KENNETH W. KUIPER, Ed.D.
Assistant Professor of English

JOHN H. PRIMUS, Th.D.
Assistant Professor of Bible

DAVID VILA, B.D., A.M.
Assistant Professor of Modern Languages

JOHN BAKER, A.M.
Assistant Professor of Mathematics

ALBERTUS D. BRATT, Ph.D.
Assistant Professor of Biology

DENNIS HOEKSTRA, B.D., Ed.D.
Assistant Professor of Education

DAVID E. HOLWERDA, Th.D.
Assistant Professor of Bible
LOUIS KUIPERS, M.B.A. (C.P.A.)  
Assistant Professor of Economics

LEONARD SWEETMAN, JR., Th.B.  
Assistant Professor of Bible

DONALD R. WILSON, B.D., A.M.  
Assistant Professor of Sociology

INSTRUCTORS

DAVID TUUK, A.M.  
Instructor in Physical Education

WALLACE H. BRATT, A.M. (on leave of absence 1964-'65)  
Instructor in Modern Languages

BEVERLY J. KLOOSTER, M.S.  
Instructor in Biology

MARVIN A. ZUIDEMA, M.A.  
Instructor in Physical Education

HERBERT J. BRINKS, A.M. (on leave of absence 1964-'65)  
Instructor in History

GEORGE HARRIS, A.M.  
Instructor in Classical Languages

WILLIAM C. HENDRICKS, M.A.  
Supervisor of Student Teaching

LARRY R. NYHOF, M.S.  
Instructor in Mathematics

THOMAS J. OZINGA, M.A.  
Instructor in Speech

GERTRUDE A. HUISMAN, A.M.  
Visiting Instructor in Music

ROBERT A. JENSEN, M.F.A.  
Instructor in Education (Art)

ROGER R. RICE, Ph.D.  
Instructor in Sociology

BERNARD VAN'T HUL, A.M.  
Instructor in English

HOWARD J. VAN TILL, B.S.  
Visiting Lecturer in Physics

DORIS ZUIDEMA, A.M.  
Instructor in Physical Education

JAMES REYNIERSE, Ph.D. (on leave of absence 1964-'65)  
Instructor in Psychology
ANNETTE BUURSTRA, A.B., A.M.L.S.  
Librarian, Circulation

BARBARA SLUITER, A.B., A.M.L.S.  
Librarian, Catalog

MILDRED ZYLSTRA, A.B., A.M.L.S.  
Librarian, Reference

ASSISTANTS

A. DONALD VROON, A.B.  
Assistant in Physical Education

WINIFRED BYKER, A.M.  
Assistant in Physical Education

DONALD BYKER, A.M.  
Assistant in Speech

MARY ANN WALTERS, A.M.  
Assistant in English

ROBERT L. DE VRIES, A.M.  
Assistant in Political Science

GERRIT D. GROEN, A.B.  
Assistant in History

DIRK J. KRAJENBRINK, A.M.  
Assistant in Modern Languages

ELAINE M. PETERSON, A.B.  
Assistant in Modern Languages

ARIE STAAL, A.M.  
Assistant in English

LOIS A. WESTRA, A.M.  
Assistant in Modern Languages
Committees of the Faculty

1. Athletics — Tuls, Chairman and Faculty Representative on the M.I.A.A. Board; J. De Vries, Karsten, Klooster, Vander Lught, Wilson (Steen, Tuuk, and M. Zuidema, advisory members).

3. Coordinating Committee on Teacher Education — J. Vanden Berg, Chairman; K. Kuiper, Prins, Slingerland, Snapper, Van Bruggen, Zwier.

4. Counseling and Guidance — Berghuis, Chairman; Faber, Holkeboer, Kreuzer, P. Oppewall, Rice, Rottman, Nyhoff.

5. Curriculum Study Committee — Wolterstorff, Chairman; Harper, Miller, Spykman, Van Harn, and Dean of the College and President or their representatives.

8. Faculty Social and Special Academic Activities — Berghuis, Chairman; Ed. Boevé, A. Bratt, Geerdes, Ozinga, Radius, Slingerland, Vander Ark.

9. Library — Van Der Weele, Chairman; Hamersma, Orlebeke, Van Kley, Wevers.

10. Pre-Seminary Advisory — Bos, Chairman; Berghuis, Bijkerk, Boscher, Holwerda, Minnema, D. Oppewal, Primus, Spykman, Van Vught.

11. Scholarship — Berghuis, Chairman; De Koster, Harper, Ippel, Jellema, Ten Harmsel, Westra; Flokstra, when 3-year M.A. program is being discussed.

12. Student Publications — J. Bratt, Chairman; De Bie (Prism), Miller (Chimes), Wiersma (Locis).

Division and Department Chairmen for 1964-'65

For the purpose of integrating the work of the various departments within a division and the work of the division with the broader educational objectives of the school as a whole, the various courses and departments are grouped under four large divisions as follows:

1. Division of Bible, Philosophy, Education and Art, Physical Education, and Psychology — Dr. Bratt, Chairman.
   a. Department of Bible — Dr. Bratt, Chairman.
   b. Department of Philosophy — Dr. Prins, Chairman.
   c. Department of Education and Art — Dr. Van Bruggen, Chairman.
   d. Department of Physical Education — Dr. Steen, Chairman.
   e. Department of Psychology — Dr. Daling, Chairman.

2. Division of Language, Literature, and Arts —
   Dr. Timmerman, Chairman
   a. Department of Classical Languages — Dr. RADIUS, Chairman.
   b. Department of English — Dr. Timmerman, Chairman.
   c. Department of Modern Languages — Dr. Fridsma, Chairman.
   d. Department of Music — Prof. Swets, Chairman; Dr. Hamersma, Co-chairman.
   e. Department of Speech — Dr. Berghuis, Chairman.

3. Division of Natural Science and Mathematics —
   Dr. Dirkse, Chairman
   a. Department of Biology — Dr. Ten Broek, Acting Chairman.
   b. Department of Chemistry — Dr. Dirkse, Chairman.
   c. Department of Engineering — Prof. Wassink, Chairman.
   d. Department of Mathematics — Dr. Sinke, Chairman.
   e. Department of Physics — Dr. Faber, Acting Chairman.
      (Dr. Griffioen, Acting Chairman, 1964-'65).

4. Division of Social Science — Dr. Ippel, Chairman
   a. Department of Economics — Dr. Brouwer, Chairman.
   b. Department of History and Political Science — Dr. Ippel, Chairman.
   c. Department of Sociology — Dr. Vanden Berg, Chairman.
COLLEGE HISTORY, OBJECTIVES, AND CONTROL

History

The year 1876 is commonly accepted as the birth date of Calvin Seminary and Calvin College. It was in that year that the Synod of the Christian Reformed Church discontinued the tutorial system of instructing young men who felt called to the ministry of the gospel and appointed a full-time “Docent” or instructor. This Synod also adopted a six-year curriculum, the first four of which constituted the Literary Department and the last two the Theological Department. Humble indeed was the beginning, but an institution had been established, the Theological School of the Christian Reformed Church.

The lone instructor taught all subjects, both literary and theological, for several years before two additional members were added to the teaching staff. In 1894, Synod, in compliance with requests from its constituents, made two momentous decisions, momentous in those early years; first, it granted permission to admit to the Literary Department other than pre-theological students; secondly, it enlarged the Faculty to five members, assigning the new appointees exclusively to the Literary Department. This Literary Department thus rapidly developed into an institution of the type of the preparatory schools or academies that had sprung up throughout the New England states in the early decades of the 19th century.

Although the doors had now been opened for the admission of other than theological students, for reasons obvious today none sought admission to the preparatory school. The curriculum of the Literary Department was heavily weighted with courses in languages, such as Dutch, German, Latin, Greek, and even Hebrew. Such a program did not appeal to the non-theological student. Consequently in 1900, the literary or preparatory course was liberalized and broadened, and students interested in teaching or preparing themselves for pre-professional courses in the universities soon began to fill the classrooms and lecture halls.

Although the early requirement for admission to the Theological Department was four years of preparatory training, it was realized that the future ministers of the church should have a broader intellectual and cultural background, and so a fifth, and by 1906 a sixth, year was added. In 1906, the Literary Department, now consisting of four years of preparatory and two years of college work, became known officially as the John Calvin Junior College. Four years later, in 1910, a seventh year was added and, by 1920, the Junior College had become a full-grown, four-year liberal arts college and had assumed the name, Calvin College. Its first president was appointed in 1919, and the Bachelor of Arts degree was first awarded in June, 1921. The college curriculum was broadened to meet the needs of the increasing number of young men and women who sought permission to enroll as students. The Faculty has gradually increased. In the year 1963-64 the Faculty consisted of 123 full-time and 24 part-time members.
What had been the preparatory department was discontinued in 1921 when the last Freshman class was admitted. Those registered previous to this date were permitted to complete the four-year program, and thus, by 1925, only students of college level remained on campus.

The school which had started with seven students in 1894 grew slowly during the first three decades, but by 1915 had a student total of 300, including 239 in the Preparatory Department and 61 in the College. The following figures indicate the growth.

</table>

Between 1920 and 1940 the student body had increased fourfold. Then came the tidal wave of enrollments, so that today over 2,500 young men and women are taking advantage of the educational programs which Calvin offers.

In 1961 construction began on the first college building located on the Knollcrest Campus. The freshman class which entered Calvin College in September 1962 was the first to use the new Library-Classroom Building and to occupy the new Knollcrest residence halls.

**Aim and Purpose**

Calvin College is a church-related college existing under the auspices of the Christian Reformed Church, a Protestant denomination which has adopted as its standards the Belgic Confession, the Heidelberg Catechism, and the Canons of Dort. The members of the faculty endorse and affirm the following statement which they acknowledge without reservations as a statement of their task and goal as Christian teachers:

"According to the constitution all instruction given must be in harmony with Reformed faith. The various branches of study, therefore, are considered from the standpoint of faith and in the light of Calvinism as a life and world view. The aim of the College is to give young people an education that is Christian, in the larger and deeper sense that all the class work, all the students' intellectual, emotional, and imaginative activities shall be permeated with the spirit and teaching of Christianity."
Members of the Faculty acknowledge and in all their teaching are
guided by certain basic Christian principles, among which are the fol-
lowing:

a. “That all instruction at Calvin College must be under the absolute
   Lordship of the Christ.”

b. “That the Bible, the infallible Word of God, is our rule and guide in
   faith and life, doctrine, and conduct.”

c. “That all thinking is determined by presuppositions and that all
   teaching at Calvin must be determined by the presuppositions
   of the Christian Faith as set forth in our Reformed standards.”

The College admits to its student body young men and women who
are affiliated with orthodox Protestant Christian churches. It seeks to
develop in its students a sense of genuine personal piety, of personal
integrity, and of social responsibility. It strives to emphasize that service
to God and fellow man is possible and necessary in all professions and
activities. It aims to maintain high standards of scholarship and ethical
conduct, both in the faculty and student body, in the spirit of the ideals
of its founders.

Control and Government

Calvin College is controlled by the Synod of the Christian Reformed
Church through a Board of Trustees, consisting of both ministers and
laymen, elected by the Synod. This Board meets in February and May
of each year. An Executive Committee which meets monthly functions
for the Board throughout the school year.

Accreditation

Calvin College is fully accredited by the North Central Association
of Colleges and Secondary Schools. It is also accredited by the Ameri-
can Chemical Society and by the National Council for Accreditation of
Teacher Education. It is on the American Association of University
Women list of institutions qualified for membership in the Association.
It maintains membership in the American Council on Education, the
Association of American Colleges, American Association of Colleges for
Teacher Education, College Entrance Examination Board, National
Education Association, and the American Mathematical Society, Calvin
College graduates are admitted to the leading graduate and professional
schools.

The Calvin Alumni Association

The Calvin Alumni Association is composed of all students who have
studied one year or more at Calvin College, Calvin Seminary, the
Normal Department, or the Preparatory School, and all faculty members
of these institutions. The purpose of this Association is to provide an
avenue whereby the alumni can indicate their attitude of continued
loyalty to Calvin College and Seminary, and to demonstrate this loyalty concretely by performing appropriate services in response to the needs of the school.

The Association is governed by an Alumni Council, elected by the members, which meets once a year, and its business is conducted by the Executive Board of the Alumni Council which meets bi-monthly. The Alumni Association maintains an office on the college campus where records are maintained and the business of the Association is conducted.
ADMISSIONS POLICIES AND PROCEDURES

College Entrance Examination Board Scholastic Aptitude Test

All applicants for admission to the freshman class are required to take the Scholastic Aptitude Test of the College Entrance Examination Board. The fee for this test is $4.50 payable to the College Entrance Examination Board. Applications are available in the office of any high school principal. As the name indicates, the Scholastic Aptitude Test is a test of the candidate's aptitude for college studies. It calls for no special preparation other than that which college-bound students receive in the regular class work of their secondary school. During the academic year 1964-65, the Scholastic Aptitude Test of the College Entrance Examination Board will be given on the following dates:

- Saturday, December 5, 1964
- Saturday, January 9, 1965
- Saturday, March 6, 1965
- Saturday, May 1, 1965
- Wednesday, July 14, 1965

By requiring this test the College obtains helpful and uniform counseling data on all entering students before they arrive on the campus at the beginning of the academic year to plan their program of freshman studies.

Applicants make all arrangements for taking the Scholastic Aptitude Test directly with the College Entrance Examination Board authorities. Applicants who live in the Middle West, the South, or the East in the United States and Canada, should address their inquiries to the College Entrance Examination Board, Box 592, Princeton, New Jersey. Applicants living in New Mexico, Colorado, Wyoming, and Montana and other states to the West, and those living in the Canadian provinces of Manitoba and Northwest Territory, and other provinces to the West, as well as applicants residing in Mexico, Australia, New Zealand, Tasmania, Japan, Formosa, and the Philippines, should address their inquiries to the College Entrance Examination Board, Box 1023, Berkeley, California 94701. Applicants residing in all other foreign countries, should address their inquiries to the College Entrance Examination Board, Box 592, Princeton, New Jersey. Requests to take this test should, in general, be received by the College Board four weeks in advance of the date on which the test is scheduled to be given.

Since the test scores form part of the data to be submitted at the time of application, it is necessary that the applicant take the test early. The applicant should arrange, if at all possible, to take the test in December or January.

Applicants for scholarships must take the test in December in order to meet the Scholarship Committee deadline of March 1.

Application for Admission or Readmission

Applicants seeking admission for the first semester must submit all of their application credentials, including their scores on the Scholastic Aptitude Test, to the Office of Admissions by June 15. Those seeking
admission for the second semester must submit all of their application
credentials, including their scores on the Scholastic Aptitude Test, by
November 15. No application postmarked after these dates will be
processed unless accompanied by a $10 late application fee. Since the
applications must be made on the forms provided by the College, the
applicant should send for these early. The necessary forms consist of:

Application for Admission
Applicant's Personal Record
Secondary-School Record
Pastor's Recommendation
Student Health Record

One who intends to study for the ministry must present a recom-
mendation from his consistory, endorsing him for the ministry, in addi-
tion to the pastor's recommendation. This form will be mailed to the
consistory by the College after the applicant has been accepted for ad-
mission.

When all of the application forms and the scores on the Scholastic
Aptitude Test have been received by the Office of Admissions, the
Director of Admissions will notify the prospective student regarding his
status of admission. At the time that an applicant is granted admission,
he will also be assigned his permanent student number. Applicants who
are admitted for the fall semester will receive a communication during
the month of August informing them when to report for Orientation
and Registration.

Prospective students should not apply for admission to Calvin College
until they have reached their senior year in high school. Subjects which
are in progress during the student's senior year must be included on the
transcript of the high school record.

Applicants wishing to take the Nursing Program must make applica-
tion with the Director of the School of Nursing at Blodgett Memorial
Hospital. This application should be submitted during the early part of
the senior year in high school. No application will be acted upon until
all forms are at Blodgett. Admission to the Nursing Program is de-
termined by the Admissions Committee of the Blodgett Memorial Hos-
pital School of Nursing.

A student who withdraws from College and later wishes to re-enroll
should make formal application on a readmission form provided by the
College. Students seeking readmission for the first semester must sub-
it their applications by July 1. Students seeking readmission for the
second semester must submit their applications by December 1.

Freshman Standing

Students will be admitted to Freshman standing by plan A, B, or C.

PLAN A

1. The applicant for admission must submit a transcript from an
accredited school.
2. Amount of work. This transcript must testify to the satisfactory completion of 15 units of work. By a unit of work is meant the equivalent of five recitations a week for 36 weeks in one branch of study.

3. Prescribed work. The 15 units required for admission must include four sequences, two major sequences and any two minor sequences, selected from the five groups listed below. A major sequence consists of a minimum of three units, a minor sequence of a minimum of two units.

I. ENGLISH

A major sequence of at least 3 units is required ........................................... 3

II. One major sequence (3 units) and two minor sequences (2 units each) are to be chosen from Groups A, B, C, D. Two sequences may be chosen from Group A but only one from Groups B, C, D. .......... 7

A. FOREIGN LANGUAGE GROUP

A sequence consists of work in a single language, not in the combination of two languages. The foreign languages acceptable are: Greek, Latin, French, German, Spanish, and Dutch ........................................ 0, 2, 3

Prospective college students are urged to submit two units of a foreign language for college admission.

B. MATHEMATICS-PHYSICS GROUP

A minor sequence in this group must include 1 unit of algebra and 1 unit of plane geometry. A major sequence is formed by adding to this minor sequence 1 or more units from the following:

Advanced Algebra .... ½ or 1 unit  Trigonometry .......... ½ unit
Solid Geometry ........... ½ unit  Physics ................. 1 unit 0, 2, 3

Prospective college students are urged to submit two units of mathematics for college admission.

C. NATURAL SCIENCE GROUP

Biology .................... 1 unit  Physics .................... 1 unit
Botany ..................... 1 unit  Zoology .................... 1 unit
Chemistry .................. 1 unit 0, 2, 3

D. SOCIAL STUDIES GROUP

Ancient history, 1 unit
European history, 1, 1½, or 2 units
American history, ½ or 1 unit
American government, ½ unit
Economics, ½ unit 0, 2, 3

Minimum requirements from above groups ............................................ 10

The remaining units required to make up the necessary 15 units required are elective from among the subjects listed above and such others as are usually counted toward graduation by the accredited school. The Registrar, however, has the right to reject such credits as the institution considers undesirable. One unit of foreign language may be offered under this group ........................................... 5

Total ................................................................. 15
Suggested High School Programs

STUDENTS who expect to pursue in Calvin College any one of the courses listed below are advised to submit for admission the following subjects, if possible:

1—For General A.B., A.B. in Education, Pre-Law, Pre-Nursing, and Pre-Medical Technology courses:

<table>
<thead>
<tr>
<th>Subject</th>
<th>Units</th>
</tr>
</thead>
<tbody>
<tr>
<td>English</td>
<td>3</td>
</tr>
<tr>
<td>Math.</td>
<td>2</td>
</tr>
<tr>
<td>Latin</td>
<td>2</td>
</tr>
<tr>
<td>Science</td>
<td>2</td>
</tr>
<tr>
<td>History</td>
<td>2</td>
</tr>
</tbody>
</table>

Plus one additional unit in any of the last four subject areas to make a second major sequence of 3 units. To the total of the 12 units suggested above, four additional elective units may be added of any subjects ordinarily accepted for graduation from high school. (This total assumes that the student is required to complete 16 units for graduation.)

2—For Pre-Seminary course:

<table>
<thead>
<tr>
<th>Subject</th>
<th>Units</th>
</tr>
</thead>
<tbody>
<tr>
<td>English</td>
<td>3</td>
</tr>
<tr>
<td>German</td>
<td>2</td>
</tr>
<tr>
<td>Latin</td>
<td>2</td>
</tr>
<tr>
<td>Math.</td>
<td>2</td>
</tr>
<tr>
<td>Science</td>
<td>2</td>
</tr>
<tr>
<td>History</td>
<td>2</td>
</tr>
</tbody>
</table>

Total suggested above: 13 units; additional elective units: 3 units = 16 units.

3—For Pre-Medical and Pre-Engineering courses:

<table>
<thead>
<tr>
<th>Subject</th>
<th>Units</th>
</tr>
</thead>
<tbody>
<tr>
<td>English</td>
<td>3</td>
</tr>
<tr>
<td>Latin</td>
<td>2</td>
</tr>
<tr>
<td>History</td>
<td>2</td>
</tr>
<tr>
<td>Science</td>
<td>3</td>
</tr>
<tr>
<td>Math.</td>
<td>3 ½</td>
</tr>
</tbody>
</table>

Total suggested above: 13 ½ units; additional elective units: 2 ½ units = 16 units.

4—For Pre-Business Administration course:

<table>
<thead>
<tr>
<th>Subject</th>
<th>Units</th>
</tr>
</thead>
<tbody>
<tr>
<td>English</td>
<td>3</td>
</tr>
<tr>
<td>History</td>
<td>2</td>
</tr>
<tr>
<td>Latin</td>
<td>2</td>
</tr>
<tr>
<td>Math.</td>
<td>3</td>
</tr>
<tr>
<td>Science</td>
<td>2</td>
</tr>
</tbody>
</table>

Total suggested: 12 units; additional elective units: 4 units = 16 units.

Also recommended in each of the above courses: Typing.
Physics may not be counted in both of the Groups B and C as part of a sequence.

English History may be included under European History. World History may be included when accompanied by a second full year of history.

Students who plan to meet the Bachelor of Arts degree requirements would be wise not to omit more than one of the above groups in selecting sequences and should, if possible, complete one foreign language sequence in high school.

**PLAN B. ADMISSION BY EXAMINATION.** Applicants who are unable to furnish a transcript, and who are therefore unable to meet the first requirement of Plan A, may be admitted if, by passing examinations satisfactorily, they can meet the other requirements of Plan A. This applies especially to applicants who have successfully completed the General Educational Development tests.

**PLAN C. PROVISIONAL ADMISSION.** An applicant for admission, whether on Plan A or B, who meets all the requirements save that he fails by not more than one unit to satisfy the requirements either as to prescribed work or as to distribution of work, may be admitted provisionally. The deficiency must be removed before the end of the first year of residence. However, applicants are strongly urged to make up any deficiency during the summer preceding their enrollment as Freshmen. Attention is called to the course offerings of the Calvin College summer session.

**Admission of War Veterans**

Calvin College has been approved by the Veterans Administration as an institution of higher education for the training of discharged servicemen. A veteran who wishes to attend college should obtain Form 7-1990, Application for Program of Education and Training, from the nearest regional office of the Veterans Administration or from the College Registrar's office. Advice for completing this form will gladly be given by Calvin's Veterans' Counselor. Upon submitting this form to the Veterans Administration the veteran will receive a Certificate of Education and Training. This must be presented to the Registrar or his secretary at the time of registration.

For admission to college, veterans will be expected to submit all of the application blanks required of civilian students. Veterans will receive credit, as recommended by the American Council on Education, for liberal arts courses taken through the USAFI and for correspondence courses taken from accredited universities.

**Admission of Foreign Students**

Calvin College was approved by the commissioner, Immigration and Naturalization Service, Washington, D.C., December 3, 1947, File Number 56182-720, as an institution of higher education for the training of immigrant students who are in the United States on student visas.

Foreign students should begin making application for admission to college early in their last year of high school. To prevent loss of time they should proceed as follows:
1. Write to the Registrar of Calvin College, declaring their intention of seeking admission, and requesting the necessary application blanks.

2. Immediately make arrangements to take the Scholastic Aptitude Test of the College Entrance Examination Board. All freshmen must submit their scores on the Scholastic Aptitude Test. However, students who qualify for Senior Matriculation or who transfer from another college or university, having earned at least one semester of credit, are not required to take the Scholastic Aptitude Test.

3. Return all blanks, properly filled in, to the College as soon as possible. This includes official transcripts of all high school or college preparatory records and such credits as were earned on the college or university level.

4. Upon receipt of acceptance for admission from the Registrar of the College, they should immediately make application with the American Consul in the area of their residence, for passport and visa. As soon as the applicant is accepted for admission, the College will send him an I-20 Form.

Advanced Standing

Transfer credit is granted in the following cases:

1. When the applicant submits from an accredited college, junior college, or college of education, a transcript of the courses completed, proving that these courses were of an academic nature, the grades received were "C" or better, and that the student is entitled to honorable dismissal. However, no applicant is allowed more than 16 hours of credit for each semester of work taken at another recognized institution. No more than 70 semester hours of advanced credit will be allowed for work taken at an accredited junior college.

2. When the applicant submits evidence of having satisfactorily completed college credit in courses taken by correspondence at accredited colleges and universities. A maximum of nine semester hours will be allowed for courses taken by correspondence.

Advanced credit is granted in the following cases:

1. When the applicant, at the time of entrance, satisfactorily passes departmental examinations in the subjects in which he desires advanced standing.

2. When the applicant submits from an accredited high school, in excess of 16 units for admission, credits in academic subjects which are also taught in college; provided that for at least one semester he has successfully continued work in these subjects at Calvin College. The limit of such college credit allowance is six hours.

