How to Address Correspondence

All correspondence should be sent to Calvin College, Grand Rapids, Michigan. In sending correspondence, the specific addresses given below should be used:

Requests for catalogs and for application blanks for admission to Calvin College should be addressed to the Registrar. Application blanks should be returned to the Office of Admissions.

Scholarship applications should be requested from the Chairman of the Scholarship Committee.

Transcripts of record at Calvin College are forwarded only upon request of the student himself, preferably in writing, and requests should be addressed to the Registrar.

For information concerning admission and graduation requirements, address the Office of Admissions.

Regarding boarding or rooming places for women and work for women students, address the Dean of Women.

Regarding boarding or rooming places for men, address the Dean of Men.

Regarding teaching positions after graduation, address the Placement Bureau.

Regarding alumni matters, address the Secretary of the Alumni Association.

All checks should be made payable to Calvin College. Correspondence concerning them should be sent to the Business Office.

For the purpose of integrating the work of the various departments within a division and the work of the division with the broader educational objectives of the school as a whole, the various courses and departments are grouped under four large divisions as follows:

1. Division of Bible, Philosophy, Education and Art, Physical Education, and Psychology — Dr. Bratt, *Chairman.*
   a. Department of Bible — Dr. Bratt, *Chairman.*
   b. Department of Philosophy — Dr. Jellema, *Chairman.*
   c. Department of Education and Art — Dr. Jaarsma, *Chairman.*
   d. Department of Physical Education — Dr. Steen, *Acting Chairman.*
   e. Department of Psychology — Dr. Dalin, *Chairman.*

2. Division of Language, Literature, and Arts —
   Dr. Radius, *Chairman.*
   a. Department of Classical Languages — Dr. Radius, *Chairman.*
   b. Department of English — Dr. Timmerman, *Chairman.*
   c. Department of Modern Languages — Dr. Fuidema, *Chairman.*
   d. Department of Music — Prof. Swets, *Chairman.*
   e. Department of Speech — Asst. Prof. Berghuis, *Acting Chairman.*

3. Division of Natural Science and Mathematics —
   Dr. Dirkse, *Chairman.*
   a. Department of Biology — Dr. Monsma, *Chairman.*
   b. Department of Chemistry and Physics — Dr. Dirkse, *Chairman.*
   c. Department of Engineering — Prof. Wassink, *Chairman.*
   d. Department of Mathematics — Assoc. Prof. Tufts, *Acting Chairman.*

4. Division of Social Science — Dr. Strikwerda, *Chairman.*
   a. Department of Economics and Sociology — Dr. Vanden Berg, *Chairman.*
   b. Department of History and Political Science — Dr. Strikwerda, *Chairman.*
The College

History

The year 1876 is commonly accepted as the birthdate of Calvin Seminary and Calvin College. It was in that year that the Synod of the Christian Reformed Church discontinued the tutorial system of instructing young men who felt called to the ministry of the gospel and appointed a full-time "Docent" or instructor. This Synod also adopted a six-year curriculum, the first four of which constituted the Literary Department and the last two the Theological Department. Humble indeed was the beginning, but an institution had been established, the Theological School of the Christian Reformed Church.

The lone instructor taught all subjects, both literary and theological, for several years before two additional members were added to the teaching staff. In 1894, Synod, in compliance with requests from its constituents, made two momentous decisions, momentous in those early years; first, it granted permission to admit to the Literary Department other than pre-theological students; secondly, it enlarged the faculty to five members, assigning the new appointees exclusively to the Literary Department. This Literary Department thus rapidly developed into an institution of the type of the preparatory schools or academies that had sprung up throughout the New England states in the early decades of the 19th century.

Although the doors had now been opened for the admission of other than theological students, for reasons now quite obvious none sought admission to the preparatory school. The curriculum of the Literary Department was heavily weighted with courses in languages, such as Dutch, German, Latin, Greek, and even Hebrew. Such a program did not appeal to the non-theological student. Consequently in 1900, the literary or preparatory course was liberalized and broadened, and students interested in teaching or preparing themselves for pre-professional courses in the universities soon began to fill the classrooms and lecture halls.

Although the early requirement for admission to the Theological Department was four years of preparatory training, it was realized that the future ministers of the church should have a broader intellectual and cultural background, and so a fifth and, by 1906, a sixth year had been added. In 1906, the Literary Department, now consisting of four years of preparatory and two years of college work, became known officially as the John Calvin Junior College. Four years later, in 1910, a seventh year was added and, by 1920, the Junior College had become a full-grown, four-year liberal arts college and had assumed the name, Calvin College. Its first president was appointed in 1919, and the Bachelor of Arts degree was first awarded in June, 1921. The college curriculum was broadened to meet the needs of the increasing number of young men
and women who sought permission to enroll as students. The faculty likewise was enlarged so that in this year of 1960 it has 98 full-time members. Graduates of Calvin are accepted at leading graduate and professional schools in the United States.

What had been the preparatory department was discontinued in 1921 when the last Freshman class was admitted. Those registered previous to this date were permitted to complete the four-year program, and thus, by 1925, only students of college level remained on campus.

The school which had started with seven students in 1894 grew slowly during the first three decades, but by 1915 had a student total of 300, including 239 in the Preparatory Department and 61 in the College. The following figures indicate the growth.

Between 1920 and 1940 the student body had increased fourfold. Then came the tidal wave of enrollments, so that today over 2,000 young men and women are taking advantage of the educational programs which Calvin offers.

Aim and Purpose

Calvin College is a church-related College, existing under the auspices of the Christian Reformed Church, a Protestant denomination which has adopted as its standards the Belgic Confession, the Heidelberg Catechism and the Canons or Dordt. The members of the faculty endorse and affirm the following statement which they acknowledge without reservations as a statement of their task and goal as Christian teachers:

"According to the constitution all instruction given must be in harmony with Reformed faith. The various branches of study, therefore, are considered from the standpoint of faith and in the light of Calvinism as a life and world view. The aim of the college is to give young people an education that is Christian, in the larger and deeper sense that all the
class work, all the students' intellectual, emotional, and imaginative activities shall be permeated with the spirit and teaching of Christianity."

Members of the faculty acknowledge and in all their teaching are guided by certain basic Christian principles, among which are the following:

a. "That all instruction at Calvin College must be under the absolute Lordship of the Christ."

b. "That the Bible, the infallible Word of God, is our rule and guide in faith and life, doctrine and conduct."

c. "That all thinking is determined by presuppositions and that all teaching at Calvin must be determined by the presuppositions of the Christian Faith as set forth in our Reformed standards."

The college admits to its student body young men and women who are affiliated with orthodox Protestant Christian churches. It seeks to develop in its students a sense of genuine personal piety, of personal integrity, and of social responsibility. It strives to emphasize that service to God and fellow man is possible and necessary in all professions and activities. It aims to maintain high standards of scholarship and ethical conduct, both in the faculty and student body, in the spirit of the ideals of its founders.

Control and Government

Calvin College is controlled by the Synod of the Christian Reformed Church through a Board of Trustees, consisting of both ministers and laymen, elected by the Synod. This Board meets in February and May of each year. An Executive Committee which meets monthly functions for the Board throughout the school year.

Accreditation

Calvin College is fully accredited by the North Central Association of Colleges and Secondary Schools, the regional accrediting agency of this area. It is on the approved list of the University of Michigan, the Department of Public Instruction of the State of Michigan, and the State Education Department of the State of New York. Courses completed at Calvin are accepted by other colleges and universities, and graduates of the college, in general, may expect admission to full graduate standing in standard universities. Calvin College is a member of the Association of American Colleges.

The Summer Program

The program of studies offered during the summer is planned to meet the needs of:

1. Teachers who wish to continue study toward the bachelor's degree.

2. Teachers who desire credits to meet certification requirements.
3. High school graduates who desire to begin college in the summer.

4. Discharged veterans and others who wish to speed up their program.

Credit earned during this session has the same value as credit earned during the year and is transferable to other institutions. The credits are expressed in semester hours.
ADMISSION

College Entrance Examination Board Scholastic Aptitude Test

All applicants for admission to the freshman class are required to take the Scholastic Aptitude Test of the College Entrance Examination Board. The fee for this test is $4 payable to the College Entrance Examination Board. As the name indicates, the Scholastic Aptitude Test is a test of the candidate's aptitude for college studies. It calls for no special preparation other than that which college-bound students receive in the regular classwork of their secondary school. During the academic year 1960-1961, the Scholastic Aptitude Test of the College Entrance Examination Board will be given on the following dates:

Saturday, December 3, 1960       Saturday, March 18, 1961
Saturday, January 14, 1961      Saturday, May 20, 1961
Saturday, February 4, 1961      Wednesday, August 9, 1961

Requiring this test will have the advantage of supplying the college with helpful and uniform counseling data on all entering students before they arrive on the campus at the beginning of the academic year to plan their program of freshman studies.

Applicants make all arrangements for taking the Scholastic Aptitude Test direct with the College Board authorities. Students who live in the Middle West, the South, or the East, should address their inquiries to the College Entrance Examination Board, Box 592, Princeton, New Jersey. Students living in New Mexico, Colorado, Wyoming, and Montana, and other states to the West, should address their inquiries to the College Entrance Examination Board, Box 27896, Los Angeles 27, California. Requests to take this test shall, in general, be received by the College Board four weeks in advance of the date on which the test is scheduled to be given.

Since the test scores form part of the data to be submitted at the time of application, it is desirable for the applicant to take the test early enough to enable the college to have the scores at the time his application is considered. To make this possible, the applicant should, if possible, arrange to take the test in December or January.

Applicants for scholarships must take the test in December or January in order to meet the Scholarship Committee deadline of April 1.

Application for Admission

Students seeking admission for the first semester must submit all of their application forms to the Office of Admissions by August 1. Those seeking admission for the second semester must submit all of their application forms by January 1. No application postmarked after these
dates will be processed unless accompanied by a ten-dollar late application fee. Since the applications must be made on the forms provided by the college, the applicant should send for these early. The forms referred to include:

- Application for admission
- Applicant's personal record
- Transcript of high school record
- Recommendation of pastor
- Health record
- Consistory recommendation (for pre-seminary students only)

One who intends to study for the ministry must present a recommendation from his consistory endorsing him for the ministry, in addition to the pastor's recommendation.

A student who withdraws from college and later wishes to re-enroll should make formal application on a re-admission form provided by the college.

**Freshman Standing**

Students will be admitted to Freshman standing by plan A, B, or C.

**Plan A**

1. The applicant for admission must submit a certificate from an accredited school.

2. Amount of work. This certificate must testify to the satisfactory completion of 15 units of work. By a unit of work is meant the equivalent of five recitations a week for 36 weeks in one branch of study.

3. Prescribed work. The 15 units required for admission must include four sequences, two major sequences and any two minor sequences, selected from the five groups listed below. A major sequence consists of a minimum of three units, a minor sequence of a minimum of two units.

**I. ENGLISH**

A major sequence of at least 3 units is required................................. 3

**II.** One major sequence (3 units) and two minor sequences (2 units each) are to be chosen from Groups A, B, C, D. Two sequences may be chosen from Group A but only one from Groups B, C, D...................... 7

**A. FOREIGN LANGUAGE GROUP**

A sequence consists of work in a single language, not in the combination of two languages. The foreign languages acceptable are: Greek, Latin, French, German, Spanish, and Dutch........................................ 0, 2, 3

Prospective college students are urged to submit two units of a foreign language for college admission.
B. MATHEMATICS-PHYSICS GROUP

A minor sequence in this group must include 1 unit of algebra and 1 unit of plane geometry. A major sequence is formed by adding to this minor sequence 1 or more units from the following:

<table>
<thead>
<tr>
<th>Subject</th>
<th>Units</th>
</tr>
</thead>
<tbody>
<tr>
<td>Adv. algebra</td>
<td>½ or 1 unit</td>
</tr>
<tr>
<td>Solid geometry</td>
<td>½ unit</td>
</tr>
<tr>
<td>Trigonometry</td>
<td>½ unit</td>
</tr>
<tr>
<td>Physics</td>
<td>1 unit</td>
</tr>
</tbody>
</table>

Prospective college students are urged to submit two units of mathematics for college admission.

C. NATURAL SCIENCE GROUP

Minimum requirements from above groups .............................................. 10

The remaining units required to make up the necessary 15 units required are elective from among the subjects listed above and such others as are usually counted toward graduation by the accredited school. The Dean, however, has the right to reject such credits as the institution considers undesirable. One unit of foreign language may be offered under this group .......................................................... 5

Total ......................................................................................... 15

Physics may not be counted in both of the Groups B and C as part of a sequence.

English history may be included under European history. World history may be included when accompanied by a second full year of history.

Students who plan to meet the Bachelor of Arts degree requirements would be wise not to omit more than one of the above groups in selecting sequences and should, if possible, complete one foreign language sequence in high school.

PLAN B. ADMISSION BY EXAMINATION. Applicants who are unable to furnish approved certificates, and who are therefore unable to meet the first requirement of Plan A, may be admitted if, by passing examinations satisfactorily, they can meet the other requirements of Plan A. This applies especially to applicants who have successfully completed the General Educational Development tests.

PLAN C. PROVISIONAL ADMISSION. An applicant for admission whether on Plan A or B, who meets all the requirements save that he fails by not more than one unit to satisfy the requirements either as to prescribed work or as to distribution of work, may be admitted provisionally. The deficiency must be removed before the end of the first year of residence. However, applicants are strongly urged to make up any deficiency during
Suggested High School Programs

STUDENTS who expect to pursue in Calvin College any one of the courses listed below are advised to submit for admission the following subjects, if possible:

1—For General A.B., A.B. in Education, Pre-Law, Pre-Nursing, and Pre-Medical Technology Courses:

- English 3 units
- Math. 2 units (Algebra and Geometry)
- Latin 2 units
- Science 2 units (Biology and Chemistry or Physics)
- History 2 units

Plus one additional unit in any of the last four subject areas to make a second major sequence of 3 units. To the total of the 12 units suggested above, four additional elective units may be added of any subjects ordinarily accepted for graduation from high school. (This total assumes that the student is required to complete 16 units for graduation.)

2—For Pre-Seminary course:

- English 3 units
- German 2 units
- Latin 2 units
- Math. 2 units (Algebra and Geometry)
- Science 2 units (Biology and Chemistry)
- History 2 units

Total suggested above: 13 units; Additional elective units: 3 units = 16 units.

3—For Pre-Medical and Pre-Engineering courses:

- English 3 units
- Latin 2 units (or another Foreign Language)
- History 2 units
- Science 3 units (Biology, Chemistry, Physics)
- Math. 3 units (Algebra 1½ units, Geometry 1 unit, Trig. ½ unit)

Total suggested above: 13 units; Additional elective units: 3 units = 16 units.

4—For Pre-Business Administration course:

- English 3 units
- History 2 units
- Latin 2 units (or another Foreign Language)
- Math. 3 units (Algebra 1½ units, Geometry 1 unit, Trig. ½ unit)
- Science 2 units (Biology, Chemistry)

Total suggested: 12 units; Additional elective units: 4 units = 16 units.

Also recommended in each of the above courses: Typing.
the summer preceding their enrollment as Freshmen. Attention is called to the course offerings of the Calvin College summer session.

**Admission of War Veterans**

Calvin College has been approved by the Veterans Administration as an institution of higher education for the training of discharged service men. A veteran who wishes to attend college should obtain Form 7-1990, Application for Program of Education and Training, from the nearest regional office of the Veterans Administration or from the College Registrar's office. Advice for completing this form will gladly be given by Calvin's Veterans' Counselor. Upon submitting this form to the Veterans Administration the veteran will receive a Certificate of Education and Training. This should be presented to the Registrar or his secretary at the time of registration.

For admission to college, veterans will be expected to submit all of the application blanks required of civilian students for admission. Veterans will receive credit, as recommended by the American Council on Education, for liberal arts courses taken through the USAFI and for correspondence courses taken from accredited universities.

**Admission of Foreign Students**

Calvin College was approved by the commissioner, Immigration and Naturalization Service, Washington, D.C., December 3, 1947, File Number 56182-720, as an institution of higher education for the training of immigrant students who are in the United States on student visas.

Foreign students, particularly in countries other than Canada, should begin making application for admission to college early in the spring. To prevent loss of time they should proceed as follows:

1. Write to the Dean or the Registrar of Calvin College, declaring their intention of seeking admission and requesting the necessary application blanks.

2. Return all blanks, properly filled in, to the College as soon as possible. This includes official transcripts of record of all high school or college preparatory training and such credits as were earned on the college or university level. Upon receipt of acceptance for admission from the Dean of the College, they should immediately make application with the American Consul in the area of their residence for passport and visa.

**Advanced Standing**

Advanced standing (in other words, college credit) is granted in the following cases:

1. When the applicant submits from an accredited college, junior college, or college of education, a certificate of honorable dismissal and
a transcript of the studies pursued. However, no applicant is allowed more than sixteen hours of credit for each semester of work taken at another recognized institution. No more than 70 semester hours of advanced credit will be allowed for work taken at an accredited junior college.

2. When the applicant, at the time of entrance, satisfactorily passes examinations in the subjects in which he desires advanced standing.

