College

2010
COMMENCEMENT

Saturday
May Twenty-two
Two O'Clock

ALL HAIL THE POWER OF JESUS' NAME

Edward Perronet, 1780

Oliver Holden, 1793

All hail the power of Jesus' name! Let angels prostrate fall.
Bring forth the royal diadem, and crown him Lord of all.
Bring forth the royal diadem, and crown him Lord of all!

O seed of Israel's chosen race now ransomed from the fall,
hail him who saves you by his grace, and crown him Lord of all.
Hail him who saves you by his grace, and crown him Lord of all!

Let every tongue and every tribe responsive to his call,
to him all majesty ascribe, and crown him Lord of all.
To him all majesty ascribe, and crown him Lord of all!

Oh, that with all the sacred throng we at his feet may fall!
We'll join the everlasting song and crown him Lord of all.
We'll join the everlasting song and crown him Lord of all!

THE CALVIN ALMA MATER

Dale Grotenhuis

Celia Bruinooge

Calvin, Calvin, sing we all to thee;
to dear Alma Mater we pledge fidelity.
Forever faithful to maroon and gold,
thy name and honor we ever shall uphold.

Calvin, Calvin, God has been thy guide;
dear Alma Mater, thy strength He shall provide.
Be loyal ever to the faith of old.
God's name and honor we ever shall uphold.

ORDER OF COMMENCEMENT

Prelude	<i>Cortège de Bacchus</i>	Léo Delibes, arr. by Wil van der Beek
Processional	<i>Pomp and Circumstance March No. 1</i> Calvin College Wind Ensemble, Tiffany Engle, DMA, conductor	Edward Elgar, arr. by Clare Grundman
*Opening Hymn	<i>All Hail the Power of Jesus Name</i>	Edward Perronet/Oliver Holden
*Invocation	Bastian A. Knoppers, BA, Chair, Calvin College Board of Trustees	
Introduction of Commencement Speaker	Gaylen J. Byker, PhD, President	
Commencement Address	“What It’s All About” Richard Mouw, PhD, President, Fuller Theological Seminary	
Presentation of Distinguished Alumni Awards	Victor E. Plantinga, JD, President, Calvin Alumni Association, to Anna Belle Engbers, BA, Class of 1958 Jacqueline A. Greenman, MPH, Class of 1958 Marjorie A. Van Kooten, BA, Class of 1958 and to Edward T. Begay, Class of 1960	
Remarks on Behalf of the Senior Class	Benjamin A. Shoemaker, Student Body President	
Recognition of the Class of 1960		
*Litany for Commencement		
Conferring of Degrees	Claudia DeVries Beversluis, PhD, Provost, and Gaylen J. Byker, PhD, President	
Presentation of Diplomas		
*The Calvin Alma Mater		
Closing Remarks		
†Recessional	<i>Sine Nomine</i>	Ralph Vaughan Williams, arr. by Alfred Reed

*Audience Standing

† The audience is requested to be seated until the faculty and graduates have exited.

The 18 white roses on the platform are in celebration of the joy and friendship that marked the life of Melissa E. Decator, 5/18/88–1/20/07.

LITANY FOR COMMENCEMENT

Leader:

Eternal God,
you are the fount of strength and peace.
All creation declares your glory.
For the breath of winds,
the scent of flowers,
and the change of seasons;
for the rhythm of life that brings
us to this day,

People:

We praise you, O God.

Leader:

For greatness in human thought and deed,
for poet's song and prophet's word,
the gift of music and the grace of dance;
for sturdy character
and the fragrance of souls
bathed in your grace,

People:

We praise you, O God.

Leader:

For campus life and community;
for friends who cheer us,
friends who teach us,

friends who hate the things that
make us weak and love the
things that make us strong,

People:

We praise you, O God.

Leader:

God, our Master,
You quicken us with the brisk tempo
of life in this place.
You move and stretch us
through courses of study
and habits of service.
For deft minds and large hearts,

People:

We praise you, O God.

Leader:

For the members of this graduating class;
for what they have achieved
and every Godly thing they hope
to achieve.

People:

We praise you, O God.

Leader:

Lift their hopes,
seal their knowledge,
stiffen their courage,
and join their hearts to Christ.

People:

Hear us and bless them, O God.

