GRAND RAPIDS, MICHIGAN
HOW TO ADDRESS CORRESPONDENCE

All correspondence should be sent to Calvin College, Grand Rapids, Michigan. In sending correspondence, the specific addresses given below should be used:

Regarding admission and graduation requirements, address the Dean.

Regarding records, transcripts, requests for literature, address the Registrar.

Regarding boarding or rooming places for girls, work for girl students, address the Dean of Women.

Regarding boarding or rooming places for men, whether or not in Calvin Dormitory, address the Committee on Dormitory and Boarding Places.

Regarding teaching positions after graduation, address the Placement Bureau.

Regarding alumni matters, address the Secretary of the Alumni Association.

All checks should be made payable and correspondence concerning them sent to the Treasurer, Calvin College.

SCHOLARSHIP AND GUIDANCE—Dekker, Ryskamp, Radius, R. Stob, Van Oppen, Meeter, Van Til.

Aim

CALVIN COLLEGE is an institution that exists under the auspices of the Christian Reformed Church in America. Its origin can be traced back to 1876 when the church organized a school for the training of ministers of the gospel, which at first devoted four years to literary and two years to theological study. This school gradually grew into a fully accredited liberal arts college and into a fully accredited theological seminary.

According to the constitution all instruction given must be in harmony with Reformed truth. The various branches of study, therefore, are considered from the standpoint of faith and in the light of Calvinism as a life and world view. The aim of the college is to give young people an education that is Christian, in the larger and deeper sense that all the class work, all the students' intellectual, emotional, and imaginative activities shall be permeated with the spirit and teaching of Christianity.

It is, furthermore, the aim of Calvin College to maintain standards of sound scholarship. In recognition of this aim the college is fully accredited by the North Central Association of Colleges and Secondary Schools and by the State Education Department of the State of New York, and is a member of the Association of American Colleges.
ADMISSION

All applications for admission should be made to the Dean at least a month before the date of opening. Since all applications must be made on the forms provided by the college, the applicant should send for these early. The forms referred to include:

(a) Personal application
(b) Transcript of high school record
(c) Recommendation of pastor
(d) Health record

One who intends to study for the ministry must present a recommendation from his consistory endorsing him for the ministry. Those seeking admission at the beginning of the second semester should apply, if possible, a month before the semester opens.

Freshman Standing

Students will be admitted to Freshman standing by plan A, B, or C.

Plan A.

1. The applicant for admission must submit a certificate from an accredited school.

2. Amount of work. This certificate must testify to the satisfactory completion of fifteen units of work. By a unit of work is meant the equivalent of five recitations a week for thirty-six weeks in one branch of study.

3. Prescribed work. The fifteen units required for admission must include four sequences, two major sequences and two minor sequences, selected from the five groups listed below. A major sequence consists of a minimum of three units, a minor sequence of a minimum of two units.

I. ENGLISH

A major sequence of at least 3 units is required

II. One major sequence (2 units) and two minor sequences (2 units each) are to be chosen from Groups A, B, C, D. Two sequences may be chosen from Group A but only one from Groups B, C, D.

A. FOREIGN LANGUAGE GROUP

A sequence consists of work in a single language, not in the combination of two languages. The foreign languages acceptable are: Greek, Latin, French, German, Spanish, and

Dutch

B. MATHEMATICS-PHYSICS GROUP

A minor sequence in this group must include 1 unit of algebra and 1 unit of plane geometry. A major sequence is formed by adding to this minor sequence 1 or more units from the following:

Adv. algebra... 1/2 or 1 unit
Solid geometry... 1/2 unit
Trigonometry... 1/2 unit
Physics... 1 unit

C. NATURAL SCIENCE GROUP

Physics... 1 unit
Chemistry... 1 unit
Botany... 1 unit
Zoology... 1 unit
Biology (botany, 1/2 unit and zoology, 1/2 unit)

D. SOCIAL STUDIES GROUP

Ancient history, 1 unit
European history, 1, 1/2, or 2 units
American history, 1/2 or 1 unit
American government, 1/2 unit
Economics, 1/2 unit
Minimum requirements from above groups...

The remaining units required to make up the necessary 15 units required are elective from among the subjects listed above and such others as are usually counted toward graduation by the accredited school. The Dean, however, has the right to reject such credits as the institution considers undesirable. One unit of foreign language may be offered under this group...

Total...

Physics may not be counted in either of the Groups B and C as part of a sequence.

If biology is counted, neither botany nor zoology may be counted.

English history may be included under European history. World history may be included when accompanied by a second full year of history.

Half units in the social studies are acceptable as part of a sequence only if taken in the eleventh or twelfth grade.

Students who plan to meet the Bachelor of Arts degree requirements would be wise not to omit more than one of the above groups in selecting sequences and should, if possible, complete one language sequence in high school.

APPLICANTS FOR PRE-PROFESSIONAL COURSES:

Pre-seminary students should present, if possible, 2 units of high school German and 2 units of high school Latin for admission.

Pre-medical, pre-dental, and pre-engineering students should present, if possible, 1 1/2 units of algebra, 1 unit of geometry, 1 unit of high school chemistry, and 1 unit of high school physics.

Pre-law students should present, if possible, 2 units of high school Latin for admission.
Plan B. Admission by Examination. Applicants who are unable to furnish approved certificates, and who are therefore unable to meet the first requirement of Plan A, may be admitted if by passing examinations satisfactorily they can meet the other requirements of Plan A. Further particulars regarding such examinations may be obtained from the Dean.

Plan C. Provisional Admission. An applicant for admission whether on Plan A or B, who meets all the requirements save that he fails by not more than one unit to satisfy the requirements either as to prescribed work or as to distribution of work, may be admitted provisionally. Such deficiency must, however, be removed during the first year of residence.

Admission of Returning War Veterans

Men and women in the Armed Services who plan to enter college after their discharge should have a transcript of their high school record and previous college record mailed to Calvin College at their earliest convenience. Veterans who have spent time in the Army Specialized Training Program or the Navy College Training Program and who wish to return to Calvin should request the Registrar of the institution at which they received this training to forward a transcript of the credits earned to Calvin College. Advanced credit will be given for all such courses as can be applied toward degree requirements.

Calvin College has been recommended by the State as an institution of higher education for the training of discharged service men. Further information or counsel will be furnished gladly upon request.

Advanced Standing

Advanced Standing (in other words, college credit) is granted in the following cases:
1. When the applicant submits from an accredited college, junior college, or normal school, a certificate of honorable dismissal and a transcript of the studies pursued. However, no applicant is allowed more than sixteen hours of credit for each semester of work taken at some other recognized institution.
2. When the applicant, at the time of entrance, passes satisfactory examinations in the subjects in which he desires advanced standing.
3. When the applicant submits from an accredited high school, in excess of sixteen units for admission, credits in subjects which are also taught in college; provided that for at least one semester he successfully continues work in these subjects at Calvin College. The limit of such college credit allowance is six hours.
4. When the applicant submits credits from an accredited high school for work done after graduation, provided these credits are in courses taught in both high school and college. No more than six hours will be allowed for a full semester's work.

Admission to advanced standing does not excuse the student from meeting the specified requirements for graduation from Calvin College. For example, students entering as sophomores in the General College course must for graduation earn ninety-four honor points, those entering as juniors sixty-two and one-half honor points, those entering as seniors thirty-one honor points.

To students coming from other colleges not more than sixteen hours of credit will be allowed for every full semester's work.

All advanced standing is subject to revision at the end of the first year of residence.

Students expecting advanced standing for work done at other institutions should bring full credentials, and should at the time of entrance consult the Dean.

Unclassified Students

Applicants for admission who are not candidates for graduation may be enrolled for such studies as their preparation qualifies them to pursue with profit. Such applicants should consult the Dean regarding arrangements.
STUDENT EXPENSES

Tuition and Other Fees

REGULAR TUITION FEE

The regular tuition is $125.00 a semester. For students who are members of a Christian Reformed Church and thus contribute indirectly to the support of Calvin College, the tuition shall be determined on the basis of the zone in which the student resides. The U. S. Office of Postal Guide shall determine the zone of residence.

Zones 1, 2, and 3 (extending up to 300 miles from Grand Rapids)
For students residing within these zones the tuition is $90.00 a semester. For two students from one family residing in the region defined the tuition for each is $75.00 a semester.

Zones 4 and 5 (from 300 to 1,000 miles from Grand Rapids)
For students residing within these zones the tuition is $65.00 a semester. For two students from one family residing in the region defined the tuition for each is $52.50 a semester.

Zones 6, 7, and 8 (over 1,000 miles from Grand Rapids)
For students residing within these zones the tuition is $40.00 a semester. This is the minimum tuition.

Canadian Students
For students residing in Canada, members of the Christian Reformed Church, the tuition shall be calculated on the same mileage basis as given above.

In calculating the tuition, residence is determined as follows:
Residence of minors is that of their parents or legal guardians.
Residence of students whose parents are foreign missionaries of the Christian Reformed Church shall be considered Zone 8.
Residence of a married man is considered that of his established home during the semester preceding the date of registration.
Residence of all others is considered local.

Excess Hours
Students taking in excess of seventeen semester hours will be charged an extra fee of eight dollars for each such excess semester hour.

Unclassified Student Fees
Unclassified students pay at the rate of eight dollars for each semester hour.

Laboratory Fee
An extra fee is charged in some laboratory courses to cover cost of material, wear and tear of instruments, and the like. Amount of such laboratory fee is indicated in the catalog in the description of the specific courses.

Practice Fee
A practice fee of eight dollars a semester is paid by students who register for practice teaching.

Graduation Fee
The general graduation fee, including diploma, is six dollars.

Late Registration
A fee of one dollar will be charged for late registration.

Summer Session
The tuition fee is eight dollars per semester hour of credit.

Individual Lessons
Charges for individual instruction in voice, piano, organ and orchestral or hand instruments are at the rate of thirty dollars per semester (fifteen lessons). The fee for use of the organ for practice is ten dollars per semester.

 Locker Fees
Lockers are rented to students at the rate of fifty cents per year.

Refundment
No refunds will be made to any student expelled, suspended, or requested to withdraw on account of conduct or poor scholarship.
If a student withdraws voluntarily and in good standing within two weeks after the first day of enrollment, tuition and all fees except $5.00 to cover registration, will be refunded; if before the end of eight weeks, one-half of the total fees (tuition and miscellaneous fees) will be returned; after eight weeks, no part will be refunded.

Living Expenses
Living Expenses, including board, room rent, fuel, light, laundry, and text books are from $500.00 up per year.
HOUSING

Lodging and Board for Men

MEN students are housed in private homes in the vicinity of Calvin College. A list of homes is furnished upon request. The average cost runs about $5.00 per week per student for the facilities furnished. Food can be secured in some of these homes, in the neighboring eating places, or at the Dormitory. Board rates for next year in the dormitory are set at $170 per semester subject to change with the variations of food costs.

College Residence Halls for Women

THE college dormitory for women on Giddings Avenue provides living accommodations for about 80 students. Board and room fees total approximately $240.00 per semester. Application for admission should be made with the Dean of Women, Calvin College. Since new applications are given preference according to time of filing, the applicant is advised to correspond with the Dean of Women as early as possible.

Three semi-cooperative homes in the southeast section of the city are maintained by the college and provide women students with congenial living accommodations. These homes are under the direct control of the faculty, and each is under the personal supervision of a housemother. Each student works out part of her room and board, net expenses amounting to about $10.00 per week. Application for admission to these homes should be made with the Dean of Women.

Women living in college residence halls must furnish their own towels, sheets, pillow cases, and blankets.

Applicants accepted for admission to residence halls are expected to retain possession of their rooms for one semester, and may not move to other living quarters without permission.

Admission to residence halls is regarded by the college authorities not as a right, but as a privilege which may be withheld or withdrawn from any student whose presence there may not be considered desirable.

