AIM AND FACILITIES

CALVIN COLLEGE exists under the auspices of the Christian Reformed Church in America, and is controlled by a Board of Trustees composed of two members from each Classis. According to the constitution all instruction given must be in harmony with Reformed principles. The various branches of study, therefore, are considered from the standpoint of faith and in the light of Calvinism as a life and world view. The aim of the college is to give young people an education that is Christian, not merely in the sense that devotional exercises are appended to the ordinary work of the college, but in the larger and deeper sense that all the class work, all the student's intellectual, emotional, and imaginative activities shall be permeated with the spirit and teaching of Christianity.

The campus, comprising about twelve acres of ground, lies in one of the most beautiful residential sections of the city. The site is ideal. To the east are two beautiful boulevards and the varied scenery surrounding Reed's Lake; and across from its southwestern corner lies Franklin Park, a twenty acre plat of ground offering splendid opportunity for rest and recreation. All around the campus are residences of the better class. The grounds have been decorated by a landscape artist and resemble a park.

The main building, valued at $250,000, is an imposing edifice, thoroughly modern and up-to-date in structure and provided with the very best equipment. In addition to this, there are on the campus a men's dormitory, which was completed in 1924 through the donations of many friends and especially the generosity of Mr. Wm. Van Aghoven of Cincinnati, Ohio, and which accommodates about eighty students; a well equipped gymnasium, also built in 1924; and the Hekman Memorial Library, which, completed in 1928, was given by Mrs. E. Hekman and her three sons in memory of the husband and father, the late Mr. Edsko Hekman.

The college is generously supported chiefly by the members of the Christian Reformed Church. From year to year, with the growth of the church, the contributions have become larger and have met the demands of the institution. The college also derives an appreciable amount of support from an endowment fund of several thousand dollars.

The College is greatly in need of a larger endowment, and bequests are, therefore, very welcome. Should there be any among the friends of this school whom God has richly blessed with means, may they remember that no money is so well invested as that which is invested in an institution that gives young people a Christian education, in souls and lives rather than in natural things. The church, the state, and society depend upon Christian colleges and seminaries for leaders and workers; hence, money expended for the support of such institutions is money spent for the advancement of the Kingdom of God upon earth.

LEGAL FORM OF BEQUEST

"I hereby give, devise, and bequeath unto Theological School and Calvin College, a corporation organized and existing under the laws of the State of Michigan, the sum of $............................. Dollars, to be paid out of any real or personal estate owned by me at my decease."

Advanced credit is granted only for studies equivalent to courses offered in our college, and in accordance with the following regulations:

Advanced credit for work taken in an accredited High School will be given only to such applicants as can offer at least 16 units for admission to College, and only in subjects which are also taught in college, but advanced credit for such work will not be given in excess of 10 college semester hours. Moreover, a study in which advanced credit is sought must be successfully continued for at least one semester in the College.

In any other case, the applicant must pass a satisfactory examination in the work presented for credit; or he must, during his first year of residence in the College, creditably complete, in the department of study concerned, a course presupposing a satisfactory knowledge of the work for which credit is asked. No student is allowed more than 17 hours of credit for each semester of work taken at some other recognized institution.

Students entering as sophomores must earn 94 honor points for graduation, those entering as juniors 62½ honor points, and those entering as seniors 31 honor points.

All advanced credit is subject to revision at the end of the first year of residence.

Students expecting advanced credit for work done at other institutions should bring full credentials.

UNCLASSIFIED STUDENTS

Students who are not candidates for graduation may, in as far as the schedule of recitation allows, take such studies as their preparation qualifies them to pursue with profit. Bible Study, however, must be taken by every student.

REGISTRATION, TUITION, AND FEES

The tuition fee is $100.00 a year; for two from the same family, $150.00. For students living west of the Mississippi River and east of the Ohio River the fee is $67.00; and for two from one family in the same region the rate is $54.00; while for those coming from Montana, Wyoming, Colorado, and New Mexico, and points west of these states, the fee is $35.00.
For pre-seminary students the fee is $75.00, or $50.00 for two from the same family, with corresponding reductions for those coming from west of the Mississippi and east of the Ohio and from the far West.

