Although we realize you are changing employment processes moment-to-moment and determining the future of your current workforce, when you are ready, we are available to assist you with your talent acquisition needs. Fill out this quick survey to let us know how we can help you.

While hiring may be delayed, we hope that these challenges will be temporary, and we have developed some great ways to help you foster relationships with students during these unusual times. Listed below are some ideas. If you are interested in any of these options, please contact Kristy Dykhouse at kristy@calvin.edu to assist you with scheduling.

1. **Videos**
   Send a quick clip that we can distribute to students through various channels for encouragement and advice. Suggested topics:
   - Encouragement
   - Job searching during COVID-19
   - Virtual networking
   - LinkedIn

2. **Job openings**
   - Some organizations need extra employees at this time. Let us advertise your openings to Calvin students via https://calvin.joinhandshake.com/login
   - We can help you set up virtual interviews with candidates

3. **Virtual office hours**
   - Through Handshake, you can host office hours
     - Create a virtual event with your video conference link
     - We will advertise to students
   - Sign up for a time slot to talk 1:1 with students. They may ask for job search advice, resume critique, practice interview, etc.

4. **Offer a webinar**
   Offer a virtual workshop. Pick a topic, make a presentation, use your own web technology to create an event in Handshake and we will advertise. Suggestions include:
   - Job search
   - LinkedIn
   - Virtual interviewing
   You can also record your presentation and send to us – we will push it out to students

5. **Informational interviews**
   Connect our students with someone in your organization to do an informational interview. Many students are interested in learning more about various roles in an organization, so let us know who on your team is available for a virtual meeting.

6. **Other**
   What resources do you have for students? How can we direct students to connect with you?