For those students who are unable to procure admission to a college residence hall, or who wish to live in a private home, the college keeps on file a list of rooming places, and will do all in its power to obtain for the student the kind of place desired. A city such as Grand Rapids offers excellent opportunity for self-support, especially for young women who desire to work for their room and board. Since it has been found most desirable for students to discuss financial arrangements and other matters with their prospective landlords, the college will not make advance assignments to private homes. The student should report to the Committee on Housing as soon as he arrives in Grand Rapids.

The college cafeteria is located in the dormitory. In addition to the dormitory residents, a limited number of additional students may be served.

All rates are subject to change.
STUDENT AID

Scholarships

UNIVERSITY OF MICHIGAN STATE COLLEGE SCHOLARSHIP.—The following is taken from the catalogue of the University of Michigan:

"By action of the Board of Regents, each of the faculties of the accredited colleges of the state of Michigan is authorized to nominate annually to the administrative officers of the Graduate School some member of the graduating class, or some one of their graduates of not more than four years' standing, as a suitable candidate for a State College Scholarship. In each case an alternate may also be nominated." Students wishing to make application for this scholarship should consult the Registrar of Calvin College not later than February 1.

RHODES SCHOLARSHIP.—Male students in the junior and senior years may apply for nomination to the Cecil Rhodes Scholarship.

A RHODES SCHOLARSHIP is tenable for three years at the University of Oxford. The stipend is at present fixed at 400 pounds a year. However, a Rhodes scholar should be prepared to supplement his stipend by at least 50 pounds a year from his own resources. More specific information may be obtained from the Calvin College Registrar.

FRESHMAN SCHOLARSHIP.—Each year Calvin College offers a scholarship, consisting of free tuition for the Freshman year, to a member of the graduating class in each of the accredited Christian High Schools of America supported by our constituency, who is recommended thereto by the faculty of that school, in accordance with the following conditions:

1. (a) The Faculty of Calvin College will select and appoint the winner.
   (b) If, in the opinion of the Faculty of Calvin College, no suitable candidate is available, no award shall be made in that particular year.
   (c) The Faculty always reserves the right, for reasons of its own, to reject any candidate who may be recommended for this scholarship.

2. The recommendation shall be on the basis of scholarship, Christian character, personality, and promise of growth.
3. The recipient should expect to complete the course at Calvin.
4. The recipient must have fulfilled regular college admission requirements.

5. The recipient should have been in residence at the high school from which he graduates for at least his junior and senior years.

ALUMNI TUITION SCHOLARSHIP.—The Alumni Association annually offers a tuition scholarship to that member of the Sophomore class who in his Freshman year has shown himself to be deserving. The conditions are as follows:

1. The recommendation shall be on the basis of scholarship, Christian character, personality, and promise of growth.
2. The recipient should expect to complete his college work at Calvin College.
3. If in the opinion of the faculty no suitable candidate is available, no award shall be made in that particular year.

Prizes and Awards

ALUMNI PRIZE.—The Alumni Association offers an annual prize of $15.00 based upon scholarship. For the year 1945-46 the award was made for special excellence in the department of Education. For the year 1946-47 the award went to the department of Philosophy.

THE BEETS CALVINISM PRIZE.—Dr. and Mrs. Henry Beets have presented the College with $500.00, the income of which is to constitute a prize for the best essay or term paper on Calvinism, in any of its bearings, written each year by Calvin College students, and to be awarded at the discretion of the professor holding the chair of Calvin in consultation with the President of Calvin College, provided that if during any given year the professor named above does not consider the essays or papers submitted of sufficient merit to deserve the prize, the interest of such a year, or years, be added to the principal.

BROODMAN ORATORICAL PRIZES.—Through the generosity of Dr. G. J. Broodman of Grand Rapids, Michigan; gold, silver, and bronze medals are given annually to the winners of the first, second, and third prizes, respectively, in a men's oratorical contest. The first prize winner represents Calvin in the state oratorical contest of the Michigan Intercollegiate Speech League held in March of each year.

ANNA BRUNNSMA PRIZE IN MUSIC.—The interest of $75.00, given by Mr. H. J. Brunnsma of Grand Rapids in honor of his deceased wife, one of Calvin's alumnae, is to be used in the department of music, two-thirds of it serving as first, and the remaining third as second prize.
Thespian Prize—The Thespians, dramatics club of Calvin College, offers three prizes in oratory for women, of $15.00, $10.00 and $5.00.

The first prize winner represents Calvin in the state oratorical contest of the Michigan Intercollegiate Speech League held in March of each year.

The Rinck Memorial Prize.—A fund of $500.00 has been subscribed by former students and friends of the late William Rinck, Professor of Mathematics at Calvin College, 1905 to 1920, the income of which is to be devoted to a prize in mathematics. The prize is awarded annually to the student who has done the best work in college algebra, analytical geometry, and calculus, provided the grade in each of these courses is at least "B."

Musicians' Guild Scholarship—Freshmen who register at Calvin College in September, 1948, will be eligible for a $50 scholarship offered by the Musicians' Guild. Instrumentalists, excluding pianists and organists, will be the only persons eligible for this scholarship. Try-outs will be conducted in September, 1948, after further announcements have been made. The winner will receive the $50 as a cash award. Persons interested may correspond with Professor Swets or see him at registration next September.

Loans

The Dutch Mother Fund, founded by one of Calvin's grateful alumni, uses the proceeds of $2,500 to help students who major in subjects essential to engineering, provided the applicants meet requirements in respect to character and scholarship and promise to repay the loan after graduation as soon as possible. Application for a loan from this fund must be made at the office.

Placement Bureau

The Placement Bureau was established some years ago for the purpose of assisting prospective teachers, graduates of Calvin College, in securing teaching positions. This bureau keeps on file a list both of vacancies in the teaching forces in our Christian Schools throughout the country, and of graduates who desire to teach. All correspondence for the Bureau should be addressed to: Placement Bureau, Calvin College. There is no charge for these services.

Administration

Religious Culture

In accord with its specific aim and with its belief that this aim cannot be attained unless the religious side of the student’s life receives due attention, the College makes religious instruction, either doctrinal or historical, compulsory for all classes of students. Ten hours of such religious instruction must be taken during the four college years in accordance with a set program.

Furthermore, all students are required to attend the devotional exercises held in the auditorium on days assigned at 9:30 A.M. It is understood, too, that on the Sabbath every student worships regularly at some church of his own selection.

As often as is deemed necessary during the course of the college year the spiritual adviser has consultations with each student, the aim being to offer such help in the moral and spiritual life as the student may need.

The Hekman Memorial Library

The library contains more than 33,500 volumes. About 1,000 books are added yearly. All students and former students of Calvin College and Seminary are entitled to the full use of the library.

Physical Education

All Freshman and Sophomore men students are required to participate in a physical fitness program three times per week. Classes in required physical education for men are given during all periods, including the sixth, on Monday, Wednesday, and Friday. All Freshman and Sophomore girls are required to take physical education. Girl's classes are on Tuesday and Thursday from the first period through the fifth. No academic credit is given for this work. Exceptions from this requirement are permitted only upon written request of the school physician or upon the written consent of the Dean of the college.

Attendance

The school year of thirty-six weeks is divided into two semesters of eighteen weeks each. A summer session of six or eight weeks is offered each summer.

Two vacations are given during the year: a vacation of two weeks at the Christmas holidays, and a spring vacation of one week.
Students are required to remain on duty until the last school exercise preceding a vacation is completed, and to be present at the hour of opening, after a vacation.

**Grades and Honor Points**

Report Cards are sent out at the end of each semester.

In grading the work of students a literal system equivalent in honor points is used; as follows:

<table>
<thead>
<tr>
<th>MARK</th>
<th>INTERPRETATION</th>
<th>EQUIVALENT HONOR POINTS</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>Exceptional</td>
<td>3</td>
</tr>
<tr>
<td>B</td>
<td>Good or very good</td>
<td>2</td>
</tr>
<tr>
<td>C</td>
<td>Graduation average</td>
<td>1</td>
</tr>
<tr>
<td>D</td>
<td>Unsatisfactory; just passable</td>
<td>0</td>
</tr>
<tr>
<td>E</td>
<td>Condition, which may be removed by re-examination</td>
<td>Minus 1</td>
</tr>
<tr>
<td>F</td>
<td>Failure. No re-examination</td>
<td>Minus 2</td>
</tr>
<tr>
<td>Inc.</td>
<td>Work not completed</td>
<td></td>
</tr>
<tr>
<td>W</td>
<td>Work extending over two semesters</td>
<td></td>
</tr>
</tbody>
</table>

The mark E can be removed only by a re-examination passed with a grade of C or better. Such re-examination must be taken at the appointed time within the next semester. Responsibility for arranging for re-examination at the appointed time, for securing from the instructor concerned a signed removal slip without which no change is made in the Registrar's entries, and for presenting such removal slip to the Registrar, lies with the student. Should the student fail to remove his condition, the mark E is automatically graded F.

For a course marked F a student can receive credit only by satisfactorily repeating the whole course.

If a student is absent from a final examination the mark "No exam." will be given. This mark must be removed by taking the examination at the time scheduled for re-examinations.

The mark Inc. signifies the absence of a certain amount of reading to be completed, or of papers to be handed in. This mark is given only in cases of prolonged illness and in emergencies, i.e., in circumstances which may reasonably prevent a student from completing his work on time, such as practice teaching, inability to obtain necessary books, etc. To remove a mark Inc. the student must secure credit for the course by satisfying the instructor within one year. Responsibility for securing such credit and for obtaining from the instructor concerned a signed removal slip without which no change is made in the Registrar's entries, and for presenting such removal slip to the Registrar, lies with the student. Should a student fail to remove the mark Inc. within the allotted time, the mark automatically becomes F.

When the record of a student suggests doubt as to his fitness to do more advanced work in a particular department, his case is determined jointly by the Dean and the instructors concerned.

**Examinations and Written Work**

Regular examinations, in writing, are held at the close of each semester. In addition, tests and written recitations are given frequently during the year, with or without previous notice, at the option of the instructor.

Supplementary examinations for admission and for the removal of conditions are held on the first Friday and Saturday of the school year, and on the first Friday and Saturday after the spring vacation.

Term papers and book reports (not including weekly or bi-weekly assignments) shall be in three weeks before the final examinations.

Any student found guilty of dishonesty in any examination or test or required written work of any character, will be graded F in the course, besides being subject to discipline.

**Dropping and Changing of Courses**

After a student has enrolled for a study, he may not drop it without written permission of the Dean. Such permission will be granted only in exceptional cases after November 1 the first semester, and after March 15 the second semester.

A student may not change his course of study without permission of the Dean.

**Class Visitors**

Under certain conditions, students may attend classes as visitors or auditors. Permission to do so must be obtained from the office.

**Dismissal**

Admission to Calvin College is a privilege not a right. This privilege may be withdrawn from any student whose presence is not regarded as desirable by the college authorities.
REQUIREMENTS FOR GRADUATION

The College graduates or certified students from the following courses: General College, pre-Seminary, Education, pre-Medical, pre-Law, pre-Engineering, pre-Business Administration, pre-Forestry, and pre-Nursing.

Every student (except those few who register as “Unclassified”) must, in addition to the required physical education, fulfill the requirements of the course from which he elects to graduate. The requirements in each course are listed below.

By an hour of credit is meant in each case the equivalent of one recitation a week in one subject for one semester. The number of hours of credit given for a particular subject is indicated in the description of that subject to be found under Description of Courses.

By department is meant any one of the following: Art, Bible, Chemistry, Dutch, Economics and Sociology, Education, Engineering, English, French, German, Greek, History, Latin, Mathematics, Music, Organic Science, Philosophy, Physical Education, Physics, Political Science, Psychology, Public Speaking.