Leader:

For our distinguished alumni
Edward Begay, Anne Engbers,
Jacque Greenman and
Marjorie Van Kooten;
for their passion to educate for
shalom in our country
and around the world,

People:

We praise you, O God.

Leader:

For 134 years of faithfulness,
for the gift of Christ dwelling
in our hearts and lives and programs,

and for the communion of all the saints,
in whom we have caught a glimpse
of how wide and long and high
and deep is the love of Christ,

People:

We praise you, O God.

Leader:

Holy God,
you gave us minds to know you,
hearts to love you,
and voices to sing your praise:

ALL:

**To him who is able to do
immeasurably more
than we all ask or imagine,
according to his power that is
at work within us,
to him be the glory in the
church and in Christ Jesus
throughout all generations,
forever and ever,
Amen.**

COMMENCEMENT SPEAKER

Richard Mouw, PhD, President, Fuller Theological Seminary

Richard J. Mouw has served as president of Fuller Theological Seminary since 1993, after having served the seminary for four years as provost and senior vice president. Located in Pasadena, California, Fuller is the largest multi-denominational seminary in the world.

A philosopher, scholar, and author, Mouw joined the faculty of Fuller Theological Seminary as professor of Christian philosophy and ethics in September 1985. Before coming to Fuller he served for 17 years as professor of philosophy at Calvin College in Grand Rapids, Michigan. He has also served as a visiting professor at the Free University in Amsterdam.

A graduate of Houghton College, Mouw studied at Western Theological Seminary and earned a master's degree in philosophy at the University of Alberta. His PhD in philosophy is from the University of Chicago.

Mouw has a broad record of publication. He has been an editor of the *Reformed Journal* and has served on many editorial boards, including currently *Books and Culture* and *Laitry Exchange*. He is the author of 16 books, including, *Consulting the Faithful*, *The Smell of Sawdust: What Evangelicals Can Learn from Their Fundamentalist Heritage*,

Calvinism in the Las Vegas Airport, and most recently, *Praying at Burger King*. His articles, reviews, and essays have appeared in more than 50 journals and magazines. He is a regular columnist on "Beliefnet" web magazine.

Mouw has also participated on many councils and boards, including the Commission on Accreditation for the Association of Theological Schools (as chair) and the Council on Civil Society. He currently serves on advisory boards for Religion and Ethics Newsweekly, the International Justice Mission, and the International Center for Religion and Diplomacy.

On March 29, 2007, President Mouw was awarded the Kuyper Prize at Princeton Theological Seminary. This prize is awarded annually to a scholar who has made a major contribution to Reformed public theology. As the 2007 recipient, Mouw delivered a lecture entitled "Culture, Church and Civil Society: Kuyper for a New Century" to scholars from the United States, Canada, and the Netherlands.

Mouw's wife, Phyllis, is an art historian who is involved in seminary and community programs. Their son Dirk, daughter-in-law Christine, and grandsons, Willem and Peter, live in Arkansas.

MESSAGE FROM THE FIFTY-YEAR REUNION CLASS

Today is your special day. It is a rich reminder of our special day 50 years ago when we, the Class of 1960, also commenced with satisfaction at putting a wrap on four years of learning with professors who shaped our thoughts in so many new and fundamental ways. We were self-assured, perhaps naively, of our future dreams, and we thought we knew how to put our plans into action.

So we stepped out as courageously as we dared. We learned our jobs while standing on the shoulders of those who went before us. Involvement in events like the civil rights movement taught us how the American dream clashed with various beliefs in religion, justice and politics. We met the Beat generation on the road, and their writings and thoughts joined parts of our thinking. Popular music affected attitudes toward family and social relationships. Movies tackled issues like racism and sexuality and made heroes of young people like you and me who challenged authority. Just when we thought World War II had ended all wars, a Cold War and smaller hot wars began to affect our lives. At about the same time, questions about our environment and about global warming crept into our awareness of a possible dark future. We raised questions that we leave behind for you to resolve.

Simultaneously computers developed and became intrinsic to business, research and learning. Some thought they threatened literacy and saw a dumbing down of education. Has that threat been fulfilled? You are living proof it has not. Google added much to explode our world of information, but our education had taught us that estimation and judgment was not a new concept when using Wikipedia. Now we wonder how long books will stay with us since Kindle and iPad allow us to carry digital space for the books that we need and can access through libraries, but never set foot in the building.

