normal Course. For this work no credit is given.

Credit towards an A. B. in Education will be given to non-Normal students who take courses in Methods of Teaching in the Normal Department to the maximum of 10 hours.

Regular A. B. students may offer no more than four hours of Methods of Teaching (as given in the Normal Course) towards fulfilment of the 15 hours required for the State Teachers' Life Certificate.

Sixty hours of credit towards the A. B. in Education will be allowed for this two-year Normal Course.

Courses marked A are required of all Normal students; those marked R are for Normal students looking for positions in the regular elementary grades; and those marked J are for students looking for positions in the upper elementary grades and in the junior high school. The R students will therefore, select the A and R courses, and the J students will choose the A and J courses. At the end of the second semester the R student may, if he desires, become a J student, and the J student may become an R student.

DESCRIPTION OF COURSES

Each course runs for one semester. Courses marked with an odd number are given during the first semester; those marked with an even number during the second.

BIBLE

PROFESSOR METERER

5 and 6. Reformed Doctrine Two hours
A study of the fundamental doctrines of the Christian religion as contained in the Bible and reflected in the confessional standards of the Reformed Churches. No text-book is used but the Bible is taken as source-book. As reference works M. J. Bosma, Reformed Doctrine or W. Heyns, Manual of Reformed Doctrine are recommended.

7 and 8. Reformed Doctrine Two hours
Continuation of Course 5 and 6.

9. Biblical Archeology Two hours
A study of the geographical, social, civil, and religious conditions of the people among whom the Bible arose, especially of the Hebrews. The Student's Historical Geography of the Holy Land, by William Walter Smith and Biblical Archeology, by Louis Berkhof, are used as texts.

10. Studies in Calvinism Two hours
After a brief introduction inquiring into the origin and nature of Calvinism, its influence upon the development of religion, education, society, politics, ethics, and art as well as the proper application of its principles in these spheres is investigated. The course will consist of lectures, assigned readings, and essays.

11 and 12. Introduction to the Books of the Bible Two hours
A general propaedeutical introduction to the Bible as a whole, in which matters relating to its origin,
nature, canonicity, authority, organic unity are investigated. A special introduction, inquiring into the contents, historical setting, literary form, and permanent ethical and religious values of each book. The Bible is used as source-book.

13. THE ORIGIN AND DEVELOPMENT OF CHRISTIANITY

Three hours

A beginners’ course in church history. The historic development of Christianity, including a survey of all the facts which either directly or indirectly have issued from or centered in Christianity are considered. The textbook for this course is the Compendium of Church History, by Andrew C. Zenos. Regular assignments for library reading in addition.

CHEMISTRY

PROFESSOR DEKKER

1. GENERAL INORGANIC CHEMISTRY

Four hours

Three hours in class-room, lectures, quizzes and laboratory discussion and one laboratory period of from three to four hours per week.
Laboratory fee, $3.00. Breakage fee, $5.00.
Prerequisite: High School Chemistry.

2. GENERAL INORGANIC CHEMISTRY

Four hours

Continuation of Course 1. Hours, text, and fees the same.

1b. GENERAL INORGANIC CHEMISTRY

Four hours

Three hours in class-room, lectures, quizzes and laboratory discussion and one laboratory period of from three to four hours per week.
Laboratory fee, $3.00. Breakage fee, $5.00.
Prerequisite: No previous training in Chemistry required, but student should have knowledge of Physics.

2b. GENERAL INORGANIC CHEMISTRY

Four hours

Continuation of Course 1b.
Hours, text, and fees the same.

3. QUALITATIVE ANALYSIS

Four hours

Two hours of class-room work, one quiz period, and two laboratory periods of three hours each per week. Laboratory fee, $3.00. Breakage fee, $5.00. This course deals with principles underlying analytic processes and with reactions and qualitative analytic methods.
Prerequisites: Courses 1 and 2 or 1b and 2b.

4. ORGANIC CHEMISTRY

Four hours

Two or three recitations and one or two laboratory periods of three hours per week. Laboratory fee, $3.00. Breakage fee, $5.00. This course is required of all students who elect the Pre-Medical Course.
Prerequisites: Courses 1 and 2 or 1b and 2b.

5. QUANTITATIVE ANALYSIS

Four hours

One hour in the class-room and from eight to ten hours of laboratory work per week. Laboratory fee, $3.00. Breakage fee, $5.00. This course emphasizes the quantitative application of the principles of Analytic Chemistry and gives training in quantitative methods and technique.
Prerequisite: Course 3.