3. When the applicant submits credits from an accredited high school for work done after graduation, provided these credits are in courses taught in both high school and college. The limit of such college credit allowance is six hours.
4. When the applicant submits evidence of having passed an Advanced Placement Examination of the College Entrance Examination Board with a grade of "3" or better.

Admission to advanced standing does not excuse the student from meeting the specified requirements for graduation from Calvin College.

All advanced standing is subject to revision at the end of the first year of residence.

Students expecting advanced standing for work done at other institutions must have their official transcripts submitted to the Office of Admissions.

Exchange of Credits Between College and Seminary

1. A college student may, under the conditions stipulated below, be permitted to take courses for credit in the Seminary. Under no circumstances, however, may the credit earned be applied toward fulfillment of degree requirements in the College if it is also used to meet degree requirements in the Seminary. In other words, the credit may not be counted toward degrees in both College and Seminary.

2. College students may be permitted to enroll in such seminary courses as the Registrar of the Seminary permits them to take and as the Registrar of the College approves. Ordinarily, such courses may not be substituted for courses prescribed in the College to meet degree requirements, either the subject requirements prescribed in the catalog or the major and minor requirements prescribed by the several departments. The subjects must be such as would ordinarily be accepted for credit by the head of the department to whose field the subject would be regarded as belonging.

3. A student enrolled in the College may not take any work in the Seminary for seminary credit without informing the college authorities. No more than six seminary hours may be taken in any given semester.

4. A student enrolled in the Seminary may be given permission to take courses in the College for seminary credit, that is, for credit to be transferred to the Seminary, provided he has received the permission of the Registrar of the Seminary, the Registrar of the College, and the professor whose course is involved.

Special Students

Applicants who meet all of the requirements for admission but who do not desire to become candidates for an academic degree, may be enrolled for such studies as their preparation qualifies them to pursue with profit.

STUDENT EXPENSES

Tuition Rates

The semester tuition rate, which includes a $6 organization fee, a $5 student center fee, a $2.50 health service fee, and laboratory fees, is $400.

For students who are members of a Christian Reformed Church at the time of registration, and who thus contribute indirectly to the support of Calvin College, the tuition rate is determined on the basis of the postal zone (as calculated from Grand Rapids) or the Canadian province in which the student resides. An unmarried student's residence will generally be determined to be that of his parents. The rate for the various categories:

Local Zone (within 10 miles of Calvin College Campus) ...............$315
Zones 1, 2, and 3 (extending up to 300 miles from Grand Rapids) .. 265
Zones 4 and 5 (from 300 to 1,000 miles from Grand Rapids) ....... 230
Zones 6, 7, and 8 (more than 1,000 miles from Grand Rapids) ...... 190
Manitoba, Ontario, and Quebec Provinces of Canada .............. 230
Alberta, British Columbia, and Saskatchewan Provinces ........... 190

(The College reserves the right to interpret these rates and categories and to determine the rate in cases about which there is question.)

SPECIAL PROVISIONS FOR STUDENTS WHO ARE MEMBERS OF A CHRISTIAN REFORMED CHURCH

1. If there are two or more students from a single family attending Calvin College, a reduction of $25 from the regular tuition rate shall be allowed for each such student.

2. If the student's parents are not members of the Christian Reformed Church, the tuition is based on the zone in which the Christian Reformed Church of which the student is a member is located.

3. The residence of a married student is considered that of his former established home.

SPECIAL PROVISIONS FOR ALL STUDENTS

1. Students taking in excess of 18 semester hours will be charged $15 for each such excess semester hour.

2. Students taking less than a normal load can elect to pay on the basis of a part-time rate. This rate is $32 for each semester hour, except that in the case of those who are members of the Christian Reformed Church it is $25 per semester hour. For those taking less than 12 semester hours of credit this charge does not cover the organization, student center, health service, or laboratory fees.

3. If a student discontinues before the end of the twelfth week of a semester, he shall be charged a pro-rata share for the portion of the semester completed. For the purpose of this computation, a partial week shall be treated as a full week. There will be no reduction in the semester rate for a student who discontinues after the end of the twelfth week.
Summer Session

The summer session tuition rates for 1965 have not yet been determined. For the 1964 summer session the rates were as follows: for students affiliated with the Christian Reformed Church and whose residence is in the state of Michigan the fee was $19 per semester hour; for students affiliated with the Christian Reformed Church and whose residence is outside of the state of Michigan the fee was $15 per semester hour.

Fees

Late Application Fee — A fee of $10 will be charged for late application. (See page 27.)

Late Registration Fee — A fee of $10 will be charged for late registration.

Auditing Fee — The fee for students who are not enrolled full time is one-half the regular hourly charge.

Chemistry Laboratory Breakage Fee — The student is required to make a deposit at the time of registration, against which breakage of equipment will be charged.

Directed Teaching Fee — In addition to the regular tuition charge for credit hours received, a fee of $10 per semester is assessed for Directed Teaching.

Individual Lessons Fee — In addition to the regular tuition charge for credit hours received the fee for individual instruction in voice, piano, organ, and orchestral or band instruments is $45 per semester (15 lessons). The fee for use of the organ for practice is $15 per semester.

Graduation Fee — The general graduation fee, including diploma, is $10. The charge for a second diploma on the combined curriculum or similar program is $5.

Special Examination Fee — A fee of $3 is charged for each special examination which is administered at the request of the Dean of the Faculty.

Transcript Fee —

a. Each student or alumnus shall receive one free transcript of his academic record.

b. Each additional transcript shall be issued at a charge of $1.

c. When two or more subsequent transcripts (after the first free copy) are issued at the same time, there will be a charge of $1 for the first copy and 25 cents for each additional copy.

d. When additional credits have been earned, a free supplement will be sent, upon request, to the same address as a previous transcript.

Tuition and Fee Payment

It is recommended that tuition and fees be paid in full at the time of registration. A payment of at least $100 must be made at registration
time. The balance of all tuition and fees should be paid by November 15 of the first semester and by April 1 of the second semester. Accounts not paid by these dates are subject to a $2 Deferred Payment Fee.

Living Expenses

Living expenses, including board, room, laundry, and textbooks are from $1,300 up per year.

HOUSING

Housing and Board for Men

*Freshmen and Sophomores* — All unmarried freshman and sophomore men students are expected to live in Residence Halls or with their parents unless special arrangements have been made with the Dean of Men. Additional information is sent with the application blanks for admission to the College or on request from the Dean of Men's Office.

*Juniors and Seniors* — Some out-of-town men students are accommodated in the Franklin Campus Dormitory. Others are housed in private homes in the vicinity of the College. The cost per year in the dormitory, including meals at the Commons, is about $735.

The office of the Dean of Men keeps on file a list of approved rooming places in the community. The cost of these rooms ranges from $6 to $7 per week per person. Out-of-town men students must stay in the dormitory or in a home on the approved list. If the place at which they desire to stay is not on the approved list, they must obtain approval from the Dean of Men before renting the room. Rooming places may be selected during the summer or immediately upon arrival in Grand Rapids for registration. Dormitory application blanks may be obtained by writing to the Dean of Men. Men living in private homes usually eat in the Commons where the cost of food is approximately $240 per semester.

Housing and Board for Women

*Freshmen and Sophomores* — All unmarried freshman and sophomore women students are expected to live in college-owned housing or with their parents unless special arrangements have been made with the Dean of Women. Additional information is sent with the application blanks for admission to the College or on request from the Dean of Women's Office.

*Juniors and Seniors* — For those women students who are unable to secure admission to a college residence hall, or who wish to live in a private home, the Office of the Dean of Women keeps on file a list of approved rooming places, and will do all in its power to obtain for the student the kind of place desired. A city such as Grand Rapids offers excellent opportunity for self-support, especially for young women who desire to work for their room and board. Since it has been found most desirable for students to discuss financial arrangements and other matters with their prospective landladies, the College will not make advance as-
signments to private homes. Upon arrival in Grand Rapids the student should report to the Dean of Women.

Apartments

A number of apartments are available for Juniors and Seniors who desire to do their own cooking. Permission to stay in an apartment must be obtained from the Dean of Men, for men; and from the Dean of Women, for women students. All apartments must be supervised and on the approved list. Freshmen and Sophomores under 21 years of age are not permitted to stay in apartments.

Payments of Room and Board

*Freshmen and Sophomores* — All payments for rooms, both College-owned and private, and for meals in the Dining Halls are to be made in advance, and each advance payment must cover at least one quarter of the semester charge. A schedule will be published for each semester listing the due dates of the quarterly payments. It is important that this schedule of payments be followed closely. Accounts not paid on time are subject to a $2 Deferred Payment Fee.

*Juniors and Seniors* — Payment for room and board in private homes or apartments, supervised by the landlord living on the premises, is an arrangement between landlord and student. Students are expected to meet these obligations promptly. Payments for room and utilities in apartments with a college-appointed supervisor are made through the college.

All rates quoted for room and board are approximations and are subject to change.
SCHOLARSHIPS AND AWARDS

Freshman Scholarships*

Calvin College awards approximately 75 scholarships to entering freshmen and a smaller number to upperclassmen. Scholarships are awarded as recognition for academic excellence and are renewable on a competitive basis. Cash stipends given to scholarship winners will vary in amount, depending on the student’s need, and such stipends can be supplemented by loans and work opportunities provided by the College. All students holding scholarships awarded by the College are expected to meet part of their expenses through work or loans.

Freshman Scholarships — Calvin College Honor Scholarships. Each year the College awards up to five Honor Scholarships to students of superior academic achievement. The minimum stipend is $100 and can be supplemented by an additional stipend up to 80% of the student’s need and by work opportunities and loans. These scholarships are allocated as follows:

Christian High School Graduates: At least one scholarship will be awarded to a graduate of each of the accredited Christian High Schools in the United States and Canada. Each candidate for the scholarship will be nominated by the faculty of his Christian High School. Calvin College will select the winners. If the nominee of a particular high school does not meet college scholarship standards, he may be eligible to receive a Grant-in-Aid.

Public High School Graduates: A number of scholarships are reserved for graduates of accredited public high schools in the United States and Canada who are members of the Christian Reformed Church.

Undesignated: A limited number of scholarships can be awarded to applicants who do not fall into either of the above categories but who have a special reason for wanting to attend Calvin and who meet all other conditions for an award.

All awards listed above are made in accordance with the following conditions:

1. Applicants should expect to complete a three- or four-year course at Calvin College.

2. Recipient must have fulfilled regular College admission requirements. An Application for Admission, Pastor’s Recommendation, Health Record, Applicant’s Personal Record, and an official high school transcript are required.

*Scholarship winners who apply for scholarship amounts beyond the minimum stipend will be asked by the College to complete a Parents’ Confidential Statement for processing by the College Scholarship Service.
school transcripts must be submitted before a student is considered for admission.

3. The recipient should have been in residence at the high school from which he graduates for at least his junior and senior years.

4. All applicants are required to take the College Entrance Examination Board Scholastic Aptitude Test. The test should be taken early enough to permit the scores to reach Calvin College before March 1. This means that the test should be taken in December.

5. Graduates of Christian High Schools must have been nominated by their high school faculty and the high school’s recommendation should show that the applicant has demonstrated not only scholastic ability but also Christian character, personality and promise of growth.

6. Public High School graduates should be recommended by the faculty of their high school, and this recommendation should attest to the student’s scholastic ability, Christian character, personality and promise of growth.

7. Public High School graduates should give evidence that they were unable to attend a Christian High School because of lack of opportunity. The reasons for not attending a Christian High School should be explained.

Applications will be available after November 1. All applications and recommendations must be received by the Chairman of the Scholarship Committee not later than January 1.

**Freshman Pre-Nursing Scholarships.** Each year Calvin College offers two scholarships to students who plan to enter the one-year Pre-Nursing Course. One award is made to a graduate of a Christian High School, and one to a graduate of a Public High School, who is a member of the Christian Reformed Church. The stipends and the other conditions are like those for the Calvin College Scholarship described above, except that applicants are not expected to complete a three- or four-year program.

**Freshman Scholarship — Certificate of Merit Award Winners.** Calvin College offers one of the Calvin College Scholarships described above to each high school graduate who has received a National Merit Scholarship Corporation Certificate of Merit, provided he or she is a graduate of a Christian High School and/or a member of the Christian Reformed Church and has satisfied the other conditions for receiving a College Scholarship described above. The winner of such a certificate who seeks to qualify for the scholarship must notify the Chairman of the Scholarship Committee not later than April 20 of the year in which he is applying for admission and must present a copy of the certificate to the Scholarship Committee. Winners of Letters of Commendation are not eligible.

**Julius Bergsma Memorial Awards — The Bergsma Brothers Foundation gives duplicate awards to a young man and a young woman finalist in the Annual Young Calvinist Federation Oratorical Contests.**
The first-place winner in the men's contest and the first-place winner in the women's contest each receives a $300 tuition award to Calvin College. Contestants must be members of a Young Calvinist Society which is affiliated with the Young Calvinist Federation, and must participate in the elimination contests specified in the regulations.

In case the first-place winner is not eligible to enter college, the award is kept in trust up to three years. Schooling of contestants must not exceed high school. If the winner does not plan to enter Calvin College or is prevented from doing so, the next ranking contestant becomes eligible for this award. Send for complete details to The Young Calvinist Federation, 2365 Nelson Avenue, S.E., Grand Rapids 7, Michigan.

The Alvin M. Bentley Foundation Scholarship — Calvin College has been allocated one tuition scholarship, to be awarded each year under the Alvin M. Bentley Foundation Scholarship Plan. The maximum award for a commuting student is $500, and for a resident student $750. The award is intended for an outstanding high school senior, who is a resident of the state of Michigan, and who is seeking admission to Calvin College. The same general criteria used in the selection of candidates for other scholarships will be used in the selection of a candidate for the Bentley Scholarship. The student is expected to have outstanding talents, and primary consideration will be given to scholarship, character, personality, and promise of growth. Applications and recommendations must be in the hand of the Chairman of the Scholarship Committee by January 1.

Consumers Power Company Scholarship — The Consumers Power Company offers a scholarship of $300 annually to an entering Freshman. The scholarship is good for any course of study selected by the student, but the recipient must live in a Michigan area served by the Consumers Power Company. The winner is to be selected by officials of Calvin College, and applications must be in the hands of the Chairman of the Scholarship Committee by January 1.

Detroit Edison Company Scholarship — The Detroit Edison Company offers a scholarship of $400 annually to be awarded to a high school graduate whose residence is in the area served by the Detroit Edison Company. The scholarship is awarded on the basis of scholastic record, character and personality, citizenship, extra-curricular activity, seriousness of purpose, and financial need. The scholarship is renewable if the student maintains at least a B average.

Application blanks may be obtained from the Chairman of the Scholarship Committee of Calvin College.

Applications must be in the hands of the Chairman of the Scholarship Committee by January 1.

General Motors Scholarship — Calvin College has been allocated one scholarship to be awarded each year under the General Motors College Scholarship Plan. This four-year award is intended for a high school graduate who is seeking admission to Calvin College. The applicant
must be a citizen of the United States, and is expected to have outstanding talents. Primary consideration in making the award will be given to scholarship, Christian character, personality, and promise of growth. The amount of the award will be based upon the applicant's financial need. In selecting a candidate for this award the College will apply such standards relating to scholarship and all-around ability as it believes to be in keeping with the objective of the General Motors Plan.

High School graduates who fulfill all requirements for admission and who consider themselves eligible for this award should write for application blanks. Applications must be in the hands of the Chairman of the Scholarship Committee on or before January 1.

Classis Muskegon Young Calvinist Alliance Scholarship — The Young Calvinist Alliance of Classis Muskegon of the Christian Reformed Church offers a scholarship or grant-in-aid of $300, to a Christian or public high school graduate who is or was a member of the Alliance, for study at Calvin College. The award is given to a prospective Freshman or to a current undergraduate student. It is renewable for one year. Applications are received by the Executive Committee of the Young Calvinist Alliance and a nomination of two or three is presented to the Delegate Board, which in turn selects one for the award.

Regulations:
1. The recipient must be a member of the Christian Reformed Church and a member or former member of the Muskegon Young Calvinist Alliance.
2. If in the opinion of the Executive Committee of the Alliance no suitable candidate is available, no award will be made that year.
3. Selection is made on the basis of Christian character and life, loyalty to the church and societies, financial need, intellectual ability, and leadership.
4. A Freshman receiving this scholarship or grant-in-aid must have fulfilled regular college admission requirements.
5. Application for this scholarship must be made by March 1. The applicant should inform the pastor of his church of his interest. Application forms will be forwarded to the applicant.
6. This scholarship or grant-in-aid may be for either Freshmen or upperclassmen.
7. The recipient of this scholarship should expect to complete his course at Calvin College.

Steelcase Foundation Scholarship — The Steelcase Foundation of Grand Rapids, Michigan, offers two scholarships annually, of $250 each, to applicants for admission to Calvin College who are the children of employees of Steelcase, Incorporated. The scholarships are renewable for three years. Continuation of the scholarship shall require maintenance of at least a C+ average. The winners are to be selected by the Scholarship Committee of the College, and the applicants are to be
judged on the basis of scholastic ability, character, and need. If scholarships are not filled by the children of Steelcase, Incorporated, employees, for whatever reasons, the scholarships shall be open to other Michigan residents. Applications must be in the hands of the Chairman of the Scholarship Committee no later than January 1.

George M. Pullman Educational Foundation — The George M. Pullman Educational Foundation awards each year a number of scholarships to college students with financial need. Applicants should be residents of Cook County, Illinois. Non-residents of Cook County, Illinois, are eligible for consideration only if they are sons or daughters of employees of the Pullman-Standard Car Manufacturing Company or of the Pullman Company.

Applications are accepted from entering Freshmen and from current undergraduate students. The application deadline for entering Freshmen is January 15, and for current undergraduate students April 15. High school seniors should obtain information about application procedures from high school placement officials. Other candidates should address their inquiries to the Educational Director, George M. Pullman Educational Foundation, 1451 East 55th Street, Chicago 15, Illinois. The National Merit Scholarship Qualifying Test or the College Board Scholastic Aptitude Test is required of prospective freshman candidates. Arrangements to take either of these tests must normally be made before December of the senior year of high school.
Sophomore, Junior, and Senior Scholarships

Upperclassman Scholarships — Each year Calvin College offers a number of scholarships to members of the freshman, sophomore and junior classes who have achieved superior records in their previous college work. Awards can consist of cash stipends up to 25% of a student's need and of work opportunities and loans. Holders of Freshman Honor Scholarships and Calvin College Scholarships will be considered for Upperclassman Scholarships and other students may apply for such awards. Awards are made subject to the following conditions:

1. Applicants should expect to be enrolled in a full-time program at Calvin College and to complete a four-year course at Calvin.

2. Applicants should have the recommendation of a member of the Calvin Faculty. Recommendations shall be on the basis of scholarship, Christian character, personality and promise of growth. Only students of high academic rank who may be expected to do superior work in their remaining college years should be recommended.

3. Winners will be selected by the Faculty from among the applicants. The Faculty reserves the right to reject any candidate who may have made application and may have been recommended for a scholarship.

4. Applicants should have been in residence at Calvin College for all their previous college work.

5. Applicants must have their application and recommendations in the hands of the Scholarship Committee not later than April 15.

Trinity College Scholarship — Junior College Graduates. Each year Calvin College offers a scholarship similar to the Upperclassman Scholarships to a member of the sophomore class of Trinity Christian College, Chicago, who has been recommended by the Trinity Faculty. The scholarship can consist of a cash stipend up to 25% of the recipient's need and of work opportunities and loan. The award is made in accordance with the following conditions:

1. The Faculty of Calvin College will select and appoint the winner. If, in the opinion of the Faculty, no suitable candidate is available, no award will be made. The Faculty of Calvin College reserves the right to reject any candidate who may be recommended.

2. The recommendation of the Trinity Faculty shall be on the basis of scholarship, Christian character, personality and promise of growth. Only students of high academic rank who may be expected to maintain a good record at Calvin should be nominated.

3. The recipient should expect to complete a four-year course at Calvin College. He should have been in residence at Trinity College during both his freshman and sophomore years.

4. Recommendations must be in the hands of the Chairman of the Scholarship Committee not later than March 15.
Alumni College - Faculty Memorial Scholarships — The Calvin College Alumni Association each year provides the College, in memory of deceased college faculty members, with three annual scholarship grants of $300 each, one to be given to a freshman for use in the sophomore year, one to a sophomore for use in the junior year, and one to a junior for use in the senior year.

The rules are as follows:

1. The Faculty of Calvin College, through its Scholarship Committee, will select candidates for the awards; these names will be submitted to the Alumni Association for final selection.

2. If, in the opinion of the Faculty, no suitable candidate is available in a given year, the funds for that year will be added to the Alumni scholarship fund.

3. Application must be made for the award, and recommendation secured from two members of the Faculty. Applications and recommendations must be in the hands of the Chairman of the Scholarship Committee no later than March 15.

4. The recommendation must be on the basis of scholarship, Christian character, promise of growth, and personality.

5. The applicant should have been in residence at Calvin College for at least the preceding year and should expect to complete his college work at Calvin College.

Associated Women Students Scholarship — Each year the Associated Women Students of Calvin College, of which every woman student is a member, offers a scholarship consisting of $100 per semester for two semesters, to a sophomore woman student for her junior year. The selection of a candidate or candidates for the scholarship is made by the Executive Board of the Associated Women Students, subject to the approval of the Faculty Scholarship Committee. Recommendations shall be on the basis of scholarship, Christian character, personality, promise of growth, and need.

Application blanks may be obtained from the Office of the Dean of Women of Calvin College. Application must be made by March 1.

The Johnson Foundation Scholarship — The Johnson Foundation, established by S. G. Johnson & Son, Inc., of Racine, Wisconsin, has presented to Calvin College the sum of $1,000 to provide support for undergraduate students majoring in chemistry. The scholarship consists of a grant of $500 a year for each of two years. Decisions relating to the award, such as selection of the winner, the class year of the student, and other eligibility rules shall be determined by the faculty members of the department of Chemistry.

Dow-Employees Scholarship Fund — The Dow-Employees Scholarship Fund provides Calvin College with an annual scholarship grant to cover an amount approximately equal to the institution's cost of educating a student during the year immediately preceding the year in which
the grant is given. The grant will cover the student's tuition as well as the additional cost to the school.

The stipend is to be given preferably to an outstanding science or engineering major in his junior year, or to a major in another department, if the College so elects, for use in his senior year. The recipient must have the ability, initiative, and personality to contribute to his field in coming years. The recipient is to be selected by the Scholarship Committee of the College, on the recommendation of the department concerned.

Spalink Memorial Missions Scholarship — An annual senior scholarship award of $500 is presented by Mr. and Mrs. John Spalink, in memory of their son, John Spalink, Jr. Its purpose is to encourage superior students to enter missions. The scholarship is awarded to a junior student of either sex who shows a definite interest in a missionary vocation. The award is given primarily for achievement in scholarship, although other factors, such as financial need, will be taken into account. Generally, members of the Christian Reformed Church who aspire to a career with that church's missions will be shown a certain preference. The Scholarship Committee makes final determination of the award. The rules are as follows:

1. Application must be made no later than March 1.
2. Applications must include the following:
   a. a statement of mission vocational aims;
   b. a plan of study.
3. Recommendations from two members of the Faculty must accompany the application.
4. Applicant must be prepared to give evidence of confirmed interest in missions, and the intention to work in missions after training.

Summer School Scholarship — Twelve scholarships in the amount of $200 each, one for each National Union of Christian Schools district, will be available to Christian school teachers for undergraduate study at Calvin College during the summer of 1965. The National Union and Calvin College each contributes $1,200 for this undergraduate program. The cash awards must be used for payment of tuition and other expenses involved in work for personal and professional enrichment, work toward the validation of a teaching certificate, or toward a degree at Calvin College.

To be eligible for a scholarship the teacher:
1. Must have completed three years of successful teaching in the Christian schools.
2. Must be able to produce satisfactory evidence of possessing:
   a. Ability to pursue academic work successfully.
   b. Qualities of personality, character, and conviction that are assets to a Christian teacher.
   c. Loyalty to the Reformed faith.
   d. Superior teaching ability.
3. Must agree to serve a National Union member school at least one year after using a scholarship.

4. Must submit a statement of 250 words or less on the reason(s) for applying for a scholarship.

For details and applications for these scholarships and for grants-in-aid write directly to the Director of Scholarships, National Union of Christian Schools, 865 – 28th Street, S.E., Grand Rapids, Michigan 49508.

Application must be made by February 1.

Music Awards

Anna Bruinsma Award in Music — The interest on $750, given by the late Mr. H. J. Bruinsma of Grand Rapids in honor of his deceased wife, one of Calvin's alumnae, is to be used in the Department of Music, two-thirds of it serving as first, and the remaining third as second prize. This award is open only to seniors.