No diploma will be granted for less than one year’s resident work, which ordinarily must be the year immediately preceding graduation.

When no full course is completed, a statement is given of the studies which the student has successfully completed.

General College

1. Amount of Work. The student must complete 125 hours of work.

2. Grade of Work. The student must obtain a total of 125 honor points; in other words, must obtain an average grade of C.

3. Prescribed Work. Of the 125 hours required, the following are prescribed:

<table>
<thead>
<tr>
<th>Subject</th>
<th>Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>Bible 101 or 105, 102 or 106, 201, 202, 301</td>
<td>10</td>
</tr>
<tr>
<td>English 103, 104</td>
<td>6</td>
</tr>
<tr>
<td>History</td>
<td>6</td>
</tr>
<tr>
<td>Philosophy (not including Psychology or Logic)</td>
<td>6</td>
</tr>
<tr>
<td>Natural Science</td>
<td>10</td>
</tr>
<tr>
<td>Foreign Language</td>
<td>(see following explanation)</td>
</tr>
</tbody>
</table>

Foreign Language Requirements

a. A student who has had no foreign language in high school will be required to take two years (four semesters) of one foreign language and one year (two semesters) of a second foreign language in college. One of these must be an ancient foreign language and the other a modern foreign language.

b. Students who have earned credit for foreign language in high school may have this credit applied toward the fulfillment of the college language requirement. For the purpose of evaluating high school credit in a foreign language, one year of foreign language in high school will be regarded as the equivalent of one semester in college.

c. The student is advised to make his choice of foreign languages, particularly his choice of a modern foreign language, in consultation with the Dean.

4. Distribution of Work. Majors and Minors. To insure proper distribution of the student’s work, the departments of study have been divided into three groups; as follows:

Group I. Art, Dutch, English, French, German, Greek, Latin, Music, Public Speaking.

Group II. Chemistry, Mathematics, Physics, Organic Science, Psychology.

Group III. Bible, Economics and Sociology, Education, History, Philosophy, Political Science.

The student must so distribute the total 125 hours (including, therefore, those prescribed) among the three groups that he complies with the following restrictions:

a. The student must choose one of these three groups as his major and another group as his minor.

b. In his major group the student must choose two departments in one of which he completes a sequence of at least twenty-one hours and in the other of which he completes a sequence of at least twelve hours (or fifteen hours if he desires a Teachers’ Certificate). Besides, he must take an additional three hours in either of these two departments. The total number of hours required in the major group is, therefore, thirty-six.

c. In his minor group the student must choose one department in which he completes a sequence of twelve hours. Besides, he must take an additional six hours within his minor group. The total number of hours required in the minor group is, therefore, eighteen.
d. Should a student choose Group II as his major or his minor group, and should be further choose Psychology as a sequence in this group, nine hours of Psychology and three hours of Logic will be accepted as a twelve-hour sequence.

e. At least one-half of the work taken in residence beyond the sophomore year must be in courses not open to freshmen.

5. DEGREE. On satisfactory completion of this course, the student will receive the degree of bachelor of arts. If he has met all the requirements of this course and has completed 60 or more hours in Group II he may elect to receive the degree of bachelor of science instead of bachelor of arts.

6. STATE TEACHERS’ PROVISIONAL CERTIFICATE. To be eligible for recommendation for a State Teachers’ Provisional Certificate the student must on graduation meet the Michigan State Department of Education requirements for either the Elementary or the Secondary Provisional Certificate. The minimum requirements in Education subjects for these certificates are given on p. 32, 33, and the requirements for majors and minors on p. 32, 33 a (1). Students planning to work for a certificate should consult the Dean.

Pre-Seminary

(See note regarding Pre-Seminary entrance requirements under Plan A, page 15 Note.)

1. AMOUNT OF WORK. The student must complete 125 hours of work.

2. GRADE OF WORK. The student must obtain a total of 125 honor points; in other words, he must receive an average grade of C. To receive, in addition, the faculty’s recommendation for admission to Calvin Seminary, the student must obtain one and one-half times as many honor points as hours of credit.

3. PRESCRIBED WORK. The following 113 hours of work are prescribed:

<table>
<thead>
<tr>
<th>First Semester</th>
<th>Hours</th>
<th>Second Semester</th>
<th>Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>Dutch 101</td>
<td>3</td>
<td>Dutch 102</td>
<td>3</td>
</tr>
<tr>
<td>English 103</td>
<td>3</td>
<td>English 104</td>
<td>3</td>
</tr>
<tr>
<td>History 101</td>
<td>3</td>
<td>History 102</td>
<td>3</td>
</tr>
<tr>
<td>Latin 201</td>
<td>3</td>
<td>Latin 202 or 302</td>
<td>3</td>
</tr>
<tr>
<td>Public Speaking 103</td>
<td>2</td>
<td>Public Speaking 104</td>
<td>2</td>
</tr>
<tr>
<td></td>
<td>16</td>
<td></td>
<td>15</td>
</tr>
</tbody>
</table>

Sophomore Year

| Bible 201    | 2     | Bible 202       | 2     |
| Dutch 203   | 2     | Chemistry 206   | 2     |
| Greek 101   | 4     | Dutch 202       | 2     |
| Psychology 201 | 3   | Greek 102       | 3     |
| Sociology 203 | 3   | Organic Science 210 | 2 |
| English 201 or other Philosophy 202 | 3 |
| English elective | 3    |                 | 3     |
|               | 17    |                 | 15    |

Junior Year

| Dutch 305   | 2     | Dutch 306       | 2     |
| Education 301 | 3   | Dutch Hist. 326 | 3     |
| English 207 or other Greek 202 | 3 |
| English elective | 3 | Organic Science 306 | 2 |
| Greek 203   | 5     | Philosophy 204  | 5     |
| Public Speaking 305 | 2 | Elective        | 2     |
| Elective    | 16    |                 | 17    |

Senior Year

| Bible 301    | 2     | Bible 302       | 2     |
| Economics 201 | 3   | Economics 202   | 2     |
| Greek 203   | 3     | Greek 204       | 3     |
| Mathematics 209 | 2 | Philosophy 203  | 2     |
| Philosophy 301 | 3   | Elective        | 3     |
| Physics 301  | 3     |                 | 4     |
|               | 18    |                 | 18    |

If Dutch 305 and 306 are taken in the Senior year, Economics 201 and 202 should be taken in the Junior year.

To meet the language requirements for this course the student is required to present two units of high school German and two units of high school Latin. If these languages were not taken in high school the student must make up the deficiency in college.
4. DEGREE. Upon satisfactory completion of this course, the student will receive the degree of bachelor of arts, pre-seminary course.

Education

1. AMOUNT OF WORK. A total of 125 hours of work must be completed.

2. GRADE OF WORK. At least 125 honor points are required.

3. PRESCRIBED WORK. To earn the degree of bachelor of arts in education for recommendation for a Michigan State Teacher's Certificate the student must complete:

a. Calvin College requirements:

(1) A major field of 34 hours and two minors of at least 15 hours each or either high school or elementary school positions; or four minors for elementary school positions only.

(2) Bible 101-2, or 156-6, 201-2, 301, or 356-7, 401-2, 501-2, 601-2, 701-2, 801-2, 901-2

(3) English 104, 105, 201-2, 301-2, 401-2, 501-2, 601-2, 701-2, 801-2, 901-2, 101-2, 106-6

(4) History

(5) Natural Science

(6) Foreign language...4 semesters of one foreign language.

Students who have earned credit for foreign language in high school may have this credit applied toward the fulfillment of the college language requirement.

b. The Michigan State Department of Education requirements:

Psychology 201-202; Education 203 or 306 or 308; 301, or 314, or 315, or 317; a method course, and 340...

4. FOR PROSPECTIVE HIGH SCHOOL TEACHERS (Grades seven through twelve).

a. Majors and minors may be chosen from the following subjects:

Chemistry
Economics
History
Sociology
Economics
Mathematics
English
French

b. Prospective teachers in secondary schools must also take Speech 103 or 104, Education 342, and choose their methods courses from the following:

Education 220, 307, 310, 324, 326, 328, 340, 350...

32

5. FOR PROSPECTIVE ELEMENTARY SCHOOL TEACHERS (Kindergarten through grade eight).

a. Prospective elementary teachers may select majors and minors from the list under 4a, but two of these must be in subjects or subject fields taught in the elementary grades.

b. Prospective elementary teachers are advised preferably to select four minors as follows:

(1) English studies: Credits earned in English literature, Rhetoric, Speech, Reading, Story Telling count towards this minor.

(2) Art studies: Music, Fine Arts, Industrial Arts, Drawing.

(3) Social studies: Economics, Geography, History, Political Science, Sociology, Biblical.

(4) Science studies: Organic Science, Psychology, Physics, Chemistry, Mental Hygiene.

c. Prospective teachers in the elementary grades who are preparing to teach in the Christian schools are required to take the following methods courses: Education 220, 222, 320, 322.

In addition to these subjects prospective elementary teachers are urged to include in their courses:

(1) Art 225 or 226 (no credit) and Art 301...

(2) Geography 105 or 106...

(3) Education 321, 325, and 324...

(4) Speech 101 or 104...

6. The State Board of Education in Michigan upon graduation at Calvin gives the students Provisional Certificates valid for five years, to be converted into Permanent Certificates provided:

a. The applicants have taught three years successfully.

b. They have earned ten additional semester hours of credit.

IMPORTANT DIRECTIONS TO HOLDERS OF LIMITED CERTIFICATES BASED ON THE MICHIGAN TEACHERS' CERTIFICATION CODE

CAUTION: No person can be employed to teach in any school district unless he is legally qualified by holding a valid certificate. In order that the holder of any limited certificate may retain without interruption his status as a legally qualified teacher, he must make application for renewal to the State Board of Education between April 1 and September 30 of the year the certificate expires; if the candidate on the expiration of the certificate does not arrange for renewal as here stated, he will forfeit his status as a legally qualified teacher, and therefore will not be permitted to teach. He will, however, remain eligible to make application for renewal until June 30 of the year following expiration of his certificate after which date renewal privileges are canceled.

A. To the holder of a State Limited Certificate or of the State Limited Renewal Certificate:

1. To the holder of a State Limited Certificate may be issued (five times) a State Limited Renewal Certificate provided the candidate shall have met the following conditions:

(1) English studies: Credits earned in English literature, Rhetoric, Speech, Reading, Story Telling count towards this minor.

(2) Art studies: Music, Fine Arts, Industrial Arts, Drawing.

(3) Social studies: Economics, Geography, History, Political Science, Sociology, Biblical.

(4) Science studies: Organic Science, Psychology, Physics, Chemistry, Mental Hygiene.

c. Prospective teachers in the elementary grades who are preparing to teach in the Christian schools are required to take the following methods courses: Education 220, 222, 320, 322.

In addition to these subjects prospective elementary teachers are urged to include in their courses:

(1) Art 225 or 226 (no credit) and Art 301...

(2) Geography 105 or 106...

(3) Education 321, 325, and 324...

(4) Speech 101 or 104...

6. The State Board of Education in Michigan upon graduation at Calvin gives the students Provisional Certificates valid for five years, to be converted into Permanent Certificates provided:

a. The applicants have taught three years successfully.

b. They have earned ten additional semester hours of credit.

(3) Education 321, 325, and 324...

(4) Speech 101 or 104...

6. The State Board of Education in Michigan upon graduation at Calvin gives the students Provisional Certificates valid for five years, to be converted into Permanent Certificates provided:

a. The applicants have taught three years successfully.

b. They have earned ten additional semester hours of credit.