6. INORGANIC CHEMISTRY

Two hours

A course emphasizing the theories and laws of inorganic chemistry and presenting some of the principles of inorganic physical chemistry. Two hours class-room work.
Prerequisites: Chemistry 3, and preferably Physics 1 and 2.

10. TEACHERS’ COURSE

One hour

Methods of teaching Chemistry in secondary schools.
Prerequisite: Two years of Chemistry.

* For engineering students and those desiring to take advanced work in chemistry, a five hour course will be arranged.
DUTCH LANGUAGE
PROFESSOR VAN ANDEL

11. ELEMENTARY GRAMMAR  Four hours
Conjugations and declensions. Required outside reading.

12. ADVANCED GRAMMAR  Four hours
Review of preceding course. Syntax. Required outside reading. In class some Dutch works are read.

15. ROMANTICISM  Three hours
Review of grammar. Weekly compositions. Required outside reading. In class some outstanding romantic authors are discussed. Special study is made of Bilderdijk and Da Costa as originators of the revival of Calvinism in the Netherlands.

16. REALISM  Three hours
Weekly compositions. Required outside reading. In class some important realistic authors are discussed.

17. RENAISSANCE  Three hours
The Middle Ages, the Early Renaissance, and the "Golden Age". The aim of this course is to bring out the bearing which Catholicism, Humanism, and Calvinism had on Dutch Literature. Assigned reading and monthly essays.

18. MODERN LITERATURE  Three hours
The modern movements of Naturalism, Symbolism, and Neo-Classicism. Assigned reading and term papers.

Only courses 11 and 12 are open to Freshmen. Courses 11 to 18 are required of all students taking the Pre-Seminary Course. Courses 23 to 26 under Dutch and Medieval History and courses 31 and 32 under History of Dutch Art may be credited in the department of Dutch Language. They cannot, however, be substituted for language courses.

DUTCH AND MEDIEVAL HISTORY
PROFESSOR VAN ANDEL

23. THE MIDDLE AGES (400-1200)  Three hours
The development of the Roman Empire, of the Church, of Monasticism, of Feudalism, and of the Western European States up to 1200. Lectures, collateral reading, term papers, maps, and class exercises. Not open to Freshmen. Given 1928-29.

The Dutch Renaissance and its influence on the world's science and art. The conflicts between Louis XIV and William III, and their significance for Europe and America. The absolutism and the plutocracy, the rationalism and the naturalistic theories of the eighteenth century leading to the period of Revolution and Romanticism. The spirit of the Revolution and of modern democracy. A short review of the rise of political Calvinism in the Nether-
lands since 1821 and its victory over Liberalism. The
triumph of the free Christian School as a national
institution. Prerequisite: Course 25. Not open to

Courses 23 to 26 are credited either in the Dutch or
in the history department. As their description points
out, they try to give not only a review of political events,
but also a survey of the history of civilization.

DUTCH ART

PROFESSOR VAN ANDEL

31. Flemish Painting Three hours

A course in the Flemish and Dutch primitives and
Italianizers, followed by a discussion of the Flemish
Renaissance painters with emphasis on Rubens and
Van Dyck. The course is analytical as well as his-
torical. Lectures, collateral reading, and reports.

LATIN

PROFESSOR BOOKS

Students who expect to teach Latin and are candidates for a State Teachers' Certificate must have completed at least twenty-two hours of work in this department beyond the two units required for admission and must include Courses 10, 12 and 14.

Students who wish to graduate from the four-year Pre-Seminary Course must complete fifteen semester hours beyond Courses 1b and 2b, and must include Courses 5 and 6 or 16. Those who with admission offer more than two units of Latin may reduce the requirement by six semester hours for every unit taken in the High School.

1a and 2a. ELEMENTARY LATIN
Three hours each

These courses, running through the year, cover one unit of Latin for entrance to college and are intended for those who have had no Latin in their high school course. No credit is granted for Course 1a unless credit has been earned for Course 2a.

These courses may be withdrawn if the number of students desiring them is very small, or if there are students electing Courses 7, 8 or 9.

1b and 2b. CAESAR
Three hours each

The equivalent of four books of Caesar’s Gallic Wars is read.

No credit is given for 1b unless credit is earned for 2b. Equivalent to one unit of Latin for admission.