Very quickly the Internet grew international with cell phones and cameras used to share anything from the mundane and ridiculous to matters of life and death. This technology has become an important part of our social lives as we increasingly use e-mail, blogs, YouTube, Facebook or Twitter. We are immigrants to this technology, but you inherited it in your youth. It can be a playground for the mischievous; tame it and it will be a positive experience for us all. We still need to learn how to use technology to advance our spiritual lives—how bionics can fuse technology with our bodies to heal unspeakable hurt we cause to ourselves.

And there is more. We have set the stage for you to find further insights to questions proposed by evolution, genetics, religion, neuropsychology and how we affect each other as well as our natural world when we can find many answers to perplexing questions inside our minds. Please show us how to live in a world that both supports and denies freedom of religion, sexual orientation and sexual equality; how to stop the evil of genocide wherever found in our world; how to stop wars and discover we are the faces behind so much horror. Show us how to rededicate trillions of dollars to plant flowers of peace and how to love beyond ourselves.

Join us to go forward to find care full answers to questions that seem beyond answers. Join us to find agreement that God brought us and all we know into being no matter the form, shape or time it took; that we are always His children and that He uses us to provide wonder full answers to questions that we asked in the past and will still use us to do the same to future questions that will perplex.

If we do all this based in Christ's special peace, we need not be afraid to join other humans and give of our energy to questions that seem unanswerable because we let the warm wind of the Spirit move us forward.

Class of 2010, please join us in peace and hope.

Martin Oordt, student body president, Class of 1960

DISTINGUISHED ALUMNI

The Calvin Alumni Association is proud to present four alumni with the Distinguished Alumni Award. Persons honored in such a way have been chosen by an independent selection committee comprised of alumni, faculty, and staff and are endorsed by the Calvin Alumni Association Board.

Recipients of the Distinguished Alumni Award have made significant contributions to their fields of endeavor, are recognized by their associates for outstanding achievements, and manifest a Christian commitment that reflects honor upon Calvin College.

Anna Belle Engbers, Class of 1958
Jacqueline A. Greenman, Class of 1958
Marjorie A. Van Kooten, Class of 1958

One of the first things Jacque Greenman, Marjorie Van Kooten and Anne Engbers did after arriving in Anchorage, Alaska, in the fall of 1958 was check out the local Christian Reformed church, Trinity CRC. What they found was a work party. “We drove over to where the church was, ... and here were all these people pounding nails in the sub-flooring,” Greenman remembered. “That’s my first vision of the church, just putting the sub-flooring in.”

The trio had made sure there was a CRC in Anchorage long before they set out on the nearly 4,000-mile drive to the then-U.S. territory. “We weren’t so brave as to strike out into the wide, wide world, you know,” Van Kooten said. “We wanted a base with a church.”

The three young women, who came to be known as “The Nurses,” originally came to the Alaska territory to work for two years at the

Alaska Native Medical Center. They ended up staying on indefinitely.

Back then, there were few roads running through Alaska’s 586,412 square miles, and they were unpaved. The territory’s 200,000-plus residents were primarily native Alaskans or U.S. military personnel.

“We came to Alaska at a time when Alaska itself was just becoming a state, so there were opportunities in every area of our lives,” Van Kooten said.

At the medical center—the hub of seven Indian Health Service hospitals—Greenman, Van Kooten and Engbers soon branched out into different areas of nursing. Engbers worked in supervisory positions on the tuberculosis, surgical and orthopedic units of the hospital. Greenman worked first in the post-op surgical unit, then set up the infant pediatric unit and finally took charge of the Maternal Child Health Program for the Alaskan native population in the State of Alaska. Van Kooten initially focused on pediatrics, but spent most of her career teaching in the Practical Nurse Program at the Anchorage Community College.

“The native medical situation in 1958 ... (was) dismal and desperate ...,” Calvin professor of geology, geography and environmental science Gerald Van Kooten wrote about Alaska. “Rates of illness of many sorts were higher than national averages. Native social life was often ripped apart by alcohol and drugs. Native suicide rates were high, and accidental death is common in this remote and harsh climate. The Nurses served these communities throughout their career and brought Christ’s love to the most hurting and needy of people.”

Though The Nurses had divergent careers, they agreed about what kept them in Alaska: “We all enjoyed the Alaska native population and grew to love those people,” Greenman said. “The elders particularly, and the kids, the young kids, they were so loving and spontaneous and appreciative.”