3. When the applicant submits from an accredited high school, in excess of sixteen units for admission, credits in subjects which are also taught in college; provided that for at least one semester he successfully continues work in these subjects at Calvin College. The limit of such college credit allowance is six hours.

4. When the applicant submits credits from an accredited high school for work done after graduation, provided these credits are in courses taught in both high school and college; the limit of such college credit allowance is six hours.

Admission to advanced standing does not excuse the student from meeting the specified requirements for graduation from Calvin College. For example, students entering as Sophomores in the General College course must, for graduation, earn 188 honor points; those entering as Juniors, 125 honor points; those entering as Seniors, 62 honor points.

All advanced standing is subject to revision at the end of the first year of residence.

Students expecting advanced standing for work done at other institutions should bring full credentials, and should at the time of entrance consult the Dean of the College.

Advanced credit up to nine semester hours will be allowed for courses taken by correspondence at accredited colleges or universities.

Exchange of Credits Between College and Seminary

1. A college student may, under the conditions stipulated below, be permitted to take courses for credit in the seminary. Under no circumstances, however, may the credit earned be applied toward fulfillment of degree requirements in the College if it is also used to meet degree requirements in the Seminary. In other words, the credit may not be counted toward degrees in both College and Seminary.

2. College students may be permitted to enroll in such seminary courses as the Seminary permits them to take and as the Dean of the College approves. Ordinarily, such courses may not be substituted for courses prescribed in the College to meet degree requirements, either the subject requirements prescribed in the catalog or the major and minor requirements prescribed by the several departments. The subjects must
be such as would ordinarily be accepted for credit by the head of the
department to whose field the subject would be regarded as belonging.

3. A student enrolled in the College may not take any work in the
Seminary for seminary credit without informing the college authorities.
No more than six seminary hours may be taken in any given semester.

4. A student enrolled in the Seminary may be given permission to
take courses in the College for seminary credit, that is, for credit to be
transferred to the Seminary, provided he has received the permission of
the Registrar of the Seminary, the Dean of the College, and the professor
whose course is involved.

Unclassified Students

Applicants for admission who are not candidates for graduation may
be enrolled for such studies as their preparation qualifies them to pursue
with profit. Such applicants should consult the Dean of the College
regarding arrangements.
STUDENT EXPENSES

Tuition Rates

The semester tuition rate, which includes a $5.50 organization fee, a $5 student center fee, a $2.50 health service fee, and laboratory fees, is $305.

For students who are members of a Christian Reformed Church, and thus contribute indirectly to the support of Calvin College, the tuition rate is determined on the basis of the postal zone (as calculated from Grand Rapids) or the Canadian province in which the student resides. The rate for the various categories:

Local Zone (within 10 miles of Calvin College Campus).................$235
Zones 1, 2, and 3 (extending up to 300 miles from Grand Rapids) 185
Zones 4 and 5 (from 300 to 1,000 miles from Grand Rapids)............. 155
Zones 6, 7, and 8 (more than 1,000 miles from Grand Rapids)........... 115
Manitoba, Ontario, and Quebec Provinces of Canada.................... 155
Alberta, British Columbia, and Saskatchewan Provinces................. 115

Special Provisions

1. If there are two or more students from a single family attending Calvin College, a reduction of $20 from the regular tuition rate shall be allowed for each such student.

2. If the student’s parents are not members of the Christian Reformed Church, the tuition is based on the zone in which the Christian Reformed Church of which the student is a member is located.

3. The residence of a married student is considered that of his former established home until he has resided in the local zone for two semesters.

4. Students taking in excess of 18 semester hours will be charged $12 for each such excess semester hour.

5. Students taking less than a normal load can elect to pay on the basis of a part-time rate. This rate is $23 for each semester hour, except that in the case of those who are members of the Christian Reformed Church it is $18 per semester hour. For those taking less than 10 semester hours of credit this charge does not cover the organization, student center, health service, or laboratory fees.

6. If a student discontinues before the end of the twelfth week of a semester, he shall be charged a pro-rata share for the portion of the semester completed. For the purpose of this computation, a partial week shall be treated as a full week. There will be no reduction in the semester rate for a student who discontinues after the end of the twelfth week.
The summer session tuition rate is $15 per semester hour. For students who are affiliated with the Christian Reformed Church and whose residence is in the State of Michigan, the fee is $13 per semester hour. For students who are affiliated with the Christian Reformed Church and whose residence is outside of the State of Michigan, the fee is $10 per semester hour. The fee for auditing is one-half of the respective hourly fee. A matriculation fee of $5 is charged for the first enrollment only.

Fees

*Late Application Fee* — A fee of $10 will be charged for late application. (See page 24.)

*Late Registration Fee* — A fee of $10 will be charged for late registration.

*Auditing Fee* — The fee for students who are not enrolled full time is one-half the regular hourly charge. (Also see page 51.)

*Chemistry Laboratory Breakage Fee* — The student is required to make a deposit at the time of registration, against which breakage of equipment will be charged.

*Directed Teaching Fee* — In addition to the regular tuition charge for credit hours received, a fee of $10 per semester is assessed for Directed Teaching.

*Individual Lessons Fee* — The fee for individual instruction in voice, piano, organ, and orchestral or band instruments is $45 per semester (15 lessons). The fee for use of the organ for practice is $15 per semester.

*Graduation Fee* — The general graduation fee, including diploma, is $10. The charge for a second diploma on the combined curriculum or similar program is $5.

*Transcript Fee* — Each student is entitled to one official transcript of his scholastic record at Calvin College without charge. For subsequent transcripts there is a charge of $1 additional. Copies requested at the same time are issued at a charge of 25 cents each. When additional credits have been earned, a free supplement will be sent upon request, to the same address as a previous transcript.

*Special Examination Fee* — A fee of $3 is charged for each special examination which is administered at the request of the Dean of the Faculty.

**Tuition and Fee Payment**

An amount equal to at least 25% of the total cost of tuition and fees for each semester must be paid at the time of registration. The balance of all tuition and fees should be paid by November 1 of the first semester and by March 15 of the second semester. Accounts not paid by these dates are subject to a $2 late payment fee.
CALVIN COLLEGE
AND SEMINARY
FOUNDED 1876
CLASS OF 1943.
Living Expenses
Living expenses, including board, room, rent, fuel, light, laundry, and textbooks are from $900 up per year.

HOUSING

Housing for Men
Some out-of-town men students are accommodated in the campus dormitory. Others are housed in private homes in the vicinity of the College. The cost per semester in the dormitory, including meals at the Commons, is about $350.

Men living in the dormitory need not furnish their own towels, sheets, pillow cases, or blankets. These will be furnished by the College.

The office of the Dean of Men keeps on file a list of approved rooming places in the community. The cost of these rooms ranges from $5 to $6 per week per person. Out-of-town men students must stay in the dormitory or in a home on the approved list. If the place at which they desire to stay is not on the approved list, they must obtain approval from the Dean of Men before renting the room. Rooming places may be selected during the summer or immediately upon arrival in Grand Rapids for registration. Dormitory application blanks may be obtained by writing to the Dean of Men.

Board for Men
A few of the homes offering lodging also offer to serve meals to men students. Men may also eat at the Commons where the cost for food is $210 per semester.

Housing and Board for Women
All out-of-town freshman women students must live in a school housing facility unless working for room and board or living with near relatives. Permission for the latter must be obtained from the Dean of Women.

The College operates eleven guild homes in the southeast section of the city. These provide housing for freshman women students. These homes are under the direct control of the Dean of Women and each is under the personal supervision of a housemother and student counselors. Each student works out part of her room and board. Net expenses per semester are about $120 for room and $210 per semester for meals. Application for admission to these homes should be made with the Dean of Women.

Women living in college residence halls need not furnish their own towels, sheets, pillow cases. These will be furnished by the College. Blankets must be furnished by the student.
Applicants accepted for admission to residence halls are expected to retain possession of their rooms for one year, and may not move to other living quarters without permission of the Dean of Women.

Admission to residence halls is regarded by the college authorities not as a right, but as a privilege which may be withheld or withdrawn from any student whose presence there may not be considered desirable.

For those women students who are unable to procure admission to a college residence hall, or who wish to live in a private home, the Office of the Dean of Women keeps on file a list of approved rooming places, and will do all in its power to obtain for the student the kind of place desired. A city such as Grand Rapids offers excellent opportunity for self-support, especially for young women who desire to work for their room and board. Since it has been found most desirable for students to discuss financial arrangements and other matters with their prospective landladies, the College will not make advance assignments to private homes. Upon arrival in Grand Rapids the student should report to the Dean of Women.

Apartments

A limited number of apartments is usually available for Juniors and Seniors who desire to do their own cooking. Permission to stay in an apartment must be obtained from the Dean of Men, for men, and from the Dean of Women, for women students. All apartments must be on the approved list. Freshmen are not permitted to stay in apartments.

Payment of Room and Board

All payments for rooms in the college housing facilities and for meals in the Commons are to be made in advance.

At least one-half of the room rent for each semester must be paid at the time of registration and the balance must be paid before the end of the eighth week of the semester.

Payments for meal tickets are to be made in advance and each advance payment must cover at least one quarter of the semester charge.

Payment for room and board in private homes is an arrangement between landlord and student. Students are expected to meet these obligations promptly and when complaints are received because of non-payment they will be handled by the Dean of Men or Dean of Women.

All rates quoted for room and board are approximations and are subject to change.

Each year Calvin College offers a scholarship, consisting of $150 per semester for two semesters to a member of the graduating class in each of the accredited Christian High Schools of America supported by our constituency, who is recommended thereto by the faculty of that school, in accordance with the following conditions:

1. (a) The Faculty of Calvin College will select and appoint the winner.
   
   (b) If, in the opinion of the Faculty of Calvin College, no suitable candidate is available, no award shall be made in that particular year.
   
   (c) The Faculty always reserves the right, for reasons of its own, to reject any candidate who may be recommended for this scholarship.

2. The recommendation shall be on the basis of scholarship, Christian character, personality, and promise of growth. Only students of high scholarship rank who may be expected to maintain a good record in college should be nominated by the high school faculty.

3. The recipient should expect to complete a three or four-year course at Calvin.

4. The recipient must have fulfilled regular college admission requirements.

5. The recipient should have been in residence at the high school from which he graduates for at least his junior and senior years.

6. Applications should be in the hands of the Chairman of the Scholarship Committee not later than April 1.

7. The applicant must take the College Entrance Examination Board Scholastic Aptitude Test in December or January to permit the College to receive the test scores no later than April 1.

Freshman Scholarship — Pre-Nursing Scholarship, Christian High School Graduates. Each year Calvin College offers a scholarship, consisting of $150 per semester for two semesters, to a member of a graduating class in one of the accredited Christian High Schools in the United States or Canada supported by our constituency, who is recommended thereto by the faculty of that school and who desires to enter the one-year pre-nursing course, in accordance with all of the conditions stipulated above under Freshman Scholarship — Christian High School Graduates, except number 3.
Freshman Scholarship — Public High School Graduates.

Calvin College offers a scholarship consisting of $150 per semester for two semesters to a member of the graduating class in each of five accredited public schools of the United States and two in Canada, provided:

1. The applicant is a member of the Christian Reformed Church.

2. The applicant can give evidence that he or she was unable, because of lack of opportunity, to attend a Christian high school. Reasons for not attending a Christian high school should be explained.

3. The applicant is recommended for the scholarship by the faculty of the high school in accordance with the same conditions as are listed above under Freshman Scholarship—Christian High School Graduates.

4. Applications should be in the hands of the Chairman of the Scholarship Committee not later than April 1.

Each year Calvin College offers a scholarship, consisting of $150 per semester for two semesters, to a member of the graduating class of an accredited public high school in the United States or Canada who desires to enter the one-year pre-nursing course, provided the applicant meets all of the conditions stipulated above under Freshman Scholarship — Public High School Graduates.

Freshman Scholarship — Certificate of Merit award winners.

Calvin College offers a scholarship of $150 per semester for two semesters to each high school graduate who wins a National Merit Scholarship Corporation Certificate of Merit. The winner of such an award who seeks to qualify for the scholarship must notify the Chairman of the Scholarship Committee no later than April 1 of the year in which he is applying for admission that he has received the award.

The scholarship is awarded only provided:

1. The applicant fulfills the regular college admission requirements.

2. The applicant expects to complete a three or four-year course at Calvin.

3. The applicant is recommended for the scholarship by his high school principal or by his pastor if he is not a graduate of a Christian high school.

4. The applicant is a member of the Christian Reformed Church.
General Motors Scholarship — Calvin College has been allocated one scholarship, to be awarded each year under the General Motors College Scholarship Plan. This award is intended for a high school graduate who is seeking admission to Calvin College. The applicant is expected to have outstanding talents, and primary consideration in the award will be given to scholarship, Christian character, personality, and promise of growth. In selecting a candidate for this award the College will apply such standards relating to scholarship and all-round ability as it believes to be in keeping with the objective of the General Motors Plan.

High School graduates who fulfill all requirements for admission and who consider themselves eligible for this award should write for application blanks. Applications should be in the hands of the Chairman of the Scholarship Committee on or before April 1.

Junior Scholarship — Calvin College Sophomores

Each year Calvin College offers a scholarship consisting of $150 per semester for two semesters to each of two members of the sophomore class of Calvin College who have been recommended thereto by the Faculty of Calvin College, in accordance with the following conditions:

1. (a) The Faculty of Calvin College will select and appoint the winners.

(b) If, in the opinion of the Faculty, no suitable candidate is available, no award will be made in that particular year; or, if only one suitable candidate is available, only one award will be made.

(c) The Faculty always reserves the right, for reasons of its own, to reject any candidate who may be recommended for this scholarship.

2. The recommendation shall be on the basis of scholarship, Christian character, personality, and promise of growth. Only students of high scholarship rank who may be expected to maintain a good record in senior college should be nominated.

3. The recipients should expect to complete a four-year course at Calvin College.

4. The recipients should have been in residence for both the Freshman and Sophomore years at Calvin College.

5. Applications should be in the hands of the Chairman of the Scholarship Committee not later than April 1.

Dordt and Trinity Colleges Scholarship — Junior College Graduates.

Each year Calvin College offers a scholarship consisting of $150 per semester for two semesters to a member of the sophomore class in both Dordt College of Sioux Center, Iowa, and Trinity College of
Chicago, Illinois, who is recommended thereto by the faculty of his College, in accordance with the following conditions:

1. (a) The Faculty of Calvin College will select and appoint the winner.

   (b) If, in the opinion of the Faculty of Calvin College, no suitable candidate is available, no award will be made in that particular year.

   (c) The Faculty of Calvin College reserves the right, for reasons of its own, to reject any candidate who may be recommended for this scholarship.

2. The recommendation shall be on the basis of scholarship, Christian character, personality, and promise of growth. Only students of high scholarship rank who may be expected to maintain a good record in senior college should be nominated by the Junior College Faculty.

3. The recipient should expect to complete a four-year course at Calvin College.

4. The recipient should have been in residence at the junior college by which he was recommended, for both the Freshman and Sophomore years.

5. Applications should be in the hands of the Chairman of the Scholarship Committee not later than April 1.

**Standard Oil Foundation Scholarship** — The Standard Oil Foundation provides Calvin College with a scholarship of $1,000, one-half to be used as a stipend for a student of chemistry, and one-half to be used as an award to the Department of Chemistry. The stipend is to be given to an outstanding senior who (a) expects to undertake graduate work in chemistry or chemical engineering, and (b) has the ability, initiative, and personality to contribute to chemical science or technology in coming years. The award may be used for equipment or books, or in other ways that will help attract and train promising chemistry students. The College is to select the recipient of the stipend.

**The Johnson Foundation Scholarship** — The Johnson Foundation, established by S. C. Johnson & Son, Inc. of Racine, Wisconsin, has presented to Calvin College the sum of $1,000 to provide support for undergraduate students majoring in chemistry. The scholarship consists of a grant of $500 a year for each of two years. Decisions relating to the award, such as selection of the winner, the class year of the student and other eligibility rules shall be determined by the faculty members of the department of Chemistry.

**Detroit Edison Company Scholarship** — The Detroit Edison Company offers a scholarship of $300 annually to be awarded to a high school graduate whose residence is in the area served by the Detroit
Edison Company. The scholarship is awarded on the basis of scholastic record, character and personality, citizenship, extra-curricular activity, seriousness of purpose, and financial need.

Application blanks may be obtained from the Chairman of the Scholarship Committee of Calvin College on or before April 1.

Consumers Power Company Scholarship — The Consumers Power Company offers a scholarship of $300 annually to an entering Freshman. The scholarship is good for any course of study selected by the student, but the recipient must live in a Michigan area served by the Consumers Power Company. The winner is to be selected by officials of Calvin College, and applications may be made with the Chairman of the Scholarship Committee on or before April 1.

Dow-Employee Scholarship Fund — The Dow-Employee Scholarship Fund provides Calvin College with an annual scholarship grant to cover an amount approximately equal to the institutional cost of educating the student in the year immediately preceding the year in which the grant is given. The grant will cover the student’s tuition as well as the additional cost to the school.

The stipend is to be given preferably to an outstanding science or engineering major in his junior year, or to a major in another department, if the College so elects, for use in his senior year. The recipient must have the ability, initiative, and personality to contribute to his field in coming years. The recipient is to be selected by the Scholarship Committee of the College, on the recommendation of the Department concerned.