1. ROMAN ORATORY
Three hours

Catilinarian orations of Cicero and Latin prose composition. Comparison of ancient and modern oratory and the history and government during the century before Christ. This course is offered for those students who present two units of Latin for admission. No credit is given for this course unless credit is earned for Course 2.

2. ROMAN ORATORY AND CORRESPONDENCE
Three hours

Selected orations and letters of Cicero. A study of Roman manners and political conditions at the end of the Republic. Prose composition.
3. **Poetry**  
Three hours  
Selections from the various works of Ovid. Study of Latin prosody and Roman mythology.

4. **Poetry—Continued**  
Three hours  
Parts of Books I to VI of Virgil's *Aeneid*. Translation and interpretation, metrical reading, and studies in Roman mythology. The personal, national, and religious elements found in the *Aeneid* are traced in relation to the threefold policy of Augustus Caesar. With the reading of the sixth book a careful study is made of Virgil's conception of the hereafter.

5. **Philosophical Treatises**  
Three hours  
Cicero's *De Senectute* and *De Amicitia*. Papers by the students on assigned subjects.

6. **Christian Literature**  
Three hours  
Latin Hymns, Augustine's *Confessions*, and Calvin's *Institutes*. The purpose of this course is to acquaint the students with Latin hymnology and with the life and language of the two great men of the Christian Church, and through their writings in the Latin language to introduce the students to their thought and principles. Papers on assigned subjects.

7. **Roman Historians**  
Two or three hours  
Livy, Book XXI: the history and the life of Rome during the period of the Punic Wars.

8. **Immutability in Roman Thought**  
Three hours  
Selected readings from various Latin writers for the study of the Roman conception of the soul after death. Cicero: *Tusculan Disputations*, Book I; *Somnium Scipionis: De Senectute*, sec. 74-82; some letters. Virgil: *Aeneid*, Book VI and *Georgics*, Book III. Horace: Selected odes and epodes. Selected parts of Ovid, Catullus, and other writers. This course is not offered unless one of the other courses is dropped.

9. **Roman Comedy and Biography**  
Two or three hours  
Terence: The *Adelphi* and one of his other works. History of the drama among the Romans. Choice of either Course 7 or 9 will be given students in 1928-29.

10. **Roman Life and Thought**  
Two hours  
This course is required of all students who expect to teach Latin, and is open to students who have had at least two units of high school Latin, or their equivalent. In this course such subjects as these will be studied: travel and correspondence; Rome, the Imperial City; the family and the position of women; children and education; religion and philosophy, and so forth. Lectures, text-book, assigned readings, term papers. Illustrated with slides. Not offered in 1928-29.

11. **Selections from the Poets**  
Three hours  
This course may be offered in place of either Course 7 or 9 to meet the needs of students interested.

12. **Teachers' Course**  
One hour  
This course is required of all students who expect to teach Latin, and who seek to obtain a State Teachers' Certificate. It is open to such only as have had at least Courses 1 to 8. In this course study will be made of the problems and methods of teaching secondary Latin. Students should combine 12 and 14.

13. **Latin Grammar and Writing**  
One hour  
In this course a thorough review of Latin grammar and syntax will be made, and attention will be given to Latin writing. Parts of Caesar and Cicero will be carefully studied.

14. **Medieval Latin**  
Three hours  
Selections from various writers of Latin prose and poetry from the fifth century to the Renaissance. The course is intended to furnish classical students a knowledge of medieval Latin and a general survey of medieval culture. May be offered in place of Course 6 in 1928-29.

**MATHEMATICS**

**Professor Nieuwdorp**

1. **Algebra**  
Three hours  
For those who have had only one year of Algebra in the High School.

2. **Solid Geometry**  
Three hours
3. **College Algebra**  
   Prerequisite: Course 1.  
   *Three hours*

4. **Plane Trigonometry**  
   Prerequisite: Courses 1 and 3.  
   *Three hours*

5. **Plane Analytic Geometry**  
   Prerequisite: Courses 3 and 4.  
   *Four hours*

6. **Continuation of Course 5**  
   Plane Analytical Geometry completed and introduction to Solid Analytical Geometry.  
   *Four hours*

7. **Differential Calculus**  
   Prerequisite: Courses 5 and 6.  
   *Four hours*

8. **Integral Calculus**  
   Completion of Integral Calculus and introduction to Differential Equations.  
   *Four hours*

9. **Differential Equations**  
   Prerequisite: Courses 7 and 8.  
   *Three hours*