Not long after their arrival, the three women joined the military personnel and their wives, and other church members who were building Trinity CRC. They pounded nails, sawed boards and painted. “We had lots of work parties followed by potlucks. And that was our social life as well,” Van Kooten remembered.

All three attended Bible studies and taught Sunday School. “At one point, I was superintendent of the Sunday School,” Engbers said. They sang in the choir: Greenman: alto and tenor; Marjorie: soprano and alto; Anne: “Always soprano.” They traveled throughout Alaska for their work and as members of the Prospector’s Club. And on March 27, 1964, they lived through the Good Friday Earthquake, the most powerful earthquake ever recorded in North America. “I thought it was the end of the world,” said Van Kooten. “I heard the ground cracking, and I just prayed I wouldn’t get swallowed up by it.”

The three women have been gratified by the decline in tuberculosis and infant mortality cases that have coincided with their careers in Alaska. “Things really have improved quite a bit,” Greenman said.

In 1978, the women bought property together in Cooper Landing, 100 miles south of Anchorage. Twenty years later, they retired and moved down—and got involved. They volunteered at the museum and the Seward Seaman’s Mission, a service to cruise ships. They joined the Sexy Senior

Dumpster Cleaners, a group that picks up trash along roadsides and transfer sites.

The three also started working to build affordable senior housing in Cooper Landing. They incorporated in 1999 as the Cooper Landing Senior Citizens Corp., Inc., (CLSCCI), a group of 100-plus members whose mission is “to support and encourage the independence and well-being of all persons fifty (50) years of age and older in the Cooper Landing service area.” The CLSCCI has developed a shuttle service for seniors and has built two six-unit independent residential complexes funded by the CLSCCI, the Alaska Housing Finance Corp., the Kenai Peninsula Borough, the Alaska State Legislature and the Denali Commission. During the construction process, each assumed a leadership role—Anne as chair of fundraising, Jacque as chair of the building committee and Marge as CLSCCI president. The three live in the complex named Ravens View.

“As could be expected, these ladies have made a huge impact on this little town,” Van Kooten (Marjorie’s nephew) wrote in his nomination of The Nurses. Greenman, Van Kooten and Engbers learned that they had been given the award earlier this year.

“When they first called us, I think we were just appalled,” Engbers said. “I don’t think we did that much to be distinguished about, except that we did travel away from the routines of life, and we liked it.”

Asked what has kept them together through the years, the three say it was more than shared interests or the love of a landscape: “The Lord directs our paths,” Greenman answered for all. “That just unfolded I guess ... good friendship and a good life.”

Edward T. Begay, Class of 1960

Education and the Army took Ed Begay away from his beloved Navajo lands. But God led him back to New Mexico, not only to live in Navajo country, but to serve the entire Navajo Nation—which he has faithfully done for almost 50 years.

Begay's grandfather wanted a Christ-centered education for his grandson, who had lost both his mother and grandmother early in life. So at the age of 10, he was enrolled in Rehoboth Christian School.

"Rehoboth was tough," Begay recalled. "I spoke only Navajo, but my grandfather so wanted me to learn English. Eventually, I learned the system and skipped two grades."

Rehoboth and Calvin are longstanding partners in Christian education; numerous teachers on the school faculty were and are Calvin alumni. Begay said Rehoboth students often heard of the "CRC college in Grand Rapids." Helped by his teachers and a scholarship from the Navajo Tribe (later called "Navajo Nation"), he left for Calvin College in the fall of 1956.

"It was a culture shock," said Begay, "but I knew what I was getting into, and I chummed around with students from Denver and Chicago. There were other Navajos in Grand Rapids at the time, too, at Reformed Bible Institute [now Kuyper College] and elsewhere in the city."

He has fond memories of professors Earl Strikwerda and Henry Ippel in the history department, as well his track coach, Dave Tuuk, and the "cordial and outgoing" president William Spoelhof.

"I remember Dr. Strikwerda addressing me in class, "O.K. Begay from Gallup"—we shared a love of trains, especially the Santa Fe railroad near

my home—and Dr. Ippel would have us read the news from the *Manchester Guardian* from Britain to show us different viewpoints on world events."