IMPORTANT DIRECTIONS TO HOLDERS OF LIMITED CERTIFICATES BASED ON THE MICHIGAN TEACHERS' CERTIFICATION CODE

CAUTION: No person can be employed to teach in any school district unless he is legally qualified by holding a valid certificate. In order that the holder of any limited certificate may retain without interruption his status as a legally qualified teacher, he must make application for renewal to the State Board of Education between April 1 and September 30 of the year the certificate expires; if the candidate on the expiration of the certificate does not arrange for renewal as here stated, he will forfeit his status as a legally qualified teacher, and therefore will not be permitted to teach. He will, however, remain eligible to make application for renewal until June 30 of the year following expiration of his certificate after which date renewal privileges are canceled.

A. To the holder of a State Limited Certificate or of the State Limited Renewal Certificate:

1. To the holder of a State Limited Certificate may be issued (five times) a State Limited Renewal Certificate provided the candidate shall have met the following conditions:
(a) Subsequent to the date of issue of the last certificate held, the candidate must have acquired 10 semester hours of credit, of an average grade of "C" or better, earned in an institution or accepted by an institution approved by the State Board of Education. These credits must be applicable toward the requirements of the curriculum prescribed for the State Provisional Certificate eventually desired. Not less than 5 semester hours must be earned in residence; the remainder may be earned in extension study but of this not to exceed 3 semester hours may be correspondence study credit.

(b) In order to ensure that the credits earned toward renewal will apply on the State Provisional Certificate curriculum at the institution where the candidate intends to qualify eventually for that certificate, the candidate should arrange in advance in each case to have his course selections approved by that institution. Also all credits wherever earned should be submitted to that institution for evaluation and by it transmitted to the State Board of Education with recommendations.

C. The above statement was approved by the State Board of Education.

Pre-Medical and Pre-Dental

(See note regarding pre-Medical entrance requirements under Plan A, page 15 Note.)

1. AMOUNT OF WORK. The student must complete 94 hours of work.

2. GRADE OF WORK. The student must obtain a total of 94 honor points; in other words, must obtain an average grade of C; except that to obtain faculty recommendation for admission to a class A medical school he must in the three years of residence obtain a total of 156 honor points, representing an average of D.

3. PRESCRIBED WORK. The following courses are prescribed:

<table>
<thead>
<tr>
<th>Freshman Year</th>
<th>Second Semester</th>
</tr>
</thead>
<tbody>
<tr>
<td>Bible 101 or 105</td>
<td>2 hours</td>
</tr>
<tr>
<td>Chemistry 106</td>
<td>4 hours</td>
</tr>
<tr>
<td>English 108</td>
<td>3 hours</td>
</tr>
<tr>
<td>Organic Science 108</td>
<td>3 hours</td>
</tr>
<tr>
<td>History 206</td>
<td>3 hours</td>
</tr>
<tr>
<td>15 hours</td>
<td>16 hours</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Sophomore Year</th>
</tr>
</thead>
<tbody>
<tr>
<td>Bible 201</td>
</tr>
<tr>
<td>Chemistry 201</td>
</tr>
<tr>
<td>French or German</td>
</tr>
<tr>
<td>Organic Science 201</td>
</tr>
<tr>
<td>Physics 201</td>
</tr>
<tr>
<td>16 hours</td>
</tr>
</tbody>
</table>

| Junior Year | 2 hours | English or elective | 3 hours |
| Chemistry 301 | 4 hours | Organic Science 312 | 3 hours |
| English or elective | 3 hours | Psychology 312 or elective | 3 hours |
| Organic Science 207 | 3 hours | Chemistry 302 | 4 hours |
| Organic Science 312 | 3 hours | Organic Science 306 | 2 hours |
| Psychology 301 | 3 hours | 17 hours | 16 hours |

Pre-Medical students are strongly advised to take a full college course.

Trigonometry presupposes one and one-half units of Algebra.

If the student has had French or German in high school, the number of hours prescribed in the College may be reduced by four hours for each of the first two units of work. But one year of either French or German must be taken in college.

Since modern language requirements for admission into medical schools vary widely, medical students are advised to consult the office in respect to them.

Bible 301 can, at the option of the student, be credited as philosophy on a transfer of credits.

4. DISTRIBUTION OF ELECTIVES. The number of hours of electives will vary according to the nature of the student's high school preparation in French or German. For their electives students should choose such subjects as are required for admission to the medical school which they expect eventually to attend.

5. DIPLOMA. On satisfactory completion of this course the student will receive a three-year diploma.

6. DEGREE. On satisfactorily completing this course with a record of not less than 125 honor points received in the required ninety-four hours, the student is eligible for the degree of bachelor of science on the combined curriculum plan in letters and medicine. He will receive this degree after one year of successful work in a recognized medical school.

A two-year pre-dental course is provided for those who desire it, but universities give preference for admission to students who have completed the three-year pre-dental course.

Four-Year Pre-Medical Course

1. AMOUNT OF WORK. The student must complete 125 hours of work.

2. GRADE OF WORK. The student must obtain a total of 125 honor points; in other words, must obtain an average grade of C.
However, for admission to some medical schools an average grade equivalent to one and one-half honor points is required.

3. PRESCRIBED WORK.
   a. The student must meet the prescribed course requirement as well as the major and minor group requirements for the General College A. B. course. If he has completed 60 or more hours in Group II he may elect to receive the degree of bachelor of science, general course, instead of the bachelor of arts.
   b. The student must meet the prescribed course requirement of the Three-Year Pre-Medical Course, and, if possible, in the same order.

4. DISTRIBUTION OF ELECTIVES. The number of electives will vary according to the nature of the student's high school preparation in French and German. Not less than 12 hours of his elected courses over and above the courses prescribed under 3 (above), but including Philosophy, must be in Groups I and III. The student is urged to elect Organic Science 106 and Chemistry 202 and 307.

Pre-Law

1. AMOUNT OF WORK. The student must complete 94 hours of work.

2. GRADE OF WORK. The student must obtain a total of 94 honor points; in other words, an average of C; except that he must obtain 156 honor points, representing an average of B, to warrant faculty recommendation for admission to a class A law school.

3. PRESCRIBED WORK. Of the 94 hours required, certain hours are prescribed; as follows:

Freshman Year

A student who has had French or German in high school may have his number of hours prescribed in college reduced by four hours for each of the first two units of high school work. But one year of French or German must be taken in college.

Since modern language requirements for admission into law schools vary widely, students are advised to consult the office with respect to them.

4. DISTRIBUTION OF ELECTIVES. The number of hours of electives will vary according to the student's high school preparation in languages. For their electives students should choose such subjects as are required for admission in the law school which they expect eventually to attend.

5. DIPLOMA. On satisfactory completion of this course the student will receive a three-year diploma.

6. DEGREE. On satisfactorily completing this course with a record of not less than 125 honor points received in the required 94 hours, the student is eligible for the degree of bachelor of arts on the combined curricular plan in letters and law. He will receive this degree after one year of successful work in a recognized law school.

Some law schools require an average grade equivalent to one and one-half honor points per hour of credit.

Pre-Engineering Course

Normally four semesters of work at a recognized school of engineering, in addition to the three-year course here outlined, are necessary to finish a regular engineering course.

1. AMOUNT OF WORK. The student must complete 94 hours of work.

2. GRADE OF WORK. The student must obtain a total of 94 honor points; in other words, must obtain an average grade of C.

3. PRESCRIBED WORK. Of the 94 hours required, the following are prescribed:
### Three-Year General Pre-Engineering Course

**Freshman Year**

<table>

<td></td>
</tr>
</tbody>
</table>

In case the student has no credit in Advanced Algebra, Mathematics 101 must be taken, and in that event Mathematics 103 must be taken during the second semester.

In case the student has no credit in Solid Geometry, he should arrange to take Mathematics 102, if possible.

Electives must be chosen in consultation with the Dean.

4. Diploma. On satisfactory completion of either course the student will receive a three-year diploma.

5. Degrees. On satisfactorily completing either course with a record of not less than 125 honor points received in the required 94 hours, the student is eligible for the degree of bachelor of science on the combined curriculum plan in science and engineering. He will receive this degree after completing satisfactorily the requirement for the bachelor of science in engineering in a recognized engineering school.

---

* See Engineering Subjects.
Major in Business Administration

Candidates for a Bachelor's degree from the General College Course may select their subjects with a view to obtaining a major in Business Administration. They should complete the subjects prescribed for the General College Course (see p. 28). To complete the major group requirements they should elect 24 hours in Economics and 12 hours in another department listed in Group III (see p. 29). They may elect to complete their minor group requirement by selecting subjects either in Group I or in Group II. The 24 hours in Economics must include Economics 201 and 202 and Economics 305 and 306.

Students desiring to receive a Master's degree in Business Administration at the University of Michigan, after receiving a Bachelor's degree from Calvin College, can do so by successfully completing a maximum of one year and one summer at the School of Business Administration of the University of Michigan.

Pre-Forestry

The following constitutes a recommended two-year Pre-Forestry Course. The student should complete 64 hours of work. He should choose such subjects as are required for admission to the particular school of forestry which he expects eventually to attend. The final arrangement of his course should have the approval of the Dean.

Freshman Year

* Required courses.

Sophomore Year

| Bible 201 | 2 hours | Bible 202 | 3 hours |
| Economics 201 | 3 hours | Economics 202 | 4 hours |
| Organic Science 201 | 4 hours | Mathematics 208 | 4 hours |
| Physics 201 | 4 hours | Organic Science 206 | 3 hours |
| Engineering 207 | 2 hours | Organic Science 208 | 3 hours |
| Public Speaking 103 | 2 hours | Physics 202 | 3 hours |

* Since Engineering 207 (Surveying) is taught every even year, students starting in September of the even years should take this course during their freshman year. Other students take Organic Science 201 during the freshman year.

Pre-Clinical Nursing Course

For students interested in Nursing, the following one-year course has been arranged to meet the requirements for admission to The Biedgett Memorial School of Nursing.

<table>
<thead>
<tr>
<th>FIRST SEMESTER</th>

| 17 hours | 17 hours |

Students wishing to take this course must make application at Biedgett Hospital with the Director of Nurses before August 1.

Upon completion of this course and twenty-eight months at The Biedgett Memorial Hospital School of Nursing, the student will be eligible to write the examinations given by the Michigan State Board of Registration of Nurses, and upon passing the examinations will receive her certificate to practice as a registered nurse.

* * * * *

For students who wish to enter Butterworth Hospital the following subjects are suggested:

| Chemistry 101N | 4 hours | Public Speaking | 4 hours |
| English Composition | 3 hours | Sociology | 3 hours |
| European History | 3 hours | Zoology 110 | 3 hours |
| Freshman 201 Electives | 3 hours | |

In addition to the above, Bible (2 hours) and Physical Education are required.

For electives the student is advised to choose History, English Literature, or Science, or a subject of her own choice.

Upon completion of this course and three years in the School of Nursing at Butterworth Hospital, the student will be eligible for registration by the Michigan State Board of Registration for Nurses.

Bachelor of Science in Nursing on the Combined Curriculum Plan

The student must

1. meet regular admission requirements to the college;
2. successfully complete 94 semester hours of pre-professional subjects considered fundamental in any liberal arts program;
3. complete an additional 28 to 30 months of training at an accredited hospital.
Courses of a technical nature, such as mechanical or free-hand drawing, practical or physical education are not acceptable as advanced credit toward the 94 hours of college work.

The required college courses in the program are the following:

<table>

</tr>
</tbody>
</table>

74-81 hours

To complete the 94 hours, the student may elect courses in Literature, History, Education, Organic Science, Chemistry, Political Science, or others.
106. NEW TESTAMENT HISTORY Two hours
A companion course to 105. Events of the intertestamental period are selected with particular reference to the coming of Christ; the principal events and teachings of Christ as recorded in the gospels are treated; and the origin and early expansion of the Christian Church in apostolic times is surveyed. Lectures and collaborative readings.