Oratorio Society Tuition Scholarships in Music — Five college tuition awards of $200 each are presented by the Calvin College Oratorio Society to prospective Freshmen. These scholarships are awarded to four instrumentalists and one vocalist who can meet college admission requirements and have records of superior achievement in high school music activities. Recipients must maintain a C average for four semesters and will be expected to participate in the scheduled rehearsals and performances of at least one of the following: Calvin College Band, Orchestra, or Choir.

Vander Heide Voice Award — One tuition award of $200 is offered annually by Mr. and Mrs. Jan Vander Heide to a vocalist who can meet College admission requirements, and who has a record of superior achievement in high school music activities. The recipient will be expected to participate in the scheduled rehearsals and performances of at least one choral ensemble, and to maintain at least a C average for four semesters. Only Freshmen are eligible. Applicants will be judged on the basis of evidence of talent and financial need.

Application blanks for these awards may be secured from the Music Department after April 1, and must be returned on or before April 23, 1965. Auditions in person or by tape recording will be held May 9, 1965.

Miscellaneous Awards

The Beets Calvinism Award — The late Dr. and Mrs. Henry Beets established a fund which now amounts to $1,500, the income of which is to constitute a prize for the best essay or term paper on Calvinism, in any of its bearings, written each year by a Calvin College student. The prize will be awarded at the discretion of the Bible Department, in consultation with the President of Calvin College. If, during any given year, the Bible Department considers the essays or papers submitted of
sufficient merit to deserve the prize, the interest of such a year, or years, will be added to the principal.

The William B. Eerdmans Literary Awards — Mr. William B. Eerdmans, Sr., in the interest of encouraging originally expressive writing among Calvin students, has established the William B. Eerdmans Literary Awards.

Under the terms of the foundation three awards

1st: $35  2nd: $25  3rd: $15

will be made for the three pieces judged best among the contributions to each issue of the Calvin College Student Literary Review published in any given year. Any type of original writing submitted to the Review is eligible for an award, whether it be poetry, fiction, or essay, creative or critical, seriously reflective or delightfully amusing.

The Rinck Memorial Award — A fund of $1,500 has been subscribed by former students and friends of the late William Rinck, Professor of Mathematics at Calvin College (1905 to 1920). The income of this fund is devoted to an award for outstanding work in mathematics. The prize is awarded annually to the senior student majoring in the Mathematics Department who has, in the opinion of the members of the Department, done superior work in undergraduate mathematics.

Jewish Evangelization Award — Dr. and Mrs. William J. Yonker for the year 1964-65 offer a prize of $75 for the best essay and a prize of $25 for the second-best essay on a subject bearing on the Evangelization of the Jews. The contest is open to all college students.

Speech Awards

Baker Extemporaneous Speaking Awards — Through the generosity of the Baker Book House of Grand Rapids, Michigan, credit vouchers for the purchase of books are awarded annually to the first, second, and third place winners in both the men's and women's divisions of the Extemporaneous Speaking Contest. In each division the winners of first, second, and third places are awarded credit vouchers of $25, $10, and $5 respectively. The first place winners of each division represent Calvin at the annual State Extemporaneous Speaking Contest.

Berghuis Forensic Awards — Students who represent the College in State Oratory, Extemporaneous Speaking, and Interpretative Reading Contests, and students who represent the College in the State Debate Tournament are eligible for the Berghuis Forensic Awards. These awards are made in the following manner: for the first year's participation, a silver pin; for the second, a silver pin exchanged for a gold pin; for the third, a ruby is added; for the fourth, two pearls are attached; for the fifth, a diamond is added. If any student represents the College in two activities in one year, he is credited with two awards. These awards are made possible through the generosity of Mr. and Mrs. J. P. Berghuis of Prinsburg, Minnesota.
Broodman Oratorical Awards — Through the generosity of the Dr. G. J. Broodman family of Grand Rapids, Michigan, a gold medal and a $25 Savings Bond are awarded to the first place winner in a men's oratorical contest. Silver and bronze medals are given annually to the winners of the second and third places, respectively, in a men's oratorical contest. These awards are presented in memory of the late Dr. G. J. Broodman. The first-place winner represents Calvin in the State Oratorical Contest of the Michigan Intercollegiate Speech League held in March of each year.

Drama-Interpretative Reading Awards — An anonymous donor annually presents the Speech Department with $100 to be used as awards in the areas of drama and interpretative reading. This enables the Speech Department each year to make the following awards:

1. A $25 award to a Senior student who has done outstanding work in acting in Thespian productions.

2. A $25 award to a Senior student who has made valuable contributions in the areas of the technical aspects of Thespian productions.

3. $15 awards to each of the two students selected to represent Calvin College at the League Division of the Annual Interpretative Reading Festival of the Michigan Intercollegiate Speech League.

4. $10 awards to each of the two students selected to represent our College at the Junior Division of the Annual Interpretative Reading Festival.

Monsma Debate Award — Each year Mr. and Mrs. John W. Monsma, Jr., offer an award of $100 to an outstanding Calvin College debater. The award is given on the basis of the student's ability as a debater, his academic record, his character and personality, and his financial need. The Speech Department will select the nominee to receive the annual award.

Thespian Oratorical Awards — The Thespians, dramatics club of Calvin College, offers three awards in oratory for women, of $15, $10 and $5.

The first award winner represents Calvin in the state oratorical contest of the Michigan Intercollegiate Speech League held in March of each year.

Zondervan Peace Oratorical Awards — Through the generosity of the Zondervan Publishing Company of Grand Rapids, Michigan, credit vouchers for the purchase of books are awarded annually to the first, second, and third place winners in both the men's and the women's divisions of the Peace Oratorical Contest. In each division the winners of the first, second, and third places are awarded credit vouchers of $25, $10, and $5, respectively. The first place winners of each division represent Calvin at the annual State of Michigan Peace Oratorical Contest.
Zondervan Peace Extempore Awards — The Zondervan Publishing Company annually awards credit vouchers for the purchase of books to the first, second, and third place winners in both the men's and women's divisions of the Peace Extempore Contest. In each division the winners of the first, second, and third places are awarded credit vouchers of $25, $10, and $5, respectively. The first place winners of each division represent Calvin at the annual State of Michigan Peace Extempore Contest.

Awards for Continuing Graduate and Seminary Study
(Available through and at Calvin College)

Dr. Harry Kok Memorial Scholarship — The late Dr. Harry Kok, in his Last Will and Testament, bequeathed to Calvin College certain assets to be used for a scholarship award made annually to a pre-medical student. The award shall normally be made to a graduate of the four-year pre-medical course. The candidate need not necessarily be a graduate of the pre-medical course in the year in which the award is granted.

"Out of the income received from said property there shall be paid, each year for fifteen (15) consecutive years, [beginning September, 1952] a scholarship of $400 to such male student who has taken his pre-medical work at Calvin College and Seminary and shall be selected by the Board of Trustees thereof, said payment to be made to him upon his matriculation at an accredited medical college which awards the degree of Doctor of Medicine."

Students who are interested must apply to the Chairman of the Scholarship Committee before March 1. Final award need not necessarily be limited to the student who has made formal application.

Board of Trustees Scholarship — Calvin Seminary, under the authority of the Board of Trustees of Calvin College and Seminary, offers a scholarship consisting of $500 to a member of the graduating class of Calvin College. The award will be made to a student who plans to enter Calvin Seminary and, eventually, the ministry in the Christian Reformed Church.

Applications should be in the hands of the Chairman of the Scholarship Committee by March 1.

The Dewey and Hattie Battjes Foundation Scholarship—Mrs. Dewey Battjes and her children, through the Battjes Foundation, have offered to award a scholarship, in the year 1964-'65, to a student entering Calvin Seminary. To receive consideration, a student must have been in residence in Calvin College as a pre-Seminary student for not less than the last three years preceding graduation, though exception may be made for a Calvin College graduate who has spent his first two years in a Christian junior college supported by our own Christian Reformed constituency.

Pre-seminary Seniors should not apply directly for this award, since selection of the recipient shall be made by the Scholarship Committee of the College from the list of eligible Seniors. Approval of the committee's choice must be given, however, by the College Faculty, the
Seminary Faculty, and the Board of Trustees or its Executive Committee.

University of Michigan State College Fellowship — By action of the Board of Regents, each of the faculties of the accredited colleges of the State of Michigan is authorized to nominate annually to the Executive Board of the Graduate School some member of the graduating class, or some one of its graduates of not more than four years' standing, as a suitable candidate for a State College Fellowship. In each case an alternate may be nominated. All nominations are sent by the College to the Dean of the Graduate School not later than February 15 preceding the academic year for which the recommendation is made; accompanying each nomination should be an official record of the candidate's undergraduate work and three letters of recommendation. The stipend is $1,850 plus tuition for two semesters of full-time work.

Students wishing to make application for this fellowship should consult the Chairman of the Scholarship Committee of Calvin College not later than January 1.

University of Michigan Scholarships for Graduates of the Pre-Engineering Course — The University of Michigan offers a limited number of scholarships to worthy and needy students who have completed their pre-engineering course and who transfer to the University of Michigan to complete their work for an engineering degree. The amount of the scholarship is $500, or more, a year. These scholarships are offered only to residents of Michigan. Pre-engineering students who are interested should see the Chairman of the Engineering Department or the Dean of the College before March 1.

University of Michigan School of Business Administration Tuition Scholarship — This scholarship is awarded annually to a graduate of Calvin College who has majored in Business Administration and who is recommended for the scholarship by the members of the Economics Department. Seniors who are interested should see the Chairman of the Economics Department before February 15.

Fulbright Scholarship — Awards under the Fulbright Act are a part of the educational exchange program of the Department of State. The objectives of this program are to promote better understanding of the United States abroad, and to increase mutual understanding between the people of the United States and the people of other countries.

Eligibility requirements:

1. United States citizenship.
2. A college degree or its equivalent at the time the award is to be taken up.
3. Knowledge of the language of the country sufficient to carry on the proposed study.
4. Good health.

Students who are interested should confer with the College Fulbright Adviser.
STUDENT SERVICES

Financial Aids

The following statements summarize the Financial Aid Program at Calvin College:

Scholarships (see pages 37-49)

Loans

2. Calvin Loan Funds are available primarily to non-citizens.
3. Michigan Higher Education Assistance Authority in cooperation with the College guarantees bank loans to Sophomore, Junior, and Senior Michigan residents.
4. United Student Aid Funds, Inc., in cooperation with the College guarantees bank loans to Sophomore, Junior, and Senior U.S. citizens.
5. Emergency Loans for amounts up to $50 are available from the Kiwanis Club through the office of the Dean of Women or the Dean of Men.

Campus Employment

1. Residence Hall — housekeeping, desk clerk, switchboard
2. Dining Hall — bus boys, waitresses
3. General — clerical, maintenance

Policies

1. Financial Aid is awarded only by action of the Financial Aid Committee.
2. Any full-time student in good standing (including entering Freshmen with regular or provisional admission) may apply for Financial Aid.
3. Loans are granted only in cases of proven financial need.
4. Campus Employment applicants are given priority on the basis of financial need.
5. The Financial Aid Committee reserves the right to suspend any or all aid commitments at any time for reasons which they deem sufficient.
6. Students who receive aid are expected to live economically, and to establish an acceptable record in all phases of college life.

Procedures

1. A student's financial needs over the entire academic year are used as the basis for awarding Financial Aid.
2. A student who wishes to apply for Financial Aid should file an application with the Student Personnel Office well in advance of the semester in which he/she expects to receive assistance.
3. Applications for Financial Aid will be reviewed and awards made beginning June 30 preceding the fall semester for which application is made. Applications received prior to that date will be held until then. Later applications will be acted upon as they are received.

4. An Application for Financial Aid will not be processed until after the student has been accepted by the Admissions Office.

5. Application blanks for Campus Employment and Loans are available from the Student Personnel Office.

Off-Campus Student Employment Service

A Student Employment Service is operated under the supervision of the Dean of Men's Office. Students desiring part-time employment may fill in application cards with this service at the time of registration or at the Employment Desk in the Student Personnel Office any time during the semester. This office has on file the names of business firms and individuals interested in employing students on a part-time basis.

Teacher Placement Bureau

The College maintains a Teacher Placement Bureau, administered by the Director of Student Teaching, to assist graduates in securing teaching positions. Personal data, recommendations from members of the Faculty, and other information relative to the teaching ability of the candidates are made available to school superintendents throughout the United States and Canada. All seniors and graduates of the College who have completed the requirements for teachers' certificates are entitled to use this service without charge. All communications should be addressed to the Teacher Placement Bureau at Calvin College.

Graduate Placement Bureau

Arrangements are made each spring semester by the Student Personnel Office for interviews with prospective employers. The schedule of these interviews is made available to all interested students through the Inter-Campus Bulletin.

Student Health Insurance

There is available to all students a Group Accident and Sickness Expense Protection Plan. The premium cost is extremely low considering the coverage that is provided under the plan. A family plan is also available. Although participation is voluntary, the College Administration strongly urges all students not covered by a medical plan to participate. Detailed information is available at the Business Office.

Inter-Campus Bulletin

The Inter-Campus Bulletin is published daily and posted in designated places on both campuses. Notices regarding class changes, programs, and information of general interest are included. It is each student's responsibility to read this bulletin each day.

Inter-Campus Transportation

The shuttle bus service is available, free of charge, between campuses and to local churches.
ACADEMIC INFORMATION AND REGULATIONS

Religious Instruction, Worship, and Services

In accord with its specific aim and with its belief that this aim cannot be attained unless the religious side of the student’s life receives due attention, the College makes religious instruction, either doctrinal or historical, compulsory for all students. Nine hours of such religious instruction must be taken during the four college years in accordance with a set program.

Devotional exercises are held on Monday, Wednesday, and Friday. All students are required to attend these devotional exercises at times assigned to them.

It is understood, too, that on the Sabbath every student worships regularly at some church of his own selection.

Students attending Calvin College and Seminary who are too far from home to attend services there are expected to transfer their membership to a local church of their own choice; or retain their membership with their home church, but place themselves under the temporary care of one of our Grand Rapids churches. The latter can be done by means of student certificates supplied by the student’s own consistory. Either plan must be executed during the first eight weeks of school.

As often as is deemed necessary during the course of the college year faculty counselors have consultations with each student, the aim being to offer, in addition to academic counseling, such aid in the moral and spiritual life as the student may need. Conferences with the college chaplain can be arranged by any student during the course of the school year.

The Christian Reformed Church, which sponsors Calvin College, is eager to have all its students live the full, Christian life—a life dedicated to the glory of God and the service of our Lord Jesus Christ—and to resist all manifestations of worldliness.

The College, therefore, expects its students to conduct themselves, both on and off campus, as responsible and committed Christians. As in its academic ideals Calvin College seeks to manifest the profession of Christ, it expects its students to do the same in their personal and social lives.

The College, if necessary, shall refuse admission to, discipline, or request withdrawal of any student who, in the judgment of those delegated to deal with such matters, is guilty of conduct unworthy of the ideals and standards of Calvin College.

The Libraries

The Hekman Memorial Library on the Franklin Campus, and the Knollcrest Library, hold, together, more than 140,000 volumes, to which about 8,000 are added yearly. More than 900 different periodicals are currently received. The Hekman Library houses the Gayvan Collection of 11,000 phonograph records. The Knollcrest Library houses the
theological and Freshman library collections, as well as the Colonial Origins documents, Calvin microfilm, and rare book collections. Both libraries are open daily from 8:00 a.m. to 11:00 p.m., Monday through Thursday; 8:00 a.m. to 9:30 p.m. on Friday; 8:00 a.m. to 5:00 p.m. on Saturday; holiday and vacation hours are from 8:00 a.m. to 5:00 p.m., Monday through Friday, at the Franklin campus; Monday, 1:00 to 5:00 p.m., and Thursday, 8:00 a.m. to 12:00 noon, at Knollcrest.

College Year

The school year of 36 weeks is divided into two semesters of 18 weeks each. Summer sessions of six and eight weeks are offered each summer.

Two vacations are given during the year: a vacation of two weeks at the Christmas holidays, and a spring vacation of one week. Students are required to remain on duty until the last school exercise preceding a vacation is completed, and to be present at the hour of opening, after a vacation.

Health Center

The College provides limited health and medical service for all students. The fee for this service is incorporated in the tuition charge. The Health Center is located on the ground floor of the Dormitory Building on the Franklin Street campus. Its facilities consist of examination room, dispensary, men's sick bay, and women's sick bay. The health service is staffed by a campus nurse on full-time duty, physicians with consultation hours each morning, and a clinical psychologist with consultation hours one day each week. The service is limited to out-patient treatment. All serious medical problems will be referred to the student's family physician (in the case of in-town students) or to a physician of the student's own choice.

The Required Physical Education Program

Requirement

Physical education is a requirement for all freshman and sophomore students. All students must take required physical education for three semesters of their first two years' residence at Calvin College. All classes meet twice a week.

The requirement includes a semester in Foundations, a semester in Team Sports, and a semester in Individual and Dual Sports. (See p. 112 for Courses.)

Credit

All students must meet the physical education requirement to graduate. Failure to meet this requirement will result in the withholding of transcript and diploma.

A grade of "Cr." (Credit) or "N.C." (No Credit) will be given for each course. In order to receive credit for a course a student must earn a passing physical education average. This average is based on ability, progress, attitude, attendance, skill, and written tests.

Exemptions

Students over 27 years of age may be excused after consultation with the Chairman of the Physical Education Program.

Medical excuses will be accepted only from a physician of the Calvin Health Service. Upon consultation with him some students may be placed in restricted activities according to ability and need.

Varsity athletes at Calvin are required to take two semesters of required physical education during their first two residence years. (The third semester requirement is fulfilled by enrolling in Physical Education 120.) All athletes must complete the Foundations course in their freshman year.

Equipment, uniforms, lockers

Equipment for activities will be supplied by the College.

Students enrolled in the instructional courses are required to buy a standard uniform. Sweat suits are optional but the purchase of them is encouraged. These can be purchased through the physical education office.

Lockers are available for all students. A $5 deposit is necessary in securing a locker and will be returned at the end of the school year if all articles are intact.

Grades and Honor Points

Grade reports are sent out at the end of each semester. Mid-semester grades reports are prepared for Freshmen only during their first semester of residence at Calvin College.

Each student receives one final grade in each course which he takes. This grade is a combination of the results of classwork, tests and final examination. Grades are indicated by letters. The honor point value assigned to grades is indicated in the following table:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Description</th>
<th>Honor Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>Excellent</td>
<td>4</td>
</tr>
<tr>
<td>B</td>
<td>Good to very good</td>
<td>3</td>
</tr>
<tr>
<td>C</td>
<td>Graduation average</td>
<td>2</td>
</tr>
<tr>
<td>D</td>
<td>Unsatisfactory; just passable</td>
<td>1</td>
</tr>
<tr>
<td>F</td>
<td>Failure</td>
<td>0</td>
</tr>
<tr>
<td>X</td>
<td>Absent from examination</td>
<td>0</td>
</tr>
<tr>
<td>I</td>
<td>Incomplete work</td>
<td>0</td>
</tr>
<tr>
<td>W</td>
<td>Withdrawn</td>
<td>0</td>
</tr>
<tr>
<td>+</td>
<td>Add .3 honor points per registered hour</td>
<td>+.3 (effective September, 1962)</td>
</tr>
<tr>
<td>—</td>
<td>Subtract .3 honor points per registered hour</td>
<td>—.3 (effective September, 1962)</td>
</tr>
</tbody>
</table>

To meet graduation requirements the student must satisfactorily complete 125 hours of credit with an average of two honor points for each registered hour. Honor points are computed on the basis of registered hours.

For a course marked F a student can receive credit only by satisfactorily repeating the course.

If a student is absent from a final examination the grade X may be given. This grade must be removed by taking the examination at the
time scheduled for re-examination. If the examination is not taken within one year, the grade X automatically becomes F.

The number of honor points earned in a course is determined by multiplying the number of honor points received per registered hour by the number of registered hours in a given course. For example, a grade of B in a four-hour course gives $3 \times 4$, or 12 honor points. A grade of B+ in a four-hour course gives $3.3 \times 4$, or 13.2 honor points. A grade of B— in a four-hour course gives $2.7 \times 4$, or 10.8 honor points.

Grade-point Average

A student's grade-point average may be obtained by dividing the total number of honor points earned by the total number of registered hours for which the student enrolled during any period. Cumulative and current semester totals and grade point averages are indicated on the grade report.

Dean's List

To gain a place on the Dean's List a student must:

1. Have registered for at least 12 hours of work during the semester.
2. Have a grade-point average of 3.50 or higher for the semester, based upon letter grades and pluses and minuses.

The Summer Program

The program of studies offered during the summer is planned to meet the needs of:

1. Teachers who wish to continue study toward the bachelor's degree.
2. Teachers who desire credits to meet certification requirements.
3. High school graduates who desire to begin college in the summer.
4. Discharged veterans and others who wish to speed up their program.

Credit earned during this session has the same value as credit earned during the year and is transferable to other institutions. The credits are expressed in semester hours.

Michigan Scholars in College Teaching Program

Calvin College is participating in two cooperative programs, one with the University of Michigan and the other with the University of Chicago, leading to an enriched Master of Arts degree for students who look forward to teaching on the college level. These programs, sponsored by the Ford Foundation, are designed to integrate meaningfully the last two years of undergraduate work at our college with the first year of graduate work at the University, with a view toward facilitating the progress of capable students preparing for a career in college teaching.

To be eligible for participation in the program, a student, by the time he is a junior, should:
1. indicate an interest in college teaching as a goal;
2. have, in addition to personal qualifications, an overall academic record of B average or better, and a B+ in his major field;
3. be recommended by his major department.

For further information consult with Professor L. J. Flokstra, Coordinator, Three-Year M.A. Program.

In-Service Institute Program

During the 1964-65 academic year, Calvin College will conduct two in-service institutes under the sponsorship of the National Science Foundation. One of these is for elementary teachers (grades Kindergarten through 6) and will offer two courses, Mathematics 109 and Biology 111. The other institute is for secondary teachers (grades 7 through 12) and will offer three courses, Mathematics 109, Physical Science 110, and Biology 111.

Institute classes will meet on Wednesday evenings from 7:00 to 9:00 p.m. Regular undergraduate credit is offered for these courses. Selection of participants for these institutes is made from applications submitted by interested teachers. Each teacher selected for the program will receive free tuition and fees, a book allowance, and an allowance toward travel expenses. For additional information and application blanks, write to Director, NSF In-Service Institute Program.

“T” Incomplete

The grade T signifies the absence of a certain amount of reading to be completed, or of papers to be handed in. This grade is given only in cases of prolonged illness and in emergencies, i.e., in circumstances which may reasonably prevent a student from completing his work on time, such as directed teaching, inability to obtain necessary books, etc. To remove a grade of I or X the student must secure credit for the course by satisfying the instructor within one year. Responsibility for securing such credit and for obtaining from the instructor concerned a signed removal slip, without which no change is made in the Registrar’s entries, and for presenting such removal slip to the Registrar, lies with the student.

Should a student fail to remove the grade of I or X within the allotted time, the grade automatically becomes F.

Seniors must have all incompletes removed by May 1 of the year in which they expect to graduate.

When the record of a student suggests doubt as to his fitness to do more advanced work in a particular department, his case is determined jointly by the Registrar of the College and the instructor concerned.

“W” Withdrawn

A grade of W is given in a course when a student officially withdraws from that course or from the College at a time preceding the established date for withdrawing from courses without penalty. A student may not
withdraw from a course without penalty after November 1 of the first semester and after March 15 of the second semester.

WP is given to indicate that a student has officially withdrawn from a course after the penalty date and that he was doing passing work in that course when he withdrew.

WF is given to indicate that a student has officially withdrawn from a course after the penalty date and that he was doing failing work in that course when he withdrew.

Examinations and Written Work

Regular examinations, in writing, are held at the close of each semester. In addition, tests and written recitations are given frequently during the year, with or without previous notice, at the option of the instructor.

Term papers and book reports (not including weekly or bi-weekly assignments) shall be in three weeks before the final examinations.

Any student found guilty of dishonesty in any examination or test or required written work of any character will be graded F in the course, besides being subject to discipline.

Latest Date of Registration

No student will be permitted to enroll after the first week of classes without the permission of the Registrar.

Schedule Changes

No schedule changes will be permitted after the second week in any semester.

Dropping of Courses

After the second week of classes no student may drop a subject without the approval of his faculty counselor and the Registrar. Such permission will be granted only in exceptional cases after November 1 of the first semester and after March 15 of the second semester.

Auditing a Course

To audit a course a student must meet the requirements for admission to Calvin College. There is no additional charge for full-time students. The fee for students who are not enrolled full time will be one-half of the regular hourly charge. Anyone desiring to audit a class should make application for this at the time of registration. No one will be permitted to audit a class unless he has the permission of both the Registrar and the instructor of the class.

Auditors are required to attend class and conduct themselves in class just as if they were full-time students working for credit. They are not required to take tests or final examinations and do not receive credit.