Begay intended to pursue a business administration degree at Calvin, but when he came home the summer after his sophomore year, a draft notice from the Army awaited him. He tried to get a deferment to finish college, but that wasn't available. Off he went, first to Fort Carson in Colorado, then to Fort Ord in California and finally to Fort Jackson in South Carolina, all the while honing his administrative skills.

Returning to New Mexico after his term of service, Begay never wound up back at Calvin. He got married, started business school and was quickly hired to be a data processor for the Navajo Nation. He also began a storied career in tribal politics.

"Some of the local tribal leaders thought I was pretty sharp—I knew data, finances and current news—so they elected me as a Navajo chapter president," said Begay. In 1971, he was nominated for the Navajo Tribal Council, an 88-member representational body for the entire Nation. His influence on the council grew until he became a member of the 18-person executive committee, ascending to third in line after the president and the vice president.

"I saw this as my opportunity to make some changes in the workings of the government," Begay said. "I sponsored a number of resolutions to update tribal codes. There was some resistance and change did not happen immediately, but I saw that the Christian ethics of Rehoboth and Calvin that were in me put the 'love your neighbor as yourself' theme into what I was doing."

Begay was interested in codifying what are called

the “Navajo Fundamental Laws,” in effect bringing the richness of Navajo culture into government.

“So many things are not written down in Navajo culture,” he explained. “One relies on certain rules, similar to the Ten Commandments, that are handed down and taught: matters related to family, community, government, neighbors, nature, work. I wanted to be sure that these values were passed down from generation to generation.”

Begay threw his hat into the ring to be re-elected Vice-chair of the council in 1987, but lost and spent the next four years working for an energy company, the only years since his return to New Mexico in 1960 that weren’t in direct service for the Navajo Nation.

Urged to get back into tribal politics, Begay ran for election to the council again in 1991 and was soon tapped for leadership. From 1999 to 2003, he was named Speaker of the Navajo Nation Council. He retired from the council at the end of his second term.

Although not an active council member, Begay still wields influence. He visits council chambers regularly and talks to members about the impact of their votes. Those in the halls of the council still address Begay as “Speaker.”

“Extreme reasonableness and an ability to be shrewdly analytical and simultaneously gracious in human relations are attributes of Ed Begay that I truly admire,” wrote the Honorable Elizabeth Furse, former Oregon congressperson and now special adviser to the national Tribal Leadership Forum. “They are attributes too rarely seen in governing bodies.”

Begay remains involved in Navajo Nation

business. After a “two-week retirement” in 2003, he was asked to serve on the Nation’s Housing Authority Board of Commissioners, as well as chair the board of the Nation’s Agricultural Product Industry.

“I’ve now become a carpenter and farmer,” he quipped.

In addition to this impressive history of service to the Nation’s council, Begay has served in numerous capacities for local county organizations, regional insurance boards and the state of New Mexico, including the state’s highway commission, finance committee and commissions on economics, human resources, Indian Affairs and the state’s bicentennial.

He also was the founding member of the Navajo Area School Board Association and was the chairman of the board for the American Indian National Bank in Washington, D.C.

Begay has always seen his faith as integral to his role as a statesman.

“For a Christian, the minute you confess your faith, that’s a start. You use the opportunity to let it be known through your talk, your respect for creation,” he said.

To today’s graduating Calvin seniors, Begay advised: “The challenge is so vast. Rather than trying to do all things, focus on what gives you satisfaction and gives God the glory. You have been blessed; do something with these blessings that honors God the Maker.”

Begay’s wife, Cecilia, attended Calvin for two years and later received an RN degree, followed by a BSN from the University of New Mexico. She passed away in 1991. He has two daughters, Sharlene and Sandra, and two grandchildren.

THREE-YEAR CERTIFICATE IN OCCUPATIONAL THERAPY

Christina T. Davison

Johanna M. Jahn

Jessica A. Lubben

Departmental Banners

Throughout history, colorful banners have been used to mark important religious and civic events and to celebrate the vision and spirit of the participants in such events. The departmental banners displayed at this occasion arise from an awareness of this tradition and are meant to continue it. Besides symbolically revealing the richness of the various disciplines at Calvin College, the banners graphically represent their distinctiveness. Although their colors are mostly in keeping with traditional associations—scarlet for religion and theology, blue for education, orange for engineering—their forms combine the traditional, the contemporary, and the abstract.