A married man who establishes his home in Grand Rapids for one semester next preceding date of enrollment is considered to have his residence here, while the residence of minors follows that of their parents or legal guardians.

An extra fee of $6.00 will be charged for each semester hour taken in excess of seventeen.

The tuition of a student who takes less than nine hours is computed at the rate of $6.00 a semester hour.

The tuition fee must be paid to the treasurer on the day of registration in September and in February. A fee of one dollar will be charged for late registration.

The gymnasium fee of $5.00 is not included in the tuition fee. Students who register for a practice teaching course pay a “practice” fee of $3.00 per semester.

In some laboratory courses an extra fee will be charged to cover cost of material, wear and tear of instruments, etc. The laboratory fees must be paid before the corresponding courses are begun. See description of these courses for the amount of fees.

A diploma fee of $5.00 is charged at the completion of any College Course. This fee must be paid before admission to the final examinations.

EXAMINATIONS, GRADES, CONDITIONS, HONOR POINTS

The examinations are held at the close of the first and second semesters. A literal system is used in grading the work, as follows:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Interpretation</th>
<th>Equivalent Honor Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>Exceptional</td>
<td>3</td>
</tr>
<tr>
<td>B</td>
<td>Good or very good</td>
<td>2</td>
</tr>
<tr>
<td>C</td>
<td>Graduation average</td>
<td>1</td>
</tr>
<tr>
<td>D</td>
<td>Unsatisfactory; just passable</td>
<td>0</td>
</tr>
<tr>
<td>E</td>
<td>Condition, which may be removed at re-examination</td>
<td>-1</td>
</tr>
<tr>
<td>F</td>
<td>Failure. No re-examination</td>
<td>-2</td>
</tr>
<tr>
<td>Inc.</td>
<td>Work not completed</td>
<td>0</td>
</tr>
</tbody>
</table>

This means that a student can graduate from the College with 125 honor points to his credit; that is, he can get his diploma when he has a C in all his studies, or an average of C. Such average is to be computed by multiplying the number of honor points of each study by the number of hours devoted to that subject per week, and by dividing the result so ascertained by the total hours taken by the student.

Students in all courses (Normal, Pre-Engineering, Pre-Medical, and Pre-Law) may graduate only when they have met the course requirements and have maintained an average scholarship record during their term of residence; that is, have received as many honor points as hours of credit. For honor points required of students entering after the Freshman year, see page 23.

Conditions received in January, as well as in June, may be removed only at the supplementary examination held for that purpose on the first Tuesday and Wednesday after the spring vacation, or on the first Friday and Saturday of the school year. A student whose grade is “E” is allowed one re-examination on the work of the course, for which he receives credit if the re-examination is passed with a grade of “C” or better. If a student fails to remove his condition at the re-examination immediately following the time when the condition was received, the “E” becomes an “F.”

“Incompletes” shall be given only in cases of prolonged illness and in emergencies.

An “Incomplete” must be removed within a year. At the end of a year an unremoved “Incomplete” becomes an “F.”

Any student whose grade is “F” can obtain credit for the course only by repeating it in class.

All written work for any course in the curriculum must be submitted by the last week preceding the final examination.

What course is to be pursued in the case of a student who is not prepared for more advanced work is to be determined jointly by the Dean and the instructor of the subject.

Report cards are sent out at the end of each semester.

TERMS AND VACATIONS

The school year of thirty-six weeks is divided into two semesters of eighteen weeks each.

Two vacations are given during the year: a vacation of two weeks at the Christmas holidays, and a spring vacation of one week. Students are required to remain
on duty until the last school exercise preceding a vacation is completed, and to be present at the hour of opening after a vacation.

REQUIRING CULTURE

All students are obliged to attend the devotional exercises held in the auditorium at 9:40 a.m. Religious instruction, either doctrinal or historical, is compulsory for all classes.

On the Sabbath every student is supposed to worship regularly with some church of his own selection.