Class Visitors

Under certain conditions, students may attend classes as visitors. Permission to do so must be obtained from the office.
Dismissal

Admission to Calvin College is a privilege, not a right. This privilege may be withdrawn from any student whose presence is regarded by the college authorities as undesirable.

Withdrawal During a Semester

Students who desire to discontinue College during a semester must present a Withdrawal Request at the Registrar's Office signed by either the Dean of Men or the Dean of Women.

Use of Automobiles

Automobiles owned or operated by Calvin students must be properly registered with the College and carry an official college automobile permit. They may be parked only in approved parking places when in the vicinity of the campus.

All students may apply for college automobile permits. It is within the discretion of the college administration to disqualify any applicant by reason of demonstrated academic or financial deficiency. The fee for each permit is $3 per year.

Students are held responsible for full knowledge of these approved parking places as well as all other student automobile regulations. The use of an automobile not properly registered, as well as all parking violations, will be dealt with by means of established financial penalties, and also, if necessary, by stringent action of the Discipline Committee.

Injuries Sustained While Attending Calvin College

All students are reminded that ordinarily the College is not liable for injuries sustained by students in their activities as students, even though such injuries occur upon the college premises; for example, in required laboratory work or physical education classes. The College does not undertake to be an insuror of its students. The liability of the College under the law must be based on fault. It is necessary, in order to establish liability of the College for such injuries, not only to prove negligence or carelessness on the part of the College, but also to show that the student was free from any negligence or carelessness which might have contributed to the injuries.

Because of this fact, any liability insurance policy which the College might have does not and cannot provide reimbursement for medical costs resulting from such injuries. Hence, each student or prospective student is urged to review his personal health and accident insurance status. If he is no longer covered by his father's family plan (normally coverage expires upon reaching the age of 19), and he does not have an individual policy, we suggest that he participate in the Student Group Plan available through the College.

Contact the Business Office for details.
REQUIREMENTS FOR GRADUATION

The College graduates students from the following courses: General College, Pre-Seminary, Education, Pre-Medical, Pre-Dental, Pre-Law, Pre-Engineering, Pre-Business Administration, and Pre-Medical Technology.

Every student (except those few who register as "special") must, in addition to the required physical education, fulfill the requirements of the course and curriculum from which he elects to graduate. The requirements in each course are listed below.

All full-time students registered at Calvin College are required to take courses in Bible. This requirement must include Bible 301. Students in residence for a full year are required to complete three semester hours; those in residence for two years at least six semester hours; those in residence three or four years at least nine semester hours.

By a Semester Hour of credit is meant in each case the equivalent of one recitation a week in one subject for one semester. The number of hours of credit given for a particular subject is indicated in the description of that subject to be found under Description of Courses.

The subjects are listed as follows: Art, Bible, Biology, Chemistry, Dutch, Economics, Education, Engineering, English, Geography, German, Greek, History, Latin, Mathematics, Music, Philosophy, Physical Education, Physical Science, Physics, Political Science, Psychology, Sociology, and Speech.

All prescribed freshman and sophomore courses must be completed in the first two years. This includes required physical education.

A student enrolling for more than 18 hours a semester must have the approval of his academic counselor or the Registrar.

No diploma will be granted for less than one year's resident work, which ordinarily must be the year immediately preceding graduation.

Every candidate for a baccalaureate degree, a three-year pre-professional diploma, or a provisional teacher's certificate must file an application to graduate, in the Registrar's Office, not later than the beginning of the semester or summer session in which he expects to receive his degree or certificate.

When no full course is completed, a statement is given of the studies which the student has successfully completed.

BACHELOR OF ARTS - GENERAL COLLEGE COURSE

The requirements for the Bachelor of Arts - General College Course degree apply to all four-year students who complete the curricula outlined below:

General College
Pre-Seminary
Pre-Medical
Pre-Dental

Pre-Law
Pre-Engineering
Pre-Business Administration
Music Major

*Students who plan to pursue the pre-seminary curriculum while completing the requirements for a General College Course must, if they wish, take all of the prescribed subjects listed on page 82.
General College

1. Amount of Work. The student must complete 125 hours of work.

2. Grade of Work. The student must secure a total of 250 honor points for the 125 hours of work. In other words, he must obtain an average grade of C. Honor points are computed on the basis of registered hours.

3. Prescribed Work. Of the 125 hours required, the following are prescribed:

   Bible 103, 206, 301  9
   English 103, 104  6
   History (101, 102 for entering Freshmen)  6
   Philosophy (not including Logic)  5
   *Mathematics 109, Physical Science 110, Biological Science 111  12
   Foreign Language  (see following explanation)
   Physical Education  (See page 53)

Foreign Language Requirements

a. Students will be required to complete the equivalent of two years (four semesters) of one foreign language and one year (two semesters) of a second foreign language. One of these must be an ancient language and the other a modern language.

b. Students who have earned credit for foreign language in high school may have this credit applied toward the fulfillment of the college language requirement. For the purpose of evaluating high school credit in a foreign language, one year of foreign language in high school will be regarded as the equivalent of one semester in college. However, a foreign language taken in high school is not credited toward a major or a minor nor toward the 125 hours required for graduation.

c. The foreign language requirements must be completed by the end of the sophomore year.

d. In exceptional cases, the Registrar of the College may approve a deviation from any or all the above rules.

4. Distribution of Work. Majors and Minors

All students pursuing the course leading to a General College A.B. degree must, not later than the beginning of their junior year, apply to the head of the department of their selection for permission to major or to concentrate in that department. The department head, on accepting the application, will outline the student's program of major and supporting courses.

To insure proper distribution of the student's work, the subjects have been divided into three groups, as follows:

Group I. Art, Dutch, English, French, German, Greek, Latin, Music, Spanish, Speech.

Group II. Biology, Chemistry, Geography, Mathematics, Physics, Psychology.

*A student may, if he prefers, take mathematics plus a one-year sequence in biology, chemistry, or physics.
Group III. Bible, Economics, Education, History, Philosophy, Political Science, Sociology.

The student must distribute the total 125 hours (incl. those prescribed) among the three groups, complying with the following restrictions:

a. At least 24 semester hours in one subject chosen from one of the above groups, I, II, or III. This constitutes a major. To make certain that he meets the major sequence requirements of his department, the student should check the requirements listed under Description of Courses.

b. At least 12 semester hours (15 semester hours for a Teacher’s Certificate) in one subject, other than the major subjects, but in the same group from which the major subject is chosen. This constitutes the required minor in the major group.

c. At least 18 semester hours chosen from one of the other two groups, that is, other than the major group. At least 12 of these 18 semester hours must be in one subject (15 semester hours for a teacher’s certificate). This constitutes a second minor.

The student who elects 15 semester hours in each of his two minors, and the required 24 semester hours for a major, is eligible for a provisional certificate provided he meets the requirements stated in paragraph 6.

At least one-half of the work taken in residence beyond the sophomore year must be in courses not open to freshmen.

A maximum of 8 semester hours of credit in Applied Music will be allowed towards the bachelor’s degree, except for music majors concentrating in Applied Music, in which case the maximum is 16 hours.

5. Degrees A.B. and B.S. On satisfactory completion of this course, the student will receive the degree of Bachelor of Arts. If he has met all the requirements of this course and has completed 60 or more hours in Group II he may elect to receive the degree of Bachelor of Science instead of Bachelor of Arts.

6. State Provisional Teacher’s Certificate. To be eligible for recommendation by Calvin College for a State Provisional Teacher’s Certificate, a student must apply for admission to the Teacher-Education Program as explained on pages 72-79 and meet its requirements.

Directed Teaching must be taken at Calvin College to receive credit for graduation and to be recommended for a State Provisional Teacher’s Certificate. This is in keeping with a general practice among colleges that student teaching be taken at the institution where the degree is earned and that is to recommend a student for a teaching certificate.

Prospective secondary school teachers who plan to teach in Canada should take the regular General College Course at Calvin and reserve their teacher preparation courses for a fifth year to be taken in Canada.

Prospective elementary school teachers who plan to teach in Canada should pursue the curriculum for elementary teachers, as outlined on pages 74-77.
Pre-Seminary

The student who completes the prescribed Pre-Seminary curriculum will have met all the requirements for a General College degree. He will have a major sequence in Greek (including Greek and Roman History) and minors in English, Modern Foreign Language, and Philosophy.

1. Amount of Work. The student must complete 125 hours of work.

2. Grade of Work. The student must secure a total of 250 honor points for the 125 hours of work. In other words, he must obtain an average grade of C. Honor points are computed on the basis of registered hours. To receive, in addition, the Faculty’s recommendation for admission to Calvin Seminary, the student must obtain one and two-thirds as many honor points as hours of credit, representing an average of B−.

3. Prescribed Work. The following 125 hours are prescribed:

*Each pre-seminary student shall be required to take three years of Dutch or German (in terms of college credit) with the option of eliminating the third year if, at the end of the second year, he can pass an examination demonstrating reading competence in the language.

†At exceptional cases, and only with the permission of the registrar, boys may exercise the option of taking Greek 319-320 instead of History 311-312.

†The student who has not had the equivalent of first-year college Latin in high school will have to make up this work, but may not count the credit which he earns in freshman Latin toward the 125 semester hours required for the degree.

*If the student is required to complete three years of Dutch, he must arrange to include this in his junior or senior year.*

### Three-Year Pre-Medical and Pre-Dental

(See note regarding Pre-Medical entrance requirements on page 29)

1. **Amount of Work.** The student must complete 94 hours of work.

2. **Grade of Work.** The student must secure a total of 188 honor points for the 94 hours of work. In other words, he must obtain an average grade of C. Honor points are computed on the basis of registered hours.

To obtain faculty recommendation for admission to a Class A medical school he must, in the three years of residence, obtain a total of 282 honor points, representing an average of B.
3. Prescribed Work. The following courses are prescribed:

Pre-Medical students are strongly advised to take a four-year college course.

One and one-half units of algebra in high school is a prerequisite for trigonometry.

For admission to the University of Michigan School of Medicine, the foreign language requirement may be met by one college year in any of the following languages: French, German, Spanish, Latin, or Greek. High school credits in languages will not be acceptable in lieu of this requirement or any part of it.

Students desiring to enter a medical school other than that of the University of Michigan should consult the catalog of the institution for foreign language requirements.

Since modern language requirements for admission into medical schools vary widely, medical students are advised to consult the office in respect to them.

4. Distribution of Electives. For their electives students should choose such subjects as are required for admission to the medical or dental school which they expect to attend eventually.

5. Diploma and Degree. Upon satisfactory completion of this course, and one year of successful work in a recognized medical or dental school,
the student will be eligible for the degree of Bachelor of Science on the Combined Curriculum Plan in Letters and Medicine, or on the Combined Curriculum Plan in Letters and Dentistry.

An average record of B is required for recommendation to a Class A medical school.

It is the responsibility of the student who desires to secure a baccalaureate degree on the Combined Curriculum Plan to notify the Registrar's Office by April 1 of the year in which he expects to receive the degree.

Four-Year Pre-Medical

1. AMOUNT OF WORK. The student must complete 125 hours of work.

2. GRADE OF WORK. The student must secure a total of 250 honor points for the 125 hours of work. In other words, he must obtain an average grade of C. Honor points are computed on the basis of registered hours.

However, for admission to Class A medical schools an average grade of B is required.

3. PRESCRIBED WORK.

a. The student must meet the prescribed course requirement as well as the major and minor group requirements for the General College A. B. course. If he has completed 60 or more hours in Group II he may elect to receive the degree of Bachelor of Science, General College Course, instead of the Bachelor of Arts.

b. The student must meet the prescribed course requirements of the Three-Year Pre-Medical Course, and, if possible, in the order given.

4. DISTRIBUTION OF ELECTIVES. Not less than 12 hours of his elected courses over and above the courses prescribed under 3 (above), but including philosophy, must be in Groups I and III. The student is urged to elect Biology 307 and Chemistry 204.

Three-Year Pre-Law

(See note regarding Pre-Law entrance requirements on page 29.)

For those students who wish to secure a baccalaureate degree from Calvin College on the combined curriculum plan, the following requirements must be met:

1. AMOUNT OF WORK. The student must complete 94 hours of work.

2. GRADE OF WORK. The student must secure a total of 188 honor points for the 94 hours of work. In other words, he must obtain an average grade of C. Honor points are computed on the basis of registered hours. He must secure 282 honor points, representing an average of B, to warrant faculty recommendation to a Class A law school.
3. Prescribed Work. Of the 94 hours required, certain hours are prescribed as follows:

<table>
<thead>
<tr>
<th>Subject</th>

</tbody>
</table>

4. Diploma and Degree. On satisfactorily completing this course, and one year of successful work in a recognized law school, the student will be eligible for the degree of Bachelor of Arts on the Combined Curriculum Plan in Letters and Law.

It is the responsibility of the student who desires to secure a baccalaureate degree on the combined curriculum plan to notify the Regis-
trainer’s Office by April 1 of the year in which he expects to receive the degree.

Three-Year Transfers

Students who plan to enter law school after three years at Calvin, but who do not intend to meet graduation requirements at Calvin, must complete 94 hours of the requirements for the General College Bachelor of Arts degree (see page 60). The selection of a program adequate for entrance into a law school should be made in consultation with the pre-law adviser.

Four-Year Pre-Law

Students who plan to enter a law school upon graduation from Calvin College are expected to complete the requirements for the General College Bachelor of Arts degree (see page 60). The selection of the majors and minors in their program should be made in consultation with the pre-law adviser.

Pre-Engineering

(See note regarding Pre-Engineering entrance requirements on page 29.)

Normally four semesters of work at a recognized school of engineering, in addition to the three-year course here outlined, are necessary to finish a regular engineering course.

1. Amount of Work. The student must complete 94 hours of work.

2. Grade of Work. The student must secure a total of 188 honor points for the 94 hours of work. In other words, he must obtain an average grade of C. Honor points are computed on the basis of registered hours.

3. Prescribed Work. Of the 94 hours required, the following are prescribed:

THREE-YEAR GENERAL PRE-ENGINEERING COURSE

<table>
<thead>
<tr>

<td>5</td>
<td>13</td>
</tr>
</tbody>
</table>

*Three hours of electives must be technical subjects.

THREE-YEAR CHEMICAL PRE-ENGINEERING COURSE

Freshman Year

The same subjects as prescribed for the three-year general Pre-Engineering course above.

Sophomore Year

The subjects should be chosen in consultation with the student's adviser.

Junior Year

The subjects should be chosen in consultation with the student's adviser.

**Notes:** Two units of algebra credit will be required after September 1954 in addition to the present requirement of ½ unit of credit in trigonometry. Deficiency in these entrance requirements delays the program.

4. **Diploma and Degree.** Upon satisfactory completion of either course, and completion of the requirements for a bachelor of science degree in engineering in a recognized engineering school, the student will be eligible for the bachelor of science on the Combined Curriculum Plan in Science and Engineering.

It is the responsibility of the student who desires to secure a baccalaureate degree on the combined curriculum plan to notify the Registrar's Office by April 1 of the year in which he expects to receive the degree.

Abbreviated Pre-Engineering Course

For a student who is unable to take more than two years at Calvin College, a two-year program will be arranged to satisfy, as nearly as possible, the requirements of the Engineering School which he plans to attend. This program must be arranged with either the engineering course adviser or the Registrar of the College.

Bachelor of Science in Medical Technology, on the Combined Curriculum Plan

To qualify for this degree the student must:

1. Meet regular admission requirements to the College, including, among high school credits, algebra, geometry, and chemistry or physics.

2. Successfully complete 94 semester hours of pre-professional subjects considered fundamental in any liberal arts program. He must secure a total of 188 honor points for the 94 hours of work. In other words, he must obtain an average grade of C. Honor points are computed on the basis of registered hours.

3. Complete an additional 12 months of training at an accredited school of medical technology.
Courses of a technical nature, such as mechanical or free-hand drawing, practical or physical education, are not acceptable as advanced credit toward the 94 hours of college work.

The required college courses in the program are the following:

- Bible (including Bible 103) ........................................... 6
- Biology, General .......................................................... 8
- Biology, Microbiology .................................................. 4
- Biology, Additional* ................................................... 4
- Chemistry, General ...................................................... 8
- Chemistry, Additional† .................................................. 8
- English, Freshman ....................................................... 6
- English or American Literature ...................................... 6
- Foreign Language .......................................................... 8
- History ................................................................. 6
- Mathematics ............................................................. 3 or 4
- Psychology .................................................................. 3
- Sociology, Principles or Problems ................................. 3
- Philosophy, Perspectives or Ethics ................................. 3
- Electives ................................................................ 18 or 17

94

*The remaining biology courses to complete the requirements may be selected from the following subjects: Human Anatomy and Physiology, Comparative Anatomy, Parasitology, Histology, Genetics, or other biology courses acceptable toward a biological science major.
†The other chemistry courses to complete the requirements may be selected from: Qualitative Chemistry, Quantitative Chemistry, Organic Chemistry, Organio-Biochemistry, Physical Chemistry, or other chemistry courses acceptable toward a chemistry major.

Suggested Program

**Freshman Year**

<table>

Major in Business Administration

Candidates for a Bachelor of Arts degree from the General College Course may select their subjects with a view to obtaining a major in Business Administration. They should complete the subjects prescribed for the General College Course (see p. 60). For students interested in Business Administration but who desire to earn a Bachelor of Business degree at one of the universities a two- or three-year course can be arranged. Since the emphasis in the professional schools today is upon a broad liberal arts training, however, the student should consider the advisability of remaining at Calvin College for four years and transferring to the university after he receives his A.B. degree. He can then enroll in the Master of Business Administration program at the university. This kind of preparation for a business career is highly recommended by Business Administration School officials. To complete the major group requirements he should elect 24 hours in economics and 12 hours in another department listed in Group III (see p. 61). The student may elect to complete his minor group requirements by selecting subjects either in Group I or Group II. The 24 hours in economics must include Economics 201 and 202 and Economics 305 and 306.

Students desiring to receive a master’s degree in Business Administration at the University of Michigan, after receiving a Bachelor of Arts degree from Calvin College, can do so by successfully completing a maximum of one year and one summer at the School of Business Administration of the University of Michigan.

Major in Music

Candidates for the A.B. degree in the General College Course or in the Education Course may select music as a major field. The following requirements apply:

a. The general course requirements as prescribed for either the General College Course (see p. 59) or the Education Course (see p. 72).

b. Sufficient proficiency at the piano to pass the minimum keyboard requirement test.

c. Participation in at least one music ensemble (choir, band, or orchestra) each semester.

d. The following courses in basic musicianship:

   Music 103-104, 203-204 (Theory) ........................................... 12 hours
   Music 303-306 (History of Music) ........................................... 6 hours

e. The specific course requirements for one of the following five areas of concentration in music:

1. MUSIC HISTORY AND LITERATURE

   Advanced courses in the History and Literature of Music ........ 12 hours
   *Applied Music ............................................................ 8 hours
   Electives in Music ....................................................... 24 hours

2. MUSIC THEORY

   Advanced courses in Music Theory .................................... 12 hours
   *Applied Music ............................................................ 8 hours
   Electives in Music ....................................................... 24 hours

*More than eight hours of applied music may be taken but only eight will be credited toward degree requirements.
3. SOLO INSTRUMENT OR VOICE

†Applied Music (Private lessons in one instrument or voice) up to 16 hours
Electives in Music ......................................................... 6-8 hours

4. INSTRUMENTAL MUSIC EDUCATION

Music 315-316 (Arranging) .......................................... 6 hours
Music 313-314 (Conducting) ......................................... 2 hours
Music 213-214 and/or 215-216 (Band and/or Orchestra) (Participation in at least one each semester) ................................................. 8 hours
Private lessons on the major instrument, of which at least four semesters are required ............................................. 4 hours
Music 333 (Teaching of Instrumental Music) .................... 3 hours
Proficiency on secondary instruments, equivalent to two semesters each on string, woodwind, and brass instruments and one semester on percussion instruments and also one semester in voice.

†More than 16 hours of applied music may be taken but only 16 will be credited toward degree requirements.

5. VOCAL MUSIC EDUCATION

Music 107-108 and/or 207-208 (Choir) .......................... 8 hours
(Participation in at least one each semester)
Music 117-118, 217-218 (Voice) .................................. 4 hours
Music 331 and 332 (Methods of teaching) ....................... 6 hours
Music 313-314 (Conducting) ....................................... 2 hours
Music 141-142 or equivalent (Piano) ........................... 2 hours
Electives in Music ......................................................... 3-5 hours

Candidates for the A.B. degree in the Education Course, or for the A.B. degree in the General College Course, with a Michigan State Teacher’s Certificate, must elect either the concentrate in Instrumental Music Education or the concentrate in Vocal Music Education.

Candidates for the A.B. degree in the General College Course may elect any one of the five areas of concentration given above. If they choose Instrumental Music Education or Vocal Music Education, they will be expected to complete the requirements for the Michigan State Teacher’s Certificate (see p. 72) in addition to the requirements given under “a” through “e” (see p. 70).

If the student intending to major in music is not a pianist or organist, it is recommended that piano study begin before entering Calvin. Non-credit piano lessons will be required of all prospective music majors who cannot successfully pass the minimum keyboard requirement test during the opening weeks of school.

Minor in Music

A student wishing to choose music as a minor subject must include in the minor sequence:

Music 103-104 (Theory) ............................................. 6 hours
Music 211-212 (Music Literature)

or

Music 305-306 (Music History) ................................ 6 hours

Music minors interested in earning a Michigan State Teacher’s Certificate must add to these requirements Music 331, or Music 332.
Church Music

Students who are interested in a career in church music should plan to do graduate work in this field. Undergraduate preparation should consist of the concentrate in Organ. In addition the student should elect Music 303-304 (Counterpoint), Music 219-220 (Church Music), Music 313-314 (Conducting), and Music 117-118 (Voice).

Concerts and Tours

There are several musical organizations at Calvin College, offering the student opportunity for singing or playing.

The Oratorio Society, 400 to 500 voices, has a long tradition of presenting Handel’s Messiah at Christmas time, and another oratorio such as the Elijah or the Creation each spring.

The A Cappella Choir of 65 selected voices is well known throughout the United States and Canada through the annual tours taken during spring vacation. Usually the choir appears in 15 or more concerts.

The Radio Choir is nationally known for its singing on the “Back to God Hour” broadcasts each Sunday. This choir also engages in an annual tour.

The College Orchestra plays the orchestral accompaniment to the oratorios and plays at least one full concert during the school year.

The College Concert Band plays many concerts in and around Grand Rapids and goes on a tour to the east or west during the spring vacation.

The College Chamber Band is a select group of musicians chosen from the Concert Band to play literature particularly suitable to a smaller wind ensemble.

The College Varsity Band is organized as an activities band, performing at athletic events, student activities, Knollcrest functions, and at the annual spring band concert.

The Meistersingers, a student-directed chorus of selected male voices, serves an important purpose on our campus. Organized primarily to sing at campus functions such as Home Coming and the annual Moonlight Musicale at Knollcrest, the choir also sings several sacred concerts each season.

BACHELOR OF ARTS IN EDUCATION — TEACHER EDUCATION PROGRAM

To obtain a Bachelor of Arts degree in Education, and to secure a Michigan State Provisional Teacher's Certificate a student must be a citizen of the United States or have filed a statement of intention, must be admitted to the Teacher-Education Program and complete its requirements for either the elementary or secondary level. Students interested in special fields in education should confer with the Director of Certification.

Admission to the Program. — To be admitted to the Teacher-Education Program a student may make formal application to the chairman of the Education Department as soon as he has sophomore standing. He
should do this before the close of the sophomore year in order that he may plan his course selections in conference with his adviser. Delay of application until the junior or senior year may make it difficult to complete requirements in four years.

To qualify for admission to the Teacher-Education Program a student must give evidence of the following:

1. A minimum grade-point average of 2.0
2. The ability to communicate effectively and correctly
3. Physical and emotional health
   (The College reserves the right to call for an examination.)
4. Personality qualities essential to becoming a competent teacher, such as,
   - Enthusiasm for teaching
   - Desire to learn and study
   - Self-discipline
5. Moral and spiritual fitness in keeping with the Christian faith.

Retention and Continuation in the Program — The status of a student in the Teacher-Education Program is under constant review and subject to change when standards for admission are not maintained.

At the time of registration at the beginning of the junior year a copy of the student's schedule, signed by his course adviser, is filed with the Education Department. Any change in course selections following registration must be approved by a student's counselor and submitted by the student to the chairman of the Education Department.

A student is required to declare his major field of concentration not later than at the time he becomes a junior. Prospective elementary teachers shall select their specific courses within their major and minor fields of concentration in consultation with the coordinator of elementary education. This counselor likewise approves of other course selections according to the needs of the student.

Prospective secondary school teachers shall select specific courses within their major and minor fields of concentration in consultation with the chairmen of the departments involved and with the approval of the coordinator of secondary education.

The Education Department, in cooperation with the student's faculty course adviser (in the junior and senior years this will normally be the chairman of the department in which the student is majoring), will keep a check on the student's program.