201. REFORMED DOCTRINE Two hours
An advanced course of study in the doctrine of the Christian religion as contained in the Bible and as reflected in the confessional standards of the Reformed Churches.

202. REFORMED DOCTRINE Continuation of 201.

301. STUDIES IN CALVINISM Two hours
An inquiry into the origin and nature of Calvinism, its influence upon the development of religion and political life, as well as the proper application of its principles to these spheres. The course consists of lectures, assigned readings, and essays. Open to Juniors and Seniors. To others only by special permission.

302. HEBREW CULTURE Two hours
A study of the geographical, social, civil, and religious customs of the Hebrews, and of the people among whom they lived when the Bible was written.

303. HISTORY OF THE CHRISTIAN CHURCH Three hours
A survey of the history of the Christian Church from its beginnings to the present time.

304. HISTORY OF THE CHRISTIAN REFORMED CHURCH Three hours
The historical antecedents and the development of the Christian Reformed Church in America.

Chemistry
A student who wishes to major in chemistry should complete the following courses: 103-4, 201-2, 301-2, 307-8 and 310. In related fields, he should complete Mathematics through Calculus, and Physics 201 and 202.

101. GENERAL CHEMISTRY Four hours
A non-technical course designed for students who do not need chemistry for pre-professional study. This course is a terminal course and includes a survey of inorganic and organic chemistry. Credit earned in this course can be applied to the laboratory science requirement for graduation. Three hours in class-room and one three-hour laboratory period per week. Laboratory fee, $3.00. Breakage fee, $2.00. No prerequisites.

102. GENERAL CHEMISTRY Continuation of 101. Hours, texts and fees the same.

103. GENERAL INORGANIC CHEMISTRY Four hours
This course is designed for students who plan to take further work in the departments, e.g., chemistry majors, pre-medical and pre-dental students. Three hours in class-room and one three-hour laboratory period per week. Laboratory fee, $3.00. Breakage fee, $2.00. No prerequisites, although a knowledge of high school chemistry is desirable.

104. GENERAL INORGANIC CHEMISTRY Four hours
Continuation of 103. Hours, texts and fees the same.

105E. GENERAL INORGANIC CHEMISTRY Four hours
This course is designed primarily for pre-engineering students who need only one year of chemistry. This course differs from 103 in that some material on Qualitative Analysis is also included.

104E. GENERAL INORGANIC CHEMISTRY Four hours
Continuation of 105E. Hours, texts and fees the same.

101N. CHEMISTRY FOR NURSES Four hours
A one semester course designed for students in the regular pre-professional courses. A survey of inorganic, organic, and biological chemistry as applied to the field of medicine. Three class-room hours and one two-hour laboratory period per week. Laboratory fee, $3.00. Breakage fee, $2.00. No prerequisites.
NOTE: Students preparing for a B.S. in nursing are advised to take 105 and 104.

201. QUALITATIVE ANALYSIS Four hours
Two hours of class-room work, one quiz period, and two laboratory periods of three hours each per week. Laboratory fee, $3.00. Breakage fee, $2.00. Prerequisite: 103 and 104.

202. QUANTITATIVE ANALYSIS Four hours
Two hours in the class-room and from eight to ten hours of laboratory work per week. Laboratory fee, $3.00. Breakage fee, $2.00. Prerequisite: 201.

301. ORGANIC CHEMISTRY Four hours
Two or three hours of class-room work, one quiz period, and two laboratory periods of three hours each per week. Laboratory fee, $3.00. Breakage fee, $2.00. Prerequisite: General Inorganic Chemistry.

302. ORGANIC CHEMISTRY Four hours
Continuation of 301. Hours and fees the same. This course deals primarily with aromatic compounds. Prerequisites: General Inorganic Chemistry and 301.

306. SURVEY COURSE Two hours
This course will deal with the history of the development of chem- istry, its relation to other sciences, its theories and its methods, as well as its efforts to explain the constitution of matter. Two lecture hours per week. Not open to freshmen or chemistry majors.

307. PHYSICAL CHEMISTRY Four hours
A study of the kinetic theory of gases, solids and liquids. Three lecture hours and one laboratory period per week. Laboratory fee, $3.00. Breakage fee, $2.00. Prerequisite: Chemistry 201, Physics 201, Mathematics 301.
NOT: Pre-medical students may take the lectures for three hours credit.

308. PHYSICAL CHEMISTRY Four hours
A continuation of 307. Hours and fees the same. A study of electrochemistry, chemical thermodynamics and nuclear structure.

310. QUALITATIVE ORGANIC ANALYSIS Four hours
One and one-half hours of lecture and three laboratory periods per week. This course is based on Shriver and Fenske's text. Prerequisite: Chemistry 302. Laboratory fee, $3.00. Breakage fee, $2.00.

330m. TEACHERS' COURSE One hour
Methods of teaching chemistry in secondary schools. Prerequisite: two years of chemistry.
Dutch

A. DUTCH LANGUAGE

101. ELEMENTARY GRAMMAR Three hours
Conjunctions and declensions.

102. ADVANCED GRAMMAR Three hours

201. INTERMEDIATE DUTCH Two hours
Reading of modern prose. Review of the more important parts of
grammar. Outside reading of four hundred pages.

202. ADVANCED DUTCH Two hours
Reading of modern prose. Review of the more important parts of
grammar. Outside reading of four hundred pages.

305. MODERN LITERATURE Two hours
The outstanding prose writers and poets of the 19th century are read
and their movements of naturalism, symbolism, neo-romanticism and
neo-vitalism are discussed. Required outside reading and essays.

306. RENAISSANCE AND ROMANTICISM Three hours
The leading authors of the Renaissance and the Romantic Move-
ment. Required outside reading and essays.

Note: These courses and Dutch History 326 are required of those who
take the pre-Seminary course.

III. MEDIEVAL AND DUTCH HISTORY

Note: For description of Dutch History courses, see under History
Department.

323. THE EARLY MIDDLE AGES (400-1000) Three hours
324. THE HIGH MIDDLE AGES (1000-1350) Three hours
325. THE RENAISSANCE IN FLANDERS AND ITALY (1550-1550) Three hours
326. DUTCH HISTORY (1550-1815) Three hours

C. DUTCH ART

351. FLEMISH PAINTING Three hours
The Flemish and Dutch primitives and Italianizers between
1460 and 1860 and Van Dyck and their schools. The

352. DUTCH PAINTING Three hours
The Dutch Renaissance (1500-1700) and the modern Dutch
painters.

Economics

103. ECONOMIC HISTORY (United States) Three hours
A review of the economic development of this country from the
time of colonization to the present day. Special emphasis is placed
on the development of the transportation and communication system.

104. ECONOMIC GEOGRAPHY Three hours
A study of the physical factors of the environment and man's
relationship to them. The subject is approached from the point
of view of the various occupations in which man is engaged, and
how these occupations are carried on in the world. Offered
in the second semester.

201. PRINCIPLES OF ECONOMICS Three hours
A review of the fundamental principles underlying modern eco-
nomic life. Not open to Freshmen except by special permission.

202. PRINCIPLES OF ECONOMICS Three hours
A continuation of the principles of economics and an application
of the same to current industrial problems and institutions.

205. BUSINESS MATHEMATICS Three hours
For description of this course, see under Mathematics 305.

206. STATISTICS Three hours
For description of this course, see under Mathematics 306.

301. MONEY AND BANKING Three hours
A study of the nature and functions of money, with a view
towards understanding the complex role of currency systems in
our national and international life. A detailed study of the functions
of money, the Federal Reserve, private financial institutions,
foreign trade, and so forth. Prerequisite: 201 and 202 or their
equivalents.

302. FINANCIAL PRINCIPLES Three hours
A continuation of 301. The financial promotion of corporations
and of trusts. The trust problem.

305. LABOR PROBLEMS AND TRADE UNIONISM Three hours
The historical background of the modern labor movement, the
controversies between capital and labor, and the various solutions
offered. A careful study of the history, nature, and problems of
trade unionism. Prerequisite: 201 and 202.

305. ESSENTIALS OF ACCOUNTING Four hours
An introductory course in accounting. Intended to give stu-
dents the necessary accounting background for entrance into
schools of business administration or for business use when grad-
uating from college. Emphasis is placed on the principles of
accounting and the accounting procedures in corporations. A lab-
oratory period is held each week for application of the material.
Prerequisite: 201 and 202 or their equivalents.

306. ESSENTIALS OF ACCOUNTING Four hours
Continuation of 305.

308. PRINCIPLES OF MARKETING Three hours
A study of the marketing functions, the marketing of particular
commodities, the functions and modes of operations of middlemen,
associative activities affecting marketing, price policies, etc.

309. BUSINESS LAW: CONTRACTS Three hours
Deals with the main principles of contract: offer, acceptance,
consideration, capacity of the parties, legality of object, the formal
requirements of agreements under the statute of frauds, the opera-
tion of contracts in business and their interpretation by the courts.
Open to Seniors and to Juniors only by special permission.

312. COST ACCOUNTING Three hours
A beginning course in the principles of cost accounting. A
laboratory period is held each week for the application of the
material.
Education

A. PSYCHOLOGY
(See description of courses under department of Psychology.)

B. HISTORY

236. HISTORY OF AMERICAN EDUCATION Three hours
In this course the educational development in our country will be viewed in the light of the religious, social, economic, and political changes.

236. HISTORY OF EDUCATION Three hours
A survey of the growth of educational theory and practice during the ancient and medieval periods.

236. HISTORY OF EDUCATION Three hours
A continuation of 335 covering the modern period.

236. EDUCATIONAL SOCIOLOGY Three hours
A study of the social structure and educational practices with emphasis on present-day problems. Credit also for Sociology. But not for both. Both semesters.

C. PRINCIPLES

303. PRINCIPLES OF EDUCATION Three hours
A study of the aims of education and of the various underlying problems.

314. PRINCIPLES OF TEACHING IN THE SECONDARY SCHOOLS Three hours
The principles of teaching will be discussed in the light of Morrison’s "The Practice of Teaching in the Secondary Schools." The teaching technique in each of the types of subjects in the curriculum is analyzed.

315. PRINCIPLES OF TEACHING IN THE ELEMENTARY SCHOOLS Three hours
Principles governing the directing of learning of children in the elementary school will be taken up.

316. PRINCIPLES OF KINDERGARTEN-PHIMARY GRADE TEACHING Two or three hours
The course includes a brief history of past and present trends in kindergarten work; the capital of the child in these grades; the content of the curriculum for grades one, two, and three; and observations in actual classroom situations.

D. PROFESSIONAL COURSES

101. NATURE STUDY Three hours
General introduction to the various phenomena of nature and the methods of teaching nature study in the elementary grades. Credit for A.H. in Education only.

229. TEACHING ARITHMETIC IN ELEMENTARY SCHOOLS Three hours
Both content and methods in arithmetic throughout the grades will be considered.

229. INTRODUCTION TO SCHOOL MUSIC: THEORY AND PRACTICE Three hours
Music 211 may be substituted.

307. SCHOOL ADMINISTRATION Three hours
This course aims to discuss the organization and management of state and local school systems.

316. EDUCATIONAL MEASUREMENTS Three hours
A survey course of present-day practices of measuring the results of teaching. Mental testing is included.

320. TEACHING BIBLE IN ELEMENTARY SCHOOLS Three hours
Both semesters.

321. TEACHING GEOGRAPHY IN ELEMENTARY SCHOOLS: METHODS AND CONTENT Three hours

322. TEACHING READING IN ELEMENTARY SCHOOLS Three hours
Both semesters.

325. CHILDREN’S LITERATURE AND THE TEACHING OF ENGLISH IN THE ELEMENTARY SCHOOL Three hours

326. REMEDIAL READING Three hours

324. TEACHING HISTORY Two hours
A brief survey of the history of our country will be fused with a study of the techniques of teaching history in the elementary and junior high grades.