10. **Theory of Equations**  
    Prerequisite: Courses 3, 5, and 6.  
    *Three hours*

11. **Projective Geometry**  
    This will be offered if one of the other courses for this semester is not elected by enough students.  
    *Three hours*

12. **Teachers' Course**  
    Discussion of methods of teaching Mathematics in secondary schools. Twenty hours of observation work are required.  
    *One hour*

13. **Solid Analytical Geometry**  
    Prerequisite: Courses 7 and 8.  
    *Three hours*

**Organic Science**

Professor Van Haitsma and Mr. Monsma

1. **Fundamentals of Zoology**  
   *Four hours*

   The more significant principles of animal biology, such as classification, anatomy, physiology, embryology, heredity, and evolution are studied. Three recitations and three hours of laboratory work a week. Laboratory fee, $3.00.

2. **Human Physiology**  
   *Two hours*

   A study of some vital phenomena occurring in man. Course 1 is a desirable antecedent.

3. **Personal Hygiene**  
   *Two hours*

   The care of the human body. This course must be preceded or accompanied by Course 2.

4. **Invertebrate Zoology**  
   *Four hours*

   Anatomy, physiology, behavior, and classification of animal representative of invertebrate groups. Economic forms are emphasized. Three recitations and three hours of laboratory work a week. Laboratory fee, $3.00.

5. **Introduction to Botany**  
   *Four hours*

   Anatomy, physiology, economics, breeding, and classification of seed plants. Three recitations and three hours of laboratory work a week. Laboratory fee, $3.00.

6. **Plant Morphology**  
   *Four hours*

   A comparative study of plant forms and life histories typical of large groups. This course offers a general systematic view of the plant kingdom. Three recitations and three hours of laboratory work a week. Laboratory fee, $3.00. Course 6 is prerequisite.

7. **Vertebrate Zoology**  
   *Four hours*

   Comparative anatomy and natural history of vertebrates. Evolution problems are emphasized. Three recitations and three hours of laboratory work a week. Laboratory fee, $3.00. Courses 1 and 5 are prerequisites; Course 2 is a desirable antecedent.

---

9. **Biological Problems**  
*Three hours*

History of biology, the nature of the individual, variation of organisms, evidences for evolution, and organic teleology. Lectures, assigned readings, recitations, and reports. Prerequisite: Course 1.

10. **Introduction to Embryology**  
*Three hours*

An elementary study of the development of vertebrate animals. Two recitations and three hours of laboratory work a week. Laboratory fee, $3.00.

12. **Teaching of Biology**  
*One hour*

The point of view, contents, and methods of teaching secondary school botany, zoology, and human physiology and hygiene. Prerequisites: all preceding courses in Organic Science.

13 and 14. **Laboratory Methods**  
*Two hours*

Collection, preparation, and preservation of laboratory materials. Maintenance of laboratory cultures. Microscopic technique: Killing, fixing, dehydrating, embedding, sectioning, staining, and mounting of microscopic preparations for botany, zoology, and physiology. Except in cases where special permission is obtained, this course must be accompanied by Course 12. Laboratory fee, $3.00. Three hours of laboratory work a week throughout the year.

15 and 16. **Special Zoology**  
*Three hours*

A more intensive study of biological problems selected to meet the needs of advanced students. One recitation a week during the first semester and three hours of laboratory work throughout the year. Laboratory fee, $3.00. This course cannot be elected at the same time with Courses 13 and 14.

All except Courses 1, 2, and 4 are open to Juniors and Seniors.

32. STUDIES IN CALVINISM
   Two hours

   After a brief introduction inquiring into the origin and nature of Calvinism, its influence upon the development of religion, education, society, politics, ethics and art as well as the proper application of its principles in these spheres is investigated. The course will consist of lectures, assigned readings, and essays.

34. METHODS OF TEACHING ARITHMETIC
   Three hours

   Both content and methods in arithmetic throughout the grades will be considered. The mathematics of the junior high school will receive major emphasis.

38. DRAWING
   Two hours

   Lederer and Smith’s Course in Drawing is used for practice and Sargent and Miller’s How Children Learn to Draw for theory.

GENERAL INFORMATION

Aim and Standpoint.—The Seminary is maintained
and supervised by the Christian Reformed Church, its
aim being both to make a scientific study of theology and
to prepare young men for the ministry. All instruction
given by the theological professors must be in harmony
with the standards of the Church,—the Reformed con-

fessional writings.