Standards for Admission to Directed Teaching

1. Acceptance in the Teacher-Education Program
2. Completion of 90 semester hours of college studies (Normally transfer students must be in residence the semester immediately prior to directed teaching.)
3. Handwriting efficiency as determined by a qualifying handwriting test given at the time a student applies for admission to the
program. Failure to qualify will be followed by remedial instruction preceding student teaching. This applies to all students who apply after September, 1964.

4. Completion of all professional course requirements. See III. B, below. A prospective student teacher must also have attained a C average by the end of the Summer Session preceding the school year in which he expects to do his student teaching.

5. Competence in subject matter

   Elementary: adequate preparation in all the fields taught in the elementary school.

   Secondary: at least 24 semester hours (30 hours required for graduation) must be completed in the major field of concentration.

   6. While engaged in student teaching a student’s maximum semester hour load is 14 hours, unless he receives special permission from the coordinator of elementary or secondary student teaching.

   Directed Teaching must be taken at Calvin College to receive credit for graduation and to be recommended for a State Provisional Teacher’s Certificate. This is in keeping with a general practice among colleges that student teaching be taken at the institution where the degree is earned and that is to recommend a student for a teaching certificate.

---

Curriculum and Major and Minor Sequences

for Elementary Teachers*

---

I. AMOUNT OF WORK. The student must complete 125 hours of work.

II. GRADE OF WORK. The student must secure a total of 250 honor points for the 125 hours of work. (Average Grade of C.)

III. PRESCRIBED WORK. Of the 125 hours required, the following are prescribed:

A. General Education (Degree Requirements):  

   Bible 103, 206, 301 .................................................. 9
   Biology ........................................................................ 4
   Physical Science .............................................................. 4
   Mathematics .................................................................... 4
   English 103-104 ............................................................. 6
   History 101-102 ............................................................. 6
   Psychology 201 .............................................................. 3
   Speech 109 or 303 .......................................................... 3
   Physical Education ......................................................... 3 semesters
   Foreign Language ........................................................... 14

   Students who have earned credit for a foreign language in high school may have this credit applied toward fulfillment of the college language requirement, if the same language is continued.

   Four semesters of one foreign language in high school is the equivalent of two semesters of the language in college.

B. Professional Courses:  

   Psychology 202 ............................................................. 3
   Education 203-204 ....................................................... 6

*Prospective elementary teachers who plan to teach in Canada, as well as those who plan to teach in the United States, must follow this curriculum.
<table>

**C. Additional Courses:**

- Art 201 or 306: 3 Hours
- Geography: 3 Hours
- Music 221 or 222: 3 Hours
- Psychology 204: 3 Hours
- Sociology 203 or 204: 3 Hours

At least 12 of these 21 hours, or their equivalent, will in all likelihood be completed in the major and minor fields which are outlined below.

**IV. DISTRIBUTION OF WORK. MAJOR AND MINOR SEQUENCES,**

A student is required to complete 30 semester hours in one of the following study areas and 18 semester hours in another. The following major and minor sequences are recommended for counseling purposes.

**ENGLISH STUDIES**

**Major sequence — (30 hours)**

<table>
<thead>
<tr>
<th>Course</th>
<th>Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>Required: English 103-104</td>
<td>6</td>
</tr>
<tr>
<td>Required: English 201-202</td>
<td>6</td>
</tr>
<tr>
<td>Required: Speech 303-309</td>
<td>6</td>
</tr>
<tr>
<td>Required: Education 225</td>
<td>3 (21 hours)</td>
</tr>
</tbody>
</table>

**Recommended electives:**

- English 203-204: 6 Hours
- English 309: 3 Hours
- Speech 202: 1 Hour
- Speech 215: 2 (9 hours) Hours

**Minor sequence — (18 hours)**

<table>
<thead>
<tr>
<th>Course</th>
<th>Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>Required: English 103-104</td>
<td>6</td>
</tr>
<tr>
<td>Speech 109 or 303: 3 Hours</td>
<td></td>
</tr>
<tr>
<td>Speech 215: 2 (11 hours)</td>
<td></td>
</tr>
</tbody>
</table>

**Recommended electives:**

- English 203-204: 6 Hours
- Other courses listed: 7 Hours

**ART AND MUSIC STUDIES**

**Major sequence — (30 hours)**

<table>
<thead>
<tr>
<th>Course</th>
<th>Hours</th>

</tbody>
</table>

*Electives may be major, minor, or free electives. They are to be chosen in consultation with the counselor. See pages 75-76 for recommended electives.

The total number of semester hours for the four years must be at least 125.

For 1964-'65 freshmen and sophomores and Juniors are required to follow the above program. Seniors are advised to follow it as closely as possible, depending upon courses previously completed.

Students who enrolled as freshmen prior to September 1962, have the option of graduating under either the old or the new Teacher-Education Program. The new program is not retroactive and is not mandatory for such students. In any event, the student must meet all of the requirements of the program of his choice.

Curriculum and Major and Minor Sequences
for Secondary Teachers

I. Amount of Work. The student must complete 125 hours of work.

II. Grade of Work. The student must secure a total of 250 honor points for the 125 hours of work. (Average Grade of C.)

III. Prescribed Work. Of the 125 hours required, the following are prescribed:

A. General Education (Degree Requirements):

<table>
<thead>
<tr>
<th>Course</th>
<th>Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>Bible 103, 206, 301</td>
<td>9</td>
</tr>
<tr>
<td>Biology</td>
<td>4</td>
</tr>
<tr>
<td>Physical Science</td>

<tr>
<td>Psychology 201</td>
<td>3</td>
</tr>
<tr>
<td>Foreign Language</td>
<td>14</td>
</tr>
<tr>
<td>Physical Education</td>
<td>3 semesters</td>
</tr>
</tbody>
</table>

Students who have earned credit for a foreign language in high school may have this credit applied toward the fulfillment of the college language requirement, if the same language is continued.
Four semesters of one foreign language in high school is the equivalent of two semesters of the language in college.

B. Professional Courses

</tr>
<tr>
<td>Education 344</td>
<td>8</td>
</tr>
</tbody>
</table>

IV. Major and Minor Sequences

A student is required to complete a major of 30 hours and a minor of 18 hours, these to be selected from the following subject matter areas:

- Art
- Biology
- Chemistry
- Economics
- English
- French
- Geography
- German
- History
- Political Science
- Latin
- Mathematics
- Music
- Physics
- Physical Education
- Sociology
- Speech

Psychology may be selected as a minor, provided Sociology is not selected as a major or minor. Psychology 202 may not be included in the psychology minor.

Prospective secondary school teachers, when selecting specific courses within their major and minor fields of concentration, should make their selections in consultation with the chairmen of the departments involved and with the approval of the Education Department counselor.

The Michigan State Department of Public Instruction does not consider either Bible or philosophy as a major or minor for a teacher's certificate.

According to the current practice, education students who desire preparation in commercial and vocational teaching are referred to colleges or universities offering the required courses.

Prospective secondary school teachers who plan to teach in Canada should take the regular General College Course at Calvin and reserve their teacher preparation courses for a fifth year to be taken in Canada.

Prospective elementary school teachers who plan to teach in Canada should pursue the curriculum for elementary teachers, as outlined on pages 74-77.

V. Illustrative Program for Secondary Teachers

</tr>
<tr>
<td></td>
</tr>
</tbody>
</table>

*Electives must be major or minor area subjects to complete requirements, or free electives.

The total number of semester hours for the four years must be at least 125.

General College Course requirements in the freshman and sophomore years may have to be moved up if course sequences in a major area should require this, e.g. History 101-102 may have to be postponed if a student is to start physics in the freshman year.

For 1964-'65 freshmen, sophomores, and juniors are required to follow the above program. Seniors are advised to follow it as closely as possible, depending upon courses previously completed, and upon course sequence in their major and minor fields.

Students who enrolled as freshmen prior to September 1962 have the option of graduating under either the old or the new Teacher-Education Program. The new program is not retroactive and is not mandatory for such students. In any event, the student must meet all of the requirements of the program of his choice.

### Nursing Program

The Nursing Courses at Blodgett Memorial Hospital in Grand Rapids, Michigan, are so arranged that the first two semesters of the total three-year program are taken at the College. The courses listed below are given during this period.

<table>
<thead>
<tr>
<th>First Semester</th>

16

Upon completion of these two semesters and an additional 27 months of clinical experience at Bledgett Memorial Hospital the student is granted a diploma in nursing by the Bledgett Memorial Hospital School of Nursing. She is then eligible to write the examinations given by the Michigan Board of Registration of Nurses, and upon passing these examinations receives a certificate to practice as a registered nurse.

Applicants wishing to take the Nursing Program must make application with the Director of the School of Nursing at Bledgett Memorial Hospital. This application should be submitted during the early part of the senior year in high school. No application will be acted upon until all forms are at Bledgett. Admission to the Nursing Program is determined by the Admissions Committee of the Bledgett Memorial Hospital School of Nursing.

---

**Pre-Librarianship**

The educational requirement for professional library work is a Bachelor’s degree from an accredited college and a Master’s degree in library science.

Calvin College offers courses of study which are acceptable for admission to any library school and for any type of specialization. While no special major is required, the course of study should stress a broad cultural background in liberal arts and science. Proficiency in typing should also be acquired. A reading knowledge of a modern foreign language is required.

Pre-library students may be given the opportunity for part-time work experience in the library.

---

**Pre-Library Work Counseling**

Detailed information regarding types of library work, library school requirements, and work-study programs may be obtained from the Director of the Library.

---

**Pre-Agriculture, Pre-Forestry, Pre-Home Economics, and Pre-Occupational Therapy**

Students interested in specializing in the fields mentioned above should see the Registrar of the College. Curricula can be arranged to enable such students to remain at Calvin for one or two years.
Courses of Instruction

Art

Assistant Professor Boeve; Instructor Jensen

201. Introduction to Art
      Three hours
      Information and practice in the basic elements and principles of art as applied to drawing, values, color, design, lettering, and poster work. The student learns to manipulate various art media. Prerequisite for all studio Art courses and Art 306.

202. Printing
      Three hours
      The course aims to give the student experience in the media of wood block printing and silk screen process. Six class hours per week. Offered first semester.

207. Introduction to Design
      Three hours
      Pure design, design in pictorial representation, perspective drawing; various black and white media used in basic art elements, i.e. line, shape, texture, pattern. Work may include three-dimension problems. Six class hours per week.

208. Introduction to Design
      Three hours
      Continuation of 207. Prerequisite: 207.
      Work in color — hue, value, intensity; the utilization of these elements in organization of pure design and pictorial representation. Media to include water colors, tempera, and casein paint. Six class hours per week.

231. An Introduction to the History of the Fine Arts
      Three hours
      A survey of the history of architecture, painting, and sculpture in Ancient, Medieval and Renaissance times. The character of ancient art from Egypt through Rome will be followed by a study of medieval art from its beginning in the early days of the Christian era to its climax in the Gothic period of the thirteenth century. This course will be concluded with an introduction to the art of the Renaissance in Italy to 1600.

232. An Introduction to the History of the Fine Arts
      Three hours
      Continuation of 231. The history of art from 1600 to the present.

301. Advanced Painting
      Three hours
      Continuation of 301.
      A study of the traditions in painting emphasizing techniques and methods of communicating ideas visually. Studio work will give opportunity to experiment in various techniques and subjects. Six class hours per week.

302. Advanced Painting
      Three hours
      Continuation of 301.
      An exhibition will be expected of each student at the conclusion of the year. Six class hours per week.

306. Principles of Art Education
      Three hours
      Prerequisite: 201, or a studio art course.
      A course emphasizing methods and techniques of organizing and motivating art instruction. It includes lectures and demonstrations.
Bible

Professor J. Bratt; Associate Professors Smedes, Spuyman, Vos*, Min-
nerma, and W. De Boer; Assistant Professors Primus, Holwerda, and
Sweetman.

Students who contemplate a major in Bible should confer with a member of
the departmental staff before the beginning of their junior year.

103. Biblical Theology Three hours
A study of the unfolding of the history of redemption as set forth within
the historical framework of the Old Testament, Inter Testament, and New
Testament eras. Biblical books and Apocryphal literature are analyzed and
the major themes of Scripture are explicated.

203. Principles of Missions Two hours
This course begins with a survey of the most pertinent Biblical material
data pertaining to missions. From this data and the system of Reformed
document in general, the principles of missions are developed with appropriate
reference to both message and method, bringing into view the work of mis-
sions both at home and abroad. Not open to Freshmen. Bible 206 is a pre-
requisite.

204. History of Missions Three hours
The record of missionary history throughout the ancient, medieval and
modern periods is examined with a view to ascertaining the principles that
come to expression, the methods employed, the areas covered, the chief
figures, and the measure of success or failure. In the modern period the
major revivals in America receive some attention. Not open to Freshmen.
Bible 206 is a prerequisite.

205. Comparative World Religions Three hours
An analytical and critical study of the major non-Christian religions of
our day, especially Primitivism, Hinduism, Buddhism, and Islam. Attention
is given to cultural and religious relationships with Christianity and prob-
lems of missionary approach. Not open to Freshmen. Bible 206 is a pre-
requisite.

206. Reformation Theology Three hours
A study of Christian doctrine as formulated in the Protestant Reformation
and refined and elaborated by later Reformed theologians. Comparisons are
are drawn between the Reformed system and that of other branches of
Christendom. Calvin's Institutes of the Christian Religion serves as a basic
text. Not open to Freshmen.

301. Studies in Calvinism Three hours
An historically oriented study of Calvinism and its basic concepts. Its
origin and development is traced, its impact upon cultures in which it took
root as well as the impact of those cultures upon it is assessed, and its con-
temporary relevance is evaluated. Open only to Juniors and Seniors.

302. Biblical Archaeology Three hours
A study of the pertinent archaeological data which provide a background
for or throw light upon the Biblical narrative. Open to Juniors and Seniors.

303. General Church History Three hours
A survey of the history of the Christian Church from its beginnings to
the present time.

304. American Church History Three hours
A consideration of the religious history of our country from the emigration
period to the present. Attention will be paid to the European background,
the early church beginnings in their diversity, the colonial era, the westward

*On leave of absence 1964-'65.
movement, and the major social and political developments in their influence upon the American religious scene.

306. History of the Christian Reformed Church Three hours
The historical antecedents and the development of the Christian Reformed Church in America.

307. Reformed Confessions Three hours
A study of the creeds in their Biblical basis, historic origin, doctrinal deliverance and practical value as to faith and order.

308. Contemporary Theology Three hours
Selected writings of significant contemporary theologies are read and evaluated. Bible 206 and Philosophy 302 are recommended as prerequisites.

309. Christian Evidences Three hours
A study of the evidences of the truths of Christianity as found in the records of the Old Testament with its revelation, miracles and prophecies, in the gospel record of the supernatural and vicarious life and death and resurrection of Jesus Christ; and the confirmation of the truth of Christianity as a supernatural force in history.

310. Romans Three hours
A presentation of the teachings of the apostle Paul in his epistle to the Romans as they center about Revelation, Redemption, Predestination, and Christian Ethics. Lectures, collateral reading, and reports. Open to Juniors and Seniors who have taken 206.

Biology

ASSOCIATE PROFESSOR TEN BROEK; PROFESSOR MONSMA; ASSOCIATE PROFESSOR KARSTEN; ASSISTANT PROFESSORS BENGELINK, BRATT, GEBBEN, AND VAN HARN; INSTRUCTOR KLOOSTER

A. Students expecting to do graduate work in Biology should take Biology 109-110 plus 24 hours of advanced course work. These 24 hours should produce a background in each of the following areas:

1. Animal morphology (Biology 201, 208, or 311)
2. Plant morphology (Biology 203 or 204)
3. Genetics (Biology 207)
4. Physiology (Biology 314*)
5. Ecology (Biology 313)
6. Systematics (Biology 301)

B. Biology Minor: The student minoring in biology should take Biology 109-110, plus other courses determined by major department in consultation with Biology department.

C. Education Students Majoring or Minoring in Biology: A student intending to teach biology in the secondary school should take the following:

Major—Biology 109-110, 201, 203 or 204, 313, 314, 207, 301.
Minor—Biology 109-110, 201, 203 or 204, and one of the following: 313, 314, 207, or 301.

105. Human Anatomy and Physiology Three hours
An introduction to the study of human biology, including elements of anatomy, histology, and physiology. Two hours of lectures and one laboratory session per week.

106. Human Anatomy and Physiology Three hours
Continuation of 105 which is prerequisite.

*Prerequisites are Chemistry 103-104 and Chemistry 301-302 or 303-304.
107. Principles of Microbiology  
Four hours  
The history of microbiology and the cultural and morphological characteristics of bacteria, yeasts, and molds are considered. Special emphasis is placed on communicable diseases. This course is adapted to pre-nursing students, but is open to others. Three hours of lecture and one laboratory period a week.

109. General Biology  
Four hours  
An introduction to the protists, plant diversity, and plant structure and function. Three hours of lecture and one laboratory period per week. Offered both semesters.

110. General Biology  
Four hours  
An introduction to animal diversity, structure, and function. Three hours of lecture and one laboratory period per week. Offered both semesters.

111. Biological Science  
Four hours  
An introduction to the principles and concepts of biology, and the history and philosophy of biological thought for the liberal arts student. Lectures and laboratory.

201. Invertebrate Zoology  
Four hours  
Anatomy, physiology, behavior and classification of animals representative of the invertebrate groups. Three hours of lecture and one laboratory session per week. Prerequisite: Biology 109-110.

203. Plant Morphology  
Four hours  
A consideration of structure, life cycles, and phylogeny of the algae, fungi, and bryophytes. Three hours of lecture and one laboratory session per week. Prerequisite: Biology 109-110.

204. Plant Morphology  
Four hours  
Continuation of 203 dealing with the vascular plants. Prerequisites: Biology 109-110, Biology 203 advised but not required.

206. Natural History of the Vertebrates  
Four hours  
A study of the classification, identification, habits, and habitats of the vertebrate animals. The course consists of lectures, museum studies, laboratory work, and field work. Three hours of lecture and one laboratory session per week. Prerequisite: Biology 109-110. Not offered 1964-65.

207. Genetics  
Three hours  
A study of the ways and means by which the inherited characteristics of plants, animals, and men are transmitted from parent to offspring. The course consists of lectures and problems concerning applications of the laws of heredity. Prerequisite: Biology 109-110.

207L. Genetics Laboratory  
One hour  
An introduction to the experimental phase of genetics. Prerequisites: Biology 207 and consent of instructor.

208. Introduction to Embryology  
Four hours  
A study of the development of vertebrate animals. Three hours of lectures and recitations and one laboratory session per week. Prerequisite: Biology 109-110.

212. Nutrition  
Three hours  
The study of the fundamental principles of human nutrition at all ages, applied to individual, family, and community nutrition problems. This course cannot be applied toward a major or minor in biology. Two lectures and one laboratory period per week. To be preceded or accompanied by Biology 106.

301. Plant Taxonomy  
Four hours  
An introduction to the principles and concepts of plant systematic with laboratory and field work in the identification of plants. Two lectures and
two laboratory or field sessions per week. Prerequisites: Biology 109-110, Biology 203 or 204, or consent of instructor.

306. Biological Problems
Two hours

The history of biology and the evidences for evolution and organic teleology are considered. Lectures, assigned readings, recitation, and reports. Prerequisite: Biology 109-110 or equivalent course.

307. Parasitology
Four hours

An introduction to the study of the parasites of man and of common animals. Classification, life-cycles of the parasites, and reactions of the hosts will be studied. Three lectures and one laboratory period per week. Prerequisite: Biology 109-110.

308. Histology
Four hours

A study of mammalian tissues. The relationship of microscopic structure to function is emphasized. Three lectures and one laboratory period per week. Prerequisites: Biology 109-110, 105-106, or consent of instructor.

311. Comparative Anatomy of Vertebrates
Five hours

A comparative study of the anatomy of vertebrate animals. Three lectures and two laboratory sessions per week. Offered spring semester only. Prerequisites: Biology 109-110, Biology 208 recommended.

313. General Ecology
Four hours

An introduction to the principles and concepts of ecology. Three lectures and one laboratory or field session per week. Prerequisites: Biology 109-110, Biology 301, or consent of instructor.

314. General Physiology
Four hours

An introduction to the principles and concepts of the physiology of plants and animals. Three lectures and one laboratory session per week. Prerequisites: Biology 109-110, Chemistry 103-104; and Chemistry 301-302 or Chemistry 303-304. Physics 201-202 strongly recommended.

320. Principles of Modern Biology
Three hours

A course emphasizing the present day principles of the molecular, cellular, population-species, and ecosystem levels of biology, and treating the organism level to a somewhat lesser degree. Not offered 1964-65.

321. Principles of Modern Biology
Three hours

Continuation of Biology 320, which is prerequisite. Not offered 1964-65.

380. Biology Journal Seminar
One hour

This course consists of the presentation and discussion of papers from biological journals and is open to majors in biology at the Junior and Senior levels.

Chemistry

PROFESSORS DREISE, DE VRIES, WOLTHEUS, AND BROENE; ASSISTANT PROFESSOR VAN DER LUGT

A student who plans to do graduate work in chemistry should complete the following courses: 103-4, 201-2, 301-2, 305, 307-8, and 320. In related fields, he should complete mathematics through calculus, and Physics 205, 206, 303, 304. Students planning to enter graduate school should have a reading knowledge of both German and French.

Students who expect to receive certification by the American Chemical Society Committee on the Professional Training of Chemists should complete the following courses: Chemistry 103-4, 201-2, 301-2, 305, 307-8, and 320.

Students who desire a chemistry major for teaching in secondary schools may select Physics 201-2 or Physics 205-6 as partial fulfillment of the Chemistry major sequence.
101. Chemistry for Nurses

A one-semester course designed for students in the regular pre-nursing course. A survey of inorganic, organic, and biological chemistry as applied to the field of medicine. Three classroom hours and one two-hour laboratory period per week.

No prerequisite.

103. General Chemistry

A study of the basic laws, theories and principles of chemistry, with emphasis on the laws of chemical combination, theories of atomic structure and chemical bonding, the periodic law, kinetic theory, and chemical and physical equilibria. Three classroom hours and one laboratory period per week. Prerequisite: a high school chemistry course is strongly recommended.

104. General Chemistry

A continuation of the study of chemical principles with emphasis on the nonmetallic elements and their compounds. The laboratory work deals with the systematic separation and identification of anions and cations. Three classroom hours and one laboratory period per week. Prerequisite: Chemistry 103.

201. Quantitative Analysis

Two hours of classroom work and two three-hour laboratory periods each week. This course consists of a study of the theory and practice of acidimetry, alkilometry, permanganometric and iodometric analyses, and gravimetric determinations. Prerequisite: Chemistry 104.

202. Quantitative Analysis

Continuation of 201. The laboratory and classroom work will deal with specialized and instrumental methods of analysis.

204. Physical Chemistry for Pre-Medical Students

A study of the states of matter, properties of solutions, chemical kinetics, and the colloidal state. Three lecture hours per week.

301. Organic Chemistry

A study of the various homologous series of organic compounds. Emphasis is placed on aliphatic compounds in this course. Three hours in classroom and one three-hour laboratory period per week. Prerequisite: 103 and 104. Chemistry 201 is desirable.

302. Organic Chemistry

Continuation of 301, with emphasis on aromatic compounds and isolated topics. Hours the same. Prerequisite: 301.

303. Organo-Biochemistry

A study of organic compounds, with special emphasis on their biochemical significance. Includes a study of biochemistry — carbohydrates, lipids, proteins, digestion, metabolism, etc. For pre-nursing, pre-medical technology students, and for teachers with a minor in chemistry. Three hours of classroom work and three hours of laboratory per week. Prerequisite: 103 and 104.

304. Organo-Biochemistry

Continuation of 303. Hours the same.

305. Qualitative Organic Analysis

Two hours of lectures and two or three three-hour laboratory periods per week. This course is based on Shriver and Foson's text. Prerequisite: 302.
307. **Physical Chemistry**  
Four hours  
A study of the kinetic theory of gases, solids and liquids. Three lecture hours and one laboratory period per week. Prerequisite: Chemistry 201, Physics 201, Mathematics 211.

308. **Physical Chemistry**  
Four hours  
Continuation of 307. Hours the same. A study of electro-chemistry, chemical thermodynamics and kinetics.

320. **Chemical Research**  
Three hours  
Library and laboratory research on an assigned problem. Only for approved Seniors majoring in chemistry.

**Dutch**

**Professor Lagerwey**

The Queen Juliana Chair of the Language and Culture of the Netherlands

**A. DUTCH LANGUAGE**

101. **Elementary Dutch**  
Four hours  
An introductory course in the comprehension and use of spoken and written Dutch.

102. **Elementary Dutch**  
Four hours  
Continuation of 101

201. **Intermediate Dutch**  
Three hours  
Selected readings of modern Dutch prose and poetry. Review of grammar and syntax; collateral reading reports.

202. **Intermediate Dutch**  
Three hours  
Continuation of 201.