Every student is visited by some professor at least once a school year. The object of this visit is not only to speak with the student about methods of study, difficulties encountered in the work, habits of living, but especially to be a help to him in his spiritual life. The College believes that the religious as well as the intellectual side of a student’s life should receive due attention.

PHYSICAL EDUCATION

Every freshman and sophomore student is required to take two hours of gymnastics or physical education per week. No credit is given for this work.

DROPPING AND CHANGING OF COURSES

After a student has enrolled for a study, he may not drop it without permission from the Dean; neither may he change his course of study without such permission.

DISMISSAL

Admission to Calvin College is a privilege, not a right. This privilege may be withdrawn from any student whose presence is not regarded as desirable by the College authorities.

DIPLOMAS AND CERTIFICATES

The School issues diplomas as follows:

To those who have finished one of the various four year courses in the College.

To those who have finished the Three-Year Pre-Law Course and one year in a recognized law school.

To those who have finished the Three-Year Pre-Medical Course and one year in a recognized medical school.

To those who have finished the Normal Course.

No diploma will be granted for less than one year’s resident work, which ordinarily must be the year immediately preceding the granting of the diploma.

When no full course is completed, a statement is given of the studies in which the student passed examinations.

STATE TEACHER’S LIFE CERTIFICATE

Seniors who are entitled to the A.B. degree and who have completed at least fifteen hours in the department of education, three hours in practice teaching, and the required courses in the subject of their preference, will be recommended for a State Teacher’s Life Certificate.

PLACEMENT BUREAU

A Placement Bureau which will effect the placing of prospective teachers, graduates from Calvin College (including the Normal Department), has been established. This Bureau keeps on file a list both of vacancies in the teaching forces in our Christian Schools throughout the country and of graduates who desire to teach. All correspondence for the Bureau should be addressed to: Placement Bureau, Calvin College. The services are given without charge.

INFORMATION

The President will be glad to furnish all possible information with reference to the College. Correspondence is cordially invited.

GENERAL INFORMATION

HISTORY AND STANDPOINT

THEOLOGICAL SCHOOL AND CALVIN COLLEGE, though incorporated as one institution and controlled by the Synod of the Christian Reformed Church through one and the same Board of Trustees, consists for academic purposes of two distinct schools: The Seminary, and Calvin College. Each has its own faculty and academic life. The seminary professors teach no college subjects, nor do the college professors teach in the seminary.

The Seminary was founded March 15, 1876. At that time it not only offered distinctly theological training for the ministry, but it also sought to impart such literary training as was held to be requisite as preparatory for theological study. Out of this literary department of the Theological School, Calvin College has developed. Information relative to Calvin College may be found in another part of this catalogue.

At the time of its inception in 1876 the Seminary Faculty consisted of one member, the Rev. G. E. Boer. Since that time the number of professors has constantly increased. The Synod of 1924 created the sixth theological professorship. All six active members of the present Seminary Faculty are full-time professors. There are at present also two emeritus professors, no longer in active service.

Up to the present (1930) Seminary and College occupied the same building, first that on the corner of Madison Avenue and Franklin Street, and since 1917 the main building on the campus bounded by Franklin and Thomas Streets and Giddings and Benjamin Avenues. Through the generosity of the Hekman families there is now being erected on this campus a separate Seminary building, which we hope to occupy toward the end of 1930. The present main building on the campus will thereafter be for the exclusive use of Calvin College. The other two buildings, namely, the Student Dormitory and the Hekman Memorial Library, are used jointly by Seminary and College.

The theological standpoint of the Seminary is in harmony with the confessional standards of the Christian Reformed Church, the Church which owns the Seminary and whose Synod has ultimate authority in all matters pertaining to this institution. The professors are members of the Christian Reformed Church. All their teaching is in harmony with the doctrinal standards of the Christian Reformed Church, each professor pledging himself to this standpoint by signing his name to the Formula of Subscription existing for that purpose.

MATRICULATION AND REGISTRATION

The Seminary is open not only to those preparing for the gospel ministry, but also to all who desire to make a study of any phase of theological science, provided the conditions for admission, specified hereafter, are satisfied.

Students fall into any one of the following four groups: regular (full-time) students; special (full-time) students; part-time students; special graduate students.