Opening.—The school-year of 1928-29 begins the first
week in September. On Wednesday, September 5, 1928,
all new students must present themselves for matricula-
tion. The formal opening of the Seminary occurs in
the afternoon of Thursday, September 6.

Admission.—Every person who wishes to matriculate
as a regular student of the Seminary must present the
following to the Faculty at its meeting held on Wednes-
day, September 5, 1928.

(1) A written testimonial from his consistory, showing that he
is a church member in full communion and in good stand-

ing.

(2) A testimonial from the Board of Trustees to the effect that
he has successfully passed the examination of the Board as
to his spiritual fitness for the ministry.

(3) A diploma or a statement of credits, showing that he is a
graduate of the Pre-Seminary Course of the Theological
School and Calvin College, or has completed a similar course
of study elsewhere. Those who cannot present a diploma
of the Pre-Seminary Course of the Theological School and Cal-

vin College are required to present a statement of their
college credits. Such credits must be in the hands of the
Registrar before August 1.

(4) In addition to this, students from schools other than Calvin
College must furnish proof that they have the two units of
High School German to their credit which are required for
admission to the Pre-Seminary Course of Calvin College.

Special Students.—Anyone not looking forward to
candidacy in the Christian Reformed Church and desirus
of taking either a full or a part time course in the
Seminary can be enrolled as a special student.

The following rules shall govern the cases of such
special students:

(1) For admission they shall present a certificate of good moral
character issued by some consistory, faculty, or other re-

sponsible body. If the applicant comes from some other
school he is also to present a statement of honorable
dismissal.

(2) As long as they are special students they shall not be eligible
for licensure in our churches.

(3) If at any time during their course of theological study they
should change their mind and decide to become candidates
for the ministry in the Christian Reformed Church, they
shall have to submit to the regular examination(s) for that
purpose before the Board of Trustees and shall not be able
to graduate unless they have met all the requirements both
of the pre-seminary and of the regular seminary course.

81
(4) They shall pay tuition at the rate required of those college students that are not studying for the ministry in the Christian Reformed Church, and they shall not be entitled to any refund if at any time during their seminar year they should decide to become candidates for the ministry in the Christian Reformed Church.

(5) Under the above conditions anyone can attend the classes of the Theological School but only those who satisfy the regular entrance requirements, or offer their academic equivalents, can receive credit for their work.

Registration.—All students of the Seminary are required to register at the office of the Institution on the opening day of the School and again at the beginning of the second semester, on the first day after the last examination. Tuition must be paid on the day of registration. Deferred payment can be granted by the Registrar only on that day for a period not exceeding one month. Students who fail to pay on the day of registration or on the date stipulated for them, will have to pay a fee of one dollar.

Tuition.—No matriculation fees are charged. The tuition is fifty dollars a year, to be paid in two instalments. It must be paid to the treasurer on the day of registration in September and January. For those living west of the Mississippi or east of the Ohio, tuition is only twenty-five dollars per year. Students from Montana, Wyoming, Colorado, New Mexico, and from points west of these states, have free tuition.

Examinations.—Written examinations are held at the close of both the first and the second semester. By a ruling of the Synod of 1920 the Theological Faculty decides on the promotion and graduation of Seminary students.

Th. B. Degree.—The Th. B. degree is conferred upon all students who successfully complete the regular three year course of theological study, subject, however, to the following conditions:

1. Only those who hold an A. B. degree are eligible.
2. A course counted as credit toward one degree cannot be so counted toward another degree.
3. An average standing of B- (B minus) must be maintained throughout the entire theological course.
4. Anyone who has had a condition or a failure in any subject shall not be eligible.
5. If a student has had one or two standing lower than D, it shall be in the discretion of the Faculty whether he is entitled to the degree or not.
6. All candidates for the Th. B. degree must successfully pass an oral examination before the entire Faculty sometime during the second semester of their senior year.

The diploma fee is ten dollars, to be paid before the final examinations are taken.

Graduation Diploma.—Anyone who successfully completes the regular three year course of theological study but does not satisfy the requirements for the Th. B. degree, is awarded a graduation diploma.

As in the case of the Th. B. diploma, the fee is ten dollars, and must be paid before the final examinations are taken.

Religious Culture.—Devotional exercises are held daily from 2:15 to 2:30, with either a faculty member or a student in charge.

