METHODOLOGY

Data were collected for a 11-month period beginning February 2017 and ending January 2018.

This report includes Calvin College graduates from July 2016 through June 2017. The statistics in this report are based on information received through multiple sources, including the following reporting methods:

• Senior Class First Destination Survey
• Alumni Online Survey
• Faculty and staff reporting
• Email communication
• LinkedIn

Department chairs and faculty were asked to gather information on graduates who had not reported. In June 2017–February 2018, the Career Center followed up with graduates.

Internship information was obtained from graduate surveys and the Career Center’s college-wide internship database.