326. TEACHING ENGLISH IN SECONDARY SCHOOLS One, two or three hours
Content as well as method receives attention. Same as English 335m. Two hours devoted to content; one to method.

328. TEACHING LATIN Three hours
Same as Latin 327 and 330m combined.

340. CURRICULUM Two or three hours
Emphasis on the courses of studies in the middle grades. Observation required.

341. DIRECTED OBSERVATION OF TEACHING AND LESSON PLANNING Two or three hours
About eighteen hours are spent in the schools of Grand Rapids with specific instructions for directed observation. For students planning to teach in the elementary schools. To be taken simultaneously with Educ. 344.

342. DIRECTED OBSERVATION AND LESSON PLANNING Two or three hours
This course is like Education 341 and is for students looking for positions in the junior and senior high schools. To be taken simultaneously with Educ. 344.

343. PRACTICE TEACHING Five hours
Course 341 or 342 is a prerequisite. Offered both semesters. At least one method course must precede Practice Teaching.

350m. THE TEACHING OF LATIN OR ENGLISH, ETC.
Teachers’ courses offered in the various departments are all indicated by the number 350 followed by the letter m. For description see under the department wanted.

Engineering

101. MECHANICAL DRAWING Three hours
The principles of orthographic projection; practice in the making of working drawings; practice in lettering. Three hours and one-half hour drafting-room periods, three hours home work a week.

102. DESCRIPTIVE GEOMETRY Three hours
Exercises, instruction, and drill through the medium of Republic plates of problems. Three two-hour drafting-room periods, three hours home work a week. Prerequisite: 101.
201. MECHANISM AND SKETCHING Two hours
Sketching of models in orthographic, isometric, and oblique projections; practice in the making of working drawings from sketches; free-hand lettering. Two two-hour drafting-room periods, two hours homework a week. Prerequisite: 102.

207. SURVEYING Two hours
Elementary theory and practice; use of instruments, reading verniers and angles; running straight lines; traverse survey; computing areas; leveling; profile; grade stakes; note keeping. Lectures, text assignments, one recitation, and one four-hour field period. Prerequisite: Mathematics 104.

302. STATICS Three hours
Study of fundamental principles of mechanics and their application to the simpler problems of engineering. Forces, components, moments, cables, friction, centroids, moments of inertia. Equations, lectures, problems. Must be preceded or accompanied by Mathematics 302 and Physics 202 or 202E.

English
All Freshmen are required to take Freshman English (103-104). Upperclassmen whose programs of concentration require more than six hours of English, or who choose courses in English as electives, may, if they are sophomores, elect any 200-course, or, if they are Juniors or Seniors, any 300-course. In making their selection of courses, such students should normally favor periods and areas neglected in their past and anticipated programs of concentration.

Students who elect English as the subject of their major concentration should in their selection of courses aim at a disciplinary program historically pursued. A well-balanced program aiming at this objective would be the following:

Freshman English .............. 103-104 6 hours
Elizabethan Period .......... 207 3 hours
American Literature ........... 301 3 hours
or
Seventeenth Century ....... 208 3 hours
Eighteenth Century ......... 210 3 hours
American Literature ...... 305 3 hours
or
Romantic Period .......... 301 3 hours
Victorian Poetry ......... 307 3 hours
or
Victorian Prose ......... 310 3 hours
Contemporary Poetry ...... 304 3 hours
or
The Novel .............. 312 3 hours

Such a suggested program need not be strictly followed, however; it is susceptible to adjustment in accordance with the student’s special interests and his studies in related fields.

English 302 (Advanced Composition) and English 230Hon (Methods of Teaching English) should not be elected as contributing to a disciplinary program historically pursued, but as professional courses to be taken over and above the main concentration.

183. FRESHMAN ENGLISH Three hours
Grammar, rhetoric, and composition. Required of all Freshmen, and prerequisite to all other courses in English. Textbooks, periodical themes, and a course paper.

201. FRESCO ENGLISH Three hours
The theory, example, and practice of composition. A continuation of English 103, required of all freshmen, and prerequisite to all other courses in English. Textbooks, periodical themes, and a course paper.

203. AMERICAN LITERATURE Three hours
Analysis of important writings in the colonial and revolutionary periods. Emphasis upon culture and writings of the New England Group. Textbooks, collateral reading, and reports.

202. AMERICAN LITERATURE Three hours
Continuation of English 201. Intensive study of Whitman and Twain. Survey of realistic movement, the new poetry, and important twentieth century fiction and criticism. Textbook, collateral reading, and reports.

207. LITERATURE OF THE ELIZABETHAN PERIOD Three hours
A survey of the poetic literature of the English renaissance, and an intensive study of the poems and plays of Shakespeare. Textbook, collateral reading, and reports.

208. LITERATURE OF THE SEVENTEENTH CENTURY Three hours
A survey of the poetry and prose of the century, and an intensive study of the works of John Milton. Textbook, collateral reading, and reports.

216. LITERATURE OF THE EIGHTEENTH CENTURY Three hours
A study of English poetry and prose from Dryden through Burns. Emphasis upon the neo-classicists: Dryden, Pope, Addison, Swift, and Johnson, and a study of the beginnings of the romantic outlook in Gray, Thomson, and Cowper. Textbook, collateral reading, and reports. Offered 1848-1880.

301. LITERATURE OF THE ROMANTIC PERIOD Three hours
Intensive critical analysis of the work of Wordsworth, Coleridge, Byron, Keats, and Shelley, and a survey of other English poets writing in the years 1798-1830.

302. POETRY OF THE VICTORIAN PERIOD Three hours
Intensive critical analysis of the work of Tennyson, Browning, and Arnold seen in relation to relevant cultural influences; a survey of the Pre-Raphaelite Movement; and consideration of the principal poems of Swinburne and Meredith. Textbook, and brief course paper.

305. CONTEMPORARY ENGLISH FICTION Three hours
A study of English and American fiction, in its continental relations, from 1890 to the present time. Collateral reading and reports.

304. CONTEMPORARY ENGLISH POETRY Three hours
A study of the lyric and dramatic poetry of England, in its continental relations, from 1890 to the present time. Textbook, collateral reading, and reports.

306. ADVANCED COMPOSITION Three hours
A practical course in the writing of such types of composition as the formal and informal essay, the informative and feature article, the editorial and book review, the short story, lyric poem, and the like. Some collateral reading and much student writing. Open, by permission only, to students who have ability or unusual interest in creative writing.

301. EARLY NINETEENTH CENTURY DRAMA Three hours
A comprehensive study of the lives and works of leading German dramatists of the early nineteenth century. Assigned readings. Papers on related subjects. Prerequisite: 202.

304. LATER NINETEENTH CENTURY DRAMA Three hours
A study of Hauptmann and Sudermann and their times. Assigned readings and reports. Prerequisites: 202 and 303.

305. THE CLASSIC PERIOD Three hours
A general survey of German literature in the eighteenth century as far as Lessing and with special attention to him. A drama of Lessing is read in class. Collateral reading and reports. Prerequisite: 202.

306. THE CLASSIC DRAMA Three hours
A study of the lives and works of Schiller and Goethe. One or two of their dramas are read. Reports on assigned topics. Prerequisite: 202 and 306.

320. SCIENTIFIC GERMAN One hour
Students wishing to take this course should confer with the person in charge of the opening of the school year.

330.e. METHODS OF TEACHING MODERN FOREIGN LANGUAGES One hour
Intended for prospective teachers in German in secondary schools. Prerequisite: six of the courses offered in this department.

Greek
Students who expect to graduate from the pre-seminary course must complete Courses 101, 102, 201, 292, 318, 514.

101. BEGINNERS’ GREEK Four hours
Text: Crosby and Schaeffer, An Introduction to Greek.

102. BEGINNERS’ GREEK Four hours
Continuation of 101. Completion of the text and the reading of the first book of Xenophon’s Anabasis, or its equivalent.

201. XENOPHON Three hours
Selections from the Anabasis. Prerequisite: 101 and 102.

202. SELECTIONS FROM PLATO Three hours
Prerequisite: 201.

313. NEW TESTAMENT GREEK Three hours
The Gospel according to Mark is read. A study is made of the special features of Hellenistic Greek. The significance of lexical and syntactical detail for the interpretation of the text is everywhere emphasized. Prerequisite: for pre-seminary students, 205 others, 102.

314. NEW TESTAMENT GREEK Three hours
A study is made of some of the Pauline Epistles. Lectures and discussion on St. Paul and his times. Prerequisite: 313.

315. GREEK CULTURE Three hours
No knowledge of Greek is required. The main features of Greek culture (i.e., the Greek outlook) are studied. Lectures, discussions, assigned readings. Not open to freshmen.

316. GREEK THOUGHT AND THE NEW TESTAMENT Three hours
No knowledge of Greek is required. Lectures, discussions, assigned readings. Open to Juniors and Seniors. Offered both semesters.

317. PLATO'S REPUBLIC Two hours
No knowledge of Greek is required. The course aims at an understanding and evaluation of Plato’s views as presented especially in the Republic. Open to Sophomores, Juniors, and Seniors. Offered both semesters.

History
Those majoring in History must have had courses 101 and 102 (Growth of Western Civilization) or its equivalent in High School, and eighteen (18) additional hours selected from the following fields: Western European History, 205 and 206; English History, 305 and 306; American History, 301 and 302. Six of these eighteen hours may be taken, if preferred, in courses on Eastern Europe or Mediaeval History.

101. GENERAL SURVEY OF HISTORY Three hours
This course aims to give the student a comprehensive view of the history of civilization from earliest times to 1200 A.D. Required of all students taking the General College Course and of all Pre-seminary students.

102. GENERAL SURVEY OF HISTORY Three hours
A continuation of Course 101. Particular attention is given to the great movements which have been significant in the development of western civilization to the present day.

201. EASTERN EUROPE SINCE 1815 Three hours
Russia from 1815 to the near present. Lectures, readings, and reports. Prerequisites: 101 and 102. For Sophomores and Juniors.

202. EASTERN EUROPE SINCE 1815 Three hours
The Balkan States, Austria, Hungary, and Czecho-Slovakia. Lectures, readings, and reports. Prerequisites: same as 201.

203. ENGLISH HISTORY TO 1600 Three hours
An outline of the political and constitutional history of England. Prerequisites: 101 and 102. For Sophomores and Juniors.

204. ENGLISH HISTORY TO 1600 Three hours
A continuation of 203, which is prerequisite.

205. EUROPE SINCE 1815 Three hours
The general history of Europe since 1815, with emphasis on such topics as the revolutionary movement in France, the unification of Germany, the rise of socialism. Discussion and assigned reading. Prerequisite: a high school course in general history.

206. EUROPE SINCE 1815 Three hours
A continuation of 205, which is prerequisite. Courses 205 and 206 are for freshmen; open to sophomores by special arrangement.

208. AMERICAN HISTORY Three hours
This course is designed to meet the requirement in American History for prospective teachers. Open only to those students taking the two-year Teacher Training Course.

301. AMERICAN HISTORY Three hours
Lectures and readings. Prerequisite: a high school course in American history.

302. AMERICAN HISTORY Three hours
Continuation of 301, which is prerequisite. Courses 301 and 302 are open to Juniors and Seniors.
305. American Foreign Relations
The diplomatic relations of the United States since 1789 with the principal countries of Europe and with China and Japan. Prerequisite: high school course in American history.

Three hours

306. American Foreign Relations
Diplomatic relations with South American countries. Origin and development of the Monroe Doctrine. Courses 303 and 304 open to Juniors and Seniors. Under certain conditions Courses 303 and 304 in American Foreign Relations may be credited toward a major in Political Science.

Three hours

307. Latin American History
An account of the history, government, and social and economic development of the Central and South American Republics.