Classis Muskegon Young Calvinist Alliance Scholarship — The Young Calvinist Alliance of Classis Muskegon of the Christian Reformed Church offers a scholarship or grant-in-aid of $300, to a Christian or public high graduate who is or was a member of the Alliance, for study at Calvin College. The award is given to a prospective Freshman or to a current undergraduate student. It is renewable for one year. Applications are received by the Executive Committee of the Young Calvinist Alliance and a nomination of two or three is presented to the Delegate Board, which in turn selects one for the award.

Regulations:

1. The recipient must be a member of the Christian Reformed Church and a member or former member of the Muskegon Young Calvinist Alliance.

2. If in the opinion of the Executive Committee of the Alliance no suitable candidate is available, no award will be made that year.
3. Selection is made on the basis of Christian character and life, loyalty to the church and societies, financial need, intellectual ability, and leadership.

4. A Freshman receiving this scholarship or grant-in-aid must have fulfilled regular college admission requirements.

5. Application for this scholarship must be made by March 1. The applicant should inform the pastor of his church of his interest. Application forms will be forwarded to him.

6. This scholarship or grant-in-aid may be for either Freshmen or upper classmen.

7. The recipient of this scholarship should expect to complete his course at Calvin College.

George M. Pullman Educational Foundation — The George M. Pullman Educational Foundation awards each year a number of scholarships to college students with financial need. Applicants should be residents of Cook County, Illinois. Non-residents of Cook County, Illinois, are eligible for consideration only if they are sons or daughters of employees of the Pullman-Standard Car Manufacturing Company or of The Pullman Company.

Applications are accepted from entering Freshmen and from current undergraduate students. The application deadline for entering Freshmen is March 1. The application deadline for current undergraduate students is April 15. Inquiries should be addressed to Mr. Graham R. Taylor, Educational Director, George M. Pullman Educational Foundation, 168 North Michigan Avenue, Chicago 1, Illinois. High school seniors should also obtain information about application procedures from high school placement officials. The National Merit Scholarship Qualifying Test or the College Board Scholastic Aptitude Test is required of prospective freshman candidates. Arrangements to take either of these tests must normally be made well before March 1 of the senior year of high school.

Alumni College - Faculty Memorial Award — The Alumni Association annually offers a scholarship in memory of deceased College Faculty members. The stipend is $100 and is to be applied toward tuition. A Sophomore who in his freshman year has shown himself deserving is selected for this award by the executive committee of the Alumni Association. The conditions are as follows:

1. The recommendation shall be on the basis of scholarship, Christian character, personality, and promise of growth.

2. The recipient should expect to complete his college work at Calvin College.
3. If, in the opinion of the Faculty, no suitable candidate is available, no award shall be made in that particular year.

**Summer School Scholarship** — Eleven scholarships in the amount of $200 each, one for each National Union of Christian Schools district, will be available to Christian school teachers for undergraduate study at Calvin College during the summer of 1961. The National Union and Calvin College each contribute $1,100 for this undergraduate program. The cash awards must be used for payment of tuition and other expenses involved in work for personal and professional enrichment, work toward the validation of a teaching certificate or toward a degree at Calvin College.

To be eligible for a scholarship the teacher:
1. Must have completed three years of successful teaching in the Christian schools.
2. Must be able to produce satisfactory evidence of possessing:
   a. Ability to pursue academic work successfully.
   b. Qualities of personality, character, and conviction that are assets to a Christian teacher.
   c. Loyalty to the Reformed faith.
   d. Superior teaching ability.
3. Must agree to serve a National Union member school at least one year after using a scholarship.
4. Must submit a statement of 250 words or less on the reason(s) for applying for a scholarship.

For details and applications for these scholarships, write directly to the Director of Scholarships, National Union of Christian Schools, 865 - 28th Street, S.E., Grand Rapids, Michigan.

**Application must be made by February 1.**

**Young Calvinist Federation Oratorical Contest Tuition Awards** — The Bergsma Brothers Foundation of Grand Rapids, Michigan, grants tuition awards to two contestants in the National Oratorical Contest held at the Annual Convention of the Young Calvinist Federation.

Each “first place” of the young men’s and the young women’s contest receives a two-semester tuition award.

Contestants must be members of a Young Calvinist Society which is affiliated with the Young Calvinist Federation. He must participate in League and District run-offs as specified in the regulations. In case the winner is not eligible to enter college, the award is kept in trust up to three years. Schooling of contestants may not exceed High School. If the first place winner does not plan to enter Calvin College, the award is granted to the next ranking contestant. Send for complete details to The Young Calvinist Federation, 2365 Nelson Avenue, S.E., Grand Rapids, Michigan.
Oratorio Society Tuition Awards in Music — Five College tuition awards of $200 each are presented by the Calvin College Oratorio Society. These awards are limited to four instrumentalists and one vocalist, who can meet College admission requirements, and have records of superior achievement in high school music activities. Recipients must maintain a C average for both semesters and will be expected to participate in the scheduled rehearsals and performances of at least one of the following: Calvin College Band, Orchestra, and Chamber Music Ensembles, or Choir.

Applications for these awards should be made with the Chairman of the Music Department, on or before August 1.

Vander Heide Voice Award — One tuition award of $200 is offered annually by Mr. and Mrs. Jan Vander Heide to a vocalist who can meet College admission requirements, and who has a record of superior achievement in high school music activities. The recipient will be expected to participate in the scheduled rehearsals and performances of at least one choral ensemble, and to maintain at least a C average for the first semester. Only Freshmen are eligible. Applicants will be judged on the basis of evidence of talent and financial need. Applications for this award should be made with the Chairman of the Music Department on or before August 1.

The Beets Calvinism Prize — The late Dr. and Mrs. Henry Beets presented the College with $500, the income of which is to constitute a prize for the best essay or term paper on Calvinism, in any of its bearings, written each year by Calvin College students. The prize will be awarded at the discretion of the professor holding the chair of Calvinism, in consultation with the President of Calvin College, provided that if during any given year the professor named above does not consider the essays or papers submitted of sufficient merit to deserve the prize, the interest of such a year, or years, be added to the principal.

Broodman Oratorical Awards — Through the generosity of the Dr. G. J. Broodman family of Grand Rapids, Michigan, gold, silver, and bronze medals are given annually to the winners of the first, second, and third places, respectively, in a men's oratorical contest. These awards are presented in memory of the late Dr. G. J. Broodman. The first-place winner represents Calvin in the State Oratorical Contest of the Michigan Intercollegiate Speech League held in March of each year.

Thespian Oratorical Awards — The Thespians, dramatics club of Calvin College, offers three awards in oratory for women, of $15, $10 and $5.

The first award winner represents Calvin in the state oratorical contest of the Michigan Intercollegiate Speech League held in March of each year.
The Rinck Memorial Award — A fund of $1,000 has been subscribed by former students and friends of the late William Rinck, Professor of Mathematics at Calvin College, 1905 to 1920, the income of which is to be devoted to a prize in mathematics. The prize is awarded annually to the student who has done the best work in college algebra, analytical geometry, and calculus, provided the grade in each of these courses is at least “B.”

Anna Bruinsma Prize in Music — The interest on $750, given by Mr. H. J. Bruinsma of Grand Rapids in honor of his deceased wife, one of Calvin’s alumnae, is to be used in the department of music, two-thirds of it serving as first, and the remaining third as second prize.

Jewish Evangelization Prize — Dr. and Mrs. William J. Yonker, for the year 1960-61 offer a prize of $50 for the best essay and a prize of $15 for the second best essay on a subject bearing on the Evangelization of the Jews. The contest is open to all College students.

The William B. Eerdmans Literary Awards — Mr. William B. Eerdmans, Sr., in the interest of encouraging originally expressive writing among Calvin students, has established the William B. Eerdmans Literary Awards.

Under the terms of the foundation three awards

1st: $35  2nd: $25  3rd: $15

will be made for the three pieces judged best among the contributions to each issue of the Calvin College Student Literary Review published in any given year. Any type of original writing submitted to the Review is eligible for an award, whether it be poetry, fiction, or essay, creative or critical, seriously reflective or delightfully amusing.

Zondervan Peace Oratorical Awards — Through the generosity of the Zondervan Publishing Company of Grand Rapids, Michigan, credit vouchers for the purchase of books are awarded annually to the first, second, and third place winners in both the men’s and the women’s divisions of the Peace Oratorical Contest. In each division the winners of the first, second, and third places are awarded credit vouchers of $25, $10, and $5, respectively. The first place winners of each division represent Calvin at the annual State of Michigan Peace Oratorical Contest.

Berghuis Forensic Awards — Students who represent the College in State oratory, extemporaneous speaking, and interpretative reading contests, and students who represent the College in the State debate tournament are eligible for the Berghuis Forensic Awards. These awards are made in the following manner: for the first year’s participation, a silver pin; for the second, a silver pin exchanged for a gold pin; for the
third, a ruby is added; for the fourth, two pearls are attached; for the fifth, a diamond is added. If any student represents the College in two activities in one year, he is credited with two awards. These awards are made possible through the generosity of Mr. and Mrs. J. P. Berghuis of Prinsburg, Minnesota.

**Baker Extemporaneous Speaking Awards** — Through the generosity of the Baker Book House of Grand Rapids, Michigan, credit vouchers for the purchase of books are awarded annually to the first, second, and third place winners in both the men's and women's divisions of the Extemporaneous Speaking Contest. In each division the winners of first, second, and third places are awarded credit vouchers of $25, $10, and $5 respectively. The first place winners of each division represent Calvin at the annual State Extemporaneous Speaking Contest.

**Monsma Debate Award** — Each year Mr. and Mrs. John W. Monsma, Jr., offer an award of $100 to an outstanding Calvin College debater. The award is given on the basis of the student's ability as a debater, his academic record, his character and personality, and his financial need. The Speech Department will select the nominee and present its recommendation to the Scholarship Committee.

**Drama Interpretative Reading Awards** — An anonymous donor annually presents the Speech Department with $100 to be used as awards in the areas of drama and interpretative reading. This enables the Speech Department each year to make the following awards:

1. A $25 award to a Senior student who has done outstanding work in acting in Thespian productions.
2. A $25 award to a Senior student who has made valuable contributions in the areas of the technical aspects of Thespian productions.
3. $15 awards to each of the two students selected to represent Calvin College at the League Division of the Annual Interpretative Reading Festival of the Michigan Intercollegiate Speech League.
4. $10 awards to each of the two students selected to represent our College at the Junior Division of the Annual Interpretative Reading Festival.

**Awards for Continuing Graduate and Seminary Study**

**Available through and at Calvin College**

**The Keeler Fund Engineering Scholarships** — The Keeler Fund of Grand Rapids is presenting $1,500 for three $500 scholarships, to be awarded to students who have graduated from the three-year Pre-Engineering Course at Calvin College and who have been admitted to the University of Michigan School of Engineering with the purpose of satis-
ifying requirements for an engineering degree. Selection of the winners shall be on the basis of scholarship, Christian character, personality, promise of growth, and need. A winner selected by the committee shall receive $500 at the beginning of the first year at the School of Engineering.

Students who are interested should fill in the required application blank in the office. Applications will be received up to and including April 1. These scholarships are not offered annually, but at the discretion of the Keeler Fund Trustees.

Dr. Harry Kok Memorial Scholarship — The late Dr. Harry Kok, in his Last Will and Testament, bequeathed to Calvin College certain assets to be used for a scholarship award, made annually to a pre-medical student. The award shall normally be made to a graduate of the four-year pre-medical course. The candidate need not necessarily be a graduate of the pre-medical course in the year in which the award is granted.

"Out of the income received from said property there shall be paid, each year for fifteen (15) consecutive years, [beginning September, 1952] a scholarship of $400 to such male student who has taken his pre-medical work at CALVIN COLLEGE AND SEMINARY and shall be selected by the Board of Trustees thereof, said payment to be made to him upon his matriculation at an accredited medical college which awards the degree of Doctor of Medicine."

Students interested should apply with the Chairman of the Scholarship Committee before April 1. Final award need not necessarily be limited to the student who has made formal application.

Calvin Seminary Scholarship — Calvin Seminary, under the authority of the Board of Trustees of Calvin College and Seminary, offers a scholarship consisting of $500 to a member of the graduating class of Calvin College. The award will be made to a student who plans to enter the ministry in the Christian Reformed Church in the fall of the year immediately following his graduation.

Applications should be in the hands of the Chairman of the Scholarship Committee on or before April 1.

The Dewey and Hattie Battjes Foundation Scholarship—Mrs. Dewey Battjes and her children, through the Battjes Foundation, have offered to award a scholarship, in the year 1961-1962, to a student entering Calvin Seminary. To receive consideration, a student must have been in residence in Calvin College as a pre-seminary student for not less than the last three years preceding graduation, though exception may be made for a Calvin College graduate who has spent his first two years in a Christian Junior College supported by our own Christian Reformed constituency.
Pre-seminary Seniors should not apply directly for this award, since selection of the recipient shall be made by the Scholarship Committee of the College from the list of eligible Seniors. Approval of the committee's choice must be given, however, by the College faculty, the Seminary faculty, and the Board of Trustees or its Executive Committee.

University of Michigan State Colleges Fellowship — By action of the Board of Regents, each of the faculties of the accredited Colleges of the State of Michigan is authorized to nominate annually to the Executive Board of the Graduate School some member of the graduating class, or some one of its graduates of not more than four years' standing, as a suitable candidate for a State College Fellowship. In each case an alternate may be nominated. All nominations are sent by the College to the Dean of the Graduate School not later than February 15 preceding the academic year for which the recommendation is made; accompanying each should be an official record of the candidate's undergraduate work and three letters of recommendation. The stipend is $1,600 for two semesters of full-time work.

Students wishing to make application for this fellowship should consult the Chairman of the Scholarship Committee of Calvin College not later than January 15.

Fulbright Scholarship — Awards under the Fulbright Act are a part of the educational exchange program of the Department of State. The objectives of this program are to promote better understanding of the United States abroad, and to increase mutual understanding between the people of the United States and the people of other countries. Eligibility requirements:

1. United States citizenship.
2. A college degree or its equivalent at the time the award is to be taken up.
3. Knowledge of the language of the country sufficient to carry on the proposed study.
4. Good health.

Students interested should confer with the College Fulbright Adviser.
STUDENT AID SERVICE

Student Loan Fund

Students in need of financial assistance to meet tuition, room, or board obligations may apply at the Dean of Men's Office for a student loan. The following types of loans are available:

A. Emergency Loans for amounts up to $50, available from the Dean of Women or the Dean of Men.

B. Short-term Loans, with repayment during the following summer.

For further information regarding "B" or "C," contact the Dean of Men.

Placement Bureau

The Placement Bureau was established some years ago for the purpose of assisting prospective teachers, graduates of Calvin College, in securing teaching positions. This bureau keeps on file a list, both of vacancies in the teaching forces in our Christian Schools throughout the country, and of graduates who desire to teach. All correspondence for the Bureau should be addressed to: Placement Bureau, Calvin College. There is no charge for these services.

Student Employment Service

A Student Employment Service is operated under the supervision of the Dean of Men's Office. Students desiring part-time employment may fill in application cards with this service at the time of registration or at the Employment Office, 2nd floor of Seminary Building, any time during the semester. This office has on file the names of business firms and individuals who are interested in employing students on a part-time basis.

Student Health Insurance

There is available to all students a Group Accident and Sickness Expense Protection Plan. The premium cost, only $14.50 for twelve months, is extremely low considering the coverage that is provided under the plan. A family plan is also available. Although participation is voluntary, the College Administration strongly urges all students not covered by a medical plan to participate. Detailed information is available at the Business Office.
ADMINISTRATION

Religious Culture
In accord with its specific aim and with its belief that this aim cannot be attained unless the religious side of the student's life receives due attention, the College makes religious instruction, either doctrinal or historical, compulsory for all classes of students. Ten hours of such religious instruction must be taken during the four college years in accordance with a set program.

Devotional exercises are held daily, including Saturday. All students are required to attend devotional exercises at times assigned to them.

It is understood, too, that on the Sabbath every student worships regularly at some church of his own selection.

Students attending Calvin College and Seminary who are too far from home to attend services there are expected to transfer their membership to a local church of their own choice; or retain their membership with their home church, but place themselves under the temporary care of one of our Grand Rapids churches. The latter can be done by means of student certificates supplied by the student's own consistory. Either plan must be effected during the first eight weeks of school.

As often as is deemed necessary during the course of the college year faculty counselors have consultations with each student, the aim being to offer, in addition to academic counseling, such help in the moral and spiritual life as the student may need.

The Christian Reformed Church, which sponsors Calvin College, is eager to have its students live the full Christian life—a life dedicated to the glory of God and to the service of our Lord Jesus Christ. It is deeply grieved when they fall short of the high expectations held for them.

The Faculty of Calvin College has been instructed by the Synod (1940) “to deal in the spirit of love, yet also, in view of the strong tide of worldliness which is threatening our churches, very firmly with all cases of misconduct and offensive conduct in the matter of amusements, particularly theater-attendance, card-playing, and dancing, and to discipline and finally expel all students who refuse to heed the admonition of the school authorities in this matter.”