205. **Readings in Dutch Church History**  
Three hours  
A study, in the Dutch language, of Source Documents pertaining to the History of the Reformed Churches in the Netherlands.

305. **Dutch Classics**  
Three hours  
Study and discussion of several Dutch literary texts representative of the classical and modern periods of Dutch literature. Required outside reading and essays.

306. **Dutch Classics**  
Three hours  
Continuation of 305.

**Economics**

**Professor Brouwer*; Assistant Professors Prujs† and Kuipers**

Students who plan to major in Economics should take Mathematics 205 and 206. These courses, however, do not apply toward a major in economics.

103. **Economic History (United States)**  
Three hours  
A review of the economic development of this country from the time of colonization to the present day. Special emphasis is placed on the development of the transportation system, the history of the tariff question, the development of unionism, the history of the banks, and the development of government regulation in our economic system.

†On leave of absence first semester, 1964-'65.
201. Principles of Economics
Three hours
A review of the fundamental principles underlying modern economic life. Not open to Freshmen except by special permission. Students electing 201 are expected to take 202.

202. Principles of Economics
Three hours
A continuation of the principles of economics and an application of the same to current industrial problems and institutions.

203. Principles of Economics
Three hours
A one-semester course in economic principles and their application to questions of public policy. Intended especially for pre-engineering students. Open to others who desire a course in economics, but who do not plan to take a minor or major in this field and for whom Economics 201 and 202 are not prescribed. This course may serve as a prerequisite to advanced courses for students not concentrating in economics. Not open to Freshmen.

301. Money and Banking
Three hours
A study of the nature and functions of money, with a view to the understanding of the role of currency systems in our national and international life. Prerequisite: 201 and 202 or their equivalents.

302. Financial Principles
Three hours
An introductory course in business finance including study of forms of business organization, types and sources of capital, and other areas of financial administration. Prerequisite: 303.

303. Labor Economics
Three hours
The problems of labor-management relations are considered from the standpoint of economic and social principles. The labor market, wages and hours, unemployment, and economic insecurity are analyzed in the light of developing labor legislation and trade unionism. Prerequisite: 201 and 202.

305. Essentials of Accounting
Four hours
First semester of a one-year introductory course in accounting. Intended to give students the necessary accounting background for entrance into schools of business administration or for business use when graduated from college. Emphasis is placed on the principles of accounting and the accounting procedure in corporations. A laboratory period is held each week for application of the material. Prerequisite: 201 and 202 or their equivalents.

306. Essentials of Accounting
Four hours
Continuation of 305.

307. Essentials of Accounting
Three hours
A one-semester course designed for those who desire a course in accounting, but who are unable to take a full year's work in the subject (namely, pre-engineering, pre-law, sociology and political science majors). Not open to economics and business administration majors or to Freshmen.

309. Business Law: Contracts
Three hours
Deals with the main principles of contract: offer, acceptance, consideration, capacity of the parties, legality of object, the formal requisites of agreements under the statute of frauds, the operation of contracts in business and their interpretation by the courts.

311. History of Economic Thought
Three hours
A systematic study of the development of economic doctrine, emphasizing the development of economic thought from Smith through Keynes; it introduces the student to the way in which economic thinking and analysis emerge and develop against the background of changing historical conditions. Prerequisite: Principles of Economics, or permission of instructor.
312. Cost Accounting  Three hours
Principles and methods of accounting for manufacturing and operating
costs, with emphasis on cost analysis for managerial control. Prerequisite:
306, or 303 and permission of instructor.

314. International Economics  Three hours
A general course in the field of international economic relations. The
fundamentals of international trade theory are stressed, including the
balance of payments, problems of international disequilibrium, trade bar-
rriers, and efforts to promote international economic stability and growth.

Education

Professors Jaarsma*, Flokstra, De Beer, Van Bruggen, and Bos; As-
sociate Professors Snapper, and Oppewal; Assistant Professors Vander
Ark, De Boer†, Kass, and Hoekstra; Instructor Hendricks

Students who plan to prepare for teaching will find detailed information on
pages 72-79.

A. PSYCHOLOGY

202. Educational Psychology  Three hours
A psychological study of the forming of personality as it takes place in the
classroom of the elementary and secondary schools. The course seeks to
develop a sound foundation in principle and in fact for the understanding
of a child in the learning process. The observed facts of child life with
reference to the classroom are interpreted according to the Scriptural doc-
trine of man and the Scriptural mandate in education. Psychology 201, or
its equivalent, is a prerequisite. Offered both semesters.

B. HISTORY

203. Historical and Philosophical Foundations of Education  Three hours
On the assumption that the history of education in any period or social
order should be viewed against the background of the more general and
historical development of the period, this course aims to study the relation-
ship between the growth of educational theory and practice in Western
European civilization (through the Reformation) and its intellectual and
cultural bases. Offered first semester.

204. Historical and Philosophical Foundations of Education  Three hours
Continuation of Education 203, with emphasis on the development of
American education. Offered second semester.

C. PRINCIPLES

314. Principles of Teaching in Secondary Schools  Three hours
A general methods course to give the student a perspective of educational
practices at the secondary level. This includes an analysis of objectives,
teaching plans and techniques, pupil guidance and discipline, and testing
and appraisal. Prerequisite: Psychology 202 and Education 203 and 204.
Will be offered the first semester of 1964-65 only. Beginning September,
1963 it will be offered concurrently with Education 344.

315. Principles of Teaching in Elementary Schools  Three hours
A study of the principles, methods, and techniques appropriate to the
direction of the learning process. Prerequisite: Psychology 202; Education
203 and 204.

†On leave of absence 1964-'65.
D. PROFESSIONAL COURSES

220. Teaching Arithmetic in Elementary Schools
   Three hours
   Both content and methods in arithmetic throughout the grades will be
   considered. Prerequisite: Psychology 202.

222. Elementary School Music (A Methods Course)
   Two hours
   Prerequisite: Music 221.

225. Children's Literature (Story Telling)
   Two or three hours
   This course is offered in order to develop a knowledge of and an interest
   in good literature on the elementary level. The development of skill in
   story telling on the part of the teacher is also emphasized.

231. Audio-Visual Aids in Education
   Three hours
   The study of multi-sensory aids to learning, oriented in psychology.
   Includes study of graphic media, multi-dimensional models, field trips, mag-
   netic recording, projected material and associated equipment, radio and
   television. Three class sessions include laboratory period.

307. School Administration
   Three hours
   A study of the structure, organization, administration and management of
   the elementary and secondary school. Development of professional leader-
   ship and supervisory practices.

310. Educational Measurements
   Three hours
   A survey course of present-day practices of measuring the results of
   teaching. Mental testing is included. Not offered 1964-65.

318. Teaching Geography in Elementary Schools:
   Methods and Content
   Three hours
   Prerequisite: Psychology 202; Education 203 and 204.

322. Teaching Reading in Elementary Schools
   Three hours
   Section A — Primary Grades
   Section B — Intermediate Grades
   Both Semesters
   Prerequisite: Psychology 202 and Education 203 and 204.

340. Curriculum
   Two hours
   A study of curriculum requirements for grades four through six, and of
   the fundamental teaching procedures applying to children of later child-

343. Directed Teaching, Including Observation and Participation
   Eight hours
   For students planning to teach in the elementary schools. Offered both
   semesters. See prerequisite listed earlier in this catalog under Education.

344. Directed Teaching, Including Observation and Participation
   Eight hours
   For students planning to teach in junior or senior high schools. The
   course seeks to orient the student to classroom teaching by integrating obser-
   vation, participation, and actual teaching. A study of theory of teaching
   parallels daily work in the junior or senior high school classroom in order
   to help the student make explicit to himself a distinctly Christian view of
   theory and practice in education. See prerequisites listed earlier in this
   catalog under Education.

Engineering

Professor Wassink; Assistant Professor Bosscher

101. Engineering Drawing
   Three hours
   A study of basic topics in engineering drawing to provide facility in the
   transmission of ideas through graphical means. Areas covered include
orthographic projection, freehand sketching, pictorial representation, auxiliary views, sections and conventions, basic dimensioning, and fasteners, culminating in the production of the working drawing.

102. Descriptive Geometry and Graphical Solutions

Three hours

A study of basic graphical techniques for solution of spatial relationships and other physical problems. Topics covered are descriptive geometry; concerned with solution of point, line plane, and surface problems in three dimensions; precision dimensioning, charts and graphs, graphical solutions, and graphical calculus.

205. Principles of Engineering Materials

Three hours

An introductory course in the science of engineering materials. Engineering properties are correlated with internal structures — atomic, crystal, micro, macro — and service environments — mechanical, electical, thermal, chemical. There are tours through various plants. Students should keep Thursday afternoon open on their schedules for such tours. Prerequisite: Chemistry 104.

301. Statics

Three hours

Study of fundamental principles of mechanics and their application to the simpler problems of engineering. Forces, components, moments, cables, friction, centroids, moments of inertia. Recitations, lectures, problems. Must be preceded or accompanied by Mathematics 211 and Physics 201 or 203.

304. Strength and Elasticity of Materials

Four hours

Application of principles of mechanics to solution of problems in stress and strain of engineering materials, including resistance to force, bending, torque, shear, eccentric load, deflection of beams, buckling of columns, and compounding of simple stresses. Recitations, lectures, and problems. Prerequisite: Engineering 301.

306. Dynamics

Three hours

Motion of a particle, dynamics of moving bodies, Newton's laws, simple harmonic motion, elementary vibration problems, balancing, pendulums, impulse and momentum, work and energy. Recitations, lectures, problems. Must be preceded or accompanied by Mathematics 212 and Physics 202 or 204.

English

Professors Timmerman, Harper, Van Der Weele, Tiemersma, Janssen, and P. Oppevall; Associate Professors Ten Harmsel and Wiersma; Assistant Professors Slingerland, Holkboer, and Kuiper; Instructor Van't Hul; Miss Walters, Mr. A. Staal.

All Freshmen must take Freshman English (103 and 104).

Sophomores may choose between the comprehensive course in American Literature (English 201 and 202) and the comprehensive course in English Literature (English 203 and 204). Sophomores, however, who plan to take more than twelve hours of English in College should elect American Literature (English 201 and 202), and thereupon proceed directly to the 300-courses.

Sophomores who plan a major or minor concentration in English may take a 300-English course concurrently with English 201 and 202.

Upperclassmen who elect English as the subject of their major or minor concentration should try to pursue as many of the special period and author 300-courses as their programs of study allow. Such students should consult the department in the selection of these courses.

An English major program (24 hours) ordinarily consists of the following courses: English 103-104, 201-202, 309, 307 or 308, 316, 302 or 310. Additional courses may be taken in terms of the student's preferences and schedule.
Students planning to pursue graduate studies should normally achieve a college major in English of at least thirty hours. Such students should also achieve a reading knowledge of Latin, German, and French.

100. **English for Foreign Students**  
No credit  
A non-credit course for students failing the examination. To be taken by all students who have had less than two years' formal education in an English- or American-speaking country. Students must give evidence of satisfactory mastery of this course before being admitted to 103.

103. **Freshman English**  
Three hours  
Grammar, rhetoric, and composition. Textbooks and periodic themes.

104. **Freshman English**  
Three hours  
Continuation of 103.

103. **Honors Freshman English**  
Three hours  
An enriched Freshman English program including the essential formal disciplines of 103 and 104. Wide and intensive reading in the various literary types. Enrollment in the course is voluntary. Selection to be made from interested students upon distinguished achievement in the Departmental tests to be announced during registration.

104. **Honors Freshman English**  
Three hours  
Continuation of 103.

201. **American Literature**  
Three hours  
Analysis of important writings in the colonial and revolutionary periods. Emphasis upon culture and writings of the New England Group. Textbooks, collateral reading, and reports.

202. **American Literature**  
Three hours  
Continuation of 201. Intensive study of Whitman and Twain. Survey of realistic movement, the new poetry, and important twentieth century fiction and criticism. Textbook, collateral reading, and reports.

203. **English Literature**  
Three hours  
A comprehensive study of English literature from Chaucer through Pope. The course is conducted intensively in the major authors rather than inclusively of all of them. Textbook, library reading, assigned papers, classroom analysis and discussion of important works.

204. **English Literature**  
Three hours  
Continuation of 203. The course proceeds from Johnson through Eliot.

205. **Advanced Composition**  
Three hours  
A practical course in advanced expository writing. Intensive reading in the formal essay and biography, with much systematic writing in such types of composition as description, the formal and informal essay, the informative and feature article, the editorial, the book review, and the like. Open by permission only to qualified students (B average in Freshman English).

301. **Literature of the Romantic Period**  
Three hours  
Intensive critical analysis of the work of Wordsworth, Coleridge, Byron, Keats, and Shelley, and a survey of other English poets writing in the years 1798-1830. Textbooks and critical papers.

302. **Poetry of the Victorian Period**  
Three hours  
Intensive critical analysis of the works of Tennyson, Browning, and Arnold seen in relation to relevant cultural influences; a survey of the Pre-Raphaelite Movement; and consideration of the principal poems of Swinburne and Meredith. Textbook and brief course paper.

303. **Contemporary Fiction**  
Three hours  
A study of English and American fiction, in its continental relations, from 1890 to the present time. Collateral reading and reports.
304. Contemporary English Poetry  Three hours
A study of the lyric and dramatic poetry of England, in its continental relations, from 1890 to the present time. Textbook, collateral reading, and reports.

306. Creative Writing  Three hours
A practical course in the writing of imaginative prose and poetry. Major emphasis to fall on the short story and lyric poem. Class sessions devoted to an analysis of the techniques employed by contemporary writers and to an analysis of student writing. A minimum of twelve assignments required. Prerequisite: publication in a periodical other than a school newspaper. Published piece will be evaluated at time of registration.

307. Literature of the Seventeenth Century  Three hours
A study of important poetry and prose in England from Donne to Dryden with particular emphasis upon the poetry of Donne, Herbert, Vaughan, Tatham, and Herrick, and upon the prose of Donne, Browne, and Taylor. Textbooks and a critical report.

308. Milton  Three hours
An intensive study of the works of John Milton. Textbook, collateral reading, and reports.

309. Shakespeare  Three hours
An intensive study of the sonnets and about fifteen plays of Shakespeare. Textbook and reports.

310. Nineteenth Century English Prose  Three hours
An intensive study of such representative English prose of the nineteenth century, exclusive of fiction, as the works of Carlyle, Ruskin, Arnold, Huxley, Mill, Newman, Pater, Stevenson, and others. Textbook and reports.

312. The English Novel  Three hours
A survey of the English novel from the beginning through Hardy. Emphasis upon the art and thought of the major novelists with special attention to the development of differing techniques and schools of fiction. Textbook, collateral reading, and reports.

313. Chaucer  Three hours
A study of the General Prologue, representative Canterbury Tales, and Troilus and Criseyde. Emphasis will fall upon Chaucer's literary genius and the reflection in his work of the major cultural phenomena of his time. Collateral reading.

315. The Principles of Literary Criticism  Three hours

316. Literature of the Eighteenth Century  Three hours
A study of English poetry and prose from Dryden through Burns. Emphasis upon the neo-classicists: Dryden, Pope, Addison, Swift, and Johnson, and a study of the beginnings of the romantic outlook in Gray, Thomson, and Cowper. Textbook, collateral reading, and reports.

319. Non-Shakespearean Drama of the Renaissance  Three hours
This course will examine, in turn, the medieval background of English drama, the developments in drama during the Tudor Age, and the works of later Elizabethan and Jacobean dramatists.

329. American Classics  Three hours
A critical study of American masterpieces as the literary embodiment of the evolving minds, ways, and values of the American cultural process. Em-
phasis upon selected writings of Edwards, Franklin, Emerson, Hawthorne, Melville, Whitman, Twain, H. James, Adams, Frost, Eliot, Hemingway, Faulkner.

Open only to non-English majors. May not be substituted for 203-204. May not be taken in addition to 201 and 202.

334. The Development of the English Language Three hours
An analysis of the sound, grammatical, and vocabulary changes that have occurred throughout the history of the English language based on an intensive study of the Oxford English Dictionary and selected passages from Chaucer, Shakespeare, and various English translations of the Bible.

380. Advanced English Studies One hour
Intensive study of selected texts in English literature, with readings in articles appearing in professional journals, leading to the preparation and presentation of a detailed paper. Open, by permission of the current director, to seniors majoring in English, and recommended for all those who intend to do graduate work in English. Conducted by various members of the department.

French

Assistant Professors A. Otten*, Holkeboer, and Zegers; Miss Westra

Students wishing to major in French ought to present twenty-four hours of work beyond the elementary level. Permission to major in French must be obtained from the head of the department.

The facilities and materials of the Language Laboratory are available to all students of French.

101. Elementary French Four hours
An introductory course in the comprehension and use of spoken and written French.

102. Elementary French Continuation of 101.

201. Intermediate French Three hours
Further training in spoken and written French, study of the structure of the language, and reading in significant French literature.

207. Readings in French Literature I. Three hours
An introduction to the major writers and movements in the history of French literature from the Middle Ages through the eighteenth century. Extensive reading, lectures, explications de texte. Prerequisite 202. Not offered 1964-'65.

208. Reading in French Literature II. Three hours

305. Literature of the Seventeenth Century Three hours
A study of the growth and spirit of Classicism, with emphasis on representative authors. Not offered 1964-'65.

307. Literature of the Eighteenth Century Three hours
Lectures and discussion on the history of the literature and thought of the eighteenth century. Critical reading and analysis of the works of the

308. Literature of the Nineteenth Century  Three hours
    A study of major movements and writers in nineteenth century France to

309. Contemporary French Literature  Three hours
    A detailed study of major writers and movements from 1870 to 1914. Extensive
    reading of significant fiction and drama, and intensive study of poetry
    beginning with Rimbaud, Verlaine, and Mallarmé.

310. Contemporary French Literature  Three hours
    A study of French literature and thought since the first World War, ending
    with a survey of the current literary scene. Lectures, critical analysis of
    texts, reports.

321. Advanced French  Two hours
    A course for the advanced student preparing for graduate study or for
    the teaching of French. A wide variety of exercises, compositions and drills
    is designed to develop in the student a high degree of competence in speaking,
    reading and writing idiomatic French. Three class meetings per week.
    (This course should be taken, if possible, in the senior year.)

322. Advanced French  Two hours
    Continuation of French 321

Geography

Assistant Professor Van Opyen

103. Principles of Geography  Three hours
    A practical course in the study of the fundamental principles underlying
    the relationship between man and his environment.

105. Geography of North America  Three hours
    A survey of the elements of the natural environment of the major
    regions of the United States and Canada in their relationship to the cultural
    landscape. Intended for those specializing in education or in the social
    sciences. Offered only second semester.

206. Geography of South America  Three hours
    A study of the geographic structure of South America in relation to
    human adjustment and culture. Intended for those specializing in education
    or in the social sciences. Not offered 1964-'65.

207. Geography of the Far East and the Pacific Area  Three hours
    A study of the geographic and historical background of India, China,
    Japan, Soviet Asia, Australia, and minor areas of the Far East and the
    Pacific. The course also deals with the geographic aspects of certain
    problems dealing with industry, agriculture, and population. Not offered
    1964-'65.

209. Geography of the Caribbean Area  Three hours
    A study of the geographic and historic background of this area. The
    course deals with the geographic aspects of certain problems related to
    industry, agriculture, and population. Not offered 1964-'65.
Commons Building — Franklin Campus

Foyer and Concession Stand in the Commons Building
Hesse, and Brecht. Assigned readings and papers. Prerequisite: German 207-208 or permission of instructor. Not offered 1964-'65.

308. Studies in Modern German Literature II

Three hours

Greek

PROFESSORS RADUS AND R. OTTEN; ASSISTANT PROFESSOR WEVERS; INSTRUCTOR HARRIS

101. Beginners’ Greek

Four hours
Text: Crosby and Schaeffer, An Introduction to Greek.

102. Beginners’ Greek

Four hours
Continuation of 101. Completion of the text and the reading of the first book of Xenophon Anabasis, or its equivalent.

201. Intermediate Greek

Three hours
Reading in Attic prose, particularly Plato’s Apology and earlier Dialogues.

202. Intermediate Greek

Three hours
An introduction to Greek poetic forms through readings in the Homeric epic and Attic drama.

311. Greek History

Three hours
The political, social and cultural history of the Greek city-states up to the time of the Roman conquest. Some attention is also given to the history of the Near and Middle East. Open only to Juniors and Seniors who are Pre-Law, Pre-Seminary, History or Classics majors; others must secure permission.

313. New Testament Greek

Three hours
The Gospel according to St. Mark is read with some notice of the parallel passages in the other Gospels. A study is made of the special features of Hellenistic Greek. The significance of lexical and syntactical detail for the interpretation of the text is everywhere emphasized. Prerequisite: for Pre-Seminary students, 202; others, 102.

314. New Testament Greek

Three hours
A study is made of some of the Pauline Epistles. Prerequisite: 313.

319. Plato’s Republic

Three hours
The Greek text is studied. This course aims at an understanding and evaluation of Plato’s views as presented especially in the Republic. Prerequisite: two years of Greek.

320. Plato’s Republic

Three hours
Continuation of 319, which is also a prerequisite.

History

PROFESSORS IPOVL, RADUS, STRIKWERDA, DE BEER, MILLER, AND JELLEMA; ASSOCIATE PROFESSOR RIENSTRA; ASSISTANT PROFESSORS DE BIE, AND VAN KLEY; INSTRUCTOR BRINKS*; MR. GROEN AND MR. R. DE VRIES

History majors in either the general A.B. or the B.A. in Ed. programs are required to complete a minimum of 30 hours of history including History 101-102, American History 215-216, and the Senior Seminar History 391, plus at least two of the following year sequences: Greek and Roman History 311-312; Medieval

*On leave of absence 1964-'65.
History 307-308; Early Modern European History 309-310; Modern and Contemporary History 205-206; English History 203-204 or 313-314; and Russian and Eastern European History 211-212. Economics 201-202 and Political Science 203-204 are recommended and suggested minors are economics, political science, English, foreign language, or philosophy. If possible at least two years of a modern foreign language or its equivalent should be completed except for students with a strong interest in ancient history, in which case two years of Greek or Latin is recommended.

Majors working toward a secondary State Provisional Teacher's Certificate are advised to follow the general A.B. program while meeting the minimum certification requirements of 20 hours of professional education courses, including psychology. Such courses should be so arranged as to avoid splitting year units in subject matter fields. Any student expecting to teach a second field is advised to complete at least 18 hours in that subject in order to meet the conditions of the North Central Association.

A minor in history should include History 101-102 and American History 215-216. A minimum of 18 hours should be completed by any student expecting to teach history.

A student who wishes to be identified as a departmentally-approved major must file written application with a member of the department at the close of his sophomore year. No student with a general average in history below B- will be recommended for advanced training.

History 101 and 102 are required of every Freshman who expects to earn the Bachelor of Arts degree.

101. Growth of Western Civilization
    Three hours
    Surveys of Egyptian, Mesopotamian, Greek, and Roman History. The founding and spread of Christianity. The barbarian invasions, feudalism, the Church, the Empire, the Renaissance, and the Reformation. (Juniors and Seniors will be required to do additional work to receive full credit.)

102. Growth of Western Civilization
    Three hours
    Continuation of 101. Outlines the rise of the great powers, the several revolutions of modern history, the Napoleonic period, and the major political phenomena of the nineteenth and the twentieth centuries. (Juniors and Seniors will be required to do additional work to receive full credit.)

203. English History
    Three hours
    The development of Britain from Roman times, through the Anglo-Saxon period, Norman England, the Middle Ages, with emphasis on the Tudor and Stuart eras.

204. Great Britain Since 1714
    Three hours
    The development of Britain in the eighteenth, nineteenth and twentieth centuries with emphasis upon the growth of democracy and the establishment of the British Empire.

205. Modern and Contemporary Europe Since 1815
    Three hours
    Western Europe from the Congress of Vienna to about the end of the century. Outlines political and economic history and examines nationalism, liberalism, socialism, Darwinism, and industrialism. Not open to Freshmen.

206. Modern and Contemporary Europe Since 1815
    Three hours
    Continuation of 205. Western Europe from about 1900 to the present, with particular emphasis on Russia and the modern Near Eastern Question. The problems of the new economic and political balance of power, the conflict of ideologies, cultural relativism, the new age of conservatism. Not open to Freshmen.

209. Canadian History
    Three hours
    A tracing of the political, economic, and cultural history of Canada and the Atlantic Provinces to the Quebec Conference of 1864. Lectures and student reports.
210. **Canadian History**  
Three hours  
Continuation of 209. A survey of Canada’s history from the Confederation to the present. Includes an analysis of cabinet or parliamentary government. Lectures and student reports.

211. **Russian and Eastern European History**  
Three hours  
The study of Russian and East European history from the Byzantine and Slavic origins up to the Congress of Vienna. Assigned readings and reports.

212. **Russian and Eastern European History**  
Three hours  
The study of Russian and East European history from the Congress of Vienna to the near present. The course will be concentrated upon the causes, nature, and consequences of the Russian Revolution. Assigned readings and reports.