MEDIEVAL AND DUTCH HISTORY

312. The Early Middle Ages (400-1000)
Three hours
The rise of Christianity and the Carolingian Empire and the rise of Mohammedanism are discussed after a short review of Greek and Roman civilization. Special attention is paid to the Netherlands during the Roman and Frankish periods.

314. The High Middle Ages (1000-1300)
Three hours
The Central Middle Ages: Feudalism; France, Germany, and Italy in the feudal period; crusades, rise of cities especially in Italy and the Netherlands; rise of guilds and democracy; rise of universities, new monasticism, Gothic art, and Romantic literature; Dante.

315. The Renaissance in Flanders and Italy (1350-1556)
Three hours
The age of unrest. The Christian and the Flemish Renaissance; the Italian Renaissance, and its distribution over Western Europe through the Brothers of the Common Life. The Renaissance spirit.

DUTCH HISTORY

326. Dutch History (1500-1815)

Latin

Students who have had two units of Latin in high school should meet their Pre-Seminary or General College ancient language requirement by taking 201 and 202. Students, whether Pre-Seminary or General College, who have completed 101 and 102 should follow these courses with either 201 and 202, or 207 and 208. Those who wish to follow a Latin major should consult with the instructor in charge before registering.

101. Elementary Latin
Text: Thompson, Tracy, Duigg: Essential Latin.

Four hours

102. Elementary Latin
Continuation of 101. Same text as above.

Four hours

Mathematics

104. Advanced Algebra
For those who have had only one year of algebra in high school. 

Three hours

106. Solid Geometry
Prerequisite: 101 and plane geometry.

Three hours
103. **COLLEGE ALGEBRA**  
Three hours  
Prerequisite: 101.

104. **PLANE TRIGONOMETRY**  
Three hours  
Prerequisite: 101 and 102. Students taking the pre-Medical course may be admitted if they have had Course 101.

201. **PLANE ANALYTICAL GEOMETRY**  
Three hours  
Prerequisite: 102 and 104.

202. **CONTINUATION OF 201**  
Three hours  
Plane analytical geometry completed and introduction to solid analytical geometry.

203. **SPHERICAL TRIGONOMETRY**  
Two hours  
Prerequisite: 102 and 104.

205. **BUSINESS MATHEMATICS**  
Three hours  
Required for all students of Business Administration. Prerequisite: Math. 101.

206. **STATISTICS**  
Three or four hours  
Emphasis on statistical methods. Prerequisite: 101 and 104; 105 is highly desirable. For Business Administration Students 205, or its equivalent, is a prerequisite.

301. **DIFFERENTIAL CALCULUS**  
Five hours  
Prerequisite: 201 and 202.

302. **INTEGRAL CALCULUS**  
Five hours  
Integral calculus and introduction to differential equations. Prerequisite: 201.

304. **DIFFERENTIAL EQUATIONS**  
Three hours  
Prerequisite: 201 and 302.

305. **THEORY OF EQUATIONS**  
Three hours  
Prerequisite: 201 and 302.

306. **ASTRONOMY — DESCRIPTIVE**  
Two hours  
A study of the solar system, the sidereal universe, and the theory of evolution.

307. **TEACHERS' COURSE**  
One hour  
Discussion of methods of teaching mathematics in secondary schools. Twenty hours of observation work are required.

**Music**

**THEORY**

103. **THEORY AND HARMONY**  
Three hours  
The elements of music: tonality, notation, rhythm. A coordinated study of harmony through the ear, eye, and keyboard. Writing and harmonization of hymn tunes, sight-singing, dictation using primary chords and dominant seventh chords. Laboratory period to be arranged.

104. **THEORY AND HARMONY**  
Three hours  
Continuation of 103.

203. **THEORY AND HARMONY, ADVANCED**  
Three hours  
Continuation of 203.

204. **THEORY AND HARMONY, ADVANCED**  
Three hours  
Continuation of 203.

303. **COUNTERPOINT, CANON AND FIGURE**  
Three hours  
The principles of contrapuntal composition, including a study of species counterpoint and a detailed analysis of Palestrinian counterpoint. Not offered in 1948-1949.

304. **COUNTERPOINT, CANON AND FIGURE**  
Three hours  

315. **ARRANGING AND CONDUCTING**  
Three hours  
The problems involved in writing for orchestra, band, and choir. A survey of the technical limitations of each instrument and of the human voice. Arrangements written by class members will be performed by student organizations whenever practical. One class period will be devoted to conducting, using phonograph recording and class ensemble.

316. **ARRANGING AND CONDUCTING**  
Three hours  
Continuation of 315.

**HISTORY AND LITERATURE**

211. **INTRODUCTION TO MUSIC LITERATURE (MUSIC APPRECIATION)**  
Three hours  
General course designed to develop intelligent discrimination in the listener. Structural principles and aesthetic content of music with reference to the various forms and styles will be considered. The course is planned to give a general idea of the entire realm of music and is intended alike for the technical musician and those who wish to become merely intelligent listeners.

212. **MUSIC LITERATURE**  
Three hours  
Continuation of 211.

219-220. **CHURCH MUSIC**  
Two hours per Semester

305. **HISTORY OF MUSIC**  
Three hours  
The development of the art of music from the earliest times to the present. Oratorio and church music, the opera, songs, and instrumental music. Biographies of composers. Representative compositions of each main period presented in class. Lectures, collateral reading, term papers, and text-book work.

306. **HISTORY OF MUSIC**  
Three hours  
Continuation of 305.

307. **FORM**  
Three hours  

308. **FORM**  
Three hours  

311. **SYMPHONIC LITERATURE**  
Three hours  
A study of the development of the Symphony from the early sonatas, sonatas, and overtures, through to the modern symphony.

312. **SYMPHONIC LITERATURE**  
Three hours  
Continuation of 311. This second semester will be devoted primarily to the symphonic poem.
MUSIC EDUCATION

222. VOCAL METHODS (Introduction to School Music) Three hours
Methods of teaching vocal music in the elementary school, junior and senior high schools. Teaching of rote songs; methods of tone production; organization of a school music program; presentation of musical plays; rhythm bands; a study and evaluation of choral literature and teaching methods. Demonstration lessons and observation.

381. SCHOOL MUSIC METHODS I Three hours
A study of materials and methods for the elementary grades. Prerequisite: Music Theory 105 or its equivalent. No credit for a student who has credit for Music 222.

382. SCHOOL MUSIC METHODS II Three hours
A study of materials and methods for the junior and senior high schools. Prerequisite: Music Theory 105 or its equivalent.

383. INSTRUMENTAL METHODS I — Strings Three hours
Problems in the organization of a school instrumental program, beginning with the establishment of elementary school rhythm bands; principles of class instruction in violin, clarinet, and trumpet; evaluation of methods of class instruction; orchestra and band organization; repertoire.

384. INSTRUMENTAL METHODS II — Woodwinds Three hours
Same description as 383.

APPLIED MUSIC (Individual Lessons)

To receive credit for courses in Applied Music, the student must present an equal number of hours in theory.

117-118. FIRST YEAR Voice
Individual lessons in voice. Fee $50 per semester. One hour.

217-218. SECOND YEAR Voice
Individual lessons in voice. Fee $50 per semester. One hour.

317-318. THIRD YEAR Voice
Individual lessons in voice. Fee $50 per semester. One hour.

109-110. FIRST YEAR ORGAN
Individual lessons in organ. Prerequisite: three years of piano. Fee $50 per semester plus $10 per semester for use of the organ. One hour.

209-210. SECOND YEAR ORGAN
Individual lessons in organ. Fee $50 per semester plus $10 per semester for the use of the organ. One hour.

309-310. THIRD YEAR ORGAN
Individual lessons in organ. Fee $50 per semester plus $10 per semester for the use of the organ. One hour.

141. PIANO
Individual lessons in piano. Fee $50 per semester. One hour.

151. VIOLIN
Individual lessons in violin. Fee $50 per semester. One hour.

Note: Arrangements will be made for additional private lessons in piano or other instruments for interested students.

APPLIED MUSIC (Groups)

To receive credit for courses in Applied Music, the student must present an equal number of hours in theory.

101-102. ORATORIO CHOIR
No Credit
The study of representative works of the great masters of choral writing with a view to public performance. Händel's Messiah is rendered annually at Christmas time. Another oratorio is presented in the spring. Open to all who meet the requirements of voice and musicianship.

297. A CAMPELLA CHOIR
One hour
Representative works in the field of choral literature are studied and a limited number of selections prepared for concert performance. Open only to those who meet the demands of voice and musicianship.

208. A CAMPELLA CHOIR
Continuation of 297.

213-214. BAND
One hour per Semester

215-216. ORCHESTRA
One hour per Semester

Organic Science

102. HUMAN PHYSIOLOGY
Two hours
An introductory study of the organization, development, and physiological activities of the human body. The work of this course is so arranged that, if desired, it may be continued in courses 103 and 104. At the same time it is planned to supplement course 103.

103. PERSONAL HYGIENE
Three hours
The proper care of our bodies and approved practices for the prevention of disease are studied. Courses 102 and 103 together form a unit which is adapted to the needs of students who expect to teach health subjects in the elementary grades. Offered both semesters.

105. HUMAN ANATOMY AND PHYSIOLOGY
Three hours
An introduction to the study of human embryology, anatomy, histology, and physiology. This course, together with 106, is planned to meet the needs of students in physical education, pre-medical, pre-dental, and pre-nursing curricula. It is recommended to prospective teachers of hygiene in junior high schools, and also to all students who expect to major in Organic Science. Two hours of lectures and recitations and one laboratory period a week.

106. HUMAN ANATOMY AND PHYSIOLOGY
Continuation of course 105.

107. PRINCIPLES OF MICROBIOLOGY
Three hours
The history of Microbiology and the cultural and morphological characteristics of bacteria, yeasts, and molds are considered. Special emphasis is placed on communicable diseases. This course is adapted to pre-nursing students, but is open to all others. Discussions, quizzes, and demonstrations.

108. PLANT BIOLOGY
Three hours
A general introduction to the study of plant biology and a brief survey of the plant kingdom. Two hours of lectures and recitations, and one laboratory period a week. Laboratory fee, $2.50.
110. ANIMAL BIOLOGY  Three hours
An introductory study of a few animal types selected to illustrate fundamental principles of anatomy, physiology, ecology, parasitology, and classification. Two lectures or recitations and one laboratory period a week. Laboratory fee, $3.00. Offered both semesters.

111. GENERAL BOTANY  Four hours
Formerly 202. Anatomy and physiology of seed plants. Open to freshmen. Three recitations and one laboratory period a week. Laboratory fee, $3.00.

112. GENERAL BOTANY  Four hours
Formerly 203. This course with course 111 constitutes a full year's course in botany. A comparative study of plant forms and life histories of representative plants. The course offers a general, systematic view of the plant kingdom. Three hours of lectures and quizzes, one laboratory period a week. Laboratory fee, $3.00.

201. INVERTEBRATE ZOOLOGY  Four hours
Anatomy, physiology, behavior, and classification of animals representative of the invertebrate groups. Insects and disease-carrying forms are emphasized. Three hours of lectures, reports, and recitations; and one laboratory period a week. Laboratory fee, $3.00.

206. NATURAL HISTORY  Three hours
A systematic study of the appearance and habits of animals which are more commonly met near our homes, in zoological parks, on pleasure trips, or in literature. Economically important fishes, birds, and mammals will receive special consideration. This course consists of lectures, and library and museum studies. It is intended primarily for general college and education students.

207. GENETICS  Three hours
A study of the ways and means by which the inherited characteristics of plants, animals, and man are transmitted from parent to offspring. The course consists of lectures and problems concerning applications of the laws of heredity.

208. INTRODUCTION TO EMBRYOLOGY  Three hours
A study of the development of vertebrate animals. Two hours of lectures and recitations and three hours of laboratory work per week. Laboratory fee, $3.00.