*Art and
Art History*

Biology

Business

*Chemistry and
Biochemistry*

*Classical
Languages*

*Communication
Arts and
Sciences*

Art and Art History Department

An abstract eye and hand symbolize artistic expression through the artist's sense of sight and touch. Bright colors against black suggest creative boldness.

Biology Department

Dominating the biology banner is a symbol representing the structure of the DNA molecule, deoxyribonucleic acid. The structure of this fundamental material of life, the chemical basis of heredity, was revealed in 1953 and actually photographed in 1969.

Business Department

The banner of the Business Department depicts a visual representation of business as a nexus of relationships between people. A Christ centered education is symbolized by the center vertical column and the horizontal shape of human figures forming a cross. The center vertical, white column also symbolizes the light of learning and the presence of the Holy Spirit in education.

Chemistry and Biochemistry Department

The main symbol used in this banner is the electron distribution for tetrahedral hybrid orbitals, which represents the chemical activity of the elements and their compounds. Two segments of a crystal structure are included in the design, which are also the floor plan shape of the science building. The shaft of pale yellow symbolizes the light of investigation. Yellow is the traditional color associated with science.

Classical Languages Department

While the lyre and the wolf may be taken individually as symbols of Greece and Rome, together they portray the unity of the two civilizations and its cultural achievement, the union of art and nature, and of poetry and myth. Horace has given this continuity and fusion of the two traditions of Greece and Rome its classical literary expression in his odes, of which none better, perhaps, than the "Integer vitae" ode conveys the intention of this banner.

Communication Arts and Sciences Department

Sound waves emanating from a central core symbolize communication through speech and drama. The reversal of the outward movement suggests feedback in communication. Silver gray is the color traditionally assigned to speech and drama.

Computer
Science

Economics

Computer Science Department

The banner of the Computer Science Department features a Turing machine, the foundational model of digital computation. The zeroes and ones on its tape reflect the binary logic by which digital computation is implemented. The changing colors and order of the numbers express the transition as data move from input through processing to output. The white shaft and its golden sheath symbolize the light and energy of education and the sciences. The flowing wind symbolizes the transforming work of the Holy Spirit as it infuses the discipline of computing.

Economics Department

Shapes and lines express the charting and planning of economic budgets. Subtly appearing among other symbols is a cross expressing the Christ-centered teaching of economics at Calvin College. Copper is the color associated with economics.

Education

Engineering

Education Department

The relationship of teacher and student in the educational process is represented by the forceful interaction of shapes in this design. The white shaft symbolizes the light of learning in the Holy Spirit. Blue is traditionally linked with education.

Engineering Department

The Engineering banner illustrates the key activity of engineers, namely, their involvement with the design process, an iterative, decision-making sequence. Steps in the sequence, represented by circles and rectangles, are connected by arrows to indicate the movement from the initial problem statement to final solution. Two-way arrows suggest the possibility of sequence reversal. Orange traditionally designates engineering.

English Department

The two main symbols, the lion and the eagle, represent England and the United States of America. The lozenge pattern in the background expresses the pageantry of England during the development of the English language.

English

French

French Department

The banner of the Department of French features the Coq Gaulois, long a national emblem of France, and Arch of Triumph, a symbol of French patriotism. The cock, traditionally the Christian symbol for watchfulness, has been adopted as its symbol by a nation which since its inception has been one of the important cradles of Christian thought and practice. The colors of the national flag are represented by the Coq Gaulois.

Geology, Geography, and Environmental Studies Department

Earthkeeping, the human community's care for God's earth, is symbolized in the banner for the Department of Geology, Geography, and Environmental Studies by representations of atmosphere, mountains, cities, water, and the various levels of the earth's interior. The white shaft symbolizes the light and energy of learning stimulated by the Holy Spirit.

Geology,
Geography, &
Environmental
Studies

Germanic
& Asian
Languages
& Literatures

Health, Physical
Education,
Recreation,
Dance & Sport

Germanic and Asian Languages and Literatures Department

The study of the Dutch and German languages is represented by symbols taken from emblems of the countries associated with these languages. The traditional black eagle represents Germany, and the orange lion is from the seal of the Netherlands. The white shaft symbolizes the light of learning.

Health, Physical Education, Recreation, Dance, and Sport Department

Engaged in exercise, sports, and dance, a person in motion is suggested by the movement of rhythmical shapes and lines. Sage green is the color associated with physical fitness.