The Hekman Memorial Library
The library contains more than 100,000 volumes, to which about 7,000 are added yearly. More than 800 different periodicals are received. The recently enlarged building and Annex provides seating for some 300 students. The library houses the Cayvan Collection of 8,500 phonograph records. The library is open from 7:45 a.m. to 9:30 p.m., Monday through
Friday, and from 7:45 a.m. to 5:00 p.m. on Saturday, during the school year. Vacation hours are from 8:00 a.m. to 5:00 p.m., Monday through Friday.

**Required Physical Education**

Physical education is a requirement for all freshman and sophomore students. Freshman men meet twice a week; all others once a week. Attendance at all classes is required and exemptions from this requirement are permitted only upon the written request of the campus nurse or upon the written consent of the Dean of the College. Failure to meet the physical education requirement will result in withholding of a transcript and the diploma.

Returning veterans who have had not less than 24 months of military training may be excused from taking physical education. Those who have had six months' training will be required to meet freshman-sophomore requirements.

While no academic credit is given for this work, semester grades "Cr." (Credit) or "N.C." (No credit) will be given, based on the student’s skills, knowledge, attitude, and attendance.

**Health Center**

The College provides limited health and medical service for all students. The fee for this service is incorporated in the tuition charge. The Health Center is located on the ground floor of the Dormitory Building. Its facilities consist of examination room, dispensary, men's sick bay, and women's sick bay. The health service is staffed by the Campus Nurse and by the Campus Physicians. The former is on full-time duty; the latter will schedule consultation hours each morning. The service is limited to out-patient treatment. All serious medical problems will be referred to the student's family physician (in the case of in-town students) or to a physician of the student's own choice.

**College Year**

The school year of 36 weeks is divided into two semesters of 18 weeks each. Summer sessions of six and eight weeks are offered each summer.

Two vacations are given during the year: a vacation of two weeks at the Christmas holidays, and a spring vacation of one week. Students are required to remain on duty until the last school exercise preceding a vacation is completed, and to be present at the hour of opening, after a vacation.

**Grades and Honor Points**

Report cards are sent out at the end of each semester. In grading the work of students during the years previous to September 1,
1957, the following honor points were assigned to the various grades:

<table>
<thead>
<tr>

To meet graduation requirements the student must satisfactorily complete 125 hours of credit and must have earned a “C” average on the total number of hours for which he was registered. Honor points are computed on the basis of registered hours.

It will be observed that the grade of E, “condition,” has been eliminated.

For a course marked F a student can receive credit only by satisfactorily repeating the course.

If a student is absent from a final examination the grade X will be given. This grade must be removed by taking the examination at the time scheduled for re-examination. If the examination is not taken within one year, the grade X automatically becomes F.

Incomplete

The grade I signifies the absence of a certain amount of reading to be completed, or of papers to be handed in. This grade is given only in cases of prolonged illness and in emergencies, i.e., in circumstances which may reasonably prevent a student from completing his work on time, such as directed teaching, inability to obtain necessary books, etc. To remove a grade of I or X the student must secure credit for the course by satisfying the instructor within one year. Responsibility for securing such credit and for obtaining from the instructor concerned a signed removal slip, without which no change is made in the Registrar’s entries, and for presenting such removal slip to the Registrar, lies with the student.
Should a student fail to remove the grade of I or X within the allotted time, the grade automatically becomes F.

Seniors must have all incompletes removed by May 1 of the year in which they expect to graduate.

When the record of a student suggests doubt as to his fitness to do more advanced work in a particular department, his case is determined jointly by the Dean of the College and the instructor concerned.

Examinations and Written Work

Regular examinations, in writing, are held at the close of each semester. In addition, tests and written recitations are given frequently during the year, with or without previous notice, at the option of the instructor.

Term papers and book reports (not including weekly or bi-weekly assignments) shall be in three weeks before the final examinations.

Any student found guilty of dishonesty in any examination or test or required written work of any character will be graded F in the course, besides being subject to discipline.

Latest Date of Registration

No student will be permitted to enroll after the first week of classes without the permission of the Dean of the Faculty and the Registrar.

Schedule Changes

No schedule changes will be permitted after the second week in any semester.

Dropping and Changing of Courses

After the second week of classes no student may drop or add a subject without the approval of his faculty counselor and the Dean of the faculty. Such permission will be granted only in exceptional cases after November 1 of the first semester and after March 15 of the second semester.

Auditing a Course

To audit a course a student must meet the requirements for admission to Calvin College. There is no additional charge for full-time students. The fee for students who are not enrolled full time will be one-half of the regular hourly charge. Anyone desiring to audit a class should make application for this at the time of registration. No one will be permitted to audit a class unless he has the permission of both the Registrar and the instructor of the class. If a student has not previously registered he must pay a matriculation fee of $5.

Auditors are required to attend class and conduct themselves in class just as if they were full-time students working for credit. They are not required to take tests or final examinations and do not receive credit.
Class Visitors

Under certain conditions, students may attend classes as visitors. Permission to do so must be obtained from the office.

Dismissal

Admission to Calvin College is a privilege, not a right. This privilege may be withdrawn from any student whose presence is regarded by the college authorities as undesirable.

Use of Automobiles

Automobiles owned or operated by Calvin students must be properly registered with the College and carry an official college automobile permit, and they may be parked only in approved parking places when in the vicinity of the campus.

All students may apply for college automobile permits. It is within the discretion of the college administration to disqualify any applicant by reason of demonstrated academic or financial deficiency. The fee for each permit is $3 per year.

Students are not permitted to park on campus on school days before 4:30 p.m. The College maintains a parking lot east of the campus on Franklin Street for students’ use. Students are held responsible for full knowledge of these approved parking places as well as all other student automobile regulations.

The use of an automobile not properly registered, as well as all parking violations, will be dealt with by means of established financial penalties, and also, if necessary, by stringent action of the Discipline Committee.
REQUIREMENTS FOR GRADUATION

The College graduates students from the following courses: General College, Pre-Seminary, Education, Pre-Medical, Pre-Dental, Pre-Law, Pre-Engineering, Pre-Business Administration, Pre-Nursing, and Pre-Medical Technology.

Every student (except those few who register as "Unclassified") must, in addition to the required physical education, fulfill the requirements of the course from which he elects to graduate. The requirements in each course are listed below.

All full-time students registered at Calvin College are required to take courses in Bible. Students in residence for a full year are required to complete 4 semester hours; those in residence for two years at least 6 semester hours; those in residence three full years at least 8 semester hours; those in residence four years at least 10 semester hours.

By a Semester Hour of credit is meant in each case the equivalent of one recitation a week in one subject for one semester. The number of hours of credit given for a particular subject is indicated in the description of that subject to be found under Description of Courses.

The subjects are listed as follows: Art, Bible, Biology, Chemistry, Dutch, Economics, Education, Engineering, English, French, Geography, German, Greek, History, Latin, Mathematics, Music, Philosophy, Physical Education, Physical Science, Politics, Political Science, Psychology, Sociology, and Speech.

All prescribed freshman and sophomore courses must be completed in the first two years. This includes required physical education.

No diploma will be granted for less than one year's resident work, which ordinarily must be the year immediately preceding graduation.

Every candidate for a baccalaureate degree, a three-year pre-professional diploma, or a provisional teacher's certificate must file an application to graduate in the Registrar's Office not later than the beginning of the semester or summer session in which he expects to receive his degree or certificate.

When no full course is completed, a statement is given of the studies which the student has successfully completed.

The requirements for the General College degree apply to all four-year students who complete the curricula outlined below and who wish to complete the requirements for a Bachelor of Arts degree, i.e. all students enrolled in the following courses:

General College

1. **Amount of Work.** The student must complete 125 hours of work.

2. **Grade of Work.** The student must secure a total of 250 honor points for the 125 hours of work. In other words, he must obtain an average grade of C. Honor points are computed on the basis of registered hours.

3. **Prescribed Work.** Of the 125 hours required, the following are prescribed:

<table>

</tbody>
</table>

**Foreign Language Requirements**

a. Students will be required to complete the equivalent of two years (four semesters) of one foreign language and one year (two semesters) of a second foreign language. One of these must be an ancient language and the other a modern language.

b. Students who have earned credit for foreign language in high school may have this credit applied toward the fulfillment of the college language requirement. For the purpose of evaluating high school credit in a foreign language, one year of foreign language in high school will be regarded as the equivalent of one semester in College.

c. The student is advised to make his choice of foreign language, in consultation with the Dean of the College, who, in exceptional cases, may approve a deviation from any or all of the above rules.

d. The foreign language requirements must be completed by the end of the sophomore year.

4. **Distribution of Work. Majors and Minors.**

   All students pursuing the course leading to a General A.B. degree must, not later than the beginning of their junior year, apply to the head of the department of their selection for permission to major or to concentrate in that department. The department head, on accepting the application, will outline the student's program of major and supporting courses.

To insure proper distribution of the student's work, the subjects have been divided into three groups, as follows:

**Group I.** Art, Dutch, English, French, German, Greek, Latin, Music, Speech.
Group II. Biology, Chemistry, Geography, Mathematics, Physics, Psychology.

Group III. Bible, Economics, Education, History, Philosophy, Political Science, Sociology.

The student must distribute the total 125 hours (including those prescribed) among the three groups, complying with the following restrictions:

a. At least 24 semester hours in one subject chosen from one of the above groups, I, II, or III. This constitutes a major.

b. At least 12 semester hours (15 semester hours for a Teacher's Certificate) in one subject, other than the major subject, but in the same group from which the major subject is chosen. This constitutes the required minor in the major group.

c. At least 18 semester hours chosen from one of the other two groups, that is, other than the major group. At least 12 of these 18 semester hours must be in one subject (15 semester hours for a teacher's certificate). This constitutes a second minor.

The student who elects 15 semester hours in each of his two minors, and the required 24 semester hours for a major, is eligible for a provisional certificate and the General A.B. degree (see also paragraph 6).

At least one-half of the work taken in residence beyond the Sophomore year must be in courses not open to Freshmen.

5. Degrees A.B. and B.S. On satisfactory completion of this course, the student will receive the degree of Bachelor of Arts. If he has met all the requirements of this course and has completed 60 or more hours in Group II he may elect to receive the degree of Bachelor of Science instead of Bachelor of Arts.

6. State Provisional Teacher's Certificate. To be eligible for recommendation for a State Provisional Teacher's Certificate the student must on graduation meet the Michigan State Department of Public Instruction requirements for either the Elementary or Secondary Provisional Certificate. The minimum subject requirements stipulated by the Michigan State Department of Public Instruction are: Psychology 201-202; Education 203-204; Education 314 or 315; Education 343 or 344; and for the elementary certificate the required methods course(s).

Prospective high school teachers must arrange their programs so as to complete a major of 24 hours and two minors of 15 hours each. (See 2a under Education, p. 66.)

Beginning in 1961 the North Central Association will require at least 18 hours for a minor.
Prospective elementary school teachers must arrange their programs so as to complete either four minor sequences or a major and two minor sequences. (See 3a under Education, p. 67.) Directed teaching must be taken at Calvin College to receive credit for graduation. This is in keeping with a general practice among colleges that student teaching must be taken at the institution where the degree is earned.

Pre-Seminary

The student who completes the prescribed Pre-Seminary curriculum will have met all the requirements for a General College degree. He will have a major sequence in Greek (including Greek and Roman History) and minors in English, Modern Foreign Language, and Philosophy.

1. Amount of Work. The student must complete 125 hours of work.

2. Grade of Work. The student must secure a total of 250 honor points for the 125 hours of work. In other words, he must obtain an average grade of C. Honor points are computed on the basis of registered hours. To receive, in addition, the faculty’s recommendation for admission to Calvin Seminary, the student must obtain one and two-thirds as many honor points as hours of credit, effective as of September, 1954, and two and two-thirds as many honor points as hours of credit, effective beginning September 1957.

3. Prescribed Work. The following 117 hours of work are prescribed:

* The Seminary requires of all entering students a reading knowledge of Dutch, if such students contemplate entering the ministry of the Christian Reformed Church. Applicants for admission to the Seminary will be required to pass an Entrance Examination in Dutch Reading.

† Pre-Seminary students have the option of taking Greek 319-320 or History 311-312.

‡ The student who has not had the equivalent of first year college Latin in high school will have to make this up in college but may not count the credit which he earns in freshman Latin toward the 125 semester hours required for the degree. This provision will not go into effect until September 1962.

* If the student has had two years of a modern foreign language in high school, he may elect to take the second year of the same language in college. If he does this, he may take an elective in his sophomore year instead of a modern foreign language.

Three-Year Pre-Medical and Pre-Dental

(See note regarding Pre-Medical entrance requirements on page 27.)

1. **Amount of Work.** The student must complete 94 hours of work.

2. **Grade of Work.** The student must secure a total of 188 honor points for the 94 hours of work. In other words, he must obtain an
average grade of C. Honor points are computed on the basis of registered hours.

To obtain faculty recommendation for admission to a Class A medical school he must in the three years of residence obtain a total of 282 honor points, representing an average of B.

Pre-Medical students are strongly advised to take a four-year college course.

One and one half units of Algebra in high school is a prerequisite for Trigonometry.

For admission to the University of Michigan School of Medicine, the foreign language requirement may be met by one college year in any of the following languages: French, German, Spanish, Latin, or Greek. High school credits in languages will not be acceptable in lieu of this requirement or any part of it.

Students desiring to enter a medical school other than that of the University of Michigan should consult the catalog of the institution for foreign language requirements.
Since modern language requirements for admission into medical schools vary widely, medical students are advised to consult the office in respect to them.

4. **Distribution of Electives.** For their electives students should choose such subjects as are required for admission to the medical or dental school which they expect to attend eventually.

5. **Diploma and Degree.** On satisfactorily completing this course with a record of not less than 219 (C+) honor points received in the required 94 hours, the student will be eligible for the degree of bachelor of science on the combined curriculum plan in letters and medicine, or on the combined curriculum plan in letters and dentistry after one year of successful work in a recognized medical or dental school.

An average record of B is required for recommendation to a Class A medical school.

It is the responsibility of the student who desires to secure a baccalaureate degree on the Combined Curriculum Plan to notify the Registrar’s Office by April 1 of the year in which he expects to receive the degree.

**Four-Year Pre-Medical**

1. **Amount of Work.** The student must complete 125 hours of work.

2. **Grade of Work.** The student must secure a total of 250 honor points for the 125 hours of work. In other words, he must obtain an average grade of C. Honor points are computed on the basis of registered hours.

However, for admission to Class A medical schools an average grade equivalent to three honor points per semester hour of credit is required.

3. **Prescribed Work.**
   a. The student must meet the prescribed course requirement as well as the major and minor group requirements for the General College A. B. course. If he has completed 60 or more hours in Group II he may elect to receive the degree of Bachelor of Science, general course, instead of the Bachelor of Arts.
   b. The student must meet the prescribed course requirement of the Three-Year Pre-Medical Course, and, if possible, in the same order.

4. **Distribution of Electives.** Not less than 12 hours of his elected courses over and above the courses prescribed under 3 (above), but including Philosophy, must be in Groups I and III. The student is urged to elect Biology 307 and Chemistry 202 and 308.
Three-Year Pre-Law

(See note regarding Pre-Law entrance requirements on page 27.)

1. Amount of Work. The student must complete 94 hours of work.

2. Grade of Work. The student must secure a total of 188 honor points for the 94 hours of work. In other words, he must obtain an average grade of C. Honor points are computed on the basis of registered hours. He must secure 282 honor points, representing an average of B, to warrant faculty recommendation to a Class A law school.

3. Prescribed Work. Of the 94 hours required, certain hours are prescribed as follows:

A student who has had French or German in high school may have his number of hours prescribed in College reduced by four hours for each of the first two units of high school work.

Since modern language requirements for admission into law schools vary widely, students are advised to consult the office with respect to them.
4. DISTRIBUTION OF ELECTIVES. For their electives students should choose such subjects as are required for admission to the law school which they expect eventually to attend.

5. DIPLOMA AND DEGREE. On satisfactorily completing this course with a record of not less than 219 (C+) honor points received in the required 94 hours, the student will be eligible for the degree of Bachelor of Arts on the combined curriculum plan in letters and law after one year of successful work in a recognized law school.

Some law schools require an average grade equivalent to two honor points per semester hour of credit.

It is the responsibility of the student who desires to secure a baccalaureate degree on the Combined Curriculum Plan to notify the Registrar's Office by April 1 of the year in which he expects to receive the degree.

The requirement for admission to the Law School of the University of Michigan is graduation from an approved college.

Pre-Engineering

(See note regarding Pre-Engineering entrance requirements on page 27.)

Normally four semesters of work at a recognized school of engineering, in addition to the three-year course here outlined, are necessary to finish a regular engineering course.

1. AMOUNT OF WORK. The student must complete 94 hours of work.

2. GRADE OF WORK. The student must secure a total of 188 honor points for the 94 hours of work. In other words, he must obtain an average grade of C. Honor points are computed on the basis of registered hours.

3. PRESCRIBED WORK. Of the 94 hours required, the following are prescribed:

THREE-YEAR CHEMICAL PRE-ENGINEERING COURSE

Freshman Year

The same subjects as the three-year general Pre-Engineering course above, except that Chemistry 105 and 106 replaces Chemistry 103 and 104.