210. GENERAL BIOLOGY  Two hours
A brief survey of the more significant phenomena and principles of several divisions of biology, such as plant and animal anatomy, physiology, and classification. The interrelations between plants and animals are emphasized. Two hours of lectures or recitations and one hour of demonstrations per week.

304. MICROSCOPIC TECHNIQUE  One hour
The technique of slide making. Killing, fixing, dehydrating, embedding, sectioning, staining, and mounting of tissues. Three hours of laboratory work per week. Laboratory fee, $3.00.

306. BIOLOGICAL PROBLEMS  Two hours
The theory of biology and the evidences for evolution and organic teleology are considered. Lectures, assigned readings, recitations, and reports. Prerequisites: 109 and 110 or equivalent course.

311. VETERINARY ZOOLOGY  Two hours
Comparative anatomy and natural history of vertebrates. Evolutionary problems are emphasized. One recitation and three hours of laboratory work a week. Laboratory fee, $3.00. Prerequisite: 110. Courses 108-109 are desirable antecedents.

320. VETERINARY ZOOLOGY  Three hours
A continuation of 311. Two lectures and one laboratory period a week. Laboratory fee, $3.00. Prerequisite: 311.

320M. TEACHING BIOLOGY  One hour
Points of view, content, and methods of teaching secondary biology and human physiology and hygiene. Prerequisites: twenty hours of Organic Science.

202. LOGIC  Three hours
A course in traditional and elementary symbolic logic. This is a seminar course which is offered both in the first semester and in the second. Not open to freshmen.

203. INTRODUCTION TO PHILOSOPHY  Three hours

203A. INTRODUCTION TO PHILOSOPHY  Continuation of 203.

204. HISTORY OF PHILOSOPHY: ANCIENT  Three hours
An examination of the philosophical question raised by the Greek mind and an attempt to trace the implicit movement in the professed solutions. For students taking only six hours of philosophy, 200 is prerequisite.

301. HISTORY OF PHILOSOPHY: MEDIEVAL  Three hours
A study of the Christian philosophical synthesis. Special attention is given to St. Augustine and St. Thomas Aquinas. Prerequisite: 204.

302. HISTORY OF PHILOSOPHY: MODERN  Three hours
A study of the development of philosophical thought from the Renaissance to Hegel. Prerequisite: two semesters of philosophy. 100 is prerequisite.

303. HISTORY OF PHILOSOPHY: RECENT  Three hours
An examination of the leading thought movements of the last 200 years. Prerequisite: 302.

304. METAPHYSICS  Three hours
An attempt, through a consideration of ontological and cosmological problems, to lay bare the outlines of a philosophical system. Prerequisite: 202.

305. ETHICS  Three hours
A course in moral philosophy conducted by way of a critical evaluation of rival ethical theories. Open to Juniors and Seniors. Prerequisite: two semesters of philosophy.

Physical Education
Students desiring the degree of A.B. in Education may obtain a minor in this department. They should select twelve hours from the courses listed here; the remaining three hours they should select from the following: Organic Science 108, 109, and 210.

102. PERSONAL HYGIENE  Three hours
The proper care of our bodies and approved practices for the prevention of disease are studied.
104. **PRINCIPLES AND METHODS OF PHYSICAL EDUCATION** Two hours
Traces the history of Physical Education from its early origin to present-day trends. Considers the relation of Physical Education to life and ideas. Acquaints the student with the profession of Physical Education.

203. **ORGANIZATION AND ADMINISTRATION OF PHYSICAL EDUCATION** Two hours
A study of the representative programs of Physical Education and evaluation of these programs.

204. **COMMUNITY RECREATION** Two hours
A study of the development, administration, and use of leisure time within the community and of the community agencies organized to meet present-day recreational needs.

205. **COACHING OF BASKETBALL** Two hours
A consideration of the fundamentals that make up the game of basketball; team conditioning, styles of play, and team strategy.

206. **COACHING OF SPORTS** Two hours
A study of the fundamentals of Track, Tennis, and Golf. Methods of teaching and coaching of these sports are also discussed.

**SPECIAL PHYSICAL EDUCATION COURSES FOR GIRLS**

221. **SPRING SPORTS FOR GIRLS** Three hours

222. **TEACHING OF PHYSICAL EDUCATION IN ELEMENTARY SCHOOLS** Three hours
Theoretical and practical methods in the teaching of play activities to children of the elementary grades. Offered both semesters of 1948-1949.

**Physics**

201. **GENERAL PHYSICS** Four hours
Mechanics, sound, and heat. Prerequisite: plane trigonometry. Three recitations and one two-to-three-hour laboratory per week. Laboratory fee, $3.00.

202. **GENERAL PHYSICS** Four hours
Electricity and light. Continuation of 201. Three recitations and one two-to-three-hour laboratory per week. Laboratory fee, $3.00.

2012. **GENERAL PHYSICS** Five hours
Mechanics, sound, and heat. (Required of all engineering students.) At least half the semester is devoted to elementary mechanics; the remainder of the time to sound and heat. Many experimental illustrations. Four recitations and one two-to-three-hour laboratory per week. Prerequisite: plane trigonometry and a preparatory course in physics. Laboratory fee, $3.00.

202E. **GENERAL PHYSICS** Five hours
Electricity and light. (Required of all engineering students.) A continuation of 201E. It takes up the fundamental phenomena and laws of electricity and light with ample class illustrations. Four recitations, and one two-to-three-hour laboratory per week. Laboratory fee, $3.00.

203. **PHYSICS PROBLEM COURSE** One hour
Should be preceded by or accompany 201 or 201E. This course consists of the solution and discussion of problems in mechanics, sound, and heat. One recitation a week.

204. **PHYSICS PROBLEM COURSE** One hour
A continuation of 203. One recitation a week.

204. **MODERN PHYSICS** Three hours
A study of physics beginning with the discovery of radioactivity, electricity, the nature of radiant energy, x-ray, atomic spectra. Discussion of subjects such as the atomic nature of matter and molecular structure and radioactivity. Prerequisite: Physics 202 or 202E.

205. **SURVEY COURSE** Two hours
A non-mathematical presentation of the fields of physics accompanied with demonstrations. Those concentrating in science do not receive credit for this course. No prerequisite. Offered odd years.

**Political Science**

205. **HISTORY OF MODERN STATES** Three hours
The organization and operation of modern governments. Emphasis is placed on British and Continental European governments with a special regard for recent political developments in these countries. Lectures and collateral reading.

205. **GOVERNMENT OF MODERN STATES** Three hours
Continuation of 201, which is prerequisite.

201. **PRINCIPLES OF POLITICAL SCIENCE** Three hours
(Formerly Political Science 301 — Introduction to Political Science.)
An analysis of problems dealt with in Political Science, including the origin, nature, and essential functions of the state; the nature of sovereignty and law; and relations of government to the individual. Lectures and collateral reading. Not open to freshmen.

202. **PRINCIPLES OF POLITICAL SCIENCE** Three hours

203. **AMERICAN NATIONAL GOVERNMENT** Three hours
Basic principles and their practical application to the operation of the Federal Constitution. The interpretation of the Constitution by the various branches and departments of government, and the extension of government into the socioeconomic field.

204. **AMERICAN NATIONAL GOVERNMENT** Three hours
Continuation of 203, which is prerequisite. Foreign Relations. See History 203 and 304.

**Psychology**

201. **INTRODUCTORY PSYCHOLOGY** Three hours
A general course in psychology for beginners. This course is given during both semesters.

202. **EDUCATIONAL PSYCHOLOGY** Three hours
Course 201, or its equivalent, is a prerequisite.
204. Child Psychology
A study of the physical and mental development of the child. Course 201, or its equivalent, is a prerequisite.

205. Mental Hygiene
A study of personal attitudes toward reality and the solution of maladjustment by means of integration.

312. The Psychology of Abnormal People
A study of disorders of sensation, perception, association, and so forth. Some study is made of hypnosis, hysteria, and other subjects usually considered under the heading of abnormal psychology, and especially, too, the phenomena and problems of the psychoses. Psychology 201, or its equivalent, is a prerequisite. This course is open only to seniors and to pre-medical and pre-law students of the junior year who are in their last year of residence.

Sociology

203. Principles of Sociology
A study of the structure, functions and changes of social groups, stressing the important role that group relationships play both for the individual and for society. Fundamental concepts are discussed and an introductory view of the general field of sociology is presented. Not open to freshmen, except by special permission.

204. Social Problems
An investigation of the primary and secondary causes of social maladjustments in general and a survey of a number of major social problems confronting American society. These include population problems, poverty, crime and delinquency, divorce, race and minority cleavages, and problems of farms and villages. It is desirable, but not necessary, to precede this course with 203.

206. Rural Sociology
A study of contemporary farm and village social organization and of problems arising in the rural framework. The rural fringe development is considered as well as urban-rural relationships. 206 is a prerequisite except for those who are working towards a two-year State Limited Certificate.

303. Labor Problems
This course is described under Economics.

304. The Family
This course will be adapted to suit the needs of the students. It aims, however, at an intensive study of the history of the family as a social and educational institution, and at a thorough discussion of the divorce problem and other problems connected with modern family life. Prerequisites: 206 and 204, or their equivalents.

305. The Fields of Social Work
A survey of the various types of social work, including individual case work, group work, and community organization. Agencies set up to work with deviant forms of behavior and situations are studied both theoretically and in operation. Should be valuable for teachers as well as those contemplating doing social work.

306. Criminology and Delinquency
A study of the primary and secondary causes for, manifestations of, and ameliorative and preventive programs for criminal and delinquent behavior. Emphasis is placed on the implications for various community institutions, including school and church.

315. Social Case Work
Sociology students interested in social work have the opportunity of doing volunteer case work for agencies affiliated with the Grand Rapids Community Chest. Where satisfactory arrangements have been made, the college allows one hour of credit per semester for such work.

Speech

101. Speech for the Elementary Teacher
Methods and materials relative to story telling in the early grades.

105. Speech Making
Basic principles of public speaking on the college level, with the aim of developing proper mental, vocal, and physical habits.

104. Speech Making
Continuation of 103, with emphasis on longer speeches, and special types such as discussion, parliamentary procedure, etc. Prerequisite: Course 103.

201. Interpretative Reading
The principles of interpretation and expression. Oral interpretation of representative selections. Prerequisite: Course 180. Not open to freshmen.

204. Ancient Orators and Theories of Speech
Analytical study of ancient orators and rhetorical theory, beginning with Demosthenes and including Quintilian. Not open to freshmen.

205. Advanced Speech Composition (Formerly 301)
Study of the psychological and rhetorical techniques involved in composition for speaking. Speeches and oration. Intended particularly for juniors in the pre-senior course, speech minors.

207. Introduction to Speech Based on the Great Books
Prerequisite to course 206, and open to those intending to take course 208. Based on a study of Adler’s How to Read a Book, the course is intended to prepare the student for careful and critical reading of the Great Book chosen as basic for work in course 208. Prerequisite: Course 106 or permission of instructor. Offered second semester, 1948-1949.

208. Speech Based on the Great Books
Each student will choose one of the Great Books from the Adler list modified to meet time limits, and use it as a basis for his speeches during the semester. Emphasis will be on speech. Prerequisite: Course 207. Offered first semester, 1949-1950.
301. **Advanced Speech**
Two hours
A practice course, designed for pre-seminary students. Open
to others only by permission.

305. **Intercollegiate Peace Oratory**
One hour

307. **Intercollegiate Oratory**
One hour

310. **Intercollegiate Interpretable Reading**
May be repeated.

311. **Oral Discussion and Debate**
Two hours
Study and practice in discussion and debate, with work in vari-
ous types of discussions and basic principles of argumentation.

312. **Intercollegiate Debating**
One hour
May be repeated.