The rules governing each of these four groups of students in the matter of admission, tuition, courses, and graduation, are given below under the appropriate heads.

All new students must matriculate and register properly before being admitted to the classes. Opportunity for such matriculation is given on September 3, 1930, at 2 P. M., at which time the Committee on Credits and Registration will be in session for this purpose in the Faculty Room. At this time all new students should appear in person to submit those required documents not previously submitted to the Registrar and to complete their matriculation. Failure to matriculate at the appointed time, as also failure to submit the required documents at the time of matriculation, is subject to a fine of one dollar.

All students, whether new or old, are to register at the office on the following day, namely, September 4, 1930. For the second semester, registration day will be January 15, 1931. No student is admitted to the classes without previous registration. In view of the fact that final disposition of a student's first semester work cannot very well be made before the date set for the registration of the second semester, it is understood that such second semester registration shall be considered provisional until the Faculty shall have passed favorably upon the student's first semester work.

Tuition fees must be paid at the office of the Treasurer on registration day of each semester. The amount is specified below under the heading of the appropriate student group. Deferred payment for a period not exceeding a month can be granted on registration day by the Registrar.
only. Students who fail to pay their tuition on the day of registration or on the date stipulated for them, will be subject to a fine of one dollar.

The new school year, 1930-31, begins officially on Thursday, September 4. On that day the opening exercises take place at 2 P.M. At this gathering all students are to be present. The annual address will then be delivered by the retiring Rector and announcements for the courses of the first semester are then made.

All correspondence relative to matters of credit, admission, and the like, should be addressed to the Registrar, Professor M. J. Wyngaarden, 1144 Chippewa Drive, SE., Grand Rapids, Michigan.

REGULAR STUDENTS

Regular students are such students who are looking forward to the ministry in the Christian Reformed Church, who have successfully passed the examination of the Board of Trustees for such prospective ministerial service, and who pursue the regularly prescribed course.

Admission. Anyone desiring to be admitted as a regular student of the Seminary is expected to appear before the Committee on Credits and Registration in session at 2 P.M., on Wednesday, September 3, 1930, and to present the following credentials, unless they have previously been submitted to the Registrar:

1. A testimonial from the Board of Trustees of Theological School and Calvin College to the effect that he has successfully passed the examination of the Board as to his spiritual fitness for prospective ministerial service in the Christian Reformed Church. Opportunity to take this examination is given at the meeting of the Board around Commencement time of the previous school year. In case one is unavoidably prevented from appearing before the Board at the designated time, he should apply to the Board for its approval to be examined by the Supervisory Committee acting for the Board. This Supervisory Committee will meet in the early part of September. Such permission is given by the Board only in case the Board is convinced that it was impossible for the applicant to be present at the Board meeting.

2. A diploma, or a statement of credits, showing that he is a graduate of the Pre-Seminary Course of Calvin College, or has completed a similar course elsewhere. Those who cannot present a diploma of the Pre-Seminary Course of Calvin College are required to present a statement of credits. Such credits must be in the hands of the Registrar not later than August 1. The credits are then evaluated and it is determined whether the student has satisfied the requirements for admission as a regular student. If a few shortages exist, a student may, in the discretion of the Committee on Credits and Registration, be admitted to the Seminary on condition that he make up these shortages at the time and in the manner determined by it.

(3) All students from schools other than Calvin College must furnish proof that they have the two units of High School German to their credit which are required for admission to the Pre-Seminary Course of Calvin College.

Course. Regular students follow the three-year course of theological study as listed under the heading "The Curriculum" on page 104 of this catalogue. These courses are all prescribed with the exception of one three-hour elective to be taken in the first semester of the Senior year. The choice of such an elective may be made from the courses listed as electives under "Description of Courses."

Tuition and Fees. There is no matriculation fee. Tuition for regular students is fifty dollars per year, except in the following cases: Those regular students who live West of the Mississippi or East of the Ohio are required to pay only twenty-five dollars per year; and those from Montana, Wyoming, Colorado, New Mexico, and points West from these states, have free tuition. Reduction of tuition is also allowed in all cases in which two or more students from the same family are enrolled at the same time in Theological School and Calvin College. (For further details in this matter, apply to the Registrar.) All tuition fees for the year are payable in two equal installments, each on the designated registration day of the semester.