Sophomore Year

The same subjects as the three-year general Pre-Engineering course above.

Junior Year

The subjects should be chosen in consultation with the student's adviser.

Note: Pre-Engineering students are urged to complete Advanced Algebra and Trigonometry in high school to avoid delaying the above programs.

Changes in the program above and choice of electives must be made in consultation with the Dean or the engineering adviser.

4. Diploma and Degree. On satisfactorily completing either course with a record of not less than 235 (C+) honor points received in the required 94 hours, the student will be eligible for the degree of Bachelor of Science on the combined curriculum plan in science and engineering upon satisfactory completion of the requirements for a Bachelor of Science degree in engineering in a recognized engineering school.

It is the responsibility of the student who desires to secure a baccalaureate degree on the Combined Curriculum Plan to notify the Registrar's Office by April 1 of the year in which he expects to receive the degree.

Abbreviated Pre-Engineering Course

For a student who is unable to take more than two years at Calvin College, a two-year program will be arranged to satisfy, as nearly as possible, the requirements of the Engineering School which he plans to attend. This program must be arranged with either the Engineering Course Adviser or the Dean of the College.

Major in Business Administration

Candidates for a Bachelor of Arts degree from the General College Course may select their subjects with a view to obtaining a major in
Business Administration. They should complete the subjects prescribed for the General College Course (see p. 54). For students interested in Business Administration but who desire to earn a Bachelor of Business degree at one of the universities a two- or three-year course can be arranged. Since the emphasis in the professional schools today is upon a broad liberal arts training, however, the student should consider the advisability of remaining at Calvin College for four years and transferring to the university after he receives his A.B. degree. He can then enroll in the Master of Business Administration program at the university. This kind of preparation for a business career is highly recommended by Business Administration School officials. To complete the major group requirements he should elect 24 hours in Economics and 12 hours in another department listed in Group III (see p. 55). The student may elect to complete his minor group requirement by selecting subjects either in Group I or Group II. The 24 hours in Economics must include Economics 201 and 202 and Economics 305 and 306.

Students desiring to receive a master's degree in Business Administration at the University of Michigan, after receiving a Bachelor of Arts degree from Calvin College, can do so by successfully completing a maximum of one year and one summer at the School of Business Administration of the University of Michigan.

Major in Music

Candidates for the A.B. degree in the General College Course or in the Education Course may select music as a major field. The following requirements apply:

a. The general course requirements as prescribed for either the General College Course (see p. 54) or the Education Course (see p. 65).
b. Sufficient proficiency at the piano to pass a sight reading examination.
c. Participation in at least one music ensemble (choir, band, or orchestra) each semester.
d. The following courses in basic musicianship:
   - Mathematics 103-104, 203-204 (Theory) ......................................................12 hours
   - Music 305-306 (History of Music) .................................................................6 hours
e. The specific course requirements for one of the following five areas of concentration in music:

1. MUSIC HISTORY AND LITERATURE
   - Advanced Courses in the History and Literature of Music .......................12 hours
   - Applied Music .................................................................................................8 hours
   - Electives in Music .........................................................................................2-4 hours

2. MUSIC THEORY
   - Advanced Courses in Music Theory ......................................................12 hours
   - Applied Music .................................................................................................8 hours
   - Electives in Music .........................................................................................2-4 hours

* More than 8 hours of applied music may be taken but only 8 will be credited toward degree requirements.
3. SOLO INSTRUMENT OR VOICE
   †Applied Music (Private lessons in one instrument or voice) up to 16 hours
   Electives in Music ......................................................6-8 hours

4. INSTRUMENTAL MUSIC EDUCATION
   Music 315-316 (Arranging) ........................................... 6 hours
   Music 313-314 (Conducting) .......................................... 2 hours
   Music 213-214 and/or 215-216 (Band and/or Orchestra) ........ 8 hours
   †Applied Music (Private lessons on the major instrument, of
   which at least four semesters are required) .......................4-8 hours
   Music 333 (Teaching of Instrumental Music) ...................... 3 hours
   Proficiency on secondary instruments, equivalent to two
   semesters each on string, wood-wind, and brass instruments
   and one semester on percussion instruments and also one
   semester in voice.

5. VOCAL MUSIC EDUCATION
   Music 107-108 and/or 207-208 (Choir) ............................. 8 hours
   (Participation in at least one each semester)
   Music 117-118, 217-218 (Voice) .................................... 4 hours
   Music 222 or 331 or 332 (Methods of teaching) ................. 3 hours
   or
   Music 313-314 (Conducting) ........................................ 2 hours
   Music 141-142 or equivalent (Piano) ................................ 2 hours
   Electives in Music ..................................................... 3-5 hours

† More than 16 hours of applied music may be taken but only 16 will be credited toward
degree requirements.

Candidates for the A.B. degree in the Education Course must elect
either the concentrate in Instrumental Music Education or the concen-
trate in Vocal Music Education.

Candidates for the A.B. degree in the General College Course may
elect any one of the five areas of concentration given above. If they
choose Instrumental Music Education or Vocal Music Education they
will be expected to complete the requirements for the Michigan State
Teacher's Certificate (see p. 65) in addition to the requirements given
under “a” through “e” (see p. 63).

In order to allow for the 40-42 hours required for the major in music
the student should begin with Music 103-104 in his freshman year, pass
the piano examination early in his course and choose his minor fields with
care.

Church Music

Students who are interested in a career in church music should plan
to do graduate work in this field. Undergraduate preparation should
consist of the Concentrate in Organ. In addition the student should elect
Music 303-304 (Counterpoint), Music 219-220 (Church Music), Music
313-314 (Conducting), and Music 117-118 (Voice).

Minor in Music

A student wishing to choose music as a minor subject must include in
the minor sequence:

   Music 103-104 (Theory) .............................................6 hours
   Music 211-212 (Music Literature)
   or
   Music 305-306 (Music History) ..................................6 hours
Concerts and Tours

There are several musical organizations at Calvin College, offering the student opportunity for singing or playing.

The Oratorio Society, 400 to 500 voices, has a long tradition of presenting Handel's Messiah at Christmas time, and another oratorio such as the Elijah or the Creation each spring.

The A Cappella Choir of 65 selected voices is well known throughout the United States and Canada through the annual tours taken during spring vacation. Usually the choir appears in 15 or more concerts.

The Radio Choir is nationally known for its singing on the "Back to God Hour" broadcasts each Sunday. This choir also engages in an annual tour.

The College Orchestra plays the orchestral accompaniment to the oratorios and plays at least one full concert during the school year.

The College Concert Band plays many concerts in and around Grand Rapids and goes on a tour to the East or West during the spring vacation.

Students interested in chamber music may participate in weekly readings of works from the Cayvan Music Library, using the Cayvan collection of fine old stringed instruments.

Education

Completion of the four-year course in Education leads to the A.B. degree in Education and a Michigan State Provisional Teacher's Certificate. Careful planning will insure the completion of both Calvin and State requirements.

The requirements for those who seek a General College A.B. and a Michigan State Provisional Teacher’s Certificate are given on page 53, Section 6.

Courses of study for those students who intend to prepare for special fields of Education, such as work with atypical children, may be planned with the Dean of the College.

1. Amount and Grade of Work. The student must complete 125 hours of work. He must secure a total of 250 honor points for the 125 hours of work. In other words, he must obtain an average grade of C. An average grade of C+ (2.33 honor points) is required of all students entering the course in Directed Teaching. Honor points are computed on the basis of registered hours.

Beginning in 1961 no student shall receive an A.B. degree in Education without having had the course in Directed Teaching.

Direct Teaching must be taken at Calvin College to receive credit for graduation. This is in keeping with a general practice among col-
leges that student teaching must be taken at the institution where the degree is earned.

A student may work toward a Provisional Elementary Certificate (Kindergarten through Grade 8) or a Provisional Secondary Certificate (Grade 7 through Grade 12).

2. Requirements for a Provisional Secondary Certificate:

a. A major field of 24 hours and two minors of at least 15 hours, selected from the following subject matter areas:

<table>

The Michigan State Department of Public Instruction does not consider Bible as a major or minor for a teacher's certificate.

Beginning in 1961 the North Central Association will require at least 18 hours for a minor.

(7) Foreign language, 4 semesters of one foreign language.

Students who have earned credit for foreign language in high school may have this credit applied toward the fulfillment of the college language requirement, if the same language is continued.

For the purpose of evaluating high school credit in a foreign language, one year of foreign language in high school will be regarded as the equivalent of one semester in college. The student is advised to make his choice of a foreign language in consultation with the Dean of the College.

This foreign language requirement must be completed by the end of the sophomore year.

(8) Professional course sequence ........................................... 20 hours

Students working toward a Provisional Secondary Certificate should observe the following sequence:

Sophomore year – Psychology 201
            – Education 203-204
            – Psychology 202
Junior year  – Education 314
Senior year  – Education 344

c. Prerequisite for Education 344 (Directed Teaching):

(1) A minimum of 90 semester hours of college credit.
(2) An academic average of C plus (2.00) or higher.
(3) The professional sequence of courses. (See b, 8 above.)
(4) Adequate preparation in major subject matter field.
3. Requirements for a Provisional Elementary Certificate:

a. Prospective elementary teachers have two options in the selection of majors and minors.

   (1) An elementary teacher may select four minors as follows:
       (a) English studies: English Literature, Rhetoric, Speech, Reading.
       (b) Art studies: Music, Fine Arts, Industrial Arts, Drawing.
       (c) Social studies: Economics, History, Political Science, Sociology, Ethics.
       (d) Science studies: Biology, Geography, Physics, Chemistry, Psychology (not Psychology 202).

   (2) An elementary teacher may select a major and two minors. Two of the subject fields taken for major and minors must be in fields taught in the elementary school. The prospective elementary teacher must also take certain additional courses in consultation with the Dean of the College.

   The Michigan Department of Public Instruction does not consider Bible as a major or minor for a teacher’s certificate.

b. Subject requirements:

   (1) Bible 105-106, 201-202, 301 ........................................ 10
   (2) Biology 109-110 ................................................... 6
   (3) English 103-104 ................................................... 6
   (4) History ............................................................... 6
   (5) Psychology 201 .................................................... 3
   (6) Speech ............................................................... 2

   (7) Foreign language, 4 semesters of one foreign language.

   Students who have earned credit for foreign language in high school may have this credit applied toward the fulfillment of the college language requirement, if the same language is continued.

   For the purpose of evaluating high school credit in a foreign language, one year of foreign language in high school will be regarded as the equivalent of one semester in College. The student is advised to make his choice of a foreign language in consultation with the Dean of the College.

   This foreign language requirement must be completed by the end of the sophomore year.

   (8) Professional course sequence ....................................... 23 hours

   Students working toward an Elementary Provisional Certificate should observe the following sequence:

   Sophomore year
   - Psychology 201
   - Education 203-204
   - Psychology 202

   Junior year
   - Education 315
   - Education 220 (for intermediate grades)
   - Education 322

   Senior year
   - Education 343
   - Additional courses that will fortify the student for teaching in the elementary schools.

c. Prerequisite for Education 343 (Directed Teaching):

   (1) A minimum of 90 semester hours of college credit.
   (2) An academic average of C plus (2.33) or higher.
(3) The professional sequence of courses. (See b, 8 above.)

(4) Students taking Directed Teaching must obtain a statement indicating acceptable performance in manuscript, cursive, and blackboard writing, plus information about modern trends in teaching penmanship. (For this statement see Miss Van Laar.)

4. The Michigan State Department of Public Instruction grants Provisional Certificates to graduates who have met all the requirements of this course. These certificates are valid for five years and may be converted into Permanent Certificates, provided:

a. The applicants have taught successfully for three years.

b. They have earned 10 additional semester hours of credit.

5. Responsibility for the Conversion of a Provisional Certificate to a Permanent Certificate rests with the teachers, not with Calvin College.

Pre-Librarianship

The educational requirement for professional library work is a Bachelor's degree from an accredited college and a Master's degree in library science.

Calvin College offers courses of study which are acceptable for admission to any library school and for any type of specialization. While no special major is required, the course of study should stress a broad cultural background in liberal arts and science. Proficiency in typing should also be acquired. A reading knowledge of a modern foreign language is required.

Pre-library students may be given the opportunity for part-time work experience in the library.

Pre-Library Work Counseling

Detailed information regarding types of library work, library school requirements, and work-study programs may be obtained from the Director of the Library.

Pre-Agriculture, Pre-Forestry, Pre-Home Economics, and Pre-Occupational Therapy

Students interested in specializing in the fields mentioned above should see the Dean of the College. Curricula can be arranged to enable such students to remain at Calvin for one or two years.

Nursing Course

The Nursing Courses at Blodgett Memorial Hospital in Grand Rapids, Michigan, are so arranged that the first two semesters of the total three-
year program are taken at the College. The courses listed below are
given during this period.

Upon completion of these two semesters and an additional 27 months of clinical experience at Blodgett Memorial Hospital the student is granted a diploma in nursing. She is then eligible to write the examinations given by the Michigan Board of Registration of Nurses, and upon passing these examinations receives a certificate to practice as a registered nurse.

Students wishing to take this course must make application at Blodgett Memorial Hospital with the Director of the School of Nursing. This should be done at the same time that application is made for admission to Calvin College. Students who plan to affiliate with Blodgett Hospital should make application with the Hospital during the early part of their Senior year in high school. No application will be acted upon until all forms are at Blodgett.

**Bachelor of Science in Nursing, on the Combined Curriculum Plan**

To qualify for this degree the student must:

1. Meet regular admission requirements to the College, including among high school credits Algebra, Geometry, and Chemistry or Physics.

2. Successfully complete 94 semester hours of pre-professional subjects considered fundamental in any liberal arts program. He must secure a total of 188 honor points for the 94 hours of work. In other words, he must obtain an average grade of C. Honor points are computed on the basis of registered hours.

3. Complete an additional 27 to 30 months of training at an accredited hospital school of nursing.

Courses of a technical nature, such as mechanical or free-hand drawing, practical or physical education are not acceptable as advanced credit toward the 94 hours of college work.
The required college courses in the program are the following:

<table>

To complete the 94 hours, the student may elect courses in Literature, History, Education, Chemistry, Political Science, Biology such as Histology or Parasitology, or Elementary Physics.

**Bachelor of Science in Medical Technology, on the Combined Curriculum Plan**

To qualify for this degree the student must:

1. Meet regular admission requirements to the College, including among high school credits Algebra, Geometry, and Chemistry or Physics.

2. Successfully complete 94 semester hours of pre-professional subjects considered fundamental in any liberal arts program. He must secure a total of 188 honor points for the 94 hours of work. In other words, he must obtain an average grade of C. Honor points are computed on the basis of registered hours.

3. Complete an additional 12 months of training at an accredited school of Medical Technology.

Courses of a technical nature, such as mechanical or free-hand drawing, practical or physical education, are not acceptable as advanced credit toward the 94 hours of college work.

* If a student has had Latin or Greek in high school, the number of hours prescribed may be reduced by four for each of the first two units.

Description of Courses

Art

Assistant Professor Van Laar and Instructor Boeve

201. **Introduction to Art**  
*Three hours*

Information and practice in the basic elements and principles of art as applied to drawing, values, color, design, lettering, and poster work. The student learns to manipulate various art media. Prerequisite for Art 306.

202. **Handicraft**  
*Three hours*

Designing and making of handicrafts relevant to needs in the elementary grades. It requires work in flower or three-dimensional arrangements, clay modeling, weaving, block-printing, etc. Not offered 1960-61.

207. **Introduction to Design**  
*Three hours*

Pure design, design in pictorial representation, perspective drawing. Various black and white media used in basic art elements, i.e. line, shape, texture, pattern. Work may include three-dimension problems. Six class hours per week.

208. **Introduction to Design**  
*Three hours*

Continuation of 207. Prerequisite: 207. Work in color — hue, value, intensity; the utilization of these elements in organization of pure design and pictorial representation. Media to include water colors, tempera, and casein paint. Six class hours per week.

228. **Penmanship**  

A statement of acceptable performance in the areas of manuscript, cursive, and on-the-blackboard writing is required of all prospective elementary teachers. Theory and practice. Offered during the second semester only.

231. **An Introduction to the History of the Fine Arts**  
*Three hours*

A survey of the history of architecture, painting, and sculpture in Ancient, Medieval and Renaissance times. The character of ancient art from Egypt through Rome will be followed by a study of medieval art from its beginning in the early days of the Christian era to its climax in the Gothic period of the thirteenth century. This course will be concluded with an introduction to the art of the Renaissance in Italy to 1600.

232. **An Introduction to the History of the Fine Arts**  
*Three hours*

Continuation of 231. The history of art from 1600 to the present.

301. **Advanced Painting**  
*Three hours*

Prerequisite: 207-208. A study of the traditions in painting emphasizing techniques and methods of communicating ideas visually. Studio work will give opportunity to experiment in various techniques and subjects. Six class hours per week.

302. **Advanced Painting**  
*Three hours*

Continuation of 301. An exhibition will be expected of each student at the conclusion of the year. Six class hours per week.

306. **Principles of Art Education for the Elementary School**  
*Three hours*

Prerequisite: 201, 202, or permission of instructor.