Every student is visited at least once annually by one of the professors. Each professor shall consider those students who in any given year are assigned to him for a personal call as also entrusted to his personal interest and spiritual care throughout the current school year. Accordingly each student is requested to look upon his calling professor as his personal advisor for that year. The faculty members are ever ready to furnish whatever helpful guidance they can in this way.

Preaching of Students.—No student of the College or of the first year in Theology is permitted to preach. This privilege is granted under certain restrictions only to members of the second and third class in Theology. Students of the first class who desire this privilege must, at the end of the year, appear before the Board of Trustees to be examined for licensure. If they are not present for the examination, they shall not be permitted to preach in our churches until the following spring, after they have been examined by "Curatorium Contractum".

"Corps".—The students of the Seminary maintain an organization called "Corps", its aim being to promote fellowship, to cultivate Christian character, to foster scientific effort, and to stimulate beneficial discussion.

Prize Essay in Missions.—Through the courtesy of the Men's Bible Class of the Bethany Church at Muskegon a first prize of thirty dollars ($30.00) and a second prize of twenty dollars ($20.00) is offered annually for the two best essays on any missionary subject. Competition for these prizes is open to both college and seminary students. Essays must be handed in either to the college president or to Professor Volbeda, who are also ready to give further information regarding the conditions governing the awarding of this prize.

Information.—For further information apply to the Rector, Prof. Clarence Bouma, 925 Alexander St., SE., Grand Rapids, Michigan.

All correspondence pertaining to matters of admission and credits must be addressed to the Registrar, Prof. M. J. Wyngaarden, 1144 Chippewa Drive, SE., Grand Rapids, Michigan.
COURSES OF STUDY

OLD TESTAMENT

PROFESSOR WYNGAARDEN

Introduction to the Pentateuch and the Writings.—A general introduction to the canonical scriptures of the Old Testament is here given, taking up the canon and the text. The special introduction to the Pentateuch includes its contents, authorship, composition, history, purpose, inspiration and canonical significance. Special attention is given to the Pentateuchal Problem. The special introduction to the Hagiographa, or “Sacred Writings”, covers certain poetic books, including Psalms, Proverbs, Job; and the Five Rolls—Song of Songs, Ruth, Lamentations, Ecclesiastes, Esther, as well as the group, Daniel, Ezra, Nehemiah and Chronicles. Lectures: discussions; quizzes; collateral reading from Kuyper’s “Encyclopaedia of Sacred Theology”, on Canonic; Orr’s “The Problem of the Old Testament”; Raven’s “Old Testament Introduction”; and Kyle’s “The Problem of the Pentateuch, a New Solution by Archaeological Methods”.

For Juniors and Middlers. Two hours. Second Semester, 1928-29.

Introduction to the Prophets.—Lectures on prophecy, in general, as well as on the individual books; supplemented by collateral reading from Raven’s “Old Testament Introduction”; Orr’s “The Problem of the Old Testament”; and Aalders’ “De Profeten des Ouden Verband”.

Sacred History from Creation to Samuel.—The more important events, subjects and problems are considered from the standpoint of special revelation. Lectures: discussions; quizzes; collateral reading from Sillevis Smitt’s “Handboek der Heilige Geschiedenis”; and, especially for the Assyrian and Egyptian inscriptions that illuminate the history, Barton’s “Archaeology and the Bible”; and Noordtzij’s “Gods Woord en der Eeuwen Getuigenis”.

For Juniors and Middlers. Two hours. First Semester, 1928-29.

Sacred History from Saul to Malachi.—Lectures: discussions; quizzes; and collateral reading from Sillevis Smitt’s “Handboek der Heilige Geschiedenis”; Barton’s “Archaeology and the Bible”; and Noordtzij’s “Gods Woord en der Eeuwen Getuigenis”.

For Junior and Middlers. Two hours. First Semester, 1927-28.

O. T. Biblical Theology.—The point of view from which this course is given is that of the History of Revelation. Meanwhile an acquaintance is made with the manner in which Biblical Theology is treated when considered as the history of the religion of Israel. Lectures: discussions; quizzes; and collateral reading from Oehler’s “Old Testament Theology”, and Davidson’s “Old Testament Theology”.

For Seniors. Three hours. First Semester. Every year.

O. T. Exegesis.—Interpretation of selected sections of the Hebrew Old Testament. The course includes word studies, assigned to the students from the material to be exeged; a careful study of the original, and a synthetic interpretation. An exegetical essay, or some part of the Hebrew Old Testament is also assigned to each student. Throughout the course, emphasis is laid upon the application of strictly scientific methods in exegetical study.