Graduation. Anyone who successfully passes the prescribed three-year course and also meets the special requirements for the Th.B. degree (see below), is awarded a Bachelor of Theology diploma. The fee for this diploma is ten dollars, and must be paid before the final examinations are taken.

Anyone who successfully passes the prescribed three-year course, but does not meet the special requirements for the Th.B. diploma, is awarded a graduation diploma. The fee for this diploma is ten dollars, and must be paid before the final examinations are taken.

SPECIAL STUDENTS

The term "special student" is used to designate anyone who, though pursuing the regularly prescribed theological course, does not present a testimonial from the Board of Trustees to the effect that he has successfully passed the examination of the Board with a view to spiritual fitness for the ministry in the Christian Reformed Church. Taking the regular course, such a student is not special in the academic sense of the word, but only in the sense that he
does not look forward to Christian Reformed ministerial service or that he has not (or, not yet) been passed by the Board with a view to such ministerial service in the Christian Reformed Church.

The following rules shall govern the cases of such special students:

(1) For admission they shall present a certificate of good moral character issued by some consistory, faculty, or other responsible body. If applicants come from some other school, they are also to present a statement of honorable dismissal. As for the academic entrance requirements, they must furnish proof, either by diploma or by statement of credits, that they have completed such a course of study as the Faculty shall deem requisite for the successful pursuit of the Seminary studies upon which they desire to enter.

(2) As long as they are special students they shall not be eligible for licensure in our churches.

(3) If at any time during their course of theological study they should change their mind and decide to become candidates for the ministry in the Christian Reformed Church, they shall have to submit to the regular examination(s) for that purpose before the Board of Trustees and shall not be able to graduate unless they have met all the requirements both of the Pre-Seminary and of the regular Seminary course.

(4) They shall pay tuition at the rate required of those college students that are not studying for the ministry in the Christian Reformed Church, and they shall not be entitled to any refund if at any time during their Seminary course they should decide to become regular students looking forward to the ministry in the Christian Reformed Church.

PART-TIME STUDENTS

Anyone desirous of taking one or more courses in the Seminary as a part-time student can do so, subject to the following rules:

(1) For admission a certificate of good moral character from some responsible body is to be presented.

(2) If the applicant comes from another school he is also to present a statement of honorable dismissal from that institution.

(3) The selection of his course is subject to the approval of the Committee on Educational Policy.

(4) He can select any course that may be offered provided the Faculty is convinced that he is able to pursue such a course with profit. If the applicant desires to get credit for his work, the Faculty must be convinced that his previous academic training is such as to warrant giving such credit.

(5) Tuition is to be paid at the rate of three dollars ($3.00) per hour per semester.
SPECIAL GRADUATE STUDENTS

Anyone having finished a regular three-year course of theological study may enroll as a special graduate student. Such special graduate students may pursue courses listed as electives (see courses numbered from 21 upward in the various departments), or also certain senior courses. The following rules apply to such students who have completed our three-year course of theology and desire to obtain the Th.B. degree. (All other cases of special graduate students shall be taken up and passed upon by the Faculty on their own merits.)

1. All the conditions governing the granting of the Th.B. degree to regular students shall apply. (See below under heading Th.B. Degree.)
2. The oral examination before the Faculty shall be given on the curriculum as in force at the time of the granting of the degree.
3. All the regular Seminary courses which the candidate for the degree has not had, but which are included in the curriculum at the time of the granting of the degree, shall be required.
4. A minimum of twelve semester hours shall be required for the degree, and the maximum shall be twenty-four semester hours.
5. The maximum shall be required in every case where Seminary work has been credited as the equivalent of one year of college work toward the A.B. degree.
6. In every case the course to be pursued is subject to the approval of the faculty.
7. Tuition shall be paid at the rate of three dollars ($3.00) per semester hour, as set by the Board of Trustees for individual courses. However, such special graduate students who are looking forward to candidacy in the Christian Reformed Church shall pay tuition at the rate of regular students.