A course emphasizing methods and techniques of organizing and motivating art instruction in grade levels, Kindergarten through grade 6. It includes lectures and demonstrations.
Bible

Professor Bratt; Associate Professors Van Til, Weidenaar, and Smedes; Assistant Professor Spykman; Instructor Bandstra; Rev. Van Halsema

Students who contemplate a major in Bible should confer with a member of the departmental staff before the beginning of their junior year.

Courses at the Seminary in Principles of Missions (2 hrs.), History of Missions (2 hrs.), Ethnic Religions (2 hrs.), Modern Religious Cults (2 hrs.), and Evangelism (3 hrs.), are open to qualified college students.

101. Honors Bible Course Three hours
A one-semester course covering the essentials of Bible 105 and 106. Special attention will be given to the interpretation of major Biblical themes. Admission to the course is by selection based upon achievement in the Standard Bible Content test, which is given during Freshman Orientation week. The completion of this course fulfills the requirements for Freshman Bible.

105. Old Testament Two hours
A survey of the principal characters and the trend of events from the creation of the world to the return of the Jews from captivity. Special attention is given to the preparation for the coming Savior. Various O.T. books are selected for special study. Lectures and collateral readings.

106. New Testament Two hours
A companion course to 105. Events of the Intertestamentary period are sketched with particular reference to the coming of the gospel; the principal events and teachings of Christ are treated; and the origin and early expansion of the Christian Church is surveyed. Various N.T. books are selected for special study. Lectures and collateral readings.

201. Reformed Doctrine Two hours
An advanced course of study in the doctrine of the Christian religion as contained in the Bible and as reflected in the confessional standards of the Reformed Churches.

202. Reformed Doctrine Continuation of 201.

301. Studies in Calvinism Two hours
An inquiry into the origin and nature of Calvinism, its influence upon the development of religion and political life, as well as the proper application of its principles to these spheres. The course consists of lectures, assigned readings and essays. Open to Juniors and Seniors.

302. Hebrew Culture Three hours
A study of the geographical, social, civic, and religious customs of the Hebrews, and of the people among whom they lived when the Bible arose.

303. General Church History Three hours
A survey of the history of the Christian Church from its beginnings to the present time.

304. American Church History Three hours
A consideration of the religious history of our country from the emigration period to the present. Attention will be paid to the European background, the early church beginnings in their diversity, the colonial era, the westward movement, and the major social and political developments in their influence upon the American religious scene. Not open to pre-Seminary students.

306. History of the Christian Reformed Church Three hours
The historical antecedents and the development of the Christian Reformed Church in America. Not open to pre-Seminary students.
307. **Reformed Confessions**  
*Three hours*  
A study of the creeds in their Biblical basis, historic origin, doctrinal deliverances and practical value as to faith and order.

308. **Reformed Theology and the Modern Theological Situation**  
*Three hours*  
In this course the Reformed Faith will be set over against modern deviations and defections from the faith. The inclusivistic temper of modern ecumenical movements will be exposed and opposed. Modern Liberalism will be traced to its source in Schleiermacher and Kant. Its dominance and decay, together with the rise of the new modernism in Barthianism, will be discussed.

309. **Christian Evidences**  
*Three hours*  
A study of the evidences of the truths of Christianity as found in the records of the Old Testament with its revelation, miracles and prophecies, in the gospel record of the supernatural and vicarious life and death and resurrection of Jesus Christ; and the confirmation of the truth of Christianity as a supernatural force in history.

310. **Romans**  
*Three hours*  
A presentation of the teachings of the apostle Paul in his epistle to the Romans as they center about Revelation, Redemption, Predestination, and Christian Ethics. Lectures, collateral reading, and reports. Open to Juniors and Seniors who have taken 201 and 202.

311. **Calvin's Institutes**  
*Two hours*  
A study of the INSTITUTES OF THE CHRISTIAN RELIGION with particular stress on the doctrines elaborated. Prerequisite: Bible 301. Offered first semester only.

**Biology**

*Professor Monsma; Associate Professor Karsten; Assistant Professors Bengelink and Ten Broek; Instructor Gebben*; Mr. A. Bratt; Mr. J. Vanden Berge; Mrs. Walters

A. **General Biology Major.** For students preparing to teach Biology the following courses are recommended:

- General College requirements (see p. 54), omitting Physical Science 205 and 206.
- Chemistry 103 and 104, and either Chemistry 303 and 304, or Physics 304 and Electrical Measurements.

B. **Human Biology Major.** For students preparing for various kinds of personal service, or specializing for advanced work in the medical sciences, or for industry, the following curriculum is recommended:

- General College requirements (see p. 54), omitting Physical Science 205 and 206.
- Biology 109, 110, 103, 105, 106, 107 (or 201 or 207), 206, 306, 307 (or 311), and 308.
- Chemistry 103 and 104; Mathematics 101 and 104; and Physics 201 and 202.

C. **For students who elect Biology as a minor,** one of the following sequences is advised, fifteen hours being required in each:

1. Botany and Bacteriology: Biology 109 and 110, 203 and 204, 207.

* On leave of absence 1960-61
D. **For Students preparing to teach Science Subjects** in a junior high school, or for those preparing to teach Biology, Chemistry, and Physics in smaller senior high schools, the following requirements have been established:

- General College requirements (see p. 54), omitting Physical Science 205 and 206.
- Education requirements for a Provisional Certificate (see p. 65).
  - Biology 109 and 110, 105 and 106, 206 or 207, and 306.
  - Chemistry 103 and 104, 303 and 304.
  - Mathematics 101 or 103, and 104.
  - Physics 203 and 204, and 304.

### 103. **Personal Hygiene**

Three hours

The proper care of our bodies, and approved practices for the prevention of disease are studied.

### 105. **Human Anatomy and Physiology**

Three hours

An introduction to the study of human biology, including elements of embryology, genetics, anatomy, histology, and physiology. Two hours of lectures and one laboratory period a week.

### 106. **Human Anatomy and Physiology**

Two hours

Continuation of 105. Lectures and quizzes.

### 107. **Principles of Microbiology**

Four hours

The history of Microbiology and the cultural and morphological characteristics of bacteria, yeasts, and molds are considered. Special emphasis is placed on communicable diseases. This course is adapted to pre-nursing students, but is open to all others. Three hours of lectures and quizzes. One laboratory period a week.

### 109. **General Biology**

Three hours

An introductory study of the basic principles of the various divisions of biology with emphasis upon the broad cultural aspects of this science. Two lectures and one laboratory period a week. Offered both semesters.

### 110. **General Biology**

Three hours

Along with 109 this course constitutes a six-hour course in general biology. It may be taken either before or after 109. Offered both semesters.

### 201. **Invertebrate Zoology**

Four hours

Anatomy, physiology, behavior, and classification of animals representative of the invertebrate groups. Insects and disease-causing forms are emphasized. Three hours of lectures, reports, and recitations; and three hours of laboratory work per week. Prerequisite: 109 and 110.

### 203. **General Botany**

Four hours

Anatomy and physiology of seed plants. Three recitations and one laboratory period a week. Prerequisite: 109 and 110.

### 204. **General Botany**

Four hours

This course with course 203 constitutes a full year's course in botany. A comparative study of plant forms and life histories of representative plants. The course offers a general systematic view of the plant kingdom. Three hours of lectures and quizzes, one laboratory period a week.

### 206. **Natural History**

Three hours

A study of the classification, identification, appearance, and habits of animals which are more commonly met near our homes, in zoological parks, or on pleasure trips. Birds and fur-bearers will receive special consideration. The course consists of lectures, museum studies, laboratory work, and field work. Two lectures and one laboratory period a week.
207. Genetics

A study of the ways and means by which the inherited characteristics of plants, animals, and man are transmitted from parents to offspring. The course consists of lectures and problems concerning applications of the laws of heredity.

208. Introduction to Embryology

A study of the development of vertebrate animals. Three hours of lectures and recitations and three hours of laboratory work per week.

210. General Biology for Pre-Seminary Students

A brief survey of the more significant phenomena and principles of several divisions of biology, such as plant and animal anatomy, physiology, and classification. The interrelations between plants and animals are emphasized. Two hours of lectures or recitations.

212. Nutrition

The study of fundamental principles of human nutrition at all ages, applied to individual, family, and community nutrition problems. Two lectures and one laboratory period a week. To be preceded or accompanied by 106.

304. Microscopic Technique

The technique of slide making. Killing, fixing, dehydrating, embedding, sectioning, staining, and mounting of tissues. Three hours of laboratory work per week.

306. Biological Problems

The history of biology and the evidences for evolution and organic teleology are considered. Lectures, assigned readings, recitations, and reports. Prerequisite: 109 and 110 or equivalent courses.

307. Parasitology

An introduction to the study of the parasites of man and of common animals. Classification, life-cycles of the parasites, and reactions of the hosts will be studied. Three lectures and one laboratory period a week. Not offered 1960-61.

308. Histology

A study of mammalian tissues. The relation between microscopic structure and function will be emphasized. Three lectures and one laboratory period a week. Not offered 1960-61.

311. Comparative Anatomy of Vertebrates

A comparative study of the anatomy of vertebrates. Three lectures and two laboratory periods a week. Offered both semesters.

Chemistry

Professors De Vries*, Dirkse, and Wolthuis; Associate Professor Broene; Instructor Vander Lugt

A student who plans to do graduate work in chemistry should complete the following courses: 105-6, 201-2, 301-2, 305, 307-8, and 320. In related fields, he should complete Mathematics through Calculus, and Physics 201, 202, 303, 304. Students planning to enter graduate school should have a reading knowledge of both German and French.

Students who expect to receive certification by the American Chemical Society Committee on the Professional Training of Chemists should complete the following courses: Chemistry 105-6, (10 hrs.), 201-2 (8 hrs.), 301-2 (10 hrs.), 305 (4 hrs.), 307-8 (8 hrs.), and 320 (2 to 3 hrs.).

*On leave of absence 1960-61
101. CHEMISTRY FOR NURSES  
A one-semester course designed for students in the regular pre-nursing course. A survey of inorganic, organic, and biological chemistry as applied to the field of medicine. Three classroom hours and one two-hour laboratory period per week. 
No prerequisite. 
Note: Students preparing for a B.S. in nursing are advised to take 103 and 104.

102. DRUGS AND SOLUTIONS  
This course deals with the arithmetic involved in the preparation of solutions. Open only to Pre-Nursing students.

103. GENERAL CHEMISTRY  
A discussion of the basic laws of inorganic chemistry, accompanied by an emphasis on the periodic table and atomic and molecular structure. Three hours in classroom and one two-hour laboratory period per week. No prerequisite, although a knowledge of high school chemistry or physics is desirable.

104. GENERAL CHEMISTRY  
Continuation of 103 plus some descriptive material on non-metals. Hours and texts the same.

105. GENERAL CHEMISTRY  
For students majoring in chemistry and chemical engineering. A study of the fundamental principles of inorganic chemistry, with emphasis on the quantitative and structural aspects of elements and compounds and their interactions. Three classroom hours and one four-hour laboratory period per week. A knowledge of high school chemistry or physics is desirable, but not required.

106. GENERAL CHEMISTRY AND QUALITATIVE ANALYSIS  
Continuation of 105. The laboratory work is concerned with the separation and identification of the more common cations and anions.

201. QUANTITATIVE ANALYSIS  
Two hours of classroom work and two three-hour laboratory periods each week. This course consists of a study of the theory and practice of acidimetry, alkalimetry, permanganometric and iodometric analyses, and gravimetric determinations. Prerequisite: 106.

202. QUANTITATIVE ANALYSIS  
Continuation of 201. The laboratory work will deal with specialized and instrumental methods of analysis; the classroom work will stress Inorganic Chemistry.

203. ANALYTICAL CHEMISTRY  
Three hours of classroom work and two three-hour laboratory periods each week. The classroom and laboratory work are integrated to cover both qualitative and quantitative analysis. This course is designed for students taking pre-professional courses such as pre-medical, pre-dental, etc. Prerequisites: Chemistry 104 and Mathematics 101. Not open to students who have had Chemistry 106.

204. PHYSICAL CHEMISTRY FOR PRE-MEDICAL STUDENTS  
A study of the states of matter, properties of solutions, chemical kinetics, and the colloidal state. Three lecture hours per week. Prerequisite: 203.

301. ORGANIC CHEMISTRY  
A study of the various homologous series of organic compounds. Emphasis is placed on aliphatic compounds in this course. Three hours in classroom and one or two three-hour laboratory periods per week. Prerequisite: 103 and 104 or 105 and 106. Chemistry 201 is desirable. Students majoring in chemistry must elect five hours of credit.
302. ORGANIC CHEMISTRY
Four or five hours
Continuation of 301, with emphasis on aromatic compounds and isolated topics. Hours the same. Prerequisite: 301.

303. ORGANO-BIOCHEMISTRY
Four hours
A study of organic compounds, with special emphasis on their biochemical significance. Includes a study of bio-chemistry—carbohydrates, liquids, proteins, digestion, metabolism, etc. For pre-nursing, pre-medical technology students, and for teachers with a minor in chemistry. Three hours of classroom work and three hours of laboratory per week. Prerequisite: 103 and 104.

304. ORGANO-BIOCHEMISTRY
Continuation of 303. Hours the same.

305. QUALITATIVE ORGANIC ANALYSIS
Four hours
Two hours of lectures and two or three three-hour laboratory periods per week. This course is based on Shriner and Fuson's text. Prerequisite: 302.

307. PHYSICAL CHEMISTRY
Four hours
A study of the kinetic theory of gases, solids and liquids. Three lecture hours and one laboratory period per week. Prerequisite: Chemistry 201, Physics 201, Mathematics 301 and 302.

308. PHYSICAL CHEMISTRY
Continuation of 307. Hours the same. A study of electro-chemistry, chemical thermodynamics and nuclear structure.

320. CHEMICAL RESEARCH
One to three hours
Library and laboratory research on an assigned problem. Only for approved Seniors majoring in chemistry.

Dutch

ASSOCIATE PROFESSOR LAGERWAY; REV. VAN HALSEMA

The Queen Juliana Chair of the Language and Culture of the Netherlands

A. DUTCH LANGUAGE

101. ELEMENTARY DUTCH
Four hours
Mastery of basic vocabulary, idiom, grammar and syntax of the Dutch language through graded readings, exercises, and conversation.

102. ELEMENTARY DUTCH
Continuation of 101.

201. INTERMEDIATE DUTCH
Three hours
Selected readings of modern Dutch prose and poetry. Review of grammar and syntax. Reports on 300-400 pages of selected outside reading.

202. INTERMEDIATE DUTCH
Continuation of 201.

305. DUTCH CLASSICS
Three hours
Study and discussion of several Dutch literary texts representative of the classical and modern periods of Dutch literature. Required outside reading and essays.

306. DUTCH CLASSICS
Continuation of 305.
B. MEDIEVAL AND DUTCH HISTORY

325. THE RENAISSANCE IN FLANDERS AND ITALY (1350-1550) Three hours

326. DUTCH HISTORY (1500-1815) Three hours

Economics

PROFESSOR VANDEN BERG; ASSOCIATE PROFESSOR BROUWER; ASSISTANT PROFESSOR DE WIT; INSTRUCTOR PRUIS

Students who plan to major in Economics should confer with the head of the Department no later than the beginning of their junior year.

103. ECONOMIC HISTORY (United States) Three hours

A review of the economic development of this country from the time of colonization to the present day. Special emphasis is placed on the development of the transportation system, the history of the tariff question, the development of unionism, the history of the banks, and the development of government regulation in our economic system.

201. PRINCIPLES OF ECONOMICS Three hours

A review of the fundamental principles underlying modern economic life. Not open to Freshmen except by special permission. Students electing 201 are expected to take 202.

202. PRINCIPLES OF ECONOMICS Three hours

A continuation of the principles of economics and an application of the same to current industrial problems and institutions.

203. PRINCIPLES OF ECONOMICS Three hours

A one-semester course in economic principles and their application to questions of public policy. Intended especially for pre-engineering students. Open to others who desire a course in economics, but who do not plan to take a minor or major in this field and for whom Economics 201 and 202 are not prescribed. This course may serve as a prerequisite to advanced courses for students not concentrating in economics. Not open to Freshmen.

205. MATHEMATICS OF FINANCE Three hours

For description of this course, see Mathematics 205.

206. STATISTICS Three hours

For description of this course, see Mathematics 206.

301. MONEY AND BANKING Three hours

A study of the nature and functions of money, with a view to the understanding of the complex rôle of currency systems in our national and international life. Prerequisite: 201 and 202 or their equivalents.

302. FINANCIAL PRINCIPLES Three hours

An introductory course in business finance including study of forms of business organization, types and sources of capital, and other areas of financial administration. Prerequisite: 305.
303. LABOR ECONOMICS   
*Three hours*

The problems of labor-management relations are considered from the standpoint of economic and social principles. The labor market, wages and hours, unemployment, and economic insecurity are analyzed in the light of developing labor legislation and trade unionism. Prerequisite: 201 and 202.

305. ESSENTIALS OF ACCOUNTING   
*Four hours*

First semester of a one-year introductory course in accounting. Intended to give students the necessary accounting background for entrance into schools of business administration or for business uses when graduated from college. Emphasis is placed on the principles of accounting and the accounting procedure in corporations. A laboratory period is held each week for application of the material. Prerequisite: 201 and 202 or their equivalents.