215. **American History**  
Three hours  
European backgrounds, colonial development, the Revolution, the onset of the national period, Jacksonianism, sectionalism, and the Civil War.

216. **American History**  
Three hours  
Continuation of 215. The aftermath of the Civil War, the economic phenomena and political history of the late nineteenth century, the Roosevelt and the Wilson eras, the New Deal and the Second World War.

305. **Latin American History**  
Three hours  
An account of the history, government, and the social and economic development of the Central and South American colonies of Spain, and Portugal. Not offered 1964-’65.

306. **Latin American History**  
Three hours  
Continuation of 305. Presents the histories and governments of the several Central and South American countries during their national periods to the present. Not offered 1964-’65.

307. **Medieval History**  
Three hours  
The study of European history from the establishment of Christianity as a civilizing force to the twelfth century rise of cities. Three or four interpretive papers are to be written. For Juniors and Seniors.

308. **Medieval History**  
Three hours  
Continuation of the former from the Renaissance of the twelfth century to the Italian Renaissance. Intellectual and religious developments are emphasized. The same requirements as for 307.

309. **Modern Europe to 1648**  
Three hours  
A history of Europe between 1500 and 1648, with primary emphasis on the various phases of the Reformation, the Counter-Reformation, and the wars of religion.

310. **Modern Europe: 1648 to 1815**  
Three hours  
The age of Louis XIV, the Age of Reason, the Enlightenment. Includes the intellectual, religious, and cultural movements, as well as the colonial conflicts. Ends with the French Revolution.

311. **Greek History**  
Three hours  
The political, social and cultural history of the Greek city-states up to the time of the Roman conquest. Some attention is given also to the history of the Near and Middle East. Open only to Juniors and Seniors who are Pre-Law, Pre-Seminary, history or classics majors; others must secure permission.

312. **Roman History**  
Three hours  
The history of Rome from the foundation of the city to A.D. 565, the death of Justinian. The emphasis falls on the development of the constitution and its effect upon, and how in turn it was affected by, the expansion
of Rome over the Mediterranean. Economic, social, and literary history studied in their relation to the political. The decline of paganism and the rise of Christianity are reviewed in their relation to each other. Pre-requisite: 311.

313. English Constitutional History
Three hours
A study of the origins and subsequent developments of English legal institutions, law, and constitutional usages from Anglo-Saxon times to the close of the Middle Ages. Not offered 1964-'65.

314. English Constitutional History
Three hours
Continuation of 313. Not offered 1964-'65.

315. American Constitutional History
Three hours
A study of the development of American political ideas, institutions and practices from colonial precedents to contemporary problems. Emphasizes the origin, character, and evolution of the American constitution and the court decisions which interpret it.

316. American Constitutional History
Three hours
A continuation of History 315.

325. Dutch History
Three hours
To be offered in 1965-'66.

326. Dutch History
Three hours
To be offered in 1965-'66.

327. Social and Intellectual History of the United States
Three hours
A study of influential ideas, systems of thought, religious values and individuals prominent in the development of American culture and society from pre-Revolutionary times to the present. Not offered 1964-'65.

328. Social and Intellectual History of the United States
Three hours

391. Seminar in History
Three hours
A course taught by the staff in the history of history, the interpretation of history, historical bibliography, and the writing of history. Required of all majors as defined in the departmental requirements, during the senior year, and open to others by permission. Offered each semester.

Latin

Professors Radius and R. Otten; Assistant Professors Van Vugt and Wevers; Instructor Harris

Pre-Seminarists —
Those who have had one year in high school take 101.
Those who have had two years in high school take 105 (208 second semester).
Those who have had three years in high school take 202 or 208.
Those who have had 101-2 in college take 201 (208 second semester).

Others —
Those who have had one year in high school take 101.
Those who have had two years in high school take 105.
Those who have had three years in high school take 202.
Those who have had 101-2 in college take 201.

101. Elementary Latin
Four hours
For students who have had only one unit of high-school Latin or who have had no Latin. Emphasis is placed on the essentials of grammar and a basic vocabulary with constant comparison to English. Sententiae from the principal Latin authors will be read.
102. Elementary Latin

A continuation of 101. Emphasis is placed on grammar and the early reading of longer selections of authentic Latin dealing with Roman history and culture. Prerequisite: 101 or its equivalent.

103. Intermediate Latin

For students who enter with two units of high-school Latin. A thorough review of the essentials of grammar will accompany the reading of selected Latin prose.

106. Intermediate Latin

A continuation of 105. An introductory reading of Vergil's Aeneid in English translation leading to a study of selected books and passages in Latin.

201. Latin Readings

For students who have had one year of Latin in college. Open only by special permission to those who enter with two units of high-school Latin. Selected authors will be read with some attention to review of syntax.

202. Vergil's Aeneid

For those who have had 201 or three units of high-school Latin. A study of the Latin epic. The whole of the Aeneid will be read in English translation. Selected books will be read in Latin with a study of the prosody of Vergil. Offered both semesters.

205. Readings in Latin Literature I

Intensive reading in the major writers of prose from the Late Republic to the Early Empire. Collateral reading in the literary history of the period. Prerequisite: 106 or 202.

206. Readings in Latin Literature II

Intensive reading in the major writers of poetry from the Late Republic to the Early Empire. Collateral readings in the literary history of the period. Prerequisite: 106 or 202.

208. Readings in the Church Fathers

Reading of selected portions of Lactantius' Divinae Institutiones and other patristic literature. Prerequisite: 105 or 201.

301. Lucretius and Cicero

302. Seneca and Augustine

Readings from Seneca and Augustine, selected to complete the survey begun in 301 and to give the first significant Christian critique of classical thought as delineated in the De Civitate Dei of Augustine. Collateral reading and reports. Alternates with 304. Prerequisite 205 or 206. Not offered 1964-65.

303. Latin Poetry

A study of Latin poetry from Catullus through the Elegiac Poets, with some attention to early Christian and Medieval Poetry. Collateral reading and reports. Alternates with 301. Prerequisite 205 or 206.

304. Roman Historical Thought

Representative selections from such historians as Sallust, Livy, Tacitus, and Suetonius. Collateral reading and reports. Alternates with 302. Prerequisite 205 or 206.

312. Roman History

The history of Rome from the foundation of the city to A.D. 565, the death of Justinian. The emphasis falls on the development of the constitu-
tion and its effect upon, and how in turn it was affected by, the expansion of Rome over the Mediterranean. Economic, social and literary history studied in its relation to the political. The decline of paganism and the rise of Christianity are viewed in their relation to each other. Prerequisite: Greek 311 or History 311.

327. Latin Grammar and Writing

Three hours

A thorough review of Latin grammar and syntax will be made, and attention will be given to Latin writing. There is also included an exposition of the pedagogy of presenting Latin grammar. For this reason the course should be postponed to the senior year of students who plan to teach Latin. Prerequisite: consult instructor. Offered both semesters.

Mathematics

Professor Sinke; Associate Professors Tuls and Zwier; Assistant Professor Baker; Instructor Nyhoff

Students who wish to major in mathematics should take Mathematics 101, 103, and 104 in high school. These courses will not be credited toward a college major in mathematics.

Qualified students (those whose preparation includes four semesters of algebra, two semesters of geometry, and one semester of trigonometry) who are planning to major in mathematics are directed to enroll in Mathematics 111, which is the first course in the major program.

Minimum requirements for a major in mathematics include: Mathematics 111, 112, 211, 212, plus two additional courses from those numbered 300 or above. Students planning to pursue graduate studies in Mathematics should take Mathematics 311, 312, 308, 309, and 310. Such students are urged to acquire a reading knowledge of two foreign languages.

Prospective teachers of high school mathematics (who must present 30 hours of mathematics in the major program) must take, in addition to the analytic geometry and calculus sequence, Mathematics 309 and 320, plus two additional courses numbered 300 or above.

Prospective secondary teachers who minor in mathematics must take Mathematics 111, 112, 211, or their equivalent, together with Mathematics 309 and Mathematics 320 in their minor program.

Beginning in September 1962, all prospective elementary teachers are required to take Mathematics 109 in their freshman year.

A student who desires to major in mathematics must receive departmental approval. He must file application for such approval with the chairman of the department not later than the beginning of the junior year.

101. Advanced Algebra

Three hours

For those who have had only one year of high school algebra. Fundamental operations, special products, factoring, fractions, linear equations, ratio, proportion, variation, linear systems, quadratic equations, exponents, radicals, logarithms. Offered each semester.

103. College Algebra

Three hours

This course is the equivalent of Algebra 4 in high school. Theory of quadratics, inequalities, complex numbers, systems of quadratics, theory of equations, binomial theorem, mathematical induction, progressions, determinants, partial fractions, infinite series. Offered each semester.

104. Plane Trigonometry

Three hours

Prerequisite: 101 and Plane Geometry. Offered each semester.
109. Elements of Modern Mathematics
Four hours
A course designed to acquaint the general college student with the basic concepts of mathematics, using logic and sets. Emphasis falls on understanding rather than on manipulative skill. Prerequisite: one year of high school algebra and one year of geometry, or permission of the instructor. *Not open to mathematics majors.*

111. Analytic Geometry and Calculus
Four hours
The real number system, straight lines, circles, functions, limits, derivatives, differentiation of algebraic functions, applications. Prerequisite: Four semesters of algebra and one semester of trigonometry. Offered each semester.

112. Calculus and Analytic Geometry
Four hours
Conic sections, definite integrals, transcendental functions, formal integration, applications. Prerequisite: 111. Offered each semester.

205. Mathematics for Business Analysis
Three hours
Functions and graphs, equations and inequalities, introduction to vectors and matrices, progressions, derivatives and integrals of simple functions. Particular emphasis falls on business applications such as optimum solutions, linear programming, interest and annuities. Prerequisite: 101.

206. Elementary Statistics
Three hours
Description of sample data, probability, theoretical frequency distributions, sampling, estimation, testing hypothesis, correlation, regression. Prerequisite: 101. For business administration students 205 is required.

211. Calculus and Analytic Geometry
Five hours
Advanced formal integration, applications, properties of functions, parametric equations, polar coordinates, infinite series, solid analytic geometry, vectors. Prerequisite: 112. Offered each semester.

212. Calculus and Differential Equations
Five hours
Partial differentiation, multiple integrals, differential equations of first order and first degree, orthogonal trajectories, linear differential equations, operators, variation of parameters, systems of equations, equations of higher degree, power series solutions. Prerequisite: 211.

308. Mathematical Statistics
Three hours
Introduction to probability, frequency functions, binomial, Poisson, and normal distributions, central limit theorem, distribution of sample statistics, applications to hypothesis testing and estimation of parameters. Prerequisite: 211 or its equivalent.

309. Introduction to Modern Algebra
Three hours
Fundamental concepts of sets, mappings, relations, and operations; the real number system, integral domains, fields, polynomial domains, the complex number field, groups, rings. Prerequisite: 211 or its equivalent.

310. Introduction to Linear Algebra
Three hours
Elements of finite dimensional vector spaces, determinants, linear transformations, matrices, canonical forms. Prerequisite: 211 or its equivalent.

311. Advanced Analysis
Three hours
Vector analysis, Jacobians, implicit function theorem, curvilinear coordinates, line integrals, Green’s, Stokes’, and Gauss’ theorems. Prerequisite: 212.

312. Advanced Analysis
Three hours
Infinite series, functions of a complex variable, orthogonal functions, Fourier series. Prerequisite: 212.

320. Foundations of Geometry
Three hours
Modern elementary geometry, theorems of Menelaus and Ceva, cross ratio, harmonic division, geometry of the circle, the inversion transformation, foundations of geometry non-Euclidean geometry, the Poincaré model.
Music

Professor Swets; Associate Professors De Jonge and Hamersma; Assistant Professor Geerdes; Visiting Instructor Huisman; Mrs. Knol and Mrs. Rus

THEORY

103. Theory and Harmony Three hours
The elements of music: tonality, notation, rhythm. A coordinated study of harmony through the ear, eye, and keyboard. Writing and harmonization of hymn tunes and chorales, sight-singing, dictation using primary and dominant seventh chords. One hour laboratory period per week required.

104. Theory and Harmony Three hours
Continuation of 103.

203. Theory and Harmony, Advanced Three hours
Continuation of 103-104. Use of all diatonic triads and seventh chords, altered chords, color chords. Problems of composition involving smaller forms. Continuation of sight-singing and dictation. One hour laboratory period per week required.

204. Theory and Harmony, Advanced Three hours
Continuation of 203.

303. Counterpoint Three hours
The principles of contrapuntal composition, including a study of species counterpoint and a detailed analysis of Palestrinian counterpoint. Not offered in 1964-65.

304. Counterpoint Three hours

313. Conducting One hour
A beginning course in basic, general conducting, working with hymns, folksongs, and choral literature. One hour of class and one hour of conducting lab per week is required. Prerequisite 103-104.

314. Conducting One hour
A continuation of 313, with students studying in their area of special interest in either instrumental or choral conducting. One hour of class and one hour of conducting lab per week is required. Prerequisite: 313.

315. Arranging Three hours
The problems involved in writing for orchestra, band, and choir. A survey of the technical limitations of each instrument and of the human voice. Arrangements written by class members will be performed by student organizations whenever practical. Prerequisite: 103-104.

316. Arranging Three hours
Continuation of 315.

HISTORY AND LITERATURE

211. Introduction to Music Literature Three hours
General course designed to develop intelligent discrimination in the listener. Structural principles and aesthetic content of music with reference to the various forms and styles will be considered. The course is planned to give a general idea of the entire realm of music and is intended alike for the technical musician and those who wish to become merely intelligent listeners.

212. Music Literature Three hours
Continuation of 211.
219. Church Music

Two hours
A historical survey of the worship music of the ancient Hebrews, the early Christian church, the Roman church and the churches of the Reformation. A study of the development of plainsong, the Lutheran chorale and the Genevan-Dutch psalm tunes.

220. Church Music

Two hours

305. History of Music

Three hours
The development of the art of music from the earliest times to the present. Oratorio and church music, the opera, songs, and instrumental music. Biographies of composers. Representative compositions of each main period presented in class. Lectures, collateral reading, term papers, and textbook work.

306. History of Music

Three hours
Continuation of 305.

307. Form

Two hours
A study of the development of musical forms, beginning with the early plainsong, masses, motets, madrigals, and continuing through early orchestral and instrumental compositions. The relationship of musical form to problems of tonality, rhythm, unity and variety. Not offered 1964-'65.

308. Form

Two hours

311. Symphonic Literature

Three hours
A study of the development of the Symphony from the early sonatas, suites, and overtures, through to the modern symphony.

312. Symphonic Literature

Three hours
Continuation of 311. This second semester will be devoted primarily to the symphonic poem.

326. Chamber Music

Three hours
A general course designed to provide the historical and musical background necessary for perceptive listening to music for small ensembles. The Caycean Collection of recordings and scores will be used to give the student an insight into music written for trios, quartets, and quintets of string or wind instruments. The course is designed for the general college student who wishes to acquaint himself with this medium of musical expression. Not offered 1964-'65.

MUSIC EDUCATION

221. Elements of Music

Three hours
A course designed to give basic training in the melodic, rhythmic and harmonic elements of music for the prospective grade teacher. Special attention is given to coordinating the ear, eye, voice, and piano keyboard.

222. Elementary School Music

Three hours
A course designed to prepare the regular grade teacher for teaching music in the grades. Includes the study of child voice problems, rote-song teaching, conducting, music-reading, and an evaluation of basic music texts and supplementary music materials. Collateral reading. Prerequisite: Music 221 or its equivalent.

331. Advanced Elementary School Music

Three hours
A course designed to prepare the vocal music education major for teaching, organizing and administering all aspects of vocal music in the ele-
mentary grades. Must not be taken later than junior year. Prerequisite: Music 103-104, or equivalent.

332. Secondary School Vocal Music

Three hours

The study and evaluation of the aims, content, and procedures of a vocal music program for junior and senior high schools. Includes consideration of the changing voice, voice-testing and classification, general music class, and the principles underlying the organization and development of choral groups. Collateral reading. Must not be taken later than junior year. Prerequisite: Music 103-104 or equivalent.

333. Organization and Administration of Instrumental Music

Three hours

Problems in the organization of a school instrumental program, beginning with the establishment of elementary school rhythm bands; principles of class instruction in orchestra and band instruments; evaluation of methods of class instruction; orchestra and band organization; repertoire. Must be taken no later than the junior year. Not offered 1964-65.

APPLIED MUSIC

All applied music students should study with a member of the college staff. In case of an overload in the department, it may be necessary for the chairman of the department to recommend that the student study with an approved teacher in the community. This recommendation will be made only in an emergency.

Applied music concentrations are required to give the equivalent of one half recital in the sophomore or junior year, and a full recital in the senior year.

All applied music students and all music majors are required to attend repertory class or studio class each Thursday at 1:00 p.m. Attendance is necessary in order to receive credit in applied music.

All applied music students must appear before a jury consisting of the members of the music faculty for examination at the end of each semester to determine placement and grade.

All entering applied music students will be given provisional placement for the semester by the instructor. Final placement will be determined by the jury at the end of the semester.

The applied music requirements of the Music Department conform to the standards set up by the National Association of Schools of Music in 1947.

A maximum of 8 semester hours of credit in Applied Music will be allowed towards the Bachelor's Degree, except for music majors concentrating in Applied Music, in which case the maximum is 18 hours.

Individual Lessons

117-118, 217-218, 317-318, 327-328 Voice

Individual lessons in voice. Fee $45 per semester.

117e-118c, 217e-218c, 317e-318c, 327e-328c Voice

Individual lessons for the Music Major concentrating in voice. Fee: $45 per semester.

109-110, 209-210, 309-310, 319-320 Organ

Individual lessons in organ. Fee: $45 per semester. Practice fee: $15 per semester.

109e-110e, 209e-210e, 309e-310e, 319-320e Organ

Individual lessons for the Music Major concentrating in organ. Fee: $45 per semester. Practice fee: $15 per semester.

141-142, 241-242, 341-342, 351-352 Piano

Individual lessons in piano. Fee: $45 per semester.

at Christmas time. Another oratorio is presented in the spring. Open to all who meet the requirements of voice and musicianship.

107-108. Radio Choir  One hour

Performs weekly as the Choir of the Back to God Hour over both the NBC and the Mutual Networks. Representative works in the field of church music suitable for radio performance are used. Open only to those who meet the demands of voice and musicianship. One hour credit for each semester.

113-114. Varsity Band  No credit

Membership in this band is open to all students who have had some experience on a wind or percussion instrument. It is designed for students whose schedules or qualifications do not permit their immediate membership in the concert band. The band plays for athletic events, Knollcrest campus activities, and other college functions. One rehearsal a week.

207-208. A Cappella Choir  One hour

Representative works in the field of choral literature are studied and a limited number of selections are prepared for concert performance. Open only to those who meet the demands of voice and musicianship. One hour credit for each semester.

213-214. Band  One hour

Representative works in the field of band literature are studied and prepared for concert performance. Open to all students who meet the demands of musicianship. Two rehearsals a week. One hour credit for each semester.

215-216. Orchestra  One hour

Representative works in the field of chamber and symphony orchestra literature are studied and prepared for concert performance. Open to all students who meet the demands of musicianship. One two-hour full orchestra rehearsal per week, plus a one-hour string sectional rehearsal. One hour credit each semester.

227-228. Chamber Band  No credit

This band offers instrumental music majors and other qualified players a chance to perform works particularly suited to a wind ensemble of about 40 members. Open to a select group of players from the Concert Band. One rehearsal per week.

Philosophy

Professor Prins and Runner; Associate Professors Orlebeke, Woltersdorf, and A. Plantinga*

Every candidate for the A.B. degree, General College, is required to take six hours of philosophy, exclusive of Logic. To fulfill this six-hour requirement, the student may choose any one of the following combinations, (a) being the usual sequence.

(a) Perspectives 201 and 202.

(b) Ethics and any one of the following: Perspectives 201, Perspectives 202, History of Philosophy: Ancient.

(c) History of Philosophy: Ancient followed by Perspectives 202.

(d) Perspectives 201 followed by History of Philosophy: Modern.

Philosophy Majors:

Students who plan to major in philosophy should make application to the chairman of the department not later than the beginning of the junior year, and should thereafter arrange each semester's program in consultation with him.

*On leave of absence 1964-'65.
Minimum total number of departmental hours required of a philosophy major is 27, distributed as follows:

Logic, History of Philosophy: Ancient, Medieval, Modern 12 hours
Kant 3 hours
Additional courses (advanced) in History of Philosophy, selection to be approved by departmental chairman 6 hours
Systematic disciplines, selection to be approved by departmental chairman 6 hours

Honors in Philosophy: All senior majors seeking honors should enroll in Philosophy 400 the second semester. The requirements for honors are:

A. A senior thesis to be completed according to the following schedule:
   Subject - October 15
   Prospectus - November 15
   Finished thesis - March 15

B. Successful completion of departmental comprehensives during the spring term. The departmental comprehensives will be given in the following fields:
   1. History of Philosophy
   2. Systematic disciplines — not fewer than two

ELEMENTARY COURSES

(A student may elect any one of the elementary courses without having had previous courses in Philosophy.)

200. Logic  Three hours
   A course in elementary deductive logic. Open to Freshmen. Offered each semester.

201. Perspectives of Philosophy  Three hours
   An introduction to philosophy which emphasizes basic differences in philosophical orientation and perspectives by way of study of the Greek mind in comparison with the Christian, more particularly as articulated by Augustine. Offered first semester.

202. Perspectives of Philosophy  Three hours
   Similar to 201, except that attention is centered on medieval and modern philosophy. Offered second semester.

205. Elementary Ethics  Three hours
   Emphasis is on the contrast between the “moral commonwealth” of ethical naturalism, and its various forms, of classic pagan and modern idealism, and of Christianity. Offered first semester.

220. History of Philosophy: Ancient  Three hours
   Historical and critical study of the philosophical questions raised in the Greek and Hellenistic periods, and of the implicit movement in the proffered solutions. Through Plotinus. Offered each semester.

INTERMEDIATE COURSES

(Intermediate courses normally presuppose three hours of Philosophy, but are open to all qualified Juniors and Seniors.)

301. History of Philosophy: Medieval  Three hours
   Historical and critical study of the Christian philosophical perspective from the beginnings of Christianity to the Renaissance. Offered each semester.
302. History of Philosophy: Modern  Three hours
   Historical and critical study of Western philosophy from the Renaissance
to Kant. Offered each semester.

303. Philosophy of Science  Three hours
   A study of philosophical problems arising out of the method and results
   of modern science. Offered first semester.

305. Intermediate Ethics  Three hours
   A course in ethics which presupposes some acquaintance with the history
   of philosophy. (No credit is allowed for 305 if student has had 205.)

307. Political Philosophy  Three hours
   A history of political thought from the Hebrews to contemporary times,
   with especial emphasis on the development of democratic ideals and their
   application.

308. Aesthetics  Three hours
   A study of the main features of the aesthetic judgment as exemplified in
   the fine arts, of the relation of art to the aesthetic, and of the relation
   of aesthetic value to other values, such as the moral. Offered first semester.

320. Contemporary Philosophy  Three hours
   A study of the history of philosophy of the past 100 years, or some major
   movements of this period. Offered first semester.

ADVANCED COURSES

(Advanced courses normally presuppose six hours of Philosophy, but are open
to all qualified Seniors.)

A. 350-379. Advanced courses in history of philosophy. Intensive study of some
   philosopher or philosophical school of the ancient, the medieval, the modern,
   or the contemporary period.

351. Plato  Three hours
   Study of the later Platonic dialogues. Offered first semester.

352. Aristotle  Three hours
   Advanced study of Aristotle.

361. The Philosophy of Thomas Aquinas  Three hours
   A course in Thomistic thought, including analysis of portions of the
   Summa Theologica.

365. Kant  Three hours
   Study of the Critique of Pure Reason. Offered second semester.

B. 380-399. Advanced courses in systematic disciplines of philosophy.

381. Advanced Logic  Three hours
   Offered first semester.

385. Philosophy of Religion  Three hours
   A study of the rational justifiability of certain beliefs central to Chris-
   tianity.

395. Metaphysics  Three hours

400. Senior Honors Thesis  Three hours

Physical Education

Professor Steen; instructors Tuum, M. Zuidema and D. Zuidema; Mr.
Vroon and Mrs. Byker.
REQUIRED PHYSICAL EDUCATION

Both men and women students are required to take three semesters of physical education in the four semesters of their freshman and sophomore years. In these three semesters one course must be selected in Foundations (140 series), one course in team and conditioning activities (150-170 or 280-270 series), and one course in individual and dual activities (180 or 280 series). The Foundations course must be taken in the freshman year.

Classes meet twice per week. Each course runs a full semester but is divided into two units of activity. Both units must be completed to receive credit for the course. Students may not repeat for credit any instructional unit.

The physical education requirement must be completed by the end of the sophomore year. Juniors and Seniors who have not fulfilled their requirements will be assigned extra work upon enrolling in a course.