THE BACHELOR OF THEOLOGY DEGREE

The Th.B. degree is conferred upon all students (whether regular or special) who successfully complete the regular three-year course of theological study, subject, however, to the following conditions:

1. Only those who hold an A.B. degree are eligible.
2. A course counted as credit toward one degree cannot be so counted toward another degree.
3. An average standing of B—(B minus) must be maintained throughout the entire theological course.
4. If a student has at any time in his theological course had a condition or failure in a subject, or any standings lower than D, it shall be in the discretion of the Faculty whether he is entitled to the degree or not.
5. All candidates for the Th.B. degree must successfully pass an oral examination before the entire Faculty some time during the second semester of their senior year. This examination is intended to test the general theological knowledge and the maturity of judgment of the student in the field of theology as a whole.

EXAMINATIONS AND GRADING SYSTEM

Unless other provisions should be made by special Faculty decision, written examinations shall be held in all courses, including electives, at the close of each semester, Practice Preaching and Public Speaking alone excepted.

The time allowed for written examinations in any given course varies with the number of hours of that course. In a one-hour course the examination shall take one and one-half hours; in a two-hour course it shall be two hours; and in a three-hour course, two and one-half hours.

No assigned work (term papers, reports, etc.) in any course can be handed in after noon of the first day of the semester examinations. If a student should be delinquent in handing in some required work in a given course at the appointed time, he will be permitted to take the examination in that course, but he shall be required to offer in addition to the required work another piece of work the equivalent of that which he failed to hand in at the appointed time. In such a case the delinquent shall receive an incomplete on his report card. All in completes must be removed within one month from the date on which the standings are released.

Unless prevented by circumstances beyond his control, a student failing to take an assigned test at the appointed time forfeits the right to take it on a later occasion and shall, moreover, be given a standing of zero in such a test.

Report cards are sent to the students at the close of each semester. The following grading system is employed:

A or A— = Exceptional.
B or B— = Very good or good.
C or C— = Fair.
D or D— = Unsatisfactory.
E = Condition. Re-examination.
F = Failure. No re-examination.
Inc = Work not completed.

A first-semester condition must be removed by re-examination within two months from the date on which the standing is released. A second-semester condition must be removed within one month after the opening of the new school year. Any condition not so removed automatically becomes a failure.

RELIGIOUS CULTURE AND PREACHING

Devotional exercises are held daily from 2:15 to 2:30 p.m. with either a faculty member or one of the students in charge.

Each student receives at least one visit annually from
one of the faculty members, the purpose being to speak with him about his problems and difficulties and to stimulate his spiritual life. Each professor shall consider those students who in any given year are assigned to him for a personal call as also entrusted to his personal interest and spiritual care throughout the current school year. The list of such assignments is published soon after the opening of the Seminary year. Each student is accordingly requested to look upon his calling professor as his personal advisor for that year. The faculty members are ever ready to furnish whatever helpful guidance they can in this way.

Although all students take part in turn in the devotional exercises held daily in chapel, only regular Middlers and Seniors are assigned for preaching engagements in the congregations, subject to certain definite rules. The privilege to conduct such services is contingent upon the successful passing of the examination for licensure conducted at the annual meeting of the Board of Trustees. Any regular student who has completed the first year of theological study is eligible for this examination. Students are not allowed to serve in the churches until the beginning of their second year of theology.

All student preaching is subject to the supervision of the Faculty, which has entrusted the assignment of engagements to the Professor of Practical Theology. Such assignments are made only for Sundays falling within the school year and not coming within the vacations. During vacations the student licensed to preach shall have the right to make his own engagements.

In case a student should violate the rule with regard to his right of licensure, the Supervisory Committee is authorized to take away his right to preach for the time of three months.

STUDENT ORGANIZATIONS

The Faculty, recognizing the value and importance of student club life, and desirous of encouraging its wholesome development in the Seminary, hereby calls the attention of the student body to the following regulations anent faculty supervision over student organizations.