306. ESSENTIALS OF ACCOUNTING   
*Four hours*

Continuation of 305.

307. ESSENTIALS OF ACCOUNTING   
*Three hours*

A one-semester course designed for those who desire a course in accounting, but who are unable to take a full year's work in the subject (namely, pre-engineering, pre-law, sociology and political science majors). Not open to economics and business administration majors or to Freshmen.

309. BUSINESS LAW: CONTRACTS   
*Three hours*

Deals with the main principles of contract: offer, acceptance, consideration, capacity of the parties, legality of object, the formal requisites of agreements under the statute of frauds, the operation of contracts in business and their interpretation by the courts.

311. HISTORY OF ECONOMIC THOUGHT   
*Three hours*

A systematic study of the development of economic doctrine, emphasizing the development of economic thought from Smith through Keynes; it introduces the student to the way in which economic thinking and analysis emerge and develop against the background of changing historical conditions. Prerequisite: Principles of Economics, or permission of instructor.

312. COST ACCOUNTING   
*Three hours*

Principles and methods of accounting for manufacturing and operating costs, with emphasis on cost analysis for managerial control. Prerequisite: 306, or 305 and permission of instructor.

314. INTERNATIONAL ECONOMICS   
*Three hours*

A general course in the field of international economic relations. The fundamentals of international trade theory are stressed, including the balance of payments, problems of international dis-equilibrium, trade barriers, and efforts to promote international economic stability and growth.

**Education**

**Professors Jaarsma, Flokstra, De Beer, and Van Bruggen; Assistant Professors Van Laar, Van Opynen, and Snapper; Instructors Oppeval and Vander Ark**

Students who plan to meet teacher certification requirements will find detailed information on pages 65 to 68.

**A. PSYCHOLOGY**

(See description of courses under department of Psychology.)

**B. HISTORY**

203. HISTORICAL AND PHILOSOPHICAL FOUNDATIONS OF EDUCATION   
*Three hours*

On the assumption that the history of education in any period or social order should be viewed against the background of the more general and
historical development of the period, this course aims to study the relationship between the growth of educational theory and practice in Western European civilization (through the Reformation) and its intellectual and cultural bases. Offered first semester.

204. HISTORICAL AND PHILOSOPHICAL FOUNDATIONS OF EDUCATION  Three hours
Continuation of Education 203, with emphasis on the development of American Education. Offered second semester.

C. PRINCIPLES

301. PRINCIPLES OF EDUCATION  Three hours
A study of the aim of education and of the various underlying problems.

314. PRINCIPLES OF TEACHING IN SECONDARY SCHOOLS  Three hours
A general methods course to give the student a perspective of educational practices at the secondary level. This includes an analysis of objectives, teaching plans and techniques, pupil guidance and discipline, and testing and appraisal. Prerequisite: Psychology 202 and Education 203 and 204.

315. PRINCIPLES OF TEACHING IN ELEMENTARY SCHOOLS  Three hours
A study of the principles, methods, and techniques appropriate to the direction of the learning process. Prerequisite: Psychology 202; Education 203 and 204.

317. PRINCIPLES OF KINDERGARTEN-PRIMARY GRADES TEACHING  Two or three hours
The course includes a brief history of past and present trends in kindergarten work; the content of the curriculum for grades one, two, and three; and observation in actual classroom situations. Prerequisite: Psychology 202. Not offered 1960-61.

D. PROFESSIONAL COURSES

220. TEACHING ARITHMETIC IN ELEMENTARY SCHOOLS  Three hours
Both content and methods in arithmetic throughout the grades will be considered. Prerequisite: Psychology 202.

222. ELEMENTARY SCHOOL MUSIC (A METHODS COURSE)  Two hours
Prerequisite: Music 221.

225. CHILDREN'S LITERATURE (STORY TELLING)  Two or three hours
This course is offered in order to develop a knowledge of and an interest in good literature on the elementary level. The development of skill in story telling on the part of the teacher is also emphasized.

231. AUDIO-VISUAL AIDS IN EDUCATION  Three hours
The study of multi-sensory aids to learning, oriented in psychology. Includes study of graphic media, multi-dimensional models, field trips, magnetic recording, projected material and associated equipment, radio and television. Three class sessions include laboratory period. Not offered 1960-61.

307. SCHOOL ADMINISTRATION  Three hours
A study of the structure, organization, administration and management of the elementary and secondary school. Development of professional leadership and supervisory practices.

310. EDUCATIONAL MEASUREMENTS  Three hours
A survey course of present-day practices of measuring the results of teaching. Mental testing is included. Not offered 1960-61.

318. TEACHING GEOGRAPHY IN ELEMENTARY SCHOOLS: METHODS AND CONTENT  Three hours
Prerequisite: Psychology 202; Education 203 and 204.
322. **TEACHING READING IN ELEMENTARY SCHOOLS**  
*Three hours*

- **Section A** — Primary Grades  
- **Section B** — Intermediate Grades  
- Both Semesters.  
- Prerequisite: Psychology 202 and Education 203 and 204.

340. **CURRICULUM**  
*Two hours*

A study of curriculum requirements for grades four through six, and of the fundamental teaching procedures applying to children of later childhood. Observation required. Not offered 1960-61.

343. **DIRECTED TEACHING, INCLUDING OBSERVATION AND PARTICIPATION**  
*Eight hours*

For students planning to teach in the elementary schools. Offered both semesters. See prerequisite listed earlier in this catalogue under Education.

344. **DIRECTED TEACHING, INCLUDING OBSERVATION AND PARTICIPATION**  
*Eight hours*

For students planning to teach in junior or senior high schools. The course seeks to orient the student to classroom teaching by integrating observation, participation, and actual teaching. A study of theory of teaching parallels daily work in the junior or senior high school classroom in order to help the student make explicit to himself a distinctly Christian view of theory and practice in education. See prerequisites listed earlier in this catalogue under Education.

**Engineering**

**Professor Wassink; Instructor Bosscher**

101. **MECHANICAL DRAWING**  
*Three hours*

The principles of orthographic projection; practice in the making of working drawings; practice in lettering; and tracing. Two three-hour drafting-room periods, three hours homework a week.

102. **DESCRIPTIVE GEOMETRY**  
*Three hours*

Exercises, instruction, and drill through the medium of 80 printed plates of problems. Three two-hour drafting-room periods, three hours homework a week. Prerequisite: 101.

205. **ENGINEERING MATERIALS AND PROCESSES**  
*Three hours*

Metals, alloys, cement, clay products, protective coatings, plastics. Visits to various metal-working and other plants. Students should keep Thursday afternoons open on their schedules for such visits. Prerequisite: Chemistry 104.

301. **STATICS**  
*Three hours*

Study of fundamental principles of mechanics and their application to the simpler problems of engineering. Forces, components, moments, cables, friction, centroids, moments of inertia. Recitations, lectures, problems. Must be preceded or accompanied by Mathematics 301 and Physics 201 or 203.

304. **STRENGTH AND ELASTICITY OF MATERIALS**  
*Four hours*

Application of principles of mechanics to solution of problems in stress and strain of engineering materials, including resistance to force, bending, torque, shear, eccentric load, deflection of beams, buckling of columns, and compounding of simple stresses. Recitations, lectures, and problems. Prerequisite: 301.

306. **DYNAMICS**  
*Three hours*

Motion of a particle, dynamics of moving bodies, Newton’s laws, simple harmonic motion, elementary vibration problems, balancing, pendulums, impulse and momentum, work and energy. Recitations, lectures, problems. Must be preceded or accompanied by Mathematics 302 and Physics 202 or 204.
English

Professor Timmerman; Associate Professors Van der Weele, Harper, and Rus; Assistant Professors Slingerland, Oppewall, and Tiemersma*; Instructors Holkeboer, Ten Harmsel*, and Wiersma; Mr. Oldenburg and Miss Tanis

All Freshmen must take Freshman English (103 and 104).

Sophomores may choose between the comprehensive course in American Literature (English 201 and 202) and the comprehensive course in English Literature (English 203 and 204). Sophomores, however, who plan to take more than twelve hours of English in College should elect American Literature (English 201 and 202), and thereupon proceed directly to the 300-courses.

Sophomores who plan a major or minor concentration in English may take a 300-English course concurrently with English 201 and 202.

Upperclassmen who elect English as the subject of their major or minor concentration should try to pursue as many of the special period and author 300-courses as their programs of study allow. Such students should consult the department in the selection of these courses.

Students planning to pursue graduate studies should normally achieve a college major in English of at least thirty hours. Such students should also achieve a reading knowledge of Latin, German, and French.

100. English for Foreign Students
No credit
A non-credit course for students failing the examination. To be taken by all students who have had less than two years' formal education in an English- or American-speaking country. Students must give evidence of satisfactory mastery of this course before being admitted to 103.

103. Freshman English
Grammar, rhetoric, and composition. Textbooks and periodic themes.

104. Freshman English
Continuation of 103.

105. Honors Freshman English
Three hours
A one-semester concentration upon the essentials of 103 and 104. Enrollment in the course by selection only, based upon distinguished achievement in the Purdue Placement Test in English. Upon completion of this course, the student has completed his requirement for Freshman English and should elect either 202 or 204. Hour credits in English for graduation remain the same.

201. American Literature
Analysis of important writings in the colonial and revolutionary periods. Emphasis upon culture and writings of the New England Group. Textbooks, collateral reading, and reports.

202. American Literature
Continuation of 201. Intensive study of Whitman and Twain. Survey of realistic movement, the new poetry, and important twentieth century fiction and criticism. Textbook, collateral reading, and reports.

203. English Literature I
Three hours
A comprehensive study of English literature from Chaucer through Pope. The course is conducted intensively in the major authors rather than inclusively of all of them. Textbook, library reading, assigned papers, classroom analysis and discussion of important works. Not offered 1960-61.

204. English Literature II
Three hours
Continuation of 203. The course proceeds from Johnson through Eliot. Not offered 1960-61.

*On leave of absence 1960-61.
205. Diction, Usage, and Expository Writing

A practical course in advanced expository writing. Intensive reading in the formal essay and biography with much systematic writing. Open by permission only to qualified students (B average in Freshman English).

206. Literature of the Romantic Period

Three hours

Intensive critical analysis of the work of Wordsworth, Coleridge, Byron, Keats, and Shelley, and a survey of other English poets writing in the years 1798-1830. Textbooks and critical papers.

207. Poetry of the Victorian Period

Three hours

Mathematics

Associate Professor Tuls; Professor Muyskens; Associate Professor Sinke; Assistant Professor Zwier; Visiting Lecturer Van Zwalenberg

Students who wish to major in mathematics should take Mathematics 101 and 104 in high school. These courses will not be credited toward a college major in mathematics.

Minimum requirements for a major in mathematics include: Mathematics 201, 202, 301, 302, 304, plus one additional course to be chosen from the following list: 305, 306, 308, and 309.

A student who desires to major in mathematics must receive departmental approval. He must file application for such approval with the chairman of the department not later than the beginning of the junior year.

101. Advanced Algebra
   For those who have had only one year of high school algebra.

104. Plane Trigonometry
   Prerequisite: 101 and Plane Geometry.
201. **College Algebra and Plane Analytic Geometry**  
*Prerequisite: 101 and 104.

202. **Continuation of Mathematics 201**  
*Prerequisite: 101 and 104.

205. **Mathematics of Finance**  
The mathematics of the theoretical aspects of interest and its practical applications to simple interest, simple discount, compound interest, depreciation, annuities certain, stocks and bonds.

206. **Statistics**  
Emphasis on statistical methods. *Prerequisite: 101. For business administration students 205 is required.*

301. **Calculus**  
Functions, limits, continuity, differentiation and integration of algebraic functions, applications, differentiation of transcendental functions. *Prerequisite: 201 and 202.*

302. **Calculus**  
Integration completed, applications, improper integrals, indeterminate forms, infinite series, partial derivatives, multiple integrals, solutions of elementary ordinary differential equations. *Prerequisite: 301.*

304. **Differential Equations**  
Equations of first order and first degree, orthogonal trajectories, linear differential equations, operators, variation of parameters, systems of equations, equations of higher degree, power series method. *Prerequisite: 302.*

305. **Theory of Equations**  
Complex numbers, polynomial equations, rational roots, cubic and biquadratic equations, separation of roots, determinants, linear equations. *Prerequisite: 302.*

306. **Advanced Calculus**  
An advanced course in which the emphasis is on rigorous mathematical reasoning rather than manipulative skill. Intended for mathematics, physics and chemistry majors, and engineering students. *Prerequisite: 302.*

308. **Mathematical Statistics**  
*Prerequisite: 302.*

309. **Introduction to Modern Algebra**  
Real number system, integral domains, polynomial domains, complex number field, groups, vector spaces, linear transformations, and matrices. *Prerequisite: 302.*

**Music**

**APPLIED MUSIC**

All applied music students should study with a member of the college staff. In case of an overload in the department, it may be necessary for the chairman of the department to recommend that the student study with an approved teacher in the community. This recommendation will be made only in an emergency.

Applied music concentrates are required to give the equivalent of one half recital in the sophomore or junior year, and a full recital in the senior year.
All applied music students and all music majors are required to attend reper­
tory class or studio class each Thursday at 1:00 p.m. Attendance is necessary in
order to receive credit in applied music.

All applied music students must appear before a jury consisting of the members
of the music faculty for examination at the end of each semester to determine
placement and grade.

All entering applied music students will be given provisional placement for the
semester by the instructor. Final placement will be determined by the jury at the
end of the semester.

The applied music requirements of the Music Department conform to the stand­
ards set up by the National Association of Schools of Music in 1947.

A maximum of 8 semester hours of credit in Applied Music will be allowed
towards the Bachelor's Degree, except for music majors concentrating in Applied
Music, in which case the maximum is 16 hours.

Class Lessons

163-164. Strings
Class lessons in string instruments for the music major concentrating in Instrumental Music Education.

173-174. Woodwinds
Class lessons in woodwinds for the music major concentrating in Instrumental Music Education.

183-184. Brasses
Class lessons in brass instruments for the music major concentrating in Instrumental Music Education.

193. Percussion
Class lessons in percussion instruments for the music major concentrating in Instrumental Music Education.

119-120. Voice
Class lessons in voice for the music major concentrating in Instrumental Music Education.

199-200. Repertory Class
Students perform for their fellow students and for the music faculty to gain experience in public performance and to increase their knowledge of music literature. Attendance is required of all music majors and students of Applied Music. Others are invited.

ENSEMBLES

101-102. Oratorio Chorus
The study of representative works of the great masters of choral writing with a view to public performance. Handel's Messiah is rendered annually at Christmas time. Another oratorio is presented in the spring. Open to all who meet the requirements of voice and musicianship.

107-108. Radio Choir
Performs weekly as the Choir of the Back to God Hour over both the NBC and the Mutual Networks. Representative works in the field of Church music suitable for radio performance are used. Open only to those who meet the demands of voice and musicianship. One hour credit for each semester.

207-208. A Cappella Choir
Representative works in the field of choral literature are studied and a limited number of selections are prepared for concert performance. Open only to those who meet the demands of voice and musicianship. One hour credit for each semester.

213-214. Band
Representative works in the field of band literature are studied and prepared for concert performance. Open to all students who meet the demands of musicianship. Three rehearsals a week. One hour credit for each semester.

215-216. Orchestra
Representative works in the field of chamber and symphony orchestra literature are studied and prepared for concert performance. Open to all students who meet the demands of musicianship. Two rehearsals a week. One hour credit each semester.

Philosophy

Professors Jellema and Runner; Assistant Professors Orlebeke and Wolterstorff

Six-hour requirement for the General College A.B. degree:
Every candidate for the A.B. degree, General College, is required to take six hours of philosophy, exclusive of Logic. To fulfill this six-hour requirement, the
student may choose any one of the following combinations, (a) being the usual sequence.

(a) Perspectives 201 and 202.
(b) Ethics and any one of the following: Perspectives 201, Perspectives 202, History of Philosophy: Ancient.
(c) History of Philosophy: Ancient followed by Perspectives 202.
(d) Perspectives 201 followed by History of Philosophy: Modern.

PHILOSOPHY MAJORS:

Students who plan to major in Philosophy should make application to the chairman of the department not later than the beginning of the junior year, and should thereafter arrange each semester’s program in consultation with him.

Minimum total number of departmental hours required of a Philosophy major is twenty-seven, distributed as follows:

- Logic, History of Philosophy: Ancient, Medieval, Modern
- Kant
- Additional courses (advanced) in History of Philosophy, selection to be approved by departmental chairman
- Systematic disciplines, selection to be approved by departmental chairman

In addition, senior majors are required to attend the journal seminars.

ELEMENTARY COURSES

(A student may elect any one of the Elementary Courses without having had previous courses in Philosophy.)

200. Logic

A course in traditional and elementary symbolic logic. Open to qualified Freshmen. Offered each semester.

201. Perspectives of Philosophy

An introduction to philosophy which emphasizes basic differences in philosophical orientation and perspectives by way of study of the Greek mind in comparison with the Christian, more particularly as articulated by Augustine. Offered first semester.

202. Perspectives of Philosophy

Similar to 201, except that attention is centered on medieval and modern philosophy. Offered second semester.