Students should select the section of a course that fits their ability level. The 100 series sections are intended for beginners while the 200 series courses are intended for the more advanced in skill students. Students who were varsity letter winners in a sport in high school may not elect that sport in physical education.

Students who earn a letter in a sport at Calvin College should enroll in Physical Education 120 during the second semester of their sophomore year. This will fulfill their third semester requirement in physical education.

FOUNDATIONS AND SPORTS ORIENTATION

II. Team and Conditioning: 160 or 260 — Soccer and Basketball; 161 or 261 — Soccer and Volleyball; 162 or 262 — Volleyball and Track/Field; 165 or 265 — Volleyball and Baseball-Softball; 166 or 266 — Basketball and Volleyball; 167 or 267 — Basketball and Physical Fitness; 168 or 268 — Volleyball and Physical Fitness; 169 or 269 — Volleyball and Field Hockey; 170 or 270 — Soccer and Gymnastics; 171 or 271 — Soccer and Physical Fitness.

III. Individual and Dual: 180 or 280 — Tennis and Badminton; 181 or 281 — Tennis and Archery; 182 or 282 — Archery and Badminton; 183 or 283 — Combatives and Golf; 184 or 284 Combatives and Tennis; 185 or 285 — Combatives and Archery; 186 or 286 — Golf and Badminton; 187 or 287 — Tennis and Handball; 188 or 288 — Body Mechanics and Tennis; 189 or 298 — Body Mechanics and Archery.

PROFESSIONAL COURSES

Students desiring the degree of A.B. in Education may obtain a minor in this department. They should select 12 hours from the courses listed here. Biology 105 and 106 are required for the minor program.

Minor students in physical education are expected to take all the courses offered in Required Physical Education program. They should consult with the head of the department for individual scheduling of these courses.

Students should meet requirements for the Red Cross First Aid Certificate. This course will be offered each semester.

104. History and Principles of Physical Education

Two hours
Traces the history of Physical Education from its early origin to present-day trends. Considers the relation of Physical Education to life and ideas. Acquaints the student with the profession of Physical Education.

203. Organization and Administration of Physical Education

Three hours
A study of the representative programs of physical education and evaluation of these programs. Not open to Freshmen.
204. **Community Recreation**  
Two hours  
A study of the development, administration, and use of leisure time within the community and of the community agencies organized to meet present-day recreational needs. Not open to Freshmen.

205. **Coaching of Basketball**  
Two hours  
A consideration of the fundamentals that make up the game of basketball; team conditioning, styles of play, and team strategy.

206. **Coaching of Spring Sports**  
Three hours  
A study of the fundamentals of track, baseball and soccer. Methods of teaching and coaching of these sports are also discussed. Not open to Freshmen.

222. **Team Sports for Women**  
Three hours  
A study of fundamentals, history, and teaching methods of basketball, softball, soccer, and volleyball.

223. **Teaching of Physical Education in Elementary Schools**  
Three hours  
Theoretical and practical methods in the teaching of play activities to children of the elementary grades.

315. **Measurement and Evaluation in Physical Education**  
Three hours  
Required of all Physical Education Minor students. A study of the evaluation techniques available in physical education. Emphasis on tests of physical fitness, body mechanics, growth, motor ability, sport skills, and knowledge of health practices and sport activities. Consideration is given to the organization of evaluation programs and the use of such programs. The course gives opportunity for practical experience in administering tests. (Prerequisite: Physical Education 203.)

322. **Individual Sports for Women**  
Three hours  
A study of the background, fundamentals, and teaching methods of tennis, golf, badminton, archery and bowling.

**Physical Science**

**Professor De Vries; Associate Professor Broene; Assistant Professors Vander Lugt and Baker.**

110. **Physical Science**  
Four hours  
This course attempts to evaluate primarily the basic assumptions used in the study of nature, the historical development of several theories and laws, and the results of modern scientific investigations in the fields of Physics and Chemistry. Emphasis is placed on the interrelation of these fields rather than on a study of each by itself. The student may elect to take Chemistry 103 or Physics 201 in place of this course. Prerequisite: Mathematics 109 or its equivalent.

**Physics**

**Professor Wassink; Associate Professors R. Faber* and Griffioen; Visiting Instructor Van Tiel**

A student who plans to do graduate work in Physics should complete Physics 205 and 206, as well as all of the 300-level Physics courses. In related fields, he should complete the Mathematics sequence 111, 112, 211, 212, 311, 312 before the end of the Junior year. Four semesters of algebra, two semesters of geometry and one semester of plane trigonometry should be completed in high school, if possible. A reading knowledge of two modern foreign languages is desirable for those planning to enter graduate school.

*On leave of absence 1964-'65.
201. General Physics
   Four hours
   This course is designed for those who do not intend to do further work in Physics. Topics will include classical physics (mechanics, sound, heat, electricity and magnetism, and light) as well as descriptive material in modern physics (relativity, quantum theory, and particle physics). Three lectures and one laboratory period per week. Prerequisite: Plane trigonometry.

202. General Physics
   Four hours
   A continuation of 201 which is a prerequisite.

203. General Physics for Engineers
   Six hours
   Mechanics, sound, and heat. (Required of all engineering students.) At least half the semester is devoted to elementary mechanics; the remainder of the time to sound and heat. Many experimental illustrations. Five recitations and one two- to three-hour laboratory period a week. Prerequisite: plane trigonometry.

204. General Physics for Engineers
   Six hours
   Electricity and light. (Required of all engineering students.) A continuation of 203. It takes up the fundamental phenomena and laws of electricity and light with ample class illustrations. Five recitations, and one two- to three-hour laboratory period a week.

205. Introductory Physics
   Five hours
   For students majoring in physics or chemistry or minor ing in physics. An introduction to the major fields of physics: mechanics, heat, wave motion, electricity, and magnetism, atomic and nuclear physics. Calculus will be used. Includes one three-hour laboratory period per week. Prerequisite: Mathematics 112 or its equivalent.

206. Introductory Physics
   Five hours
   Continuation of 205, which is a prerequisite.

NOTE: Prerequisites for the following courses are Physics 204 or 206, and Mathematics 212.

301. Mechanics
   Three hours
   The fundamental principles of Newtonian Mechanics applied to a single particle, a system of particles, and to the motion of a rigid body; a discussion of central force motion with applications to Kepler's laws and Rutherford scattering laws; the principle of virtual displacements, d'Alembert's principle and Lagrange's equations.

302. Mechanics
   Three hours
   Continuation of 301 which is prerequisite.

303. Modern Physics
   Three hours
   The theories of special relativity and wave mechanics, with applications to atomic and molecular structure and spectroscopy, X-rays, statistical mechanics, solid state physics, and radioactivity.

304. Modern Physics
   Three hours
   Continuation of 303 which is a prerequisite.

305. Thermodynamics
   Three hours
   The principles of Thermodynamics with limited application to the kinetic theory of gases, chemical and electromagnetic systems. Not offered 1964-'65.

306. Optics
   Three hours
   The phenomena of interference, diffraction and polarization. Two lectures and one laboratory period a week. Not offered 1964-'65.

307. Electricity and Magnetism
   Three hours
   The elementary theory of electrostatics, magnetism, direct current and alternating current circuit theory, and electromagnetic waves.
308. Electricity and Magnetism
Three hours
Continuation of 307 which is a prerequisite.

317. Electrical Measurements
Two hours
This course provides experience in the techniques and theory of direct and alternating current measurements. One four-hour lecture-laboratory period per week.

318. Electronics
Two hours
This course provides an introduction to the basic electronic circuits commonly used in physics research. One four-hour lecture-laboratory period per week. Prerequisite: Physics 317 or permission of the instructor.

319. Modern Physics Laboratory
Two hours
An introduction to the basic laboratory techniques in atomic and nuclear physics and a study of some of the more important experiments on which modern physical theory is based. One four-hour lecture-laboratory period per week. Prerequisite: Physics 318 and enrollment in Physics 303, or the permission of the instructor.

320. Physics Research
Three hours
Library and laboratory research on an assigned problem. Open only to approved Seniors majoring in physics.

Political Science

Assistant Professor Westra; Mr. R. de Vries

A political science major requires a minimum of 24 hours. These must include particularly courses 203-204 (Introduction), and 305-306 (Political Thought).

Entry to any political science course which is numbered above 300 requires the completion of Political Science 203 and 204 or the permission of the instructor.

Majors in political science should present a minor in one of the following fields: Economics, History, Philosophy, or Sociology.

A minor in political science should include Political Science 203-204.

Students preparing to enter a school of law or contemplating careers in public administration should normally take Economics 307 (Essentials of Accounting) and Economics 309 (Business Law) in addition to a major in political science regardless of choice of minor. (See paragraph above.)

Students preparing for graduate work in foreign relations or who plan careers in foreign service should normally complete a political science major plus four years of a modern language plus one of the above-listed minors.

The meeting or satisfaction of any of the above-stated stipulations in no way releases students from the requirements (overall) of the General A.B. degree.

203. Introduction to American Government
Three hours
The first semester is intended as an introduction to political science: the nature of government, the state, law, constitutions, forms of government, ideologies. Designed to provide a background for more intensive study of American government.

204. Introduction to American Government
Three hours
Continuation of 203. A detailed study of American national government, analyzing its constitutional foundations, its structure and its functions; civil liberties, political parties, pressure groups.

205. Government of Modern States
Three hours
A study of the governments of the major powers of Europe: Great Britain, France, Germany and Russia. Sketches the historical background and the major factors (social, economic, ideological) which influence the process of government in each of these countries. Special attention is paid to post-war developments, to political movements, and to comparison of democratic and totalitarian regimes.
206. Government of Modern States

Continuation of 205. Includes brief treatment of the governments of some minor European states: Switzerland, the Netherlands.

Three hours

301. State and Local Government

The development and philosophy of the American federal system; constitutional bases of state and local government; state and local administrative problems; formal and informal distribution of power in local communities.

Three hours

302. Parties, Public Opinion, and Pressure Groups

A study of the basic ideas of political parties and pressure groups; party organization, finance, electoral activity; pressure groups and public opinion; analysis of the competition for power among major organized interests such as business, labor and agriculture.

Three hours

305. History of Ancient and Medieval Political Thought

The development of political theory up to the Reformation. The leading theorists from Plato to Machiavelli; Church and State in the Middle Ages; medieval constitutionalism.

Three hours

306. History of Modern Political Thought

Representative political theorists from the Reformation to the present day.

Three hours

307. International Politics

An analysis of basic factors involved in world politics; the modern state system, nationalism, militarism, imperialism; the evolution of international relations; the foreign policies of major powers.

Three hours

308. International Politics

Continuation of 307. Special emphasis is placed on problems of American foreign policy; the process of foreign policy formulation in the United States; problems of international organization.

Three hours

309. Constitutional Law

The American Constitution as interpreted by the Supreme Court. Analyzes the leading cases in which the Court has laid down principles governing the relations between the national government and the states and between the three branches of the national government; limitations on Congress; limitations on the states. Not offered 1964-'65.

Three hours

310. Constitutional Law

Continuation of 309. Special emphasis on constitutional issues in the field of civil liberties: freedom of religion, free speech, due process of law. Not offered 1964-'65.

Psychology

Professors Daling and C. Plantinga; Associate Professor Bijkerk; Instructor Reyniers*

The following courses are recommended for those intending to minor in psychology: 201, 204, 212, 311, plus a 300-level course. These courses should be taken in the order in which they are listed. (Educational Psychology 202 will be counted toward a psychology minor for those who are majoring in Education.)

The minimum total number of hours in psychology required of a psychology major is 24. Students who expect to be recommended for graduate work should take six additional hours of 300-level courses beyond the minimum of 24 hours; they also must take Mathematics 206 (Elementary Statistics). Students with a general average in psychology below B- will not be recommended for advanced training.

The following courses should normally be included in a psychology major (the first four in their sequential order): 201, 204, 212, 311, 301, 304, 300, 310 or 314 or 300.

*On leave of absence 1964-'65.
Majors are urged to take as many as possible of the following courses for ancillary aspects of psychology: Human Anatomy and Physiology, Logic, Perspectives in Philosophy, Elementary or Intermediate Ethics, Principles of Sociology or Social Problems, Social Anthropology, Shakespeare or American Classics, Principles of Speech Correction.

201. General Psychology Three hours
An introductory course intended to give the beginner some orientation to the field of psychology in general in respect to viewpoints, methods, and assumptions; the major emphasis is on the motivational, emotional, and cognitional aspects of the normal adult human being. It is advisable that the student have had a course in human physiology. Not open to Freshmen, except by special permission. Offered both semesters.

202. Educational Psychology Three hours
A psychological study of the forming of personality as it takes place in the classroom of the elementary and secondary schools. The course seeks to develop a sound foundation in principle and in fact for the understanding of a child in the learning process. The observed facts of child life with reference to the classroom are interpreted according to the Scriptural doctrine of man and the Scriptural mandate in education. Psychology 201, or its equivalent, is a prerequisite. Offered both semesters.

204. Child Psychology Three hours
A study of the physical, motor, social, emotional, linguistic, intellectual and valutational development of the child. An attempt is made to trace these aspects of the human being's development from babyhood through adolescence. Course 201, or its equivalent, is a prerequisite. Offered both semesters.

207. Adolescent Psychology Three hours
A specialized course in developmental psychology directed specifically to the period from puberty to adulthood. Prerequisite: 201 and 204. Not offered 1964-65.

209. Mental Hygiene Three hours
A study of personal attitudes toward reality and the solution of maladjustment by means of integration. Prerequisite: 201. Offered second semester.

212. The Psychology of Abnormal People Three hours
A study of disorders of sensation, perception, association, and so forth. Some study is made of hypnosis, hysteria, and other subjects usually considered under the heading of abnormal psychology, and especially, too, the phenomena and problems of the psychoses. Psychology 201, or its equivalent, is a prerequisite. Offered both semesters.

216. Psychology of Exceptional (handicapped) Children Three hours
A study of psychological disorders in children, such as mental deficiency, partial defects of intelligence, personality disorders, neuroses. Attention will be given to diverse childhood intellectual, emotional, and motivational disturbances as caused by poor environmental conditions or by constitutional defects of mind or body. Prerequisites: Psychology 201 and 204. Offered second semester.

300. Advanced General Psychology Three hours
A more detailed and thorough examination than is possible in Psychology 201 of the major psychological functions of man. Emphasis will be placed on problems involved in perceiving, imagining and thinking. Prerequisite: 201. Offered first semester.

301. History of Psychology Three hours
A historical introduction to the problems and theories of modern psychology with special reference to the origin of divergences in the interpretation of human nature. Offered first semester.
302. Theories of Learning

A presentation of the important conclusions of modern investigations of learning and forgetting and an evaluation of the various contributions to their explanation. The place of learning theory in general psychology is stressed. Permission of instructor required. May be offered second semester.

Three hours

304. Contemporary Schools of Psychology

A critical examination of the principal theories, systems and schools of modern psychology and their philosophical implications. Readings, discussions and individual investigations will constitute the course. Offered second semester.

Three hours

306. Experimental Psychology

A critical survey of experimental methods, problems, materials, results, and conclusions, with major emphasis on perception and learning but also some attention to broader problems of personality investigation. Two classroom hours and one two-hour laboratory period per week. Prerequisites: open only to juniors and seniors intending to major in psychology or allied areas who have had a course in statistics plus at least nine hours of psychology. Offered first semester.

Three hours

310. Social Psychology

A study of individual human behavior in reaction to social environment, of the consequences of such social interaction for human personality, and of the behavior and consciousness of groups. Prerequisite: Psychology 201 and Sociology 203 or their equivalents. Offered first semester by department of sociology, second semester by department of psychology.

Three hours

311. Theories of Personality

An introduction to modern American and European theories concerning the psychological structure and dynamics of the human person. Prerequisite: six hours of psychology. Offered first semester.

Three hours

312. Principles of Psychological Measurements

This course aims to give the student a thorough introduction to the theoretical and practical issues, viewpoints, and techniques of psychological testing in the areas of both intelligence testing and projective techniques. Open only to psychology majors in their junior or senior year. Offered first semester.

Three hours

314. Clinical Psychology

An introduction to the science, techniques, and art of employing psychological means to promote the welfare or mental health of a person. Prerequisites: Psychology 212, 311, and 312. Offered second semester.

Three hours

Sociology

Associate Professor Rotman; Assistant Professors Holstege and Wilson; Instructor Rice.

A student who expects to do graduate work in sociology or social work should elect courses 203, 204, 310, 317, and 320. In addition, one who expects to do graduate work in Sociology should elect 318 and Mathematics 206. Mathematics 206, however, does not apply toward a major in sociology.

A student who majors in sociology but expects to do graduate work in social work should elect courses 203, 204, 305, 315, 317, 320. A student intending to do graduate work in social work need not necessarily elect sociology as his (her) major.

203. Principles of Sociology

A study of the structure, functions and changes of social groups, stressing the important role that group relationships play both for the individual and
for society. Fundamental concepts are discussed and an introductory view of the general field of sociology is presented. Not open to Freshmen except by special permission.

204. Social Problems
An investigation of the primary and secondary causes of social maladjustments in general and a survey of a number of major social problems confronting American society. These include population problems, crime and delinquency, divorce, race and minority cleavages, and urban problems. It is desirable, but not necessary, to precede this course with 203.

206. Urban Community
A descriptive and theoretical analysis of culturally variant urban communities. The emphasis is on function, process, value systems and styles of life, as well as on community structure. The suburban and “fringe” development is considered as well as urban relationships. Prerequisite: 203 or 204, or equivalent.

210. Introduction to Anthropology
The major areas of anthropology are critically evaluated in terms of a Biblical view of man and the world. These concern man in antiquity, the origin of the races, development of culture and cultural relativity. Relevant scriptural passages are considered.

304. The Family
This course aims at an intensive culturally comparative and historical analysis of the family as a social and educational institution, and a discussion of divorce problems and other problems connected with family life. Prerequisite: 203 and 204, or equivalent.

305. The Fields of Social Work
A survey of the various types of social work, including individual case work, group work, and community organization. Agencies set up to work with deviant forms of behavior and situations are studied both theoretically and in operation. Prerequisite: 203 and 204, or equivalent. Open only to sociology majors.

306. Criminology and Delinquency
A study of the primary and secondary causes for, manifestations of, and ameliorative and preventive programs for criminal and delinquent behavior. Emphasis is placed on the implications for various community institutions, including school and church. Prerequisite: 203 or 204, or equivalent.

309. Educational Sociology
The school as a social institution, School-Community relations, social control of education, and structure of school society.

310. Social Psychology
Human behavior in relation to social environment, the shaping of personality through group membership, the impact of personality on the group, and collective behavior. (Credit applied either as psychology or sociology.) Prerequisite: Introductory courses in sociology and psychology.

315. Introduction to Social Case Work
The analysis of social work principles, problems, and methods based upon theoretical and case material. Prerequisite: 203 and 204, or equivalent. Open only to sociology majors.

317. Social Anthropology
A study of the origin and development of culture with a critical survey of prevailing theories of cultural origins such as social evolution and cultural relativism. The course will include a comparative analysis of social institutions and culture patterns, those of the United States and of widely different societies, past and present. Prerequisite: 203 or equivalent.
318. Advanced Sociological Theory
Three hours
The development of sociology, including its European backgrounds and early beginnings in the 20th century in America. Calvinistic appraisal of sociological pioneers, selected sociological concepts, and a general analysis of contemporary journal articles. Prerequisite: at least 12 hours of sociology.

320. Pro-Seminar in Sociological Research
Three hours
Involves the actual formulation of sociologically significant hypothesis, designing research to test them, collection and analysis of data, the use and misuse of statistics. Prerequisite: At least 12 hours of sociology.

Spanish

Assistant Professor David Vila; Miss Peterson

101. Elementary Spanish
Four hours
An introductory course in the use and comprehension of oral and written Spanish.

102. Elementary Spanish
Four hours
Continuation of Spanish 101.

201. Intermediate Spanish
Three hours
Review of essential grammatical structures and further training in spoken and written Spanish. Readings from significant Spanish authors.

202. Intermediate Spanish
Three hours
Continuation of Spanish 201.

207. Readings in Spanish and Latin American Literature I
Three hours
An introductory survey of Spanish literature from the Middle Ages to the present. The first semester deals with Spanish Literature up to the 18th century. Emphasis will be placed on representative authors within the main literary currents. Lectures, readings, and reports. Prerequisite: Spanish 202. To be offered only if schedule will allow.

208. Readings in Spanish and Latin American Literature II
Three hours
Continuation of Spanish 207. This second semester deals with Spanish Literature of the Generación del '98 up to the present. Some representative Latin-American authors will also be studied. To be offered only if schedule will allow.

Speech

Professors Berghuis, De Koster, and Janssen; Assistant Professor Vandez Guchté*; Mrs. Boeve, Director of Drama; Instructor Ozinga; Mr. Byker

A student wishing to major in Speech should consult one of the members of the staff.

Practice — Theory Courses

103. Fundamentals of Speech — I
Two hours
Basic principles of public speaking on the college level, with the aim of developing proper mental, vocal, and physical habits. Offered both semesters.

104. Fundamentals of Speech — II
Two hours
Continuation of 103, with emphasis on longer speeches, motivation, and rhetoric. Panel discussions, symposiums, and different types of speeches will be presented. Prerequisite: 103 or its equivalent. Offered both semesters.

*On leave of absence 1964-65.
106. Diction for the Foreign Student  Non-credit
Particularly designed to aid the foreign student taking the pre-Seminary course who has not completely mastered the English language. Intensive drill in phonetics. Open to others by permission. Offered first semester.

109. Speech for the Classroom Teacher Three hours
Designed to: (1) improve the prospective teacher's vocal habits; (2) train the student in the use of the International Phonetic Alphabet; (3) aid the prospective teacher in handling speech activities in the classroom. Offered both semesters.

202. Parliamentary Procedure One hour
A study of the basic principles of parliamentary procedure. Opportunity will be given for developing skill in the handling of the rules of parliamentary procedure. Especially recommended for pre-seminary, pre-law, and education students. Offered second semester.

205. Advanced Speech Composition Three hours
Study of the psychological and rhetorical techniques involved in speech composition. Speeches and oration. Intended particularly for Juniors in the pre-seminary course. Offered both semesters.

207. Introduction to Speech Based on the Great Books One hour
Prerequisite to 208. A study of Adler's How to Read a Book intended to prepare the student for careful and critical reading of the Great Books chosen as basic for work in 208. Open to Freshmen by permission. Offered first semester.

208. Speech Based on the Great Books Two hours
Each student will choose one of the books from the Adler list and use it as a basis for his speeches during the semester. Emphasis on speech. Prerequisite: 207. Offered second semester.

215. Principles of Speech Correction Two hours
A one-semester course especially designed for the elementary and secondary school teachers. A detailed study will be made of the types, nature, and causes of speech defects, as well as of the principles and methods of speech correction. Not open to Freshmen, except by special permission. Not offered 1964-65.

219. Principles of Dramatic Productions Three hours
A study of the theory and principles of drama as revealed in representative plays from the Greek through the modern period. With a view to training the prospective coach, attention will be given to the technical aspects of production. Students will be trained in acting and in directing by means of classroom presentations of dramatic scenes. Offered both semesters.

225. Ancient and Medieval Orators and Theories of Speech Three hours
An historical and analytical study of ancient and medieval orators and rhetoricians, including Plato, Aristotle, Demosthenes, Cicero, Quintilian, Saint Augustine, and the patrician orators. Not open to freshmen. Offered first semester.

226. Renaissance and Modern Orators and Theories of Speech Three hours
An historical and analytical study of Renaissance and modern orators and rhetoricians with special reference to the social and political movements in history. Representative speeches will be selected for analysis. Not open to freshmen. Offered second semester.

301. Advanced Speech Two hours
A practice course, designed for pre-seminary students. Open to others only by permission. Offered second semester.
303. Interpretative Reading

Three hours

304. Advanced Interpretation

Three hours

Continuation of 303. Application of its principles to drama. Study of development from Greek to modern drama. Collateral reading. Offered second semester.

311. Oral Discussion and Debate

Two hours

Theory and practice of discussion and debate in their various forms. The use of analysis, evidence, and argumentation is developed. Offered first semester.

330. The Teaching of Speech

One hour

Methods of teaching speech in the secondary schools. Attention will be given to the handling of extracurricular forensic activities. Prerequisite: a minor in speech. Offered second semester.

FORENSICS

209. Intercollegiate Peace Oratory

One hour per year

211. Intercollegiate Oratory

One hour per year

213. Intercollegiate Extemporaneous Speaking

One hour per year

220. Thespian Productions

One hour per year

Membership in the Thespian group is limited and is determined annually by tryout. The members will be given training in the various practical aspects of the production of drama. Students may participate more than one year. The activity runs through the school year.

310. Intercollegiate Interpretative Reading

One hour per year

312. Intercollegiate Debating

League Debaters

Two hours per year

Tournament Debaters

One hour per year