History

Library

History Department

Jagged horizontal bands, representing both the rise and fall of civilizations and the four kingdoms as described in the Book of Daniel, move across vertical time lines, which also symbolize the dramatic influence of Christ on history.

Library

The library as a gatherer, receptacle, and distributor of information, ideas, and learning is represented by the abstract book shape, while the white, flowing shaft itself symbolizes the light and energy of learning in the Holy Spirit of God. The flame is the traditional symbol of learning and discovery through research.

Mathematics
& Statistics

Music

Mathematics and Statistics Department

Mathematicians have always saved time and effort by substituting symbols for words. The basic arithmetical steps of adding, subtracting, multiplying, and dividing are depicted on this banner by some of the earliest ways of writing them down.

The Renaissance calculator Tartaglia used the first letter of the Italian word for plus to signify adding. Diophantus favored this minus sign in Greek times. Leibniz employed this multiplication symbol in 17th-century Germany. J. E. Gallimard used this reverse D for division in 18th-century France.

Music Department

The design of the Music banner emphasizes the rhythms of musical sounds. Shapes and lines suggest strings, valves, keys, horn bell, drum, and other musical forms. Radiating circles suggest sound waves. The colors express the various moods of music.

Nursing

Philosophy

Nursing Department

The traditional emblem of nursing, Florence Nightingale's lamp, is featured in the banner for the Department of Nursing. The flame of the lamp symbolizes the light of Christian compassion and education. The gold of the lamp is the traditional color for science. The background apricot color is the academic regalia color for nursing, while the white shaft represents peace through the Holy Spirit.

Philosophy Department

Light refracted through a transparent prism symbolizes the many-faceted investigations of fact and of principles of reality and of human nature and conduct.

Physics and
Astronomy

Political
Science

Physics and Astronomy Department

The construction of elements is symbolized in the Physics banner by the simplest atom, hydrogen, with its single proton and electron. Also included in the design are a tracing of the paths of particles from an atom and a segment of a crystal structure which is also the floor plan shape of the science building. The yellow shaft symbolizes the light of investigation.

Political Science Department

The banner of the Department of Political Science features a representation of the fasces, a symbol of the authority of the state, and arrows that express the direction and flow of the analytical and holistic nature of the process of law. The fasces, a bundle of rods bound about by an ax with projecting blade, was carried before ancient Roman magistrates as a symbol of authority. The white shaft of seven rods also symbolizes peace and enlightenment through the Holy Spirit.

Psychology

Religion

Psychology Department

The Greek letter PSI, the first letter of the Greek word *psyche* (the mind), traditionally signifies the discipline of psychology. The color red symbolizes emotion; blue, rationality; and white, peace through the Holy Spirit.

Religion Department

Three symbols of the Trinity—circle, cross, and dove—express the fullness of God as He reveals Himself as Creator, Savior, and Counselor. These symbols are interlocked to depict the oneness of God. The shaft of white is the light of learning in Christian education guided by the Holy Spirit. Scarlet is traditionally associated with theology.

Sociology &
Social Work

Spanish

Sociology and Social Work Department

The central concept of sociology, represented by the inner circle, is a person interacting with other people to form groups. Total human society, represented by the broken circle, is composed of many small units forming a larger interrelated structure. All groups, from the family to society itself, exist within a framework of social norms. This normative or cultural framework, represented by the unbroken outer circle, promotes conformity, as suggested by the arrows directed from it toward the inner circles of society and the smaller group.

Spanish Department

The banner of the Spanish Department features the traditional symbols of the historical kingdoms of Castilla (castle), León (lion), and Aragón (red and yellow bars). These Christian kingdoms emerged during the eight-hundred-year-long reconquest of the Iberian Peninsula from domination by Muslim rulers. The separate kingdoms were joined through the marriage of Ferdinand and Isabella, and eventually coalesced into the modern nation of Spain.

Banners:	Robin A. Jensen
Building arrangements:	Tim Bakelaar, Richard Field, Jim Phillips, Tim VerStrate, and Dave Zylstra
Commencement Committee:	Peter Tigchelaar and Jeff Stob, co-chairs, Donna Anema, Rick Balfour, Susan Buist, Ada Castle, Sharolyn Christians, Robert Crow, June DeBoer, Connie Porte, Mary Jeanne Quist, Ben Shoemaker, Diane Vander Pol