205. Elementary Ethics

Emphasis is on the contrast between the “moral commonwealths” of ethical naturalism, and its various forms, of classic pagan and modern idealism, and of Christianity.

220. History of Philosophy: Ancient

Historical and critical study of the philosophical questions raised in the Greek and Hellenistic periods, and of the implicit movement in the proffered solutions. Through Plotinus. Offered each semester.

INTERMEDIATE COURSES

(Intermediate courses normally presuppose three hours of Philosophy, but are open to all qualified Juniors and Seniors.)

301. History of Philosophy: Medieval

Historical and critical study of the Christian philosophical perspective from the beginnings of Christianity to the Renaissance. Offered each semester.

302. History of Philosophy: Modern

Historical and critical study of Western philosophy from the Renaissance to Kant. Offered each semester.
303. **Philosophy of Science**  
*Three hours*
A study of philosophical problems arising out of the method and results of modern science.

305. **Intermediate Ethics**  
*Three hours*
A course in ethics which presupposes some acquaintance with the history of philosophy. (No credit is allowed for 305 if student has had 205.)

307. **Political Philosophy**  
*Three hours*
A history of political thought from the Hebrews to contemporary times, with especial emphasis on the development of democratic ideals and their application.

308. **Aesthetics**  
*Three hours*
A study of the main features of the aesthetic judgment as exemplified in the fine arts, of the relation of art to the aesthetic, and of the relation of aesthetic value to other values, such as the moral.

320. **Contemporary Philosophy**  
*Three hours*
Subject is history of philosophy of the last 100 years, or some major movement of this period.

**ADVANCED COURSES**

(Advanced courses normally presuppose six hours of Philosophy, but are open to all qualified Seniors.)

A. 350-379. Advanced courses in history of philosophy. Intensive study of some philosopher or philosophical school of the ancient, the medieval, the modern, or the contemporary period.

351. **Plato**  
*Three hours*
Study of the later Platonic dialogues.

352. **Aristotle**  
*Three hours*
Advanced study of Aristotle.

361. **The Philosophy of Thomas Aquinas**  
*Three hours*
A course in Thomistic thought, including analysis of portions of the *Summa Theologica*.

365. **Kant**  
*Three hours*
Study of the *Critique of Pure Reason*. Offered second semester.

B. 380-399. Advanced courses in systematic disciplines of philosophy.

380. **Journal Seminar**  
*One hour*
Meeting with the Staff, Seniors majoring in Philosophy are required to read and to present papers on articles appearing in the philosophical journals.

395. **Metaphysics**  
*Three hours*

**Physical Education**

**Associate Professor Steen; Instructor Tuuk; Mr. Vroon and Mrs. Byker**

Students desiring the degree of A.B. in Education may obtain a minor in this department. They should select twelve hours from the courses listed here; the remaining three hours they should select from the following: Biology 105 and 106.

Students should meet requirements for the Red Cross First Aid Certificate. This course will be offered each semester.

103. **Personal Hygiene** *(Biology 103)*  
*Three hours*
The proper care of our bodies and approved practices for the prevention of disease are studied.
104. **History and Principles of Physical Education**  *Two hours*

Traces the history of Physical Education from its early origin to present-day trends. Considers the relation of Physical Education to life and ideas. Acquaints the student with the profession of Physical Education.

203. **Organization and Administration of Physical Education**  *Two hours*

A study of the representative programs of Physical Education and evaluation of these programs.

204. **Community Recreation**  *Two hours*

A study of the development, administration, and use of leisure time within the community and of the community agencies organized to meet present-day recreational needs. Not open to Freshmen.

205. **Coaching of Basketball**  *Two hours*

A consideration of the fundamentals that make up the game of basketball; team conditioning, styles of play, and team strategy.

206. **Coaching of Spring Sports**  *Three hours*

A study of the fundamentals of track, tennis, golf, and baseball. Methods of teaching and coaching of these sports are also discussed. Not open to Freshmen.

222. **Team Sports for Women**  *Three hours*

A study of fundamentals, history, and teaching methods of basketball, softball, soccer, and volleyball.

223. **Teaching of Physical Education in Elementary Schools**  *Three hours*

Theoretical and practical methods in the teaching of play activities to children of the elementary grades.

322. **Individual Sports for Women**  *Three hours*

A study of the background, fundamentals, and teaching methods of tennis, golf, badminton, archery and bowling.

**Physical Science**

**Associate Professor Broene; Instructor Vander Lugt**

205. **Introduction to Physical Science**  *Three hours*

This course attempts to evaluate critically the basic assumptions, simple laws and results of modern scientific investigations in the field of physics, chemistry, geology and astronomy. Emphasis is placed on the interrelation of these fields rather than a study of each unit by itself. Not open to students having had Chemistry 103-104 or Physics 201-202 or their equivalent.

206. **Introduction to Physical Science**  *Three hours*

Continuation of 205, which is also a prerequisite.

**Physics**

**Professor Wassink; Instructors Bosscher and Faber**

A student who wishes to major in Physics should complete the following courses: Physics 201 and 202, 301, 302, 303, 304, 305, 306, 307, and 308. In related fields, he should complete Mathematics 104, 201, 202, 301, 302, 304 and 306; and Chemistry 103 and 104. Advanced Algebra, Solid Geometry and Plane Trigonometry should be completed in high school, if possible. The student should take Chemistry 103 and 104, and Mathematics 201 and 202 during his freshman year and should, before the beginning of the sophomore year, confer with a member of the Physics staff.

201. **General Physics**  *Four hours*

Mechanics, sound and heat. Prerequisite: Mathematics 104. Three recitations and one two- to three-hour laboratory period a week.
202. General Physics

Electricity and light. Continuation of 201. Three recitations and one two- to three-hour laboratory period a week.

203. General Physics

Mechanics, sound, and heat. (Required of all engineering students.) At least half the semester is devoted to elementary mechanics; the remainder of the time to sound and heat. Many experimental illustrations. Five recitations and one two- to three-hour laboratory period a week. Prerequisite: plane trigonometry.

204. General Physics

Electricity and light. (Required of all engineering students.) A continuation of 203. It takes up the fundamental phenomena and laws of electricity and light with ample class illustrations. Five recitations, and one two- to three-hour laboratory period a week.

NOTE: Prerequisite for the following courses are Physics 202 or 204, and Mathematics 302.

301. Mechanics

The fundamental principles of Newtonian Mechanics applied to a single particle, a system of particles, and to the motion of a rigid body; a discussion of central force motion with applications to Kepler's laws and Rutherford scattering laws; the principle of virtual displacements, d'Alembert's principle and Lagrange's equations; an introduction to the special theory of relativity. Not offered 1960-61.

302. Mechanics

Continuation of 301 which is prerequisite. Not offered 1960-61.

303. Modern Physics

Elementary particles, relativistic dynamics, atomic structure and spectral lines, quantum mechanics, Xrays, molecular structure, nuclear reactions, particle accelerators, nuclear fission and cosmic rays.

304. Modern Physics

Continuation of 303 which is a prerequisite.

305. Heat

An introduction to the first and second laws of thermodynamics and to the kinetic theory of gases.

306. Optics

The phenomena of interference, diffraction and polarization. Two lectures and one laboratory period a week.

307. Electricity and Magnetism

The elementary theory of electrostatics, magnetism, direct current and alternating current circuit theory, and electromagnetic waves. Three lectures and one laboratory period a week.

308. Electricity and Magnetism

Continuation of 307 which is a prerequisite. Three lectures and one laboratory period a week.

Political Science

Instructors Westra and W. De Vries

A political science major requires a minimum of twenty-four hours. These must include particularly courses 203-204 (Introduction), and 305-306 (Political Thought).

History 313 and 314 may be taken to satisfy requirements for the political science major. (These courses may not then be counted toward a major or minor in history.)
Entry to any political science course which is numbered above 300 requires the completion of Political Science 203 and 204 or the permission of the instructor.

Majors in political science should present a minor in one of the following fields: Economics, History, Philosophy, or Sociology.

A minor in political science should include the following twelve hours:

203-204 Introduction
305-306 Political Thought

Students preparing to enter a school of law or contemplating careers in public administration should normally take Economics 307 (Essentials of Accounting) and Economics 309 (Business Law) in addition to a major in political science regardless of choice of minor. (See paragraph above.)

Students preparing for graduate work in foreign relations or who plan careers in foreign service should normally complete a political science major plus four years of a modern language plus one of the above-listed minors.

The meeting or satisfaction of any of the above-stated stipulations in no way releases students from the requirements (overall) of the General A.B. degree.

203. INTRODUCTION TO AMERICAN GOVERNMENT

Three hours

The first semester is intended as an introduction to political science: the nature of government, the state, law; constitutions, forms of government, ideologies. Designed to provide a background for more intensive study of American government.

204. INTRODUCTION TO AMERICAN GOVERNMENT

Three hours

Continuation of 203. A detailed study of American national government, analyzing its constitutional foundations, its structure and its functions; civil liberties, political parties, pressure groups.

205. GOVERNMENT OF MODERN STATES

Three hours

A study of the governments of the major powers of Europe: Great Britain, France, Germany and Russia. Sketches the historical background and the major factors (social, economic, ideological) which influence the process of government in each of these countries. Special attention is paid to post-war developments, to political movements and to comparison of democratic and dictatorial regimes.

206. GOVERNMENT OF MODERN STATES

Three hours

Continuation of 205. Includes brief treatment of the governments of some minor European states: Switzerland, the Netherlands.

301. STATE AND LOCAL GOVERNMENT

Three hours

The development and philosophy of the American federal system; constitutional bases of state and local government; state and local administrative problems; formal and informal distribution of power in local communities.

302. PARTIES, PUBLIC OPINION, AND PRESSURE GROUPS

Three hours

The development of political theory up to the Reformation. The leading theorists from Plato to Machiavelli; Church and State in the Middle Ages; medieval constitutionalism.

306. HISTORY OF MODERN POLITICAL THOUGHT

Three hours

Representative political theorists from the Reformation to the present day.

307. INTERNATIONAL POLITICS

Three hours

An analysis of basic factors involved in world politics; the modern state system, nationalism, militarism, imperialism; the evolution of international relations; the foreign policies of major powers. Not offered 1960-61.
308. **International Politics**  
*Three hours*
Continuation of 307. Special emphasis is placed on problems of American foreign policy; the process of foreign policy formulation in the United States; problems of international organization. Not offered 1960-61.

309. **Constitutional Law**  
*Three hours*
The American Constitution as interpreted by the Supreme Court. Analyzes the leading cases in which the Court has laid down principles governing the relations between the national government and the states and between the three branches of the national government; limitations on Congress; limitations on the states. Not offered 1960-61.

310. **Constitutional Law**  
*Three hours*
Continuation of 309. Special emphasis on constitutional issues in the field of civil liberties: freedom of religion, free speech, due process of law. Not offered 1960-61.

**Psychology**

**Professors Daling, Jaarsma, and Plantinga; Assistant Professor Bijkerr**

201. **General Psychology**  
*Three hours*
An introductory course intended to give the beginner some orientation to the field of psychology in general in respect to viewpoints, methods, and assumptions; the major emphasis is on the motivational, emotional, and cognitional aspects of the normal adult human being. It is advisable that the student have had a course in human physiology. Not open to Freshmen, except by special permission. Offered both semesters.

202. **Educational Psychology**  
*Three hours*
A psychological study of the forming of personality as it takes place in the classroom of the elementary and secondary schools. The course seeks to develop a sound foundation in principle and in fact for the understanding of a child in the learning process. The observed facts of child life with reference to the classroom are interpreted according to the Scriptural doctrine of man and the Scriptural mandate in education. Psychology 201, or its equivalent, is a prerequisite. Offered both semesters by department of Education.

204. **Child Psychology**  
*Three hours*
A study of the physical, motor, social, emotional, linguistic, intellectual and valuational development of the child. An attempt is made to trace these aspects of the human being's development from babyhood through adolescence. Course 201, or its equivalent, is a prerequisite. Offered both semesters.

207. **Adolescent Psychology**  
*Two or three hours*
A specialized course in developmental psychology directed specifically to the period from puberty to adulthood. Prerequisite: 201 and 204. Not offered 1960-61.

209. **Mental Hygiene**  
*Two or three hours*
A study of personal attitudes toward reality and the solution of maladjustment by means of integration. Prerequisite: 212. Offered second semester.

211. **Clinical Psychology**  
*Three hours*
An introduction to the science, techniques, and art of employing psychological means to promote the welfare or mental health of a person. May be offered second semester.

* On leave of absence during 1960-61
212. The Psychology of Abnormal People

A study of disorders of sensation, perception, association, and so forth. Some study is made of hypnosis, hysteria, and other subjects usually considered under the heading of abnormal psychology, and especially, too, the phenomena and problems of the psychoses. Psychology 201, or its equivalent, is a prerequisite. Offered both semesters.

214. Theories of Personality

An introduction to modern American and European theories concerning the psychological structure and dynamics of the human person. Prerequisite: 6 hours of psychology. Not offered 1960-61.

300. Advanced General Psychology

A more detailed and thorough examination than is possible in Psychology 201 of the major psychological functions of man. Emphasis will be placed on problems involved in perceiving, imagining and thinking. Prerequisite: 201. Not offered 1960-61.

301. History of Psychology

A historical introduction to the problems and theories of modern psychology with special reference to the origin of divergences in the interpretation of human nature. Readings and discussions. Offered first semester.

302. Theories of Learning

A presentation of the important conclusions of modern investigations of learning and forgetting and an evaluation of the various contributions to their explanation. The place of learning theory in general psychology is stressed. Permission of instructor required. Not offered 1960-61.

304. Contemporary Schools of Psychology

A critical examination of the principal theories, systems and schools of modern psychology and their philosophical implications. Readings, discussions and individual investigations will constitute the course. Offered second semester.

310. Social Psychology

A study of individual human behavior in reaction to social environment, of the consequences of such social interaction for human personality, and of the behavior and consciousness of groups. Prerequisite: Psychology 201 and Sociology 203 or their equivalents. Offered first semester by department of Sociology, second semester by department of Psychology.

312. Psychodiagnosics

This course aims at giving the student a thorough introduction to the theoretical and practical issues, viewpoints, and techniques of psychological testing in the areas of both intelligence testing and projective techniques. Open only to Psychology majors in their junior or senior year. Not offered 1960-61.

Sociology

Instructors Holstege and Rottman

A candidate for the A.B. degree in the General College course or in the Education course may select sociology as a major field. He should complete the subjects prescribed for General College (see p. 54) or the Education course (see p. 65). To complete the major group (Group III) requirements he should elect 24 hours in sociology.

A student who expects to enter a graduate school of social work should elect sociology as his major subject. The 24 hours must include courses 203, 204, 304, 305, 310, 315. Psychology should be elected as a minor.

A student who expects to do graduate work in sociology should elect courses 203, 204, 317, 318, 320.
203. **PRINCIPLES OF SOCIOLOGY**

A study of the structure, functions and changes of social groups, stressing the important role that group relationships play both for the individual and for society. Fundamental concepts are discussed and an introductory view of the general field of sociology is presented. Not open to Freshmen, except by special permission.

**Three hours**

204. **SOCIAL PROBLEMS**

An investigation of the primary and secondary causes of social maladjustments in general and a survey of a number of major social problems confronting American society. These include population problems, poverty, crime and delinquency, divorce, race and minority cleavages, and problems of farm and village. It is desirable, but not necessary, to precede this course with 203.

**Three hours**

206. **RURAL AND URBAN COMMUNITY**

A comparative analysis of culturally variant rural and urban communities in the United States. The emphasis is on function, process, value systems and styles of life, rather than on community structure. The suburban, or "fringe" development is considered as well as rural-urban relationships.

**Prerequisite:** 203 or 204.

Prerequisite to 208. A study of Adler's *How to Read a Book* intended to prepare the student for careful and critical reading of the Great Books chosen as basic for work in 208. Open to Freshmen by permission.

208. **Speech Based on the Great Books** Two hours

Each student will choose one of the books from the Adler list and use it as a basis for his speeches during the semester. Emphasis on speech. Prerequisite: 207.

215. **Principles of Speech Correction** Two hours

A one-semester course especially designed for the elementary and secondary school teachers. A detailed study will be made of the types, nature, and causes of speech defects, as well as of the principles and methods of speech correction. Not open to Freshmen, except by special permission.
219. **Principles of Dramatic Productions**  
*Three hours*

A study of the theory and principles of drama as revealed in representative plays from the Greek through the modern period. With a view to training the prospective coach, attention will be given to the technical aspects of production. Students will be trained in acting and in directing by means of classroom presentations of dramatic scenes.

301. **Advanced Speech**  
*Two hours*

A practice course, designed for Pre-Seminary students. Open to others only by permission.

303. **Interpretative Reading**  
*Three hours*

304. **Advanced Interpretation**  
*Three hours*

Continuation of 303. Application of its principles to drama. Study of development from Greek to modern drama. Collateral reading.

309. **Speech for the Classroom Teacher**  
*Three hours*

Designed to: (1) improve the prospective teacher's vocal habits; (2) train the student in the use of the International Phonetic Alphabet; (3) aid the prospective teacher in handling speech improvement in the classroom.

311. **Oral Discussion and Debate**  
*Two hours*

Theory and practice of discussion and debate in their various forms. The use of analysis, evidence, and argumentation is developed.