(1) In the interest of proper academic government, all student organizations are subject to the supervision of the Faculty.

(2) This includes all organizations whose membership consists of seminary students, regardless of whether their meetings are held on the school premises or not. It also applies to organizations whose membership consists partly of college and partly of seminary students.

(3) It shall be incumbent upon the club as a whole as upon each individual seminary student member to see to it that, promptly after the organization of such a club, its constitution be submitted to the Faculty for its approbation. In case a club should have no constitution, an official statement of its aims and proposed activities shall be submitted instead. Together with the copy of the constitution (or the statement of aims and proposed activities) a list of the seminary student members as well as the names of the club officers shall be submitted.

(4) An organization whose constitution (or statement of aim and proposed activities) has once been approved by the Faculty shall not be required to apply for such approbation from year to year. However, any changes in the existing constitution (exclusive of such as bear on purely administrative affairs) or any alteration in the aim and proposed activities of the organization, must be submitted to the Faculty for its approbation. Moreover, annually each club shall report to the Faculty the names of its officers and the list of its members.

(5) No seminary student shall be allowed membership in a club whose constitution (or statement of aim and proposed activities) fails to receive faculty approbation.

In accordance with the above rules the Faculty recognizes the following student organizations as existing on the campus in 1929-30.

For Middlers. Three hours. Second Semester. Given every year.

For Seniors. Three hours. Second Semester. Given every year.

AP¹ Theological Encyclopedia.—This course deals with the presuppositions, the distinctive character, and the object of theological science. In the attempt to answer the question what theology really is, the relation between philosophy and theology is dis-
cussed. The standpoint of faith and the recognition of a supernatural revelation as the rule of faith. The relations of reason and faith. The principles, methods, history, and literature of the various phases of theological study. Lectures, assigned reading, discussions and quizzes.

For Juniors. Three hours. First Semester. Given every year.

AP23 Christian Theism.—This is a course in Fundamental Apologetics. Its aim is the vindication of the Christian theistic view of the world and of life over against the outstanding atheistic, pantheistic, and agnostic currents of present-day religious and philosophical thought. The distinctiveness and the adequacy of Christian Theism as the true and final world and life view.

For Middlers and Seniors. Three hours. First Semester, 1930-’31.

AP3 Comparative Religion.—This course deals with the ethnic religions and the apologetic problem presented by such study. The Chinese religions, Buddhism, Hinduism, and Islam are studied genetically and comparatively. The current evolutionary view of the origin and development of the religious consciousness receives critical consideration in the light of the biblical view of the subject. The standpoint of the absoluteness of Christianity is maintained throughout and the implications of this position are discussed, also in their bearing on the Christian missionary enterprise.

For Middlers and Seniors. Three hours. First Semester, 1929-’30.

Elective. Credit of three hours.

AP22 Modern Idealistic Philosophy and the Christian Faith.—By way of introduction, a brief survey of the movement of German Idealism from Kant to Hegel. A critical study of the “re-interpretation” of the great truths of the Christian system (such as, divine personality and the Trinity, Christ and the incarnation, sin and the atonement) in the Hegelian and neo-Hegelian systems of thought. The ultimate incompatibility of Hegelian Pantheism (or, neo-Hegelian semi-Panthism) and Christian truth. The favorable aspect of the influence of nineteenth century Idealism on Christian theology.

Elective. Credit of three hours.

AP28 Modern Substitutes for Christianity.—The true nature of Christianity and the pre-eminence of the Reformed system as the interpretation of Christian truth is vindicated over against various conflicting systems and movements within present-day historic Christianity. Modernism and Fundamentalism in the historic denominations. This course also deals critically and apologetically with such movements as Christian Science, Mormonism, Theosophy, Spiritism, and the like.

Elective. Credit of three hours.

E31 The Ten Commandments and Modern Social Problems.—A discussion of the Decalogue in its bearing upon the issues of modern life. This course offers the opportunity to deal with many of the outstanding moral issues of our modern life in the light of the basic demands of a Christian ethic.

Elective. Work for this course done under supervision and guidance of the professor, to whom regular reports are made. Credit of three hours.