For Middlers and Seniors. Two hours. Second Semester. Every year.

Hebrew I.—The first year is devoted to the careful study of Harper’s “Method and Manuel”, and the “Elements of Hebrew”, as revised by J. M. Powis Smith.

For Juniors. Three hours. Both Semesters. Given every year.

Hebrew—Exegesis II.—Davidson’s “Hebrew Grammar” is studied, and portions of the prophetic or historical books are read, for the purpose of acquiring a more extended vocabulary, and familiarity with the principles of syntax as they are illustrated in the text. Attention is given to some Old Testament passages to promote exegetical method.

For Middlers. Two hours. First Semester. Given every year.

Semitic Electives.—Any one of the following may be taken: Reading of Isaiah 40-66; Textual Criticism; Arabic; Aramaic; Assyrian; Hebrew Inscriptions.

Offered as electives. Credit of three semester hours.
Messianic Prophecies and Their Fulfilment.—One hour is devoted to the Messianic prophecies and one hour to their New Testament fulfilment. A thesis takes the place of the third hour of the course. This course is offered jointly by the professors of the New Testament and the Old Testament departments. Offered as elective. Credit of three semester hours.

Problems in O. T. Biblical Theology.—The Call-experience of the O. T. Prophets and Leaders; O. T. Psychology; Immortality in the O. T.; the Ethics of the O. T.; the Faith of the O. T. Saints; Imputation in the O. T.; the Servant of Jehovah in Isaiah; O. T. Eschatology. Offered as elective. Credit of three semester hours.

Problems of O. T. Introduction.—Opportunity is here given for a more specialized study of the Pentateuchal Problem; the Isaiaic Problem; and other themes. Offered as elective. Credit of three semester hours.

NEW TESTAMENT
PROFESSOR SCHULTZE

Introduction to the Historical Books of the New Testament.—A study of the contents, genuineness, integrity, characteristics, author, composition, and significance of the N. T. Historical books. Special study is made of the more important critical problems. Text, assigned reading, and lectures.

For Middlers and Juniors. Two hours. First Semester, 1928-'29.

Introduction to the Epistles of the N. T. and the Apocalypse.—A study of the various epistles of the N. T. and of the Revelation of John from the point of view of their contents, genuineness, integrity, characteristics, author, composition, and significance in the canon. Due attention is given to the critical questions to which N. T. scholarship has given rise. Text, collateral reading, and lectures.

For Middlers and Juniors. Two hours. Second Semester, 1928-'29.

Gospel History.—A discussion of the life and time of Jesus as they are presented in the Gospels. A general knowledge of the life of Christ is assumed. Special emphasis will be placed upon the problems associated with the Gospel History. Lectures, assigned reading, and discussions.

For Middlers and Juniors. Two hours. First Semester, 1927-'28.

Apostolic History.—This course deals with the founding and growth of the Christian Church as they are given to us in the Acts of the Apostles and in the N. T. Epistles. Questions of a critical character will be examined and discussed. Lectures, collateral reading, and discussions.

For Middlers and Juniors. Two hours. Second Semester, 1927-'28.

Biblical Hermeneutics.—A study of biblical interpretation from the viewpoint of its history, principles, methods, rules, and requisites. Selected Scripture passages are assigned for practice in applying special hermeneutical rules. Text and discussions.

For Juniors. Three hours. Second Semester. Given each year.

N. T. Exegesis I.—A course designed for those beginning the work of biblical interpretation. The central aim is the development of proper exegetical methods. Select passages are interpreted under direct supervision of the instructor. The Greek text is used.

For Middlers. Two hours. First Semester. Given each year.

N. T. Exegesis II.—This course assumes a working knowledge of hermeneutical methods. The interpretation of assigned portions of the Greek N. T. is required of the student. His methods and results are discussed in class with a view to developing greater proficiency.

For Seniors. Two hours. First Semester. Given each year.

N. T. Biblical Theology.—This course consists of a historical study of the theology of the various New Testament characters. Special stress is placed on the teachings of Jesus in the Synoptics and the 4th Gospel, of Paul in his Epistles and of John in the Johannine Literature. Text, lectures and discussions.

For Seniors. Three hours. Second Semester. Given each year.

The Period Between the O. and the N. Testaments.—A course dealing with the political, social, and religious
history of Israel from the exile to the advent. It is designed to give the student the background of the Gospels. Assigned reading, lectures and discussions.
Offered as elective. Credit of three semester hours.

HISTORICAL THEOLOGY
PROFESSOR KUIPER

Ancient Church History.—For all classes. Three hours. Given the First Semester, 1928-'29.

Medieval Church History.—For all classes. Three hours. Given the First Semester, 1929-'30.

Modern Church History.—For all classes. Three hours. Given the First Semester, 1927-'28.

General American Church History.—For Middlers. Two hours. Second Semester. Given every year.

Denominational American Church History: The Christian Reformed Church.—For Seniors. Two hours. Second Semester. Given every year.

History of Missions.—For Juniors. One hour. Second Semester. Given every year.

Christian Reformed Origins.—Offered as an elective. Credit of three semester hours.

In each of these courses it is aimed to cover the subject by way of lectures, the study of a prescribed textbook, assigned collateral reading, class papers and discussions, quizzes and tests.

For Juniors. Three hours. First Semester. Given every year.

Introduction to Dogmatics.—This course deals with the fundamental problems underlying Dogmatics, such as those of religion and theology, of revelation and inspiration, and of faith and its certainty. It serves as a preparation for the study of Dogmatics proper. Lectures, assigned reading, discussion and quizzes.

For Juniors. Three hours. Second Semester. Given every year.

Dogmatics.—The special aim of this course is to show how the various dogmas were derived from Scripture, to set forth their proper meaning, to defend them against error, and to bring out the relation in which they stand to one another as parts of a single system. The whole field is covered in two years. In 1927-'28 Theology, Anthropology, and Christology are studied. Lectures, and as collateral reading Bavinck's "Gereformeerde Dogmatiek."

For Seniors and Middlers. Three hours throughout the year.

Symbolics.—This course aims at a historical and doctrinal study of the symbolical writings of the most important churches, and particularly of those of the Reformed churches. Textbook, lectures, discussions, and assigned reading.
Offered as elective. Credit of three semester hours.

ETHICS AND APoloGETICS
PROFESSOR BOUMA

Theological Encyclopedia.—This course deals especially with the presuppositions, the distinctive character, and the object of theological science. In the attempt to answer the question what theology really is, the relation between philosophy and theology is discussed. The standpoint of faith and the recognition of a supernatural revelation as the rule of faith. The relations of reason and faith. The principles, methods, history, and literature of the various phases of theological study. Lectures, assigned reading, discussions and quizzes.

For Juniors. Three hours. Second Semester. Given every year.
Christian Theism.—This is a course in Fundamental Apologetics. Its aim is the vindication of the Christian theistic view of the world and of life over against the outstanding atheistic, pantheistic, and agnostic currents of present-day religious thought. Lectures, assigned reading, discussions and tests.

For Seniors and Middlers. Three hours. First Semester, 1928-29.

Applied Christian Ethics.—This course deals with the application of the Christian principles to life, especially to the outstanding social problems of our times. The decalogue in its modern application. The family; marriage and divorce; the position of woman. The state; internationalism; war and pacifism; freedom of speech. Crime and penology. Socialism and the labor problem. The race problem. The standpoint and approach in the discussion of these problems is throughout not that of sociology but that of Christian Ethics. Lectures, assigned reading, discussions, and papers.

The Ethnic Religions and Christianity.—This course in Comparative Religion (or, Elenctics) deals with the non-Christian religions and the problem these present to the intelligent adherent of Christianity. The Chinese religions, Buddhism, Hinduism, and Mohammedanism are studied, and the religion of Navaho and Zuni as well as that of the tribes of West Africa receive some attention. The standpoint of the finality of the Christian religion is maintained throughout and the implications of this position are discussed. The current evolutionary view of the origin and the development of all religions receives critical consideration in the light of the biblical view of the subject. Lectures, assigned reading, discussions, papers.

Polemics.—This course deals critically with the standpoint and principles of the various sects, denominations, and religious movements in present-day historic Christendom. The doctrinal and ethical implications of these various groups or movements are evaluated and criticized from the standpoint of biblical Christianity as interpreted in the principles of the Reformed Theology. The essence of Calvinism and the principles of the non-Calvinistic groups in the age of the Reformation. In connection with the historical denominations Modernism and Orthodoxy (Fundamentalism) are discussed. Such sects and movements as Mormonism, Christian Science, Theosophy, Anthroposophy, etc., receive due attention.

Offered as an elective. Credit of three semester hours.
